

Commission Implementing Directive (EU) 2019/523 of 21 March 2019 amending Annexes I to V to Council Directive 2000/29/EC on protective measures against the introduction into the Community of organisms harmful to plants or plant products and against their spread within the Community

COMMISSION IMPLEMENTING DIRECTIVE (EU) 2019/523

of 21 March 2019

amending Annexes I to V to Council Directive 2000/29/EC on protective measures against the introduction into the Community of organisms harmful to plants or plant products and against their spread within the Community

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 2000/29/EC of 8 May 2000 on protective measures against the introduction into the Community of organisms harmful to plants or plant products and against their spread within the Community⁽¹⁾, and in particular points (c) and (d) of the second paragraph of Article 14 thereof,

Whereas:

- (1) With a view to protecting plants, plant products and other objects, in light of increased international trade and following pest risk assessments performed and recently published by the European and Mediterranean Plant Protection Organisation, it is technically justified and consistent with the pest risks involved to add the harmful organisms *Aromia bungii* (Faldermann), *Neoleucinodes elegantalis* (Guenée) and *Oemona hirta* (Fabricius) to Section I of Part A of Annex I to Directive 2000/29/EC.
- (2) Following the pest risk categorisation performed and recently published by the European Food Safety Authority ('the Authority'), the hosts and pathways of entry in the Union of the harmful organism *Enarmonia packardi* (Zeller) are wider than the ones currently regulated in Section I of Part A of Annex II to Directive 2000/29/EC. Following a revision of the respective scientific denomination, the harmful organism has been renamed to *Grapholita packardi* (Zeller). Therefore, it is scientifically justified and consistent with the pest risk involved to delete the entry on *Enarmonia packardi* (Zeller) from Section I of Part A of Annex II to Directive 2000/29/EC and to include it in Section I of Part A of Annex I to that Directive under the denomination *Grapholita packardi* (Zeller).
- (3) In the pest risk categorisation performed and recently published by the Authority, the species of *Elsinoe* spp. Bitanc. and Jenk. Mendes, currently included in Section I of Part A of Annex II to Directive 2000/29/EC, causal agents of disease to *Citrus* L. *Fortunella* Swingle, *Poncirus* Raf., and their hybrids, have been further defined. Additionally, based on the pest risk categorisation and the recent interceptions on fruits, it is evident that the list of currently regulated commodities does not mitigate all risks related to these harmful organisms. Therefore, it is scientifically and technically justified and

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

consistent with the pest risk involved to delete the entry on *Elsinoe* spp. Bitanc. and Jenk. Mendes from Section I of Part A of Annex II to Directive 2000/29/EC and to include in Section I of Part A of Annex I to that Directive the species *Elsinoë australis* Bitanc. & Jenk., *Elsinoë citricola* X.L. Fan, R.W. Barreto & Crous and *Elsinoë fawcettii* Bitanc. & Jenk. causal agents of disease to *Citrus* L. *Fortunella* Swingle, *Poncirus* Raf., and their hybrids.

