

Council Directive 2011/16/EU of 15 February 2011 on administrative cooperation in the field of taxation and repealing Directive 77/799/EEC

COUNCIL DIRECTIVE 2011/16/EU

of 15 February 2011

on administrative cooperation in the field of taxation and repealing Directive 77/799/EEC

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Articles 113 and 115 thereof,

Having regard to the proposal from the European Commission,

Having regard to the opinion of the European Parliament⁽¹⁾,

Having regard to the opinion of the European Economic and Social Committee⁽²⁾,

Acting in accordance with a special legislative procedure,

Whereas:

- (1) The Member States' need for mutual assistance in the field of taxation is growing rapidly in a globalised era. There is a tremendous development of the mobility of taxpayers, of the number of cross-border transactions and of the internationalisation of financial instruments, which makes it difficult for Member States to assess taxes due properly. This increasing difficulty affects the functioning of taxation systems and entails double taxation, which itself incites tax fraud and tax evasion, while the powers of controls remain at national level. It thus jeopardises the functioning of the internal market.
- (2) Therefore, a single Member State cannot manage its internal taxation system, especially as regards direct taxation, without receiving information from other Member States. In order to overcome the negative effects of this phenomenon, it is indispensable to develop new administrative cooperation between the Member States' tax administrations. There is a need for instruments likely to create confidence between Member States, by setting up the same rules, obligations and rights for all Member States.
- (3) Therefore, a completely new approach should be taken by creating a new text to give Member States the power to efficiently cooperate at international level to overcome the negative effects of an ever-increasing globalisation on the internal market.
- (4) In such a context, the existing Council Directive 77/799/EEC of 19 December 1977 concerning mutual assistance by the competent authorities of the Member States in the field of direct taxation and taxation of insurance premiums⁽³⁾ no longer provides for appropriate measures. Its deep weaknesses have been looked into by the Ad hoc Council

Working Party on Tax Fraud in its report of 22 May 2000 and more recently by the Commission Communication on Preventing and Combating Corporate and Financial Malpractice of 27 September 2004 and the Commission Communication concerning the need to develop a coordinated strategy to improve the fight against fiscal fraud of 31 May 2006.

- (5) Directive 77/799/EEC, even with its later amendments, was designed in a different context to current internal market requirements and is no longer able to meet the new requirements of administrative cooperation.
- (6) Due to the number and the importance of adaptations to be made to Directive 77/799/EEC, a mere amendment thereof would not be sufficient to fulfil the objectives described above. Directive 77/799/EEC should therefore be repealed and replaced by a new legal instrument. That instrument should apply to direct taxes and indirect taxes that are not yet covered by other Union legislation. To this end, this new Directive is considered to be the proper instrument in terms of effective administrative cooperation.
- (7) This Directive builds on the achievements of Directive 77/799/EEC but provides for clearer and more precise rules governing administrative cooperation between Member States where necessary, in order to establish, especially as regards the exchange of information, a wider scope of administrative cooperation between Member States. Clearer rules should also make it possible in particular to cover all legal and natural persons in the Union, taking into account the ever-increasing range of legal arrangements, including not only traditional arrangements such as trusts, foundations and investment funds, but any new instrument which may be set up by taxpayers in the Member States.
- (8) There should be more direct contact between Member States' local or national offices in charge of administrative cooperation, with communication between central liaison offices being the rule. The lack of direct contacts leads to inefficiency, under-use of the arrangements for administrative cooperation and delays in communication. Provision should therefore be made to bring about more direct contacts between services with a view to making cooperation more efficient and faster. The assignment of competences to the liaison departments should be deferred to the national provisions of each Member State.
- (9) Member States should exchange information concerning particular cases where requested by another Member State and should make the necessary enquiries to obtain such information. The standard of 'foreseeable relevance' is intended to provide for exchange of information in tax matters to the widest possible extent and, at the same time, to clarify that Member States are not at liberty to engage in 'fishing expeditions' or to request information that is unlikely to be relevant to the tax affairs of a given taxpayer. While Article 20 of this Directive contains procedural requirements, those provisions need to be interpreted liberally in order not to frustrate the effective exchange of information.
- (10) It is recognised that the mandatory automatic exchange of information without preconditions is the most effective means of enhancing the correct assessment of taxes in cross-border situations and of fighting fraud. To that end, a step-by-step

approach should therefore be followed starting with the automatic exchange of available information on five categories and reviewing the relevant provisions after a report by the Commission.

- (11) The spontaneous exchange of information between Member States should also be strengthened and encouraged.
- (12) Time limits for the provision of information under this Directive should be laid down in order to ensure that the information exchange is timely and thus effective.
- (13) It is important that officials of the tax administration of one Member State are allowed to be present in the territory of another Member State.
- (14) Since the tax situation of one or more persons liable to tax established in several Member States is often of common or complementary interest, it should be made possible for simultaneous controls to be carried out on such persons by two or more Member States, by mutual agreement and on a voluntary basis.
- (15) In view of the legal requirement in certain Member States that a taxpayer be notified of decisions and instruments concerning his tax liability and of the ensuing difficulties for the tax authorities, including cases where the taxpayer has relocated to another Member State, it is desirable that, in such circumstances, the tax authorities should be able to call upon the cooperation of the competent authorities of the Member State to which the taxpayer has relocated.
- (16) Feedback on information sent will encourage administrative cooperation between Member States.
- (17) Collaboration between the Member States and the Commission is necessary for the permanent study of cooperation procedures and the sharing of experience and best practices in the fields considered.
- (18) It is important for the efficiency of administrative cooperation that information and documents obtained under this Directive could, subject to the restrictions laid down in this Directive, be used by the Member State that received them also for other purposes. It is also important that Member States could transmit that information to a third country, under certain conditions.
- (19) The situations in which a requested Member State may refuse to provide information should be clearly defined and limited, taking into account certain private interests which should be protected as well as the public interest.
- (20) However, a Member State should not refuse to transmit information because it has no domestic interest or because the information is held by a bank, other financial institution, nominee or person acting in an agency or fiduciary capacity or because it relates to ownership interests in a person.
- (21) This Directive contains minimum rules and should therefore not affect Member States' right to enter into wider cooperation with other Member States under their national legislation or in the framework of bilateral or multilateral agreements concluded with other Member States.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (22) It should also be made clear that where a Member State provides a wider cooperation to a third country than is provided for under this Directive, it should not refuse to provide such wider cooperation to other Member States wishing to enter into such mutual wider cooperation.
- (23) The exchange of information should be made through standardised forms, formats and channels of communication.
- (24) An evaluation of the effectiveness of administrative cooperation should be made, especially on the basis of statistics.
- (25) The measures necessary for the implementation of this Directive should be adopted in accordance with Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission⁽⁴⁾.
- (26) In accordance with point 34 of the Interinstitutional Agreement on better law-making, Member States are encouraged to draw up, for themselves and in the interests of the Union, their own tables illustrating, as far as possible, the correlation between this Directive and the transposition measures, and to make them public.
- (27) All exchange of information referred to in this Directive is subject to the provisions implementing Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data⁽⁵⁾ and to Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data⁽⁶⁾. However, it is appropriate to consider limitations of certain rights and obligations laid down by Directive 95/46/EC in order to safeguard the interests referred to in Article 13(1)(e) of that Directive. Such limitations are necessary and proportionate in view of the potential loss of revenue for Member States and the crucial importance of information covered by this Directive for the effectiveness of the fight against fraud.
- (28) This Directive respects the fundamental rights and observes the principles which are recognised in particular by the Charter of Fundamental Rights of the European Union.
- (29) Since the objective of this Directive, namely the efficient administrative cooperation between Member States to overcome the negative effects of the increasing globalisation on the internal market, cannot be sufficiently achieved by the Member States and can therefore, by reason of the uniformity and effectiveness required, be better achieved at the level of the Union, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on the European Union. In accordance with the principle of proportionality, as set out in that Article, this Directive does not go beyond what is necessary in order to achieve that objective,

HAS ADOPTED THIS DIRECTIVE:

CHAPTER I

However, where the bilateral or multilateral advance pricing arrangements would be excluded from the automatic exchange of information under the first sentence of the first subparagraph of this paragraph, the information identified in paragraph 6 of this Article referred to in the request that lead to issuance of such a bilateral or multilateral advance pricing arrangement shall instead be exchanged under paragraphs 1 and 2 of this Article.

