SECTION III

COUNTRY-BY-COUNTRY REPORT

- C. Specific instructions for filling in the country-by-country report
1. Overview of allocation of income, taxes and business activities by tax jurisdiction (Table 1)
- 1.1. Tax jurisdiction

In the first column of the template, the reporting MNE shall list all of the tax jurisdictions in which Constituent Entities of the MNE Group are resident for tax purposes. A tax jurisdiction is defined as a State as well as a non-State jurisdiction which has fiscal autonomy. A separate line shall be included for all Constituent Entities in the MNE Group deemed by the reporting MNE not to be resident in any tax jurisdiction for tax purposes. Where a Constituent Entity is resident in more than one tax jurisdiction, the applicable tax treaty tie breaker shall be applied to determine the tax jurisdiction of residence. Where no applicable tax treaty exists, the Constituent Entity shall be reported in the tax jurisdiction of the Constituent Entity's place of effective management. The place of effective management shall be determined with internationally agreed standards.

- 1.2. Revenues

In the three columns of the template under the heading 'Revenues', the reporting MNE shall report the following information:

- (a) the sum of revenues of all the Constituent Entities of the MNE Group in the relevant tax jurisdiction generated from transactions with associated enterprises;
- (b) the sum of revenues of all the Constituent Entities of the MNE Group in the relevant tax jurisdiction generated from transactions with independent parties;
- (c) the total of the sums referred to in points (a) and (b).

Revenues shall include revenues from sales of inventory and properties, services, royalties, interest, premiums and any other amounts. Revenues shall exclude payments received from other Constituent Entities that are treated as dividends in the payer's tax jurisdiction.

- 1.3. Profit (loss) before income tax

In the fifth column of the template, the reporting MNE shall report the sum of the profit (loss) before income tax for all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. The profit (loss) before income tax shall include all extraordinary income and expense items.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

1.4. Income tax paid (on cash basis)

In the sixth column of the template, the reporting MNE shall report the total amount of income tax actually paid during the relevant Fiscal Year by all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. Taxes paid shall include cash taxes paid by the Constituent Entity to the residence tax jurisdiction and to all other tax jurisdictions. Taxes paid shall include withholding taxes paid by other entities (associated enterprises and independent enterprises) with respect to payments to the Constituent Entity. Thus, if company A resident in tax jurisdiction A earns interest in tax jurisdiction B, the tax withheld in tax jurisdiction B shall be reported by company A.

1.5. Income tax accrued (current year)

In the seventh column of the template, the reporting MNE shall report the sum of the accrued current tax expense recorded on taxable profits or losses of the year of reporting of all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. The current tax expense shall reflect only operations in the current year and shall not include deferred taxes or provisions for uncertain tax liabilities.

1.6. Stated capital

In the eighth column of the template, the reporting MNE shall report the sum of the stated capital of all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. With regard to permanent establishments, the stated capital shall be reported by the legal entity of which it is a permanent establishment unless there is a defined capital requirement in the permanent establishment tax jurisdiction for regulatory purposes.

1.7. Accumulated earnings

In the ninth column of the template, the reporting MNE shall report the sum of the total accumulated earnings of all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction as of the end of the year. With regard to permanent establishments, accumulated earnings shall be reported by the legal entity of which it is a permanent establishment.

1.8. Number of employees

In the tenth column of the template, the reporting MNE shall report the total number of employees on a full-time equivalent (FTE) basis of all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. The number of employees may be reported as of the year-end, on the basis of average employment levels for the year, or on any other basis consistently applied across tax jurisdictions and from year to year. For this purpose, independent contractors participating in the ordinary operating activities of the Constituent Entity may be reported as employees. Reasonable rounding or approximation of the number of employees is permissible, providing that such rounding or approximation does not materially distort the relative distribution of employees across the various tax jurisdictions. Consistent approaches shall be applied from year to year and across entities.

1.9. Tangible assets other than cash and cash equivalents

In the eleventh column of the template, the reporting MNE shall report the sum of the net book values of tangible assets of all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. With regard to permanent establishments, assets shall be reported by reference to the tax jurisdiction in which the permanent establishment is situated. Tangible assets for this purpose do not include cash or cash equivalents, intangibles, or financial assets.]