- (4) With a view to protecting plants, plant products and other objects, in light of increased international trade and following pest risk assessments performed and recently published by the Authority and the European and Mediterranean Plant Protection Organisation, it is technically justified and consistent with the pest risks involved to add the harmful organisms *Fusarium circinatum* Nirenberg & O'Donnell and *Geosmithia morbida* Kolarik, Freeland, Utley & Tisserat and its vector *Pityophthorus juglandis* Blackman to Section II of Part A of Annex I to the Directive 2000/29/EC. These harmful organisms are currently present in the European Union and have a restricted distribution.
- (5) Following the pest risk assessments performed and recently published by the Authority, it is scientifically and technically justified and consistent with the pest risk involved to delete *Ceratocystis platani* (J. M. Walter) Engelbr. & T. C. Harr from Section II of Part A of Annex II to Directive 2000/29/EC and to include it in Section II of Part A of Annex I to that Directive.
- (6) With a view to protecting plants, plant products and other objects, in light of increased international trade and following the pest risk assessment performed and published by the Authority on soil and growing media and the relevant International Standards, it is scientifically justified and consistent with the pest risks involved to strengthen the requirements for soil and growing media through revising the relevant requirements in Annex III, in Section I of Part A of Annex IV and in Annex V to Directive 2000/29/EC.
- (7) In order to protect the production and trade of plants, plant products and other objects, it is technically justified and consistent with the pest risk involved to add the harmful organisms *Liriomyza huidobrensis* (Blanchard) and *Liriomyza trifolii* (Burgess) to Part B of Annex I to that Directive.
- (8) From information provided by Ireland and the United Kingdom it appears that the territories of Ireland and Northern Ireland, respectively, are free from *Liriomyza huidobrensis* (Blanchard) and *Liriomyza trifolii* (Burgess) and that Ireland and Northern Ireland fulfil the conditions set out in point (h) of Article 2(1) of Directive 2000/29/EC for the establishment of a protected zone with respect to those harmful organisms. Therefore, Part B of Annex I to Directive 2000/29/EC should be amended accordingly.
- (9) It is technically acceptable, on the basis of scientific and technical knowledge, to include special requirements for the introduction and movement, where applicable, of certain plants, plant products and other objects into and within the Union due to their likelihood of hosting *Aromia bungii* (Faldermann), *Neoleucinodes elegantalis* (Guenée) referred to in recital 1, *Grapholita packardi* (Zeller), referred to in recital 2 and *Geosmithia morbida* Kolarik, Freeland, Utley & Tisserat and its vector *Pityophthorus juglandis* Blackman referred to in recital 4. Therefore, the relevant plants, plant products and other