4 Paragraphs 1 and 2 shall not apply in a case where an advance cross-border ruling exclusively concerns and involves the tax affairs of one or more natural persons.

5 The exchange of information shall take place as follows:

- a in respect of the information exchanged pursuant to paragraph 1 — within three months following the end of the half of the calendar year during which the advance cross-border rulings or advance pricing arrangements have been issued, amended or renewed;

 - e the end date of the period of validity of the advance cross-border ruling or advance pricing arrangement, if specified;
 - f the type of the advance cross-border ruling or advance pricing arrangement;
 - g the amount of the transaction or series of transactions of the advance cross-border ruling or advance pricing arrangement if such amount is referred to in the advance cross-border ruling or advance pricing arrangement;
 - h the description of the set of criteria used for the determination of the transfer pricing or the transfer price itself in the case of an advance pricing arrangement;
 - i the identification of the method used for determination of the transfer pricing or the transfer price itself in the case of an advance pricing arrangement;
 - j the identification of the other Member States, if any, likely to be concerned by the advance cross-border ruling or advance pricing arrangement;
 - k the identification of any person, other than a natural person, in the other Member States, if any, likely to be affected by the advance cross-border ruling or advance pricing arrangement (indicating to which Member States the affected persons are linked); and
 - l the indication whether the information communicated is based upon the advance cross-border ruling or advance pricing arrangement itself or upon the request referred to in the second subparagraph of paragraph 3 of this Article.

7 To facilitate the exchange of information referred to in paragraph 6 of this Article, the Commission shall adopt the practical arrangements necessary for the implementation of this Article, including measures to standardise the communication of the information set out in paragraph 6 of this Article, as part of the procedure for establishing the standard form provided for in Article 20(5).

This measure shall be applicable until the directory referred to in Article 21(5) becomes operational.

 - (a) identification of the Account Holder as a resident of a Member State;
 - (b) current mailing or residence address (including a post office box) in a Member State;
 - (c) one or more telephone numbers in a Member State and no telephone number in the Member State of the Reporting Financial Institution;
 - (d) standing instructions (other than with respect to a Depository Account) to transfer funds to an account maintained in a Member State;
 - (e) currently effective power of attorney or signatory authority granted to a person with an address in a Member State; or

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (f) a 'hold mail' instruction or 'in-care-of' address in a Member State if the Reporting Financial Institution does not have any other address on file for the Account Holder.
3. If none of the indicia listed in subparagraph B(2) are discovered in the electronic search, then no further action is required until there is a change in circumstances that results in one or more indicia being associated with the account, or the account becomes a High Value Account.
 4. If any of the indicia listed in subparagraph B(2)(a) through (e) are discovered in the electronic search, or if there is a change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the Account Holder as a resident for tax purposes of each Member State for which an indicium is identified, unless it elects to apply subparagraph B(6) and one of the exceptions in that subparagraph applies with respect to that account.
 5. If a 'hold mail' instruction or 'in-care-of' address is discovered in the electronic search and no other address and none of the other indicia listed in subparagraph B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must, in the order most appropriate to the circumstances, apply the paper record search described in subparagraph C(2), or seek to obtain from the Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of such Account Holder. If the paper search fails to establish an indicium and the attempt to obtain the self-certification or Documentary Evidence is not successful, the Reporting Financial Institution must report the account to the competent authority of its Member State as an undocumented account.
 6. Notwithstanding a finding of indicia under subparagraph B(2), a Reporting Financial Institution is not required to treat an Account Holder as a resident of a Member State if:
 - (a) the Account Holder information contains a current mailing or residence address in that Member State, one or more telephone numbers in that Member State (and no telephone number in the Member State of the Reporting Financial Institution) or standing instructions (with respect to Financial Accounts other than Depository Accounts) to transfer funds to an account maintained in a Member State, and the Reporting Financial Institution obtains, or has previously reviewed and maintains, a record of:
 - (i) a self-certification from the Account Holder of the Member State(s) or other jurisdiction(s) of residence of such Account Holder that does not include that Member State; and
 - (ii) Documentary Evidence establishing the Account Holder's non-reportable status;
 - (b) the Account Holder information contains a currently effective power of attorney or signatory authority granted to a person with an address in that Member State, and the Reporting Financial Institution obtains, or has previously reviewed and maintains, a record of:

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (i) a self-certification from the Account Holder of the Member State(s) or other jurisdiction(s) of residence of such Account Holder that does not include that Member State; or
 - (ii) Documentary Evidence establishing the Account Holder's non-reportable status.
- C. Enhanced Review Procedures for High Value Accounts. The following enhanced review procedures apply with respect to High Value Accounts.
1. Electronic Record search. With respect to High Value Accounts, the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the indicia described in subparagraph B(2).
 2. Paper Record Search. If the Reporting Financial Institution's electronically searchable databases include fields for, and capture all of the information described in, subparagraph C(3), then a further paper record search is not required. If the electronic databases do not capture all of this information, then with respect to a High Value Account, the Reporting Financial Institution must also review the current customer master file and, to the extent not contained in the current customer master file, the following documents associated with the account and obtained by the Reporting Financial Institution within the last five years for any of the indicia described in subparagraph B(2):
 - (a) the most recent Documentary Evidence collected with respect to the account;
 - (b) the most recent account opening contract or documentation;
 - (c) the most recent documentation obtained by the Reporting Financial Institution pursuant to AML/KYC Procedures or for other regulatory purposes;
 - (d) any power of attorney or signature authority forms currently in effect; and
 - (e) any standing instructions (other than with respect to a Depository Account) to transfer funds currently in effect.
 3. Exception To The Extent Databases Contain Sufficient Information. A Reporting Financial Institution is not required to perform the paper record search described in subparagraph C(2) to the extent the Reporting Financial Institution's electronically searchable information includes the following:
 - (a) the Account Holder's residence status;
 - (b) the Account Holder's residence address and mailing address currently on file with the Reporting Financial Institution;
 - (c) the Account Holder's telephone number(s) currently on file, if any, with the Reporting Financial Institution;
 - (d) in the case of Financial Accounts other than Depository Accounts, whether there are standing instructions to transfer funds in the

