

Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU, and Regulations (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council (Text with EEA relevance)

TITLE IV

RESOLUTION

CHAPTER IV

Resolution tools

Section 5

The bail-in tool

Subsection 4

Bail-in tool: ancillary provisions

Article 53

Effect of bail-in

1 Member States shall ensure that where a resolution authority exercises a power referred to in Article 59(2) and in points (e) to (i) of Article 63(1), the reduction of principal or outstanding amount due, conversion or cancellation takes effect and is immediately binding on the institution under resolution and affected creditors and shareholders.

2 Member States shall ensure that the resolution authority shall have the power to complete or require the completion of all the administrative and procedural tasks necessary to give effect to the exercise of a power referred to in Article 59(2) and in points (e) to (i) of Article 63(1), including:

- a the amendment of all relevant registers;
- b the delisting or removal from trading of shares or other instruments of ownership or debt instruments;
- c the listing or admission to trading of new shares or other instruments of ownership;
- d the relisting or readmission of any debt instruments which have been written down, without the requirement for the issuing of a prospectus pursuant to Directive 2003/71/EC of the European Parliament and of the Council⁽¹⁾.

3 Where a resolution authority reduces to zero the principal amount of, or outstanding amount payable in respect of, a liability by means of the power referred to in point (e) of Article

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

63(1), that liability and any obligations or claims arising in relation to it that are not accrued at the time when the power is exercised shall be treated as discharged for all purposes, and shall not be provable in any subsequent proceedings in relation to the institution under resolution or any successor entity in any subsequent winding up.

4 Where a resolution authority reduces in part, but not in full, the principal amount of, or outstanding amount payable in respect of, a liability by means of the power referred to in point (e) of Article 63(1):

- a the liability shall be discharged to the extent of the amount reduced;
- b the relevant instrument or agreement that created the original liability shall continue to apply in relation to the residual principal amount of, or outstanding amount payable in respect of the liability, subject to any modification of the amount of interest payable to reflect the reduction of the principal amount, and any further modification of the terms that the resolution authority might make by means of the power referred to in point (j) of Article 63(1).

Article 54

Removal of procedural impediments to bail-in

1 Without prejudice to point (i) of Article 63(1), Member States shall, where applicable, require institutions and entities referred to in points (b), (c) and (d) of Article 1(1) to maintain at all times a sufficient amount of authorised share capital or of other Common Equity Tier 1 instruments, so that, in the event that the resolution authority exercises the powers referred to in points (e) and (f) of Article 63(1) in relation to an institution or an entity referred to in point (b), (c) or (d) of Article 1(1) or any of its subsidiaries, the institution or entity referred to in point (b), (c) or (d) of Article 1(1) is not prevented from issuing sufficient new shares or other instruments of ownership to ensure that the conversion of liabilities into shares or other instruments of ownership could be carried out effectively.

2 Resolution authorities shall assess whether it is appropriate to impose the requirement laid down in paragraph 1 in the case of a particular institution or entity referred to in point (b), (c) or (d) of Article 1(1) in the context of the development and maintenance of the resolution plan for that institution or group, having regard, in particular, to the resolution actions contemplated in that plan. If the resolution plan provides for the possible application of the bail-in tool, authorities shall verify that the authorised share capital or other Common Equity Tier 1 instruments is sufficient to cover the sum of the amounts referred to in points (b) and (c) of Article 47(3).

3 Member States shall ensure that there are no procedural impediments to the conversion of liabilities to shares or other instruments of ownership existing by virtue of their instruments of incorporation or statutes, including pre-emption rights for shareholders or requirements for the consent of shareholders to an increase in capital.

4 This Article is without prejudice to the amendments to Directives 82/891/EEC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU and Directive 2012/30/EU set out in Title X of this Directive.

[^{F1}Article 55

Contractual recognition of bail-in

1 Member States shall require institutions and entities referred to in points (b), (c) and (d) of Article 1(1) to include a contractual term by which the creditor or party to the agreement or instrument creating the liability recognises that that liability may be subject to the write down and conversion powers and agrees to be bound by any reduction of the principal or outstanding amount due, conversion or cancellation that is effected by the exercise of those powers by a resolution authority, provided that that liability complies with all of the following conditions:

- a the liability is not excluded under Article 44(2);
- b the liability is not a deposit as referred to in point (a) of Article 108;
- c the liability is governed by the law of a third country;
- d the liability is issued or entered into after the date on which a Member State applies the provisions adopted in order to transpose this Section.

Resolution authorities may decide that the obligation in the first subparagraph of this paragraph shall not apply to institutions or entities in respect of which the requirement under Article 45(1) equals the loss-absorption amount as defined under point (a) of Article 45c(2), provided that liabilities that meet the conditions referred to in the first subparagraph and which do not include the contractual term referred to in that subparagraph are not counted towards that requirement.