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- objects should be listed in Section I of Part A of Annex IV to Directive 2000/29/EC. For *Geosmithia morbida* Kolarík, Freeland, Utley & Tisserat and its vector *Pityophthorus juglandis* Blackman additional special requirements should be included for internal movement in Section II of Part A of Annex IV to Directive 2000/29/EC.
- (10) In respect to *Ceratocystis platani* (J. M. Walter) Engelbr. & T. C. Harr referred to in recital 5, it is necessary to amend the special requirements set out in Sections I and II of Part A of Annex IV to Directive 2000/29/EC due to developments in scientific and technical knowledge and the recently published pest risk assessment carried out by the Authority.
 - (11) Based on pest risk assessment of a number of *Tephritidae* species of the European and Mediterranean Plant Protection Organisation, relevant international standards, technical information and the number of interceptions of *Tephritidae* species (non-European) on imported commodities, the special requirements set out in Section I of Part A of Annex IV to Directive 2000/29/EC should be amended.
 - (12) Based on the interceptions data on imported commodities, additional special requirements for *Bactericera cockerelli* (Sulc.) and *Thaumatotibia leucotreta* (Meyrick) should be included in Section I of Part A of Annex IV to Directive 2000/29/EC.
 - (13) Based on the pest risk categorisations recently performed by the Authority, relevant international standards and technical information and in view of increased international trade, special requirements provided for in Section I of Part A of Annex IV to Directive 2000/29/EC should be laid down for fruits of *Malus* Mill. in connection to the harmful organisms *Enarmonia prunivora* Walsh, *Grapholita inopinata* Heinrich and *Rhagoletis pomonella* (Walsh) and for fruits of *Malus* Mill. and *Pyrus* L. in connection to the harmful organisms *Guignardia piricola* (Nosa) Yamamoto and *Tachypterellus quadrigibbus* Say.
 - (14) The aim of the amended requirements set out in recitals 9 to 13 is to reduce to an acceptable level the phytosanitary risk caused by the introduction and where relevant the movement into the Union of those plants, plant products and other objects.
 - (15) In accordance with Commission Regulation (EC) No 690/2008⁽²⁾ certain zones have been recognised as protected zones in respect of various harmful organisms. That Regulation has recently been amended to take into account the latest developments with regard to the protected zones within the Union and among others, to the following harmful organisms: *Bemisia tabaci* Genn. (European populations), *Candidatus Phytoplasma ulmi*, *Ceratocystis platani* (J.M.Walter) Engelbr. & T.C.Harr., Citrus tristeza virus (European strains), *Erwinia amylovora* (Burr.) Winsl. *et al.*, *Globodera pallida* (Stone) Behrens, *Globodera rostochiensis* (Wollenweber) Behrens, *Gremmeniella abietina* (Lag.) Morelet, *Liriomyza huidobrensis* (Blanchard), *Liriomyza trifolii* (Burgess), *Paysandisia archon* (Burmeister), *Rhynchophorus ferrugineus* (Olivier), *Thaumetopoea pityocampa* Denis & Schiffermüller, *Thaumetopoea processionea* L., Tomato spotted wilt virus and *Xanthomonas arboricola* pv. *pruni* (Smith) Vauterin *et al.* In order to ensure that the requirements concerning protected zones with regard to the respective harmful organisms are consistent, the relevant requirements in Annexes I to V to Directive 2000/29/EC should be updated.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (16) Moreover, several areas within the Union that have been recognised as protected zones with regard to certain harmful organisms no longer fulfil the requirements because those harmful organisms have become established there or the Member States concerned requested that the status as a protected zone be revoked. Those areas are the following: the territory of Finland with regard to *Bemisia tabaci* Genn. (European populations); the Regional Units of Arta and Lakonia in Greece with regard to Citrus tristeza virus (European strains); the entire territory of Emilia-Romagna, the communes of Scarnafigi and Villafalletto in the province of Cuneo in Piedmont and the municipalities of Cesarò (Messina Province), Maniace, Bronte, Adrano (Catania Province) and Centuripe, Regalbuto and Troina (Enna Province) in Sicily in Italy and the entire territory of Northern Ireland in the United Kingdom and the entire territory of the county of Dunajská Streda in Slovakia with regard to *Erwinia amylovora* (Burr.) Winsl. *et al.*; the territory of Northern Ireland in the United Kingdom with regard to *Gremmeniella abietina* (Lag.) Morelet, local authority areas of Barking and Dagenham; Basildon; Basingstoke and Deane; Bexley; Bracknell Forest; Brentwood; Broxbourne; Castle Point; Chelmsford; Chiltern; Crawley; Dacorum; Dartford; East Hertfordshire; Enfield; Epping Forest; Gravesham; Greenwich; Harlow; Hart; Havering; Hertsmere; Horsham; Littleford; Medway; Mid Sussex; Mole Valley; Newham; North Hertfordshire; Redbridge; Reigate and Banstead; Rushmoor; Sevenoaks; South Bedfordshire; South Bucks; St Albans; Surrey Heath; Tandridge; Three Rivers; Thurrock; Tonbridge and Malling; Waltham Forest; Watford; Waverley; Welwyn Hatfield; Windsor and Maidenhead, Wokingham and Wycombe in the United Kingdom with regard to *Thaumetopoea processionea* L. and the territory of Sweden with regard to Tomato spotted wilt virus. This information should be reflected in Part B respectively of Annexes I to IV to Directive 2000/29/EC.
- (17) Continued findings of *Bemisia tabaci* Genn. (European populations) on certain plants and plant products moved within the Union into certain protected zones show that the current requirements for the movement within the Union into certain protected zones of plants, plant products and other objects with regard to *Bemisia tabaci* Genn. (European populations) are inadequate to reduce the phytosanitary risk in question to acceptable levels. Those requirements should be reformulated in Part B of Annex IV to Directive 2000/29/EC.
- (18) The plants, plant products or other objects referred to in recitals 6 to 17 should be subject to plant health inspections before being introduced into or moved within the Union. Therefore, those plants, plant products and other objects should be listed in Parts A or B of Annex V to Directive 2000/29/EC. Additionally, in view of having an increased phytosanitary protection, fruits of *Actinidia* Lindl., *Carica papaya* L., *Fragaria* L., *Persea americana* Mill., *Rubus* L. and *Vitis* L. are listed in Part B of Annex V to Directive 2000/29/EC, and for fruits of *Annona* L., *Cydonia* Mill., *Diospyros* L., *Malus* L., *Mangifera* L., *Passiflora* L., *Prunus* L., *Psidium* L., *Pyrus* L., *Ribes* L., *Syzygium* Gaertn. and *Vaccinium* L., already listed in Part B of Annex V to Directive 2000/29/EC, the geographical scope has been broadened.
- (19) Annexes I to V to Directive 2000/29/EC should therefore be amended accordingly.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

(20) The measures provided for in this Directive are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS DIRECTIVE:

Article 1

Annexes I to V to Directive 2000/29/EC are amended in accordance with the Annex to this Directive.