- account to another account (including an account at another branch of the Reporting Financial Institution or another Financial Institution);
- (e) whether there is a current ‘in-care-of’ address or ‘hold mail’ instruction for the Account Holder; and
 - (f) whether there is any power of attorney or signatory authority for the account.
4. Relationship Manager Inquiry for Actual Knowledge. In addition to the electronic and paper record searches described in subparagraphs C(1) and (2), the Reporting Financial Institution must treat as a Reportable Account any High Value Account assigned to a relationship manager (including any Financial Accounts aggregated with that High Value Account) if the relationship manager has actual knowledge that the Account Holder is a Reportable Person.
5. Effect of Finding Indicia.
- (a) If none of the indicia listed in subparagraph B(2) are discovered in the enhanced review of High Value Accounts described in paragraph C, and the account is not identified as held by a Reportable Person in subparagraph C(4), then further action is not required until there is a change in circumstances that results in one or more indicia being associated with the account.
 - (b) If any of the indicia listed in subparagraphs B(2)(a) through (e) are discovered in the enhanced review of High Value Accounts described in paragraph C, or if there is a subsequent change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account with respect to each Member State for which an indicium is identified unless it elects to apply subparagraph B(6) and one of the exceptions in that subparagraph applies with respect to that account.
 - (c) If a ‘hold mail’ instruction or ‘in-care-of’ address is discovered in the enhanced review of High Value Accounts described in paragraph C, and no other address and none of the other indicia listed in subparagraphs B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must obtain from such Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of the Account Holder. If the Reporting Financial Institution cannot obtain such self-certification or Documentary Evidence, it must report the account to the competent authority of its Member State as an undocumented account.
6. If a Pre-existing Individual Account is not a High Value Account as of 31 December 2015, but becomes a High Value Account as of the last day of a subsequent calendar year, the Reporting Financial Institution must complete the enhanced review procedures described in paragraph C with respect to such account within the calendar year following the year in which the account becomes a High Value Account. If based on this review such account

is identified as a Reportable Account, the Reporting Financial Institution must report the required information about such account with respect to the year in which it is identified as a Reportable Account and subsequent years on an annual basis, unless the Account Holder ceases to be a Reportable Person.

7. Once a Reporting Financial Institution applies the enhanced review procedures described in paragraph C to a High Value Account, the Reporting Financial Institution is not required to reapply such procedures, other than the relationship manager inquiry described in subparagraph C(4), to the same High Value Account in any subsequent year unless the account is undocumented where the Reporting Financial Institution should reapply them annually until such account ceases to be undocumented.
 8. If there is a change of circumstances with respect to a High Value Account that results in one or more indicia described in subparagraph B(2) being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account with respect to each Member State for which an indicium is identified unless it elects to apply subparagraph B(6) and one of the exceptions in that subparagraph applies with respect to that account.
 9. A Reporting Financial Institution must implement procedures to ensure that a relationship manager identifies any change in circumstances of an account. For example, if a relationship manager is notified that the Account Holder has a new mailing address in a Member State, the Reporting Financial Institution is required to treat the new address as a change in circumstances and, if it elects to apply subparagraph B(6), is required to obtain the appropriate documentation from the Account Holder.
- D. Review of Pre-existing High Value Individual Accounts must be completed by 31 December 2016. Review of Pre-existing Lower Value Individual Accounts must be completed by 31 December 2017.
- E. Any Pre-existing Individual Account that has been identified as a Reportable Account under this Section must be treated as a Reportable Account in all subsequent years, unless the Account Holder ceases to be a Reportable Person.

SECTION IV

DUE DILIGENCE FOR NEW INDIVIDUAL ACCOUNTS

The following procedures apply for purposes of identifying Reportable Accounts among New Individual Accounts.

- A. With respect to New Individual Accounts, upon account opening, the Reporting Financial Institution must obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder's residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- B. If the self-certification establishes that the Account Holder is resident for tax purposes in a Member State, the Reporting Financial Institution must treat the account as a Reportable Account and the self-certification must also include the Account Holder's TIN with respect to such Member State (subject to paragraph D of Section I) and date of birth.
- C. If there is a change of circumstances with respect to a New Individual Account that causes the Reporting Financial Institution to know, or have reason to know, that the original self-certification is incorrect or unreliable, the Reporting Financial Institution cannot rely on the original self-certification and must obtain a valid self-certification that establishes the residence(s) for tax purposes of the Account Holder.

SECTION V

DUE DILIGENCE FOR PRE-EXISTING ENTITY ACCOUNTS

The following procedures apply for purposes of identifying Reportable Accounts among Pre-existing Entity Accounts.

- A. Entity Accounts Not Required to Be Reviewed, Identified or Reported. Unless the Reporting Financial Institution elects otherwise, either with respect to all Pre-existing Entity Accounts or, separately, with respect to any clearly identified group of such accounts, a Pre-existing Entity Account with an aggregate account balance or value that does not exceed, as of 31 December 2015, an amount denominated in the domestic currency of each Member State that corresponds to USD 250 000, is not required to be reviewed, identified, or reported as a Reportable Account until the aggregate account balance or value exceeds that amount as of the last day of any subsequent calendar year.
- B. Entity Accounts Subject to Review. A Pre-existing Entity Account that has an aggregate account balance or value that exceeds, as of 31 December 2015, an amount denominated in the domestic currency of each Member State that corresponds to USD 250 000, and a Pre-existing Entity Account that does not exceed, as of 31 December 2015, that amount but the aggregate account balance or value of which exceeds such amount as of the last day of any subsequent calendar year, must be reviewed in accordance with the procedures set forth in paragraph D.
- C. Entity Accounts With Respect to Which Reporting Is Required. With respect to Pre-existing Entity Accounts described in paragraph B, only accounts that are held by one or more Entities that are Reportable Persons, or by Passive NFEs with one or more Controlling Persons who are Reportable Persons, shall be treated as Reportable Accounts.
- D. Review Procedures for Identifying Entity Accounts With Respect to Which Reporting Is Required. For Pre-existing Entity Accounts described in paragraph B, a Reporting Financial Institution must apply the following review procedures to determine whether the account is held by one or more Reportable Persons, or by Passive NFEs with one or more Controlling Persons who are Reportable Persons:
 - 1. Determine Whether the Entity Is a Reportable Person.
 - (a) Review information maintained for regulatory or customer relationship purposes (including information collected pursuant to AML/KYC Procedures) to determine whether the information

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

indicates that the Account Holder is resident in a Member State. For this purpose, information indicating that the Account Holder is resident in a Member State includes a place of incorporation or organisation, or an address in a Member State.