The first subparagraph shall not apply where the resolution authority of a Member State determines that the liabilities or instruments referred to in the first subparagraph can be subject to write down and conversion powers by the resolution authority of a Member State pursuant to the law of the third country or to a binding agreement concluded with that third country.

2 Member States shall ensure that where an institution or entity referred to in point (b), (c) or (d) of Article 1(1) reaches the determination that it is legally or otherwise impracticable to include in the contractual provisions governing a relevant liability a term required in accordance with paragraph 1, such institution or entity notifies its determination, including the designation of the class of the liability and the justification of that determination, to the resolution authority. The institution or entity shall provide the resolution authority with all information that the resolution authority requests, within a reasonable timeframe following the receipt of the notification, in order for the resolution authority to assess the effect of such notification on the resolvability of that institution or entity.

Member States shall ensure that, in the case of a notification under the first subparagraph of this paragraph, the obligation to include in the contractual provisions a term required in accordance with paragraph 1 is automatically suspended from the moment of receipt by the resolution authority of the notification.

In the event that the resolution authority concludes that it is not legally or otherwise impracticable to include in the contractual provisions a term required in accordance with paragraph 1, taking into account the need to ensure the resolvability of the institution or entity, it shall require, within a reasonable timeframe after the notification pursuant to the first subparagraph, the inclusion of such contractual term. The resolution authority may, in addition, require the institution or entity to amend its practices concerning the application of the exemption from contractual recognition of bail-in.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

The liabilities referred to in the first subparagraph of this paragraph shall not include Additional Tier 1 instruments, Tier 2 instruments and debt instruments referred to in point (48)(ii) of Article 2(1), where those instruments are unsecured liabilities. Moreover, the liabilities referred to in the first subparagraph of this paragraph shall be senior to the liabilities referred to in points (a), (b) and (c) of Article 108(2) and in Article 108(3).

Where the resolution authority, in the context of the assessment of the resolvability of an institution or entity referred to in point (b), (c) or (d) of Article 1(1) in accordance with Articles 15 and 16, or at any other time, determines that, within a class of liabilities which includes eligible liabilities, the amount of liabilities that, in accordance with the first subparagraph of this paragraph, do not include the contractual term referred to in paragraph 1, together with the liabilities which are excluded from the application of the bail-in tool in accordance with Article 44(2) or which are likely to be excluded in accordance with Article 44(3) amounts to more than 10 % of that class, it shall immediately assess the impact of that particular fact on the resolvability of that institution or entity, including the impact on the resolvability resulting from the risk of breaching the creditor safeguards provided in Article 73 when applying write-down and conversion powers to eligible liabilities.

Where the resolution authority concludes, on the basis of the assessment referred to in the fifth subparagraph of this paragraph, that the liabilities which, in accordance with the first subparagraph, do not include the contractual term referred to in paragraph 1, create a substantive impediment to resolvability, it shall apply the powers provided in Article 17 as appropriate to remove that impediment to resolvability.

Liabilities for which the institution or entity referred to in point (b), (c) or (d) of Article 1(1) fails to include in the contractual provisions the term required by paragraph 1 of this Article or for which, in accordance with this paragraph, that requirement does not apply, shall not be counted towards the minimum requirement for own funds and eligible liabilities.

3 Member States shall ensure that resolution authorities may require institutions and entities referred to in points (b), (c) and (d) of Article 1(1) to provide authorities with a legal opinion relating to the legal enforceability and effectiveness of the contractual term referred to in paragraph 1 of this Article.

4 Where an institution or entity referred to in point (b), (c) or (d) of Article 1(1) does not include in the contractual provisions governing a relevant liability a contractual term required in accordance with paragraph 1 of this Article, that shall not prevent the resolution authority from exercising the write down and conversion powers in relation to that liability.

5 EBA shall develop draft regulatory technical standards in order to further determine the list of liabilities to which the exclusion in paragraph 1 applies, and the contents of the contractual term required in that paragraph, taking into account institutions' different business models.

EBA shall submit those draft regulatory technical standards to the Commission by 3 July 2015.

Power is delegated to the Commission to adopt the regulatory technical standards referred to in the first subparagraph in accordance with Articles 10 to 14 of Regulation (EU) No 1093/2010.

6 EBA shall develop draft regulatory technical standards in order to further specify:

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- a the conditions under which it would be legally or otherwise impracticable for an institution or entity referred to in point (b), (c) or (d) of Article 1(1) to include the contractual term referred to in paragraph 1 of this Article in certain categories of liabilities;
- b the conditions for the resolution authority to require the inclusion of the contractual term pursuant to the third subparagraph of paragraph 2;
- c the reasonable timeframe for the resolution authority to require the inclusion of a contractual term pursuant to the third subparagraph of paragraph 2.