Article 2

1 Member States shall adopt and publish, by 31 August 2019 at the latest, the laws, regulations and administrative provisions necessary to comply with this Directive. They shall forthwith communicate to the Commission the text of those provisions.

They shall apply those provisions from 1 September 2019.

When Member States adopt those provisions, they shall contain a reference to this Directive or be accompanied by such a reference on the occasion of their official publication. Member States shall determine how such reference is to be made.

2 Member States shall communicate to the Commission the text of the main provisions of national law which they adopt in the field covered by this Directive.

Article 3

This Directive shall enter into force on the third day following that of its publication in the *Official Journal of the European Union*.

Article 4

This Directive is addressed to the Member States.

Done at Brussels, 21 March 2019.

For the Commission

The President

Jean-Claude JUNCKER

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

ANNEX

Annexes I to V to Directive 2000/29/EC are amended as follows:

- (1) Annex I is amended as follows:
- (a) Part A is amended as follows:
- (i) Section I is amended as follows:
- heading (a) is amended as follows:
 - the following point is inserted after point 4.1.:
 - 4.2. *Aromia bungii* (Faldermann)
 - the following point is inserted after point 10.5.:
 - 10.6. *Grapholita packardi* Zeller
 - the following points are inserted after point 16.1.:
 - 16.2. *Neoleucinodes elegantalis* (Guenée)
 - 16.3. *Oemona hirta* (Fabricius)
 - heading (c) is amended as follows:
 - the following points are inserted after point 3:
 - 3.1. *Elsinoë australis* Bitanc. & Jenk.
 - 3.2. *Elsinoë citricola* X.L. Fan, R.W. Barreto & Crous
 - 3.3. *Elsinoë fawcettii* Bitanc. & Jenk.
- (ii) Section II is amended as follows:
- heading (a) is amended as follows:
 - the following point is inserted after point 7:
 - 7.1. *Pityophthorus juglandis* Blackman;
 - in heading (c), the following points are inserted before point 1:
 - 0.1. *Ceratocystis platani* (J. M. Walter) Engelbr. & T. C. Harr
 - 0.2. *Fusarium circinatum* Nirenberg & O'Donnell
 - 0.3. *Geosmithia morbida* Kolarík, Freeland, Utley & Tisserat;
- (b) Part B is amended as follows:
- (i) heading (a) is amended as follows:
- in point 1, in the right hand column, 'FI' is deleted;
 - the following points are inserted after point 4:

4.1.	<i>Liriomyza huidobrensis</i> (Blanchard)	IRL, UK (Northern Ireland)
4.2.	<i>Liriomyza trifolii</i> (Burgess)	IRL, UK (Northern Ireland)

— in point 5, the text in the right hand column is replaced by the following:

IRL, UK (excluding the local authority areas of Barking and Dagenham; Barnet; Basildon; Basingstoke and Deane; Bexley; Bracknell Forest; Brent; Brentwood; Bromley; Broxbourne; Camden; Castle Point; Chelmsford; Chiltern; City of London; City of Westminster; Crawley; Croydon; Dacorum; Dartford; Ealing; East Hertfordshire; Elmbridge District; Enfield; Epping Forest; Epsom and Ewell District; Gravesham; Greenwich; Guildford; Hackney; Hammersmith & Fulham; Haringey; Harlow; Harrow; Hart; Havering; Hertsmere; Hillingdon; Horsham; Hounslow; Islington; Kensington & Chelsea; Kingston upon Thames; Lambeth; Lewisham; Littleford; Medway; Merton; Mid Sussex; Mole Valley; Newham; North Hertfordshire; Reading; Redbridge; Reigate and Banstead; Richmond upon Thames; Runnymede District; Rushmoor; Sevenoaks; Slough; South Bedfordshire; South Bucks; South Oxfordshire; Southwark; Spelthorne District; St Albans; Sutton; Surrey Heath; Tandridge; Three Rivers; Thurrock; Tonbridge and Malling; Tower Hamlets; Waltham Forest; Wandsworth; Watford; Waverley; Welwyn Hatfield; West Berkshire; Windsor and Maidenhead; Woking, Wokingham and Wycombe);

(ii) in heading (b), point 2 is deleted.