- (b) If the information indicates that the Account Holder is resident in a Member State, the Reporting Financial Institution must treat the account as a Reportable Account unless it obtains a self-certification from the Account Holder, or reasonably determines based on information in its possession or that is publicly available, that the Account Holder is not a Reportable Person.
2. Determine Whether the Entity is a Passive NFE with One or More Controlling Persons who are Reportable Persons. With respect to an Account Holder of a Pre-existing Entity Account (including an Entity that is a Reportable Person), the Reporting Financial Institution must determine whether the Account Holder is a Passive NFE with one or more Controlling Persons who are Reportable Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account must be treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs D(2)(a) through (c) in the order most appropriate under the circumstances.
- (a) Determining whether the Account Holder is a Passive NFE. For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must obtain a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.
 - (b) Determining the Controlling Persons of an Account Holder. For the purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.
 - (c) Determining whether a Controlling Person of a Passive NFE is a Reportable Person. For the purposes of determining whether a Controlling Person of a Passive NFE is a Reportable Person, a Reporting Financial Institution may rely on:
 - (i) information collected and maintained pursuant to AML/KYC Procedures in the case of a Pre-existing Entity Account held by one or more NFEs with an aggregate account balance or value that does not exceed an amount denominated in the domestic currency of each Member State that corresponds to USD 1 000 000; or
 - (ii) a self-certification from the Account Holder or such Controlling Person of the Member State(s) or other jurisdiction(s) in which the controlling person is resident for tax purposes.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- E. Timing of Review and Additional Procedures Applicable to Pre-existing Entity Accounts
1. Review of Pre-existing Entity Accounts with an aggregate account balance or value that exceeds, as of 31 December 2015, an amount denominated in the domestic currency of each Member State that corresponds to USD 250 000, must be completed by 31 December 2017.
 2. Review of Pre-existing Entity Accounts with an aggregate account balance or value that does not exceed, as of 31 December 2015, an amount denominated in the domestic currency of each Member State that corresponds to USD 250 000 but exceeds that amount as of 31 December of a subsequent year, must be completed within the calendar year following the year in which the aggregate account balance or value exceeds such amount.
 3. If there is a change of circumstances with respect to a Pre-existing Entity Account that causes the Reporting Financial Institution to know, or have reason to know, that the self-certification or other documentation associated with an account is incorrect or unreliable, the Reporting Financial Institution must re-determine the status of the account in accordance with the procedures set forth in paragraph D.

SECTION VI

DUE DILIGENCE FOR NEW ENTITY ACCOUNTS

The following procedures apply for purposes of identifying Reportable Accounts among New Entity Accounts.

Review Procedures for Identifying Entity Accounts With Respect to Which Reporting Is Required. For New Entity Accounts, a Reporting Financial Institution must apply the following review procedures to determine whether the account is held by one or more Reportable Persons, or by Passive NFEs with one or more Controlling Persons who are Reportable Persons:

1. Determine Whether the Entity Is a Reportable Person.
 - (a) Obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder's residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures. If the Entity certifies that it has no residence for tax purposes, the Reporting Financial Institution may rely on the address of the principal office of the Entity to determine the residence of the Account Holder.
 - (b) If the self-certification indicates that the Account Holder is resident in a Member State, the Reporting Financial Institution must treat the account as a Reportable Account, unless it reasonably determines based on information in its possession or that is publicly available that the Account Holder is not a Reportable Person with respect to such Member State.
2. Determine Whether the Entity is a Passive NFE with One or More Controlling Persons Who Are Reportable Persons. With respect to an Account Holder of a New Entity Account (including an Entity that is a Reportable Person), the Reporting Financial

Institution must determine whether the Account Holder is a Passive NFE with one or more Controlling Persons who are Reportable Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account must be treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs A(2)(a) through (c) in the order most appropriate under the circumstances.

- (a) Determining whether the Account Holder is a Passive NFE. For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must rely on a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.
- (b) Determining the Controlling Persons of an Account Holder. For purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.
- (c) Determining whether a Controlling Person of a Passive NFE is a Reportable Person. For purposes of determining whether a controlling person of a Passive NFE is a Reportable Person, a Reporting Financial Institution may rely on a self-certification from the Account Holder or such Controlling Person.

SECTION VII

SPECIAL DUE DILIGENCE RULES

The following additional rules apply in implementing the due diligence procedures described above:

- A. **Reliance on Self-Certifications and Documentary Evidence.** A Reporting Financial Institution may not rely on a self-certification or Documentary Evidence if the Reporting Financial Institution knows or has reason to know that the self-certification or Documentary Evidence is incorrect or unreliable.
- B. **Alternative Procedures for Financial Accounts held by Individual Beneficiaries of a Cash Value Insurance Contract or an Annuity Contract and for a Group Cash Value Insurance Contract or Group Annuity Contract.** A Reporting Financial Institution may presume that an individual beneficiary (other than the owner) of a Cash Value Insurance Contract or an Annuity Contract receiving a death benefit is not a Reportable Person and may treat such Financial Account as other than a Reportable Account unless the Reporting Financial Institution has actual knowledge, or reason to know, that the beneficiary is a Reportable Person. A Reporting Financial Institution has reason to know that a beneficiary of a Cash Value Insurance Contract or an Annuity Contract is a Reportable Person if the information collected by the Reporting Financial Institution and associated with the beneficiary contains indicia as described in paragraph B of Section III. If a Reporting Financial Institution has actual knowledge, or reason to know, that the beneficiary is a Reportable Person, the Reporting Financial Institution must follow the procedures in paragraph B of Section III.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

A Reporting Financial Institution may treat a Financial Account that is a member's interest in a Group Cash Value Insurance Contract or Group Annuity Contract as a Financial Account that is not a Reportable Account until the date on which an amount is payable to the employee/certificate holder or beneficiary, if the Financial Account that is a member's interest in a Group Cash Value Insurance Contract or Group Annuity Contract meets the following requirements:

- (i) the Group Cash Value Insurance Contract or Group Annuity Contract is issued to an employer and covers 25 or more employees/certificate holders;
- (ii) the employee/certificate holders are entitled to receive any contract value related to their interests and to name beneficiaries for the benefit payable upon the employee's death; and
- (iii) the aggregate amount payable to any employee/certificate holder or beneficiary does not exceed an amount denominated in the domestic currency of each Member State that corresponds to USD 1 000 000.

The term 'Group Cash Value Insurance Contract' means a Cash Value Insurance Contract that (i) provides coverage on individuals who are affiliated through an employer, trade association, labour union, or other association or group; and (ii) charges a premium for each member of the group (or member of a class within the group) that is determined without regard to the individual health characteristics other than age, gender, and smoking habits of the member (or class of members) of the group.

The term 'Group Annuity Contract' means an Annuity Contract under which the obligees are individuals who are affiliated through an employer, trade association, labour union, or other association or group.

C. Account Balance Aggregation and Currency Rules

1. Aggregation of Individual Accounts. For purposes of determining the aggregate balance or value of Financial Accounts held by an individual, a Reporting Financial Institution is required to aggregate all Financial Accounts maintained by the Reporting Financial Institution, or by a Related Entity, but only to the extent that the Reporting Financial Institution's computerised systems link the Financial Accounts by reference to a data element such as client number or TIN, and allow account balances or values to be aggregated. Each holder of a jointly held Financial Account shall be attributed the entire balance or value of the jointly held Financial Account for purposes of applying the aggregation requirements described in this subparagraph.
2. Aggregation of Entity Accounts. For purposes of determining the aggregate balance or value of Financial Accounts held by an Entity, a Reporting Financial Institution is required to take into account all Financial Accounts that are maintained by the Reporting Financial Institution, or by a Related Entity, but only to the extent that the Reporting Financial Institution's computerised systems link the Financial Accounts by reference to a data element such as client number or TIN, and allow account balances or values to be aggregated. Each holder of a jointly held Financial Account shall be attributed the entire balance or value of the jointly held Financial Account for purposes of applying the aggregation requirements described in this subparagraph.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

3. Special Aggregation Rule Applicable to Relationship Managers. For purposes of determining the aggregate balance or value of Financial Accounts held by a person to determine whether a financial account is a High Value Account, a Reporting Financial Institution is also required, in the case of any Financial Accounts that a relationship manager knows, or has reason to know, are directly or indirectly owned, controlled, or established (other than in a fiduciary capacity) by the same person, to aggregate all such accounts.
4. Amounts Read to Include Equivalent in Other Currencies. All amounts denominated in the domestic currency of each Member State shall be read to include equivalent amounts in other currencies, as determined by domestic law.

