CHAPTER III

SWITCHING

*Article 11*

**Facilitation of cross-border account-opening for consumers**

1 Member States shall ensure that where a consumer indicates to his payment service provider that he wishes to open a payment account with a payment service provider located in another Member State, the payment service provider with which the consumer holds a payment account shall on receipt of such request provide the following assistance to the consumer:

- a provide the consumer free of charge with a list of all the currently active standing orders for credit transfers and debtor-driven direct debit mandates, where available, and with available information about recurring incoming credit transfers and creditor-driven direct debits executed on the consumer's payment account in the previous 13 months. That list shall not entail any obligation on the part of the new payment service provider to set up services that it does not provide;
- b transfer any positive balance remaining on the payment account held by the consumer to the payment account opened or held by the consumer with the new payment service provider, provided that the request includes full details allowing the new payment service provider and the consumer's payment account to be identified;
- c close the payment account held by the consumer.

2 Without prejudice to Articles 45(1) and 45(6) of Directive 2007/64/EC and if the consumer has no outstanding obligations on a payment account, the payment service provider with which the consumer holds that payment account shall conclude the steps set out in points (a), (b) and (c) of paragraph 1 of this Article on the date specified by the consumer, which shall be at least six business days after that payment service provider receives the consumer's request unless otherwise agreed between the parties. The payment service provider shall immediately inform the consumer where outstanding obligations prevent his payment account from being closed.
