

Directive 2009/57/EC of the European Parliament and of the Council of 13 July 2009 relating to the roll-over protection structures of wheeled agricultural or forestry tractors (codified version) (Text with EEA relevance) (repealed)

*Article 1*

This Directive shall apply to tractors defined in Article 2(j) of Directive 2003/37/EC having the following characteristics:

- (a) clearance beneath the rear axle of not more than 1 000 mm;
- (b) fixed or adjustable track width of one of the driving axles of 1 150 mm or more;
- (c) possibility of being fitted with a multipoint coupling device for detachable tools and a draw bar;
- (d) mass between 1,5 and 6 tonnes, corresponding to the unladen mass of the tractor as defined in point 2.1.1 of Annex I to Directive 2003/37/EC, including the roll-over protection structure fitted in compliance with this Directive and tyres of the largest size recommended by the manufacturer.
