

Directive 2014/25/EU of the European Parliament and of the Council of 26 February 2014 on procurement by entities operating in the water, energy, transport and postal services sectors and repealing Directive 2004/17/EC (Text with EEA relevance)

TITLE II

RULES APPLICABLE TO CONTRACTS

CHAPTER III

Conduct of the procedure

Section 1

Preparation

Article 63

Communication of technical specifications

1 On request from economic operators interested in obtaining a contract, contracting entities shall make available the technical specifications regularly referred to in their supply, works or service contracts, or the technical specifications which they intend to apply to contracts for which the call for competition is a periodic indicative notice. Those specifications shall be made available by electronic means through unrestricted and full direct access free of charge.

However, the technical specifications shall be transmitted by other means than electronic means where unrestricted and full direct access free of charge by electronic means to certain procurement documents cannot be offered for one of the reasons set out in the second subparagraph of Article 40(1) or where unrestricted and full direct access free of charge by electronic means to certain procurement documents cannot be offered because contracting entities intend to apply Article 39(2).

2 Where the technical specifications are based on documents available by electronic means through unrestricted and full direct access free of charge to interested economic operators, the inclusion of a reference to those documents shall be sufficient.