(2) Annex II is amended as follows:

(a) Part A is amended as follows:

(i) Section I is amended as follows:

— in heading (a), point 11 is deleted

— in heading (c), point 9 is deleted.

(ii) Section II is amended as follows:

— in heading (c), point 1 is deleted.

(b) Part B is amended as follows:

(i) heading (a) is amended as follows:

— point 10 is replaced by the following:

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

10.	<i>Thaumatococcus panyocarpa</i> Denis & Schiffermüller	Plants of <i>Cedrus deodora</i> and <i>Pinus nigra</i> , intended for planting, other than fruit and seeds	UK
-----	---	--	----

- (ii) in heading (b), point 2, the text in the third column is replaced by the following:

E (except the autonomous communities of Andalucía, Aragón, Castilla la Mancha, Castilla y León, Extremadura, the autonomous community of Madrid, Murcia, Navarra and La Rioja, the province of Guipuzcoa (Basque Country), the Comarcas of Garrigues, Noguera, Pla d'Urgell, Segrià and Urgell in the province of Lleida (Comunidad autonoma de Catalunya), the Comarcas de L'Alt Vinalopó and El Vinalopó Mitjà in the province of Alicante and the municipalities of Alborache and Turis in the province of Valencia (Comunidad Valenciana)), EE, F (Corsica), IRL (except Galway city), I (Abruzzo, Apulia, Basilicata, Calabria, Campania, Lazio, Liguria, Lombardy (except the provinces of Mantua, Milano, Sondrio and Varese, and the communes of Bovisio Masciago, Cesano Maderno, Desio, Limbiate, Nova Milanese and Varedo in Monza Brianza Province), Marche, Molise, Piedmont (except the communes of Busca, Centallo, Scarnafigi, Tarantasca and Villafalletto in the province of Cuneo), Sardinia, Sicily (excluding the municipalities of Cesarò (Messina Province), Maniace, Bronte, Adrano (Catania Province) and Centuripe, Regalbuto and Troina (Enna Province)), Tuscany, Umbria, Valle d'Aosta, Veneto (except the provinces of Rovigo and Venice, the communes of Barbona, Boara Pisani, Castelbaldo, Masi, Piacenza d'Adige, S. Urbano and, Vescovana in the province of Padova and the area situated to the south of highway A4 in the province of Verona)), LV, LT (except the municipalities of Babtai and Kėdainiai (region of Kaunas)), P, SI (except the regions Gorenjska, Koroška, Maribor and Notranjska, the communes of Lendava, Renče-Vogrsko (south from the highway H4) and Velika Polana, and the settlements Fužina, Gabrovčec, Glogovica, Gorenja vas, Gradiček, Grintovec, Ivančna Gorica, Krka, Krška vas, Male Lese, Malo Črnelo, Malo Globoko, Marinča vas, Mleščevo, Mrzlo Polje, Muljava, Podbukovje, Potok pri Muljavi, Šentvid pri Stični, Škrjanče, Trebnja Gorica, Velike Lese, Veliko Črnelo, Veliko Globoko, Vir pri Stični, Vrhpolje pri Šentvidu, Zagradec and Znojile pri Krki in the commune Ivančna Gorica), SK (except the county of Dunajská Streda, Hronovce and Hronské Kľačany (Levice County), Dvory nad Žitavou (Nové Zámky County), Málíneck (Poltár County), Hrhov (Rožňava County), Veľké Ripňany (Topoľčany County), Kazimír, Luhyňa, Malý Horeš, Svätuš and Zátin (Trebišov County)), FI, UK (Isle of Man and Channel Islands)

- (iii) heading (c) is amended as follows:
— point 0.1. is replaced by the following:

0.1.	<i>Cryphonectria parasitica</i> (Murrill) Barr.	Wood, excluding wood which is bark-free, isolated bark, and plants intended for planting of <i>Castanea</i> Mill. and plants intended for planting, other than seeds, of <i>Quercus</i> L.	CZ, IRL, S, UK
------	---	--	----------------

- in point 2, the words ‘UK (Northern Ireland)’ in the third column are deleted.