SECTION VIII

The following terms have the meanings set forth below:

- A. Reporting Financial Institution
 1. The term 'Reporting Financial Institution' means any Member State Financial Institution that is not a Non-Reporting Financial Institution. The term 'Member State Financial Institution' means: (i) any Financial Institution that is resident in a Member State, but excludes any branch of that Financial Institution that is located outside that Member State; and (ii) any branch of a Financial Institution that is not resident in a Member State, if that branch is located in that Member State.

An Entity is treated as primarily conducting as a business one or more of the activities described in subparagraph A(6)(a), or an Entity's gross income is primarily attributable to investing, reinvesting, or trading in Financial Assets for the purposes of subparagraph A(6)(b), if the Entity's gross income attributable to the relevant activities equals or exceeds 50 % of the Entity's gross income during the shorter of: (i) the three-year period ending on 31 December of the year preceding the year in which the determination is made; or (ii) the period during which the Entity has been in existence. The term 'Investment Entity' does not include an Entity that is an Active NFE because that Entity meets any of the criteria in subparagraphs D(8)(d) through (g).

This paragraph shall be interpreted in a manner consistent with similar language set forth in the definition of 'financial institution' in the Financial Action Task Force Recommendations.

- 7. The term 'Financial Asset' includes a security (for example, a share of stock in a corporation; partnership or beneficial ownership interest in a widely held or publicly traded partnership or trust; note, bond, debenture, or other evidence of indebtedness), partnership interest, commodity, swap (for example, interest rate swaps, currency swaps, basis swaps, interest rate caps, interest rate floors, commodity swaps, equity swaps, equity index swaps, and similar agreements), Insurance Contract or Annuity Contract, or any interest (including a futures or forward contract or option) in a security, partnership interest, commodity, swap, Insurance Contract, or Annuity Contract.  - (c) any other Entity that presents a low risk of being used to evade tax, has substantially similar characteristics to any of the Entities described in subparagraphs B(1)(a) and (b), and is included in the list of Non-Reporting Financial Institutions referred to in Article 8(7a) of this Directive, provided that the status of such Entity as a Non-Reporting Financial Institution does not frustrate the purposes of this Directive;
 - (d) an Exempt Collective Investment Vehicle; or
 - (e) a trust to the extent that the trustee of the trust is a Reporting Financial Institution and reports all information required to be reported pursuant to Section I with respect to all Reportable Accounts of the trust.
2. The term ‘Governmental Entity’ means the government of a Member State or other jurisdiction, any political subdivision of a Member State or other jurisdiction (which, for the avoidance of doubt, includes a state, province, county, or municipality), or any wholly owned agency or instrumentality of a Member State or other jurisdiction or of any one or more of the foregoing (each, a ‘Governmental Entity’). This category is comprised of the integral parts, controlled entities, and political subdivisions of a Member State or other jurisdiction.
- (a) An ‘integral part’ of a Member State or other jurisdiction means any person, organisation, agency, bureau, fund, instrumentality, or other body, however designated, that constitutes a governing authority of a Member State or other jurisdiction. The net earnings of the governing authority must be credited to its own account or to other accounts of the Member State or other jurisdiction, with no portion inuring to the benefit of any private person. An integral part does not include any individual who is a sovereign, official, or administrator acting in a private or personal capacity.
 - (b) A ‘controlled entity’ means an Entity which is separate in form from the Member State or other jurisdiction or which otherwise constitutes a separate juridical entity, provided that:

 - (ii) the Entity's net earnings are credited to its own account or to the accounts of one or more Governmental Entities, with no portion of its income inuring to the benefit of any private person; and
 - (iii) the Entity's assets vest in one or more Governmental Entities upon dissolution.
 - (c) Income does not inure to the benefit of private persons if such persons are the intended beneficiaries of a governmental programme, and the programme activities are performed for the general public with respect to the common welfare or relate to the administration of some phase of government.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Notwithstanding the foregoing, however, income is considered to inure to the benefit of private persons if the income is derived from the use of a Governmental Entity to conduct a commercial business, such as a commercial banking business, that provides financial services to private persons.

3. The term 'International Organisation' means any international organisation or wholly owned agency or instrumentality thereof. This category includes any intergovernmental organisation (including a supranational organisation) (i) that is comprised primarily of governments; (ii) that has in effect a headquarters or substantially similar agreement with the Member State; and (iii) the income of which does not inure to the benefit of private persons.
4. In addition, a change in circumstances includes any change or addition of information to the Account Holder's account (including the addition, substitution, or other change of an Account Holder) or any change or addition of information to any account associated with such account (applying the account aggregation rules described in subparagraphs C(1) through (3) of Section VII of Annex I) if such change or addition of information affects the status of the Account Holder.

If a Reporting Financial Institution has relied on the residence address test described in subparagraph B(1) of Section III of Annex I and there is a change in circumstances that causes the Reporting Financial Institution to know or have reason to know that the original Documentary Evidence (or other equivalent documentation) is incorrect or unreliable, the Reporting Financial Institution must, by the later of the last day of the relevant calendar year or other appropriate reporting period, or 90 calendar days following the notice or discovery of such change in circumstances, obtain a self-certification and new Documentary Evidence to establish the residence(s) for tax purposes of the Account Holder. 3. Residence of a Financial Institution

A Financial Institution is 'resident' in a Member State if it is subject to the jurisdiction of such Member State (i.e., the Member State is able to enforce reporting by the Financial Institution). In general, where a Financial Institution is resident for tax purposes in a Member State, it is subject to the jurisdiction of such Member State and it is, thus, a Member State Financial Institution. In the case of a trust that is a Financial Institution (irrespective of whether it is resident for tax purposes in a Member State), the trust is considered to be subject to the jurisdiction of a Member State if one or more of its trustees are resident in such Member State except if the trust reports all the information required to be reported pursuant to this Directive with respect to Reportable Accounts maintained by the trust to another Member State because it is resident for tax purposes in such other Member State. However, where a Financial Institution (other than a trust) does not have a residence for tax purposes (e.g., because it is treated as fiscally transparent, or it is located in a jurisdiction that does not have an income tax), it is considered to be subject to the jurisdiction of a Member State and it is, thus, a Member State Financial Institution if:

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (a) it is incorporated under the laws of the Member State;
- (b) it has its place of management (including effective management) in the Member State; or
- (c) it is subject to financial supervision in the Member State.

Where a Financial Institution (other than a trust) is resident in two or more Member States, such Financial Institution will be subject to the reporting and due diligence obligations of the Member State in which it maintains the Financial Account(s).

4. Account maintained

In general, an account would be considered to be maintained by a Financial Institution as follows:

- (a) in the case of a Custodial Account, by the Financial Institution that holds custody over the assets in the account (including a Financial Institution that holds assets in street name for an Account Holder in such institution);
- (b) in the case of a Depository Account, by the Financial Institution that is obligated to make payments with respect to the account (excluding an agent of a Financial Institution regardless of whether such agent is a Financial Institution);
- (c) in the case of any equity or debt interest in a Financial Institution that constitutes a Financial Account, by such Financial Institution;
- (d) in the case of a Cash Value Insurance Contract or an Annuity Contract, by the Financial Institution that is obligated to make payments with respect to the contract.

