

Directive 2012/34/EU of the European Parliament and of the Council of 21 November 2012 establishing a single European railway area (recast) (Text with EEA relevance)

CHAPTER II

DEVELOPMENT OF THE UNION RAILWAYS

SECTION 2

Separation of infrastructure management and transport operations and of different types of transport operations

Article 6

Separation of accounts

1 Member States shall ensure that separate profit and loss accounts and balance sheets are kept and published, on the one hand, for business relating to the provision of transport services by railway undertakings and, on the other, for business relating to the management of railway infrastructure. Public funds paid to one of these two areas of activity shall not be transferred to the other.

2 Member States may also provide that this separation shall require the organisation of distinct divisions within a single undertaking or that the infrastructure and transport services shall be managed by separate entities.

3 Member States shall ensure that separate profit and loss accounts and balance sheets are kept and published, on the one hand, for business relating to the provision of rail freight transport services and, on the other, for activities relating to the provision of passenger transport services. Public funds paid for activities relating to the provision of transport services as public-service remits shall be shown separately in accordance with Article 7 of Regulation (EC) No 1370/2007 in the relevant accounts and shall not be transferred to activities relating to the provision of other transport services or any other business.

4 The accounts for the different areas of activity referred to in paragraphs 1 and 3 shall be kept in a way that allows for monitoring of the prohibition on transferring public funds paid to one area of activity to another and the monitoring of the use of income from infrastructure charges and surpluses from other commercial activities.
