Coordination of notified bodies

1 The Commission shall ensure that appropriate coordination and cooperation between notified bodies are put in place and properly operated in the form of a sectoral group of notified bodies.

2 Member States shall ensure that the bodies notified by them participate in the work of the sectoral group, directly or by means of designated representatives.

Article 35

Implementing measures

1 The Member States shall, by means of the information system made available by the Commission for that purpose, notify to the Commission the name and contact details of the authorities in charge of the implementation of this Directive. When adopting those acts, the Commission shall explicitly indicate the dates from which those requirements and testing standards are to apply, including the dates for placing on the market and placing on board, in accordance with the international instruments, and taking into consideration timeframes for ship-building. The Commission may also specify the common criteria and detailed procedures for their application.

3 The Commission shall, by means of implementing acts, indicate the respective design, construction and performance requirements newly provided for in the international instruments and which apply to equipment already placed on board, in order to ensure that equipment placed on board EU ships complies with the international instruments.

That period shall be extended by two months at the initiative of the European Parliament or of the Council.