- (iv) heading (d) is amended as follows:
— in point 1, the text in the third column is replaced by the following:

EL (except the Regional Units of Argolida, Arta, Chania and Lakonia), M, P (except Algarve, Madeira and the county of Odemira in Alentejo);

- (3) Annex III is amended as follows:

- (a) Part A, point 14 is replaced by:

14.	Soil as such, consisting in part of solid organic substances and growing medium as such, which consists in whole or in part of solid organic substances, other than that composed entirely of peat or fibre of <i>Cocos nucifera</i> L., previously not used for growing of plants or for any agricultural purposes	Third countries except Switzerland
-----	---	------------------------------------

- (b) Part B is amended as follows:

- (i) in point 1, the text in the right hand column is replaced by the following:

E (except the autonomous communities of Andalucia, Aragón, Castilla la Mancha, Castilla y León, Extremadura, the autonomous community of Madrid, Murcia, Navarra and La Rioja, the province of Guipuzcoa (Basque Country), the

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Comarcas of Garrigues, Noguera, Pla d'Urgell, Segrià and Urgell in the province of Lleida (Comunidad autonoma de Catalunya), the Comarcas de L'Alt Vinalopó and El Vinalopó Mitjà in the province of Alicante and the municipalities of Alborache and Turís in the province of Valencia (Comunidad Valenciana)), EE, F (Corsica), IRL (except Galway city), I (Abruzzo, Apulia, Basilicata, Calabria, Campania, Lazio, Liguria, Lombardy (except the provinces of Mantua, Milano, Sondrio and Varese, and the communes of Bovisio Masciago, Cesano Maderno, Desio, Limbiate, Nova Milanese and Varedo in Monza Brianza Province), Marche, Molise, Piedmont (except the communes of Busca, Centallo, Scarnafigi, Tarantasca and Villafalletto in the province of Cuneo), Sardinia, Sicily (excluding the municipalities of Cesarò (Messina Province), Maniace, Bronte, Adrano (Catania Province) and Centuripe, Regalbuto and Troina (Enna Province)), Tuscany, Umbria, Valle d'Aosta, Veneto (except the provinces of Rovigo and Venice, the communes of Barbona, Boara Pisani, Castelbaldo, Masi, Piacenza d'Adige, S. Urbano and, Vescovana in the province of Padova and the area situated to the south of highway A4 in the province of Verona)), LV, LT (except the municipalities of Babtai and Kėdainiai (region of Kaunas)), P, SI (except the regions Gorenjska, Koroška, Maribor and Notranjska, the communes of Lendava, Renče-Vogrsko (south from the highway H4) and Velika Polana, and the settlements Fužina, Gabrovčec, Glogovica, Gorenja vas, Gradiček, Grintovec, Ivančna Gorica, Krka, Krška vas, Male Lese, Malo Črnelo, Malo Globoko, Marinča vas, Mleščevo, Mrzlo Polje, Muljava, Podbukovje, Potok pri Muljavi, Šentvid pri Stični, Škrjanče, Trebnja Gorica, Velike Lese, Veliko Črnelo, Veliko Globoko, Vir pri Stični, Vrhpolje pri Šentvidu, Zagradec and Znojile pri Krki in the commune Ivančna Gorica), SK (except the county of Dunajská Streda, Hronovce and Hronské Kľačany (Levice County), Dvory nad Žitavou (Nové Zámky County), Málíneck (Poltár County), Hrhov (Rožňava County), Veľké Ripňany (Topoľčany County), Kazimír, Luhyňa, Malý Horeš, Svätuš and Zátín (Trebišov County)), FI, UK (Isle of Man and Channel Islands)

- (ii) in point 2, the text in the right hand column is replaced by the following:

E (except the autonomous communities of Andalucía, Aragón, Castilla la Mancha, Castilla y León, Extremadura, the autonomous community of Madrid, Murcia, Navarra and La Rioja, the province of Guipuzcoa (Basque Country), the Comarcas of Garrigues, Noguera, Pla d'Urgell, Segrià and Urgell in the province of Lleida (Comunidad autonoma de Catalunya), the Comarcas de L'Alt Vinalopó and El Vinalopó Mitjà in the province of Alicante and the municipalities of Alborache and Turís in the province of Valencia (Comunidad Valenciana)), EE, F (Corsica), IRL (except Galway city), I (Abruzzo, Apulia, Basilicata, Calabria, Campania, Lazio,

Liguria, Lombardy (except the provinces of Mantua, Milano, Sondrio and Varese, and the communes of Bovisio Masciago, Cesano Maderno, Desio, Limbiate, Nova Milanese and Varedo in Monza Brianza Province), Marche, Molise, Piedmont (except the communes of Busca, Centallo, Scarnafigi, Tarantasca and Villafalletto in the province of Cuneo), Sardinia, Sicily (excluding the municipalities of Cesarò (Messina Province), Maniace, Bronte, Adrano (Catania Province) and Centuripe, Regalbuto and Troina (Enna Province)), Tuscany, Umbria, Valle d'Aosta, Veneto (except the provinces of Rovigo and Venice, the communes of Barbona, Boara Pisani, Castelbaldo, Masi, Piacenza d'Adige, S. Urbano and, Vescovana in the province of Padova and the area situated to the south of highway A4 in the province of Verona)), LV, LT (except the municipalities of Babtai and Kėdainiai (region of Kaunas)), P, SI (except the regions Gorenjska, Koroška, Maribor and Notranjska, the communes of Lendava, Renče-Vogrsko (south from the highway H4) and Velika Polana, and the settlements Fužina, Gabrovčec, Glogovica, Gorenja vas, Gradiček, Grintovec, Ivančna Gorica, Krka, Krška vas, Male Lese, Malo Črnelo, Malo Globoko, Marinča vas, Mleščevo, Mrzlo Polje, Muljava, Podbukovje, Potok pri Muljavi, Šentvid pri Stični, Škrjanče, Trebnja Gorica, Velike Lese, Veliko Črnelo, Veliko Globoko, Vir pri Stični, Vrhpolje pri Šentvidu, Zagradec and Znojile pri Krki in the commune Ivančna Gorica), SK (except the county of Dunajská Streda, Hronovce and Hronské Kľačany (Levice County), Dvory nad Žitavou (Nové Zámky County), Málíneck (Poltár County), Hrhov (Rožňava County), Veľké Ripňany (Topoľčany County), Kazimír, Luhyňa, Malý Horeš, Svätušie and Zátin (Trebišov County)), FI, UK (Isle of Man and Channel Islands).

(4) Annex IV is amended as follows:

(a) Part A is amended as follows:

(i) Section I is amended as follows:

— the following points are inserted after point 1.7.:

1.8.	Whether or not listed among the CN codes in Part B of Annex V, wood of <i>Juglans</i> L. and <i>Pterocarya</i> Kunth, other than in the form of:	Without prejudice to the provisions applicable to wood referred to in Annex IV(A)I(2.3), (2.4) and (2.5), official statement that the wood:
—	chips, particles, sawdust, shavings, wood waste and scrap	(a) originates in an area free from <i>Geosmithia morbida</i> Kolarík, Freeland, Utley & Tisserat and its vector

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

<p>— obtained in whole or part from these plants, wood packaging material, in the form of packing cases, boxes, crates, drums and similar packings, pallets, box pallets and other load boards, pallet collars, dunnage, whether or not actually in use in the transport of objects of all kinds, except dunnage supporting consignments of wood, which is constructed from wood of the same type and quality as the wood in the consignment and which meets the same Union phytosanitary requirements as the wood in the consignment, but including that which has not kept its natural round surface originating in the USA</p>	<p><i>Pityophthorus juglandis</i> Blackman, established by the national plant protection organisation in accordance with relevant International Standards for Phytosanitary Measures, and which is mentioned on the certificates referred to in Article 13(1)(ii) of this Directive under the rubric ‘Additional declaration’, or</p> <p>(b) has undergone an appropriate heat treatment to achieve a minimum temperature of 56 °C for a minimum duration of 40 continuous minutes throughout the entire profile of the wood.