5. Trusts that are Passive NFEs

An Entity such as a partnership, limited liability partnership or similar legal arrangement that has no residence for tax purposes, according to subparagraph D(3) of Section VIII of Annex I, shall be treated as resident in the jurisdiction in which its place of effective management is situated. For these purposes, a legal person or a legal arrangement is considered 'similar' to a partnership and a limited liability partnership where it is not treated as a taxable unit in a Member State under the tax laws of such Member State. However, in order to avoid duplicate reporting (given the wide scope of the term 'Controlling Persons' in the case of trusts), a trust that is a Passive NFE may not be considered a similar legal arrangement.

6. Address of Entity's principal office

One of the requirements described in subparagraph E(6)(c) of Section VIII of Annex I is that, with respect to an Entity, the official documentation includes either the address of the Entity's principal office in the Member State or other jurisdiction in which it claims to be a resident or the Member State or other jurisdiction in which the Entity was incorporated or organised. The address of the Entity's principal office is generally the place in which its place of effective management is situated. The address of a Financial Institution with which the Entity maintains an account, a post office box, or an address used solely for mailing purposes is not the address of the Entity's principal office unless such address is the only address used by the Entity and appears as the Entity's registered address in the Entity's organisational documents. Further, an address that is provided subject to instructions to hold all mail to that address is not the address of the Entity's principal office.]

8. The term ‘Surrogate Parent Entity’ means one Constituent Entity of the MNE Group that has been appointed by such MNE Group, as a sole substitute for the Ultimate Parent Entity, to file the country-by-country report in that Constituent Entity’s jurisdiction of tax residence, on behalf of such MNE Group, when one or more of the conditions set out in point (b) of the first paragraph of point 1 of Section II apply.

11. The term ‘Qualifying Competent Authority Agreement’ means an agreement that is between authorised representatives of an EU Member State and a non-Union jurisdiction that are parties to an International Agreement and that requires the automatic exchange of country-by-country reports between the party jurisdictions.
12. The term ‘International Agreement’ means the Multilateral Convention on Mutual Administrative Assistance in Tax Matters, any bilateral or multilateral tax convention, or any tax information exchange agreement to which the Member State is a party, and that by its terms provides legal authority for the exchange of tax information between jurisdictions, including automatic exchange of such information.
13. The term ‘Consolidated Financial Statements’ means the financial statements of an MNE Group in which the assets, liabilities, income, expenses and cash flows of the Ultimate Parent Entity and the Constituent Entities are presented as those of a single economic entity.
14. The term ‘Systemic Failure’ with respect to a jurisdiction means either that a jurisdiction has a Qualifying Competent Authority Agreement in effect with a Member State but has suspended automatic exchange (for reasons other than those that are in accordance with the terms of that Agreement), or that a jurisdiction otherwise persistently failed to automatically provide to a Member State country-by-country reports in its possession of MNE Groups that have Constituent Entities in that Member State.

SECTION II

GENERAL REPORTING REQUIREMENTS

1. A Constituent Entity resident in a Member State which is not the Ultimate Parent Entity of an MNE Group shall file a country-by-country report with respect to the Reporting Fiscal Year of an MNE Group of which it is a Constituent Entity, if the following criteria are satisfied:

- (a) the entity is resident for tax purposes in a Member State;
- (b) one of the following conditions applies:
 - (i) the Ultimate Parent Entity of the MNE Group is not obligated to file a country-by-country report in its jurisdiction of tax residence;
 - (ii) the jurisdiction in which the Ultimate Parent Entity is resident for tax purposes has a current International Agreement to which the Member State is a party but does not have a Qualifying Competent Authority Agreement in effect to which the Member State is a party by the time specified in Article 8aa(1) for filing the country-by-country report for the Reporting Fiscal Year;
 - (iii) there has been a Systemic Failure of the jurisdiction of tax residence of the Ultimate Parent Entity that has been notified by the Member State to the Constituent Entity resident for tax purposes in the Member State.

Without prejudice to the obligation of the Ultimate Parent Entity referred to in Article 8aa(1) or its Surrogate Parent Entity to file the first country-by-country report for the Fiscal Year of the MNE Group commencing on or after 1 January 2016, Member States may decide that the obligation for Constituent Entities set out in point 1 of this Section shall apply for country-by-country reports with respect to the Reporting Fiscal Years commencing on or after 1 January 2017 onwards.

A Constituent Entity resident in a Member State as defined in the first paragraph of this point shall request its Ultimate Parent Entity to provide it with all information required to enable it to meet its obligations to file a country-by-country report, in accordance with Article 8aa(3). If despite that, that Constituent Entity has not obtained or acquired all the required information to report for the MNE Group, this Constituent Entity shall file a country-by-country report containing all information in its possession, obtained or acquired, and notify the Member State of its residence that the Ultimate Parent Entity has refused to make the necessary information available. This shall be without prejudice to the right of the Member State concerned to apply penalties provided for in its national legislation and this Member State shall inform all Member States of this refusal.

Where there are more than one Constituent Entities of the same MNE Group that are resident for tax purposes in the Union and one or more of the conditions set out in point (b) of the first paragraph apply, the MNE Group may designate one of such Constituent Entities to file the country-by-country report conforming to the requirements of Article 8aa(3) with respect to any Reporting Fiscal Year within the deadline specified in Article 8aa(1) and to notify the Member State that the filing is intended to satisfy the filing requirement of all the Constituent Entities of such MNE Group that are resident for tax purposes in the Union. That Member State shall, pursuant to Article 8aa(2), communicate the country-by-country report received to any other Member State in which, on the basis of the information in the country-by-country report, one or more Constituent Entities of the MNE Group of the Reporting Entity are either resident for tax purposes or are subject to tax with respect to the business carried out through a permanent establishment.

Where a Constituent Entity cannot obtain or acquire all the information required to file a country-by-country report, in line with Article 8aa(3), then such Constituent Entity shall not be eligible to be designated to be the Reporting Entity for the MNE Group in accordance with the fourth paragraph of this point. This rule shall be without prejudice to the obligation of the Constituent Entity to notify the Member State