EBA shall submit those draft regulatory technical standards to the Commission by 28 June 2020.

Power is delegated to the Commission to adopt the regulatory technical standards referred to in the first subparagraph in accordance with Articles 10 to 14 of Regulation (EU) No 1093/2010.

7 The resolution authority shall specify, where it deems it necessary, the categories of liabilities for which an institution or entity referred to in point (b), (c) or (d) of Article 1(1) may reach the determination that it is legally or otherwise impracticable to include the contractual term referred to in paragraph 1 of this Article, based on the conditions further specified as a result of the application of paragraph 6.

8 EBA shall develop draft implementing technical standards to specify uniform formats and templates for the notification to resolution authorities for the purposes of paragraph 2.

EBA shall submit those draft implementing technical standards to the Commission by 28 June 2020.

Power is conferred on the Commission to adopt the implementing technical standards referred to in the first subparagraph of this paragraph in accordance with Article 15 of Regulation (EU) No 1093/2010.]

Textual Amendments

- F1** Substituted by [Directive \(EU\) 2019/879 of the European Parliament and of the Council of 20 May 2019 amending Directive 2014/59/EU as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms and Directive 98/26/EC.](#)

Article 56

Government financial stabilisation tools

1 Member States may provide extraordinary public financial support through additional financial stabilisation tools in accordance with paragraph 3 of this Article, Article 37(10) and with Union State aid framework, for the purpose of participating in the resolution of an institution or an entity referred to in point (b), (c) or (d) of Article 1(1), including by intervening directly in order to avoid its winding up, with a view to meeting the objectives for resolution referred to in Article 31(2) in relation to the Member State or the Union as a whole. Such an action shall be carried out under the leadership of the competent ministry or the government in close cooperation with the resolution authority.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

2 In order to give effect to the government financial stabilisation tools, Member States shall ensure that their competent ministries or governments have the relevant resolution powers specified in Articles 63 to 72, and shall ensure that Articles 66, 68, 83 and 117 apply.

3 The government financial stabilisation tools shall be used as a last resort after having assessed and exploited the other resolution tools to the maximum extent practicable whilst maintaining financial stability, as determined by the competent ministry or the government after consulting the resolution authority.

4 When applying the government financial stabilisation tools, Member States shall ensure that their competent ministries or governments and the resolution authority apply the tools only if all the conditions laid down in Article 32(1) as well as one of the following conditions are met:

- a the competent ministry or government and the resolution authority, after consulting the central bank and the competent authority, determine that the application of the resolution tools would not suffice to avoid a significant adverse effect on the financial system;
- b the competent ministry or government and the resolution authority determine that the application of the resolution tools would not suffice to protect the public interest, where extraordinary liquidity assistance from the central bank has previously been given to the institution;
- c in respect of the temporary public ownership tool, the competent ministry or government, after consulting the competent authority and the resolution authority, determines that the application of the resolution tools would not suffice to protect the public interest, where public equity support through the equity support tool has previously been given to the institution.

5 The financial stabilisation tools shall consist of the following:

- a public equity support tool as referred to in Article 57;
- b temporary public ownership tool as referred to in Article 58.

Article 57

Public equity support tool

1 Member States may, while complying with national company law, participate in the recapitalisation of an institution or an entity referred to in point (b), (c) or (d) of Article 1(1) of this Directive by providing capital to the latter in exchange for the following instruments, subject to the requirements of Regulation (EU) No 575/2013:

- a Common Equity Tier 1 instruments;
- b Additional Tier 1 instruments or Tier 2 instruments.

2 Member States shall ensure, to the extent that their shareholding in an institution or an entity referred to in point (b), (c) or (d) of Article 1(1) permits, that such institutions or entities subject to public equity support tool in accordance with this Article are managed on a commercial and professional basis.

3 Where a Member State provides public equity support tool in accordance with this Article, it shall ensure that its holding in the institution or an entity referred to in point (b), (c) or (d) of Article 1(1) is transferred to the private sector as soon as commercial and financial circumstances allow.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Article 58

Temporary public ownership tool

1 Member States may take an institution or an entity referred to in point (b), (c) or (d) of Article 1(1) into temporary public ownership.

2 For that purpose a Member State may make one or more share transfer orders in which the transferee is:

- a a nominee of the Member State; or
- b a company wholly owned by the Member State.

3 Member States shall ensure that institutions or entities referred to in point (b), (c) or (d) of Article 1(1) subject to the temporary public ownership tool in accordance with this Article are managed on a commercial and professional basis and that they are transferred to the private sector as soon as commercial and financial circumstances allow.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (1) Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 on the prospectus to be published when securities are offered to the public or admitted to trading and amending Directive 2001/34/EC ([OJ L 345, 31.12.2003, p. 64](#)).