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- of its residence that the Ultimate Parent Entity has refused to make the necessary information available.
2. By derogation from point 1, when one or more of the conditions set out in point (b) of the first paragraph of point 1 apply, an entity described in point 1 shall not be required to file a country-by-country report with respect to any Reporting Fiscal Year if the MNE Group of which it is a Constituent Entity has made available a country-by-country report in accordance with Article 8aa(3) with respect to such Fiscal Year through a Surrogate Parent Entity that files that country-by-country report with the tax authority of its jurisdiction of tax residence on or before the date specified in Article 8aa(1) and that, in case the Surrogate Parent Entity is tax resident in a jurisdiction outside the Union, satisfies the following conditions:
 - (a) the jurisdiction of tax residence of the Surrogate Parent Entity requires filing of country-by-country reports conforming to the requirements of Article 8aa(3);
 - (b) the jurisdiction of tax residence of the Surrogate Parent Entity has a Qualifying Competent Authority Agreement in effect to which the Member State is a party by the time specified in Article 8aa(1) for filing the country-by-country report for the Reporting Fiscal Year;
 - (c) the jurisdiction of tax residence of the Surrogate Parent Entity has not notified the Member State of a Systemic Failure;
 - (d) the jurisdiction of tax residence of the Surrogate Parent Entity has been notified no later than the last day of the Reporting Fiscal Year of such MNE Group by the Constituent Entity resident for tax purposes in its jurisdiction that it is the Surrogate Parent Entity;
 - (e) a notification has been provided to the Member State in accordance with point 4.
 3. Member States shall request that any Constituent Entity of an MNE Group that is resident for tax purposes in that Member State notifies the Member State whether it is the Ultimate Parent Entity or the Surrogate Parent Entity or the Constituent Entity designated under point 1, no later than the last day of the Reporting Fiscal Year of such MNE Group. Member States may extend that deadline to the last day for filing of a tax return of that Constituent Entity for the preceding fiscal year.
 4. Member States shall request that where a Constituent Entity of an MNE Group, that is resident for tax purposes in that Member State, is not the Ultimate Parent Entity nor the Surrogate Parent Entity nor the Constituent Entity designated under point 1, it shall notify the Member State of the identity and tax residence of the Reporting Entity, no later than the last day of the Reporting Fiscal Year of such MNE Group. Member States may extend that deadline to the last day for filing of a tax return of that Constituent Entity for the preceding fiscal year.
 5. The country-by-country report shall specify the currency of the amounts referred to in that report.

Name of the MNE Group: Fiscal Year concerned:

Please include any further brief information or explanation you consider necessary or that would facilitate the understanding of the compulsory information provided in the country-by-country report

B. General instructions for filling in the country-by-country report

1. Purpose

The template shall be used for reporting a multinational enterprise's (MNE) Group allocation of income, taxes and business activities on a tax jurisdiction-by-tax jurisdiction basis.

2. Treatment of branches and permanent establishments

The permanent establishment data shall be reported by reference to the tax jurisdiction in which it is situated and not by reference to the tax jurisdiction of residence of the business unit of which the permanent establishment is a part. Residence tax jurisdiction reporting for the business unit of which the permanent establishment is a part shall exclude financial data related to the permanent establishment.

3. Period covered by the annual template

The template shall cover the Fiscal Year of the reporting MNE. For Constituent Entities, at the discretion of the reporting MNE, the template shall reflect on a consistent basis either of the following information:

- (a) information for the Fiscal Year of the relevant Constituent Entities ending on the same date as the Fiscal Year of the reporting MNE, or ending within the 12 month period preceding such date;
- (b) information for all the relevant Constituent Entities reported for the Fiscal Year of the reporting MNE.

4. Source of data

The reporting MNE shall consistently use the same sources of data from year to year in completing the template. The reporting MNE may choose to use data from its consolidation reporting packages, from separate entity statutory financial statements, regulatory financial statements, or internal management accounts. It is not necessary to reconcile the revenue, profit and tax reporting in the template to the Consolidated Financial Statements. If statutory financial statements are used as the basis for reporting, all amounts shall be translated to the stated functional currency of the reporting MNE at the average exchange rate for the year stated in the 'Additional information' section of the template. Adjustments need not be made, however, for differences in accounting principles applied from tax jurisdiction to tax jurisdiction.

The reporting MNE shall provide a brief description of the sources of data used in preparing the template in the 'Additional information' section of the template. If a change is made in the source of data used from year to year, the reporting MNE shall explain the reasons for the change and its consequences in the 'Additional information' section of the template.

C. Specific instructions for filling in the country-by-country report

1. Overview of allocation of income, taxes and business activities by tax jurisdiction (Table 1)

1.1. Tax jurisdiction

In the first column of the template, the reporting MNE shall list all of the tax jurisdictions in which Constituent Entities of the MNE Group are resident for tax purposes. A tax jurisdiction is defined as a State as well as a non-State jurisdiction which has fiscal autonomy. A separate line shall be included for all Constituent Entities in the MNE Group deemed by the reporting MNE not to be resident in any tax jurisdiction for tax purposes. Where a Constituent Entity is resident in more than one tax jurisdiction, the applicable tax treaty tie breaker shall be applied to determine the tax jurisdiction of residence. Where no applicable tax treaty exists, the Constituent Entity shall be reported in the tax jurisdiction of the Constituent Entity's place of effective management. The place of effective management shall be determined with internationally agreed standards.

1.2. Revenues

In the three columns of the template under the heading 'Revenues', the reporting MNE shall report the following information:

- (a) the sum of revenues of all the Constituent Entities of the MNE Group in the relevant tax jurisdiction generated from transactions with associated enterprises;
- (b) the sum of revenues of all the Constituent Entities of the MNE Group in the relevant tax jurisdiction generated from transactions with independent parties;
- (c) the total of the sums referred to in points (a) and (b).

Revenues shall include revenues from sales of inventory and properties, services, royalties, interest, premiums and any other amounts. Revenues shall exclude payments received from other Constituent Entities that are treated as dividends in the payer's tax jurisdiction.

1.3. Profit (loss) before income tax

In the fifth column of the template, the reporting MNE shall report the sum of the profit (loss) before income tax for all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. The profit (loss) before income tax shall include all extraordinary income and expense items.

1.4. Income tax paid (on cash basis)

In the sixth column of the template, the reporting MNE shall report the total amount of income tax actually paid during the relevant Fiscal Year by all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. Taxes paid shall include cash taxes paid by the Constituent Entity to the residence tax jurisdiction and to all other tax jurisdictions. Taxes paid shall include withholding taxes paid by other entities (associated enterprises and independent enterprises) with respect to payments to the Constituent Entity. Thus, if company A resident in tax jurisdiction A earns interest in tax jurisdiction B, the tax withheld in tax jurisdiction B shall be reported by company A.

1.5. Income tax accrued (current year)

In the seventh column of the template, the reporting MNE shall report the sum of the accrued current tax expense recorded on taxable profits or losses of the year of reporting of all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. The current tax

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

expense shall reflect only operations in the current year and shall not include deferred taxes or provisions for uncertain tax liabilities.

1.6. Stated capital

In the eighth column of the template, the reporting MNE shall report the sum of the stated capital of all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. With regard to permanent establishments, the stated capital shall be reported by the legal entity of which it is a permanent establishment unless there is a defined capital requirement in the permanent establishment tax jurisdiction for regulatory purposes.

1.7. Accumulated earnings

In the ninth column of the template, the reporting MNE shall report the sum of the total accumulated earnings of all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction as of the end of the year. With regard to permanent establishments, accumulated earnings shall be reported by the legal entity of which it is a permanent establishment.

1.8. Number of employees

In the tenth column of the template, the reporting MNE shall report the total number of employees on a full-time equivalent (FTE) basis of all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. The number of employees may be reported as of the year-end, on the basis of average employment levels for the year, or on any other basis consistently applied across tax jurisdictions and from year to year. For this purpose, independent contractors participating in the ordinary operating activities of the Constituent Entity may be reported as employees. Reasonable rounding or approximation of the number of employees is permissible, providing that such rounding or approximation does not materially distort the relative distribution of employees across the various tax jurisdictions. Consistent approaches shall be applied from year to year and across entities.

1.9. Tangible assets other than cash and cash equivalents

In the eleventh column of the template, the reporting MNE shall report the sum of the net book values of tangible assets of all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. With regard to permanent establishments, assets shall be reported by reference to the tax jurisdiction in which the permanent establishment is situated. Tangible assets for this purpose do not include cash or cash equivalents, intangibles, or financial assets.

2. List of all the Constituent Entities of the MNE Group included in each aggregation per tax jurisdiction (Table 2)

2.1. Constituent Entities resident in the tax jurisdiction

The reporting MNE shall list, on a tax jurisdiction-by-tax jurisdiction basis and by legal entity name, all the Constituent Entities of the MNE Group which are resident for tax purposes in the relevant tax jurisdiction. As stated in point 2 of the general instructions with regard to permanent establishments, however, the permanent establishment shall be listed by reference to the tax jurisdiction in which it is situated. The legal entity of which it is a permanent establishment shall be noted.

2.2. Tax jurisdiction of organisation or incorporation if different from tax jurisdiction of residence

The reporting MNE shall report the name of the tax jurisdiction under whose laws the Constituent Entity of the MNE Group is organised or incorporated if it is different from the tax jurisdiction of residence.

2.3. Main business activity(ies)

The reporting MNE shall determine the nature of the main business activity(ies) carried out by the Constituent Entity in the relevant tax jurisdiction, by ticking one or more of the appropriate boxes.]

[^{F5}ANNEX IV

HALLMARKS

Part I.

Main benefit test

Generic hallmarks under category A and specific hallmarks under category B and under points (b)(i), (c) and (d) of paragraph 1 of category C may only be taken into account where they fulfil the ‘main benefit test’.

That test will be satisfied if it can be established that the main benefit or one of the main benefits which, having regard to all relevant facts and circumstances, a person may reasonably expect to derive from an arrangement is the obtaining of a tax advantage.

In the context of hallmark under paragraph 1 of category C, the presence of conditions set out in points (b)(i), (c) or (d) of paragraph 1 of category C can not alone be a reason for concluding that an arrangement satisfies the main benefit test.

Part II.

Categories of hallmarks

- A. Generic hallmarks linked to the main benefit test
 - 1. An arrangement where the relevant taxpayer or a participant in the arrangement undertakes to comply with a condition of confidentiality which may require them not to disclose how the arrangement could secure a tax advantage vis-à-vis other intermediaries or the tax authorities.
 - 2. An arrangement where the intermediary is entitled to receive a fee (or interest, remuneration for finance costs and other charges) for the arrangement and that fee is fixed by reference to:
 - (a) the amount of the tax advantage derived from the arrangement; or
 - (b) whether or not a tax advantage is actually derived from the arrangement. This would include an obligation on the intermediary to partially or fully refund the fees where the intended tax advantage derived from the arrangement was not partially or fully achieved.
 - 3. An arrangement that has substantially standardised documentation and/or structure and is available to more than one relevant taxpayer without a need to be substantially customised for implementation.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

B. Specific hallmarks linked to the main benefit test

1. An arrangement whereby a participant in the arrangement takes contrived steps which consist in acquiring a loss-making company, discontinuing the main activity of such company and using its losses in order to reduce its tax liability, including through a transfer of those losses to another jurisdiction or by the acceleration of the use of those losses.
2. An arrangement that has the effect of converting income into capital, gifts or other categories of revenue which are taxed at a lower level or exempt from tax.
3. An arrangement which includes circular transactions resulting in the round-tripping of funds, namely through involving interposed entities without other primary commercial function or transactions that offset or cancel each other or that have other similar features.

C. Specific hallmarks related to cross-border transactions

1. An arrangement that involves deductible cross-border payments made between two or more associated enterprises where at least one of the following conditions occurs:
 - (a) the recipient is not resident for tax purposes in any tax jurisdiction;
 - (b) although the recipient is resident for tax purposes in a jurisdiction, that jurisdiction either:
 - (i) does not impose any corporate tax or imposes corporate tax at the rate of zero or almost zero; or
 - (ii) is included in a list of third-country jurisdictions which have been assessed by Member States collectively or within the framework of the OECD as being non-cooperative;
 - (c) the payment benefits from a full exemption from tax in the jurisdiction where the recipient is resident for tax purposes;
 - (d) the payment benefits from a preferential tax regime in the jurisdiction where the recipient is resident for tax purposes;
2. Deductions for the same depreciation on the asset are claimed in more than one jurisdiction.
3. Relief from double taxation in respect of the same item of income or capital is claimed in more than one jurisdiction.
4. There is an arrangement that includes transfers of assets and where there is a material difference in the amount being treated as payable in consideration for the assets in those jurisdictions involved.

D. Specific hallmarks concerning automatic exchange of information and beneficial ownership

1. An arrangement which may have the effect of undermining the reporting obligation under the laws implementing Union legislation or any equivalent agreements on the automatic exchange of Financial Account information, including agreements with third countries, or which takes advantage of the absence of such legislation or agreements. Such arrangements include at least the following:

- (a) the use of an account, product or investment that is not, or purports not to be, a Financial Account, but has features that are substantially similar to those of a Financial Account;
 - (b) the transfer of Financial Accounts or assets to, or the use of jurisdictions that are not bound by the automatic exchange of Financial Account information with the State of residence of the relevant taxpayer;
 - (c) the reclassification of income and capital into products or payments that are not subject to the automatic exchange of Financial Account information;
 - (d) the transfer or conversion of a Financial Institution or a Financial Account or the assets therein into a Financial Institution or a Financial Account or assets not subject to reporting under the automatic exchange of Financial Account information;
 - (e) the use of legal entities, arrangements or structures that eliminate or purport to eliminate reporting of one or more Account Holders or Controlling Persons under the automatic exchange of Financial Account information;
 - (f) arrangements that undermine, or exploit weaknesses in, the due diligence procedures used by Financial Institutions to comply with their obligations to report Financial Account information, including the use of jurisdictions with inadequate or weak regimes of enforcement of anti-money-laundering legislation or with weak transparency requirements for legal persons or legal arrangements.
2. An arrangement involving a non-transparent legal or beneficial ownership chain with the use of persons, legal arrangements or structures:
- (a) that do not carry on a substantive economic activity supported by adequate staff, equipment, assets and premises; and
 - (b) that are incorporated, managed, resident, controlled or established in any jurisdiction other than the jurisdiction of residence of one or more of the beneficial owners of the assets held by such persons, legal arrangements or structures; and
 - (c) where the beneficial owners of such persons, legal arrangements or structures, as defined in Directive (EU) 2015/849, are made unidentifiable.
- E. Specific hallmarks concerning transfer pricing
- 1. An arrangement which involves the use of unilateral safe harbour rules.
 - 2. An arrangement involving the transfer of hard-to-value intangibles. The term 'hard-to-value intangibles' covers intangibles or rights in intangibles for which, at the time of their transfer between associated enterprises:
 - (a) no reliable comparables exist; and
 - (b) at the time the transaction was entered into, the projections of future cash flows or income expected to be derived from the transferred intangible, or the assumptions used in valuing the intangible are highly uncertain, making it difficult to predict the level of ultimate success of the intangible at the time of the transfer.
 - 3. An arrangement involving an intragroup cross-border transfer of functions and/or risks and/or assets, if the projected annual earnings before interest and taxes (EBIT), during the three-year period after the transfer, of the transferor or transferors, are less than 50 % of the projected annual EBIT of such transferor or transferors if the transfer had not been made.]
