

COMMISSION REGULATION (EEC) No 3229/76

of 23 December 1976

on the administration of quantitative limits on imports of certain textile products originating in Hong Kong

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Regulation (EEC) No 1023/70 of 25 May 1970 establishing a common procedure for administering quantitative quotas⁽¹⁾, and in particular Articles 2 and 8 thereof,

Having regard to Council Regulation (EEC) No 495/76 of 2 March 1976 concerning import arrangements for certain textile products originating in Hong Kong⁽²⁾, as amended by Regulation (EEC) No 3160/76⁽³⁾, and in particular Article 1 thereof,

Whereas Article 1 of Regulation (EEC) No 495/76 sets up Community quantitative limits on imports and provides for their allocation among the Member States in accordance with the criteria indicated;

Whereas the administration of the quantitative limits requires, under the terms of the Agreement between the European Economic Community and Hong Kong on trade in textile products⁽⁴⁾, that unused portions of ceilings established under the Agreement may be transferred to other ceilings or carried over from one year to the next, and that such ceilings may be brought forward;

Whereas such transfers are carried out by the Hong Kong authorities without prior notification and the detailed checking that they conform to the Agreement can only be established after the end of each Agreement year;

Whereas the authorities of the Federal Republic of Germany have requested that the opportunity to import into the Federal Republic of Germany in 1976 certain categories of products referred to in Regulation (EEC) No 495/76 should be increased as compared to the limits laid down in the Agreement, partly by an increase of the margin for transfer between categories and partly by an increase of the limits for advance delivery;

Whereas the authorities of the Federal Republic of Germany have stated that this increased opportunity to import is necessary in order to resolve certain transitional supply problems caused by the introduction of the new import arrangements; whereas these exemp-

tions will under no circumstances lead the said authorities to request an increase of the quantitative limits fixed for the Community by Regulation (EEC) No 3160/76 for 1977;

Whereas the system of double checking laid down in the said Agreement between the Community and Hong Kong can be carried out only by the authorities of the Member State indicated as being the destination by the Hong Kong authorities and against whose quota share of the Community ceiling the quantity exported has been debited by the said authorities;

Whereas, in accordance with Regulation (EEC) No 495/76, products which enter the Community's customs territory under inward processing or temporary admission arrangements and are re-exported in their original condition or after processing should not be debited against the Community quantitative limits;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Quota Administration Committee set up by Regulation (EEC) No 1023/70,

HAS ADOPTED THIS REGULATION:

Article 1

The quantitative limits on imports, established in Article 1 of Regulation (EEC) No 495/76, shall be allocated amongst the Member States as set out in Annex A hereto.

Article 2

1. The competent authorities of the Member States concerned shall authorize the import of the products referred to in Article 1 of Regulation (EEC) No 495/76 up to the amount of the quota shares established in Article 1 above, plus the margins for transfer between categories set out in Annex A, subject to paragraph 3.

2. The competent authorities of the Member States listed in Annex B shall authorize the import of the products referred to in Article 2 of Regulation (EEC)

(1) OJ No L 124, 8. 6. 1970, p. 1.

(2) OJ No L 59, 6. 3. 1976, p. 4.

(3) OJ No L 356, 28. 12. 1976, p. 4.

(4) OJ No L 108, 26. 4. 1976, p. 1.

No 495/76 up to the amount of the regional quantitative limits listed in Annex B, plus the margins for transfer between categories set out in the said Annex, subject to paragraph 3.

3. Nevertheless, the use of the margins for transfer provided for in paragraphs 1 and 2 shall be limited by the condition that the total annual volume of imports into a Member State of products subject to quantitative limits under Regulation (EEC) No 495/76 may not exceed the total volume of the quota shares and regional limits indicated in Annexes A and B for that Member State and for the relevant year.

The total volumes referred to in the foregoing subparagraph shall be expressed in equivalent weight, this weight being determined on the basis of the rates of equivalence set out in Annex D.

4. The Commission shall check that the Hong Kong authorities apply correctly the detailed provisions of Article 5 of the Agreement relating to transfers between categories. It shall forward all relevant information to the Member States.

5. When the Commission considers that, in accordance with the Agreement, a request made by the Hong Kong authorities to carry over unused quantities of a quantitative limit fixed in the Agreement to the corresponding limit fixed for the following year, or to use in anticipation part of a quantitative limit fixed for the following year, should be acceded to, it shall so inform the Member States which shall authorize imports in excess of the limits fixed in paragraphs 1 and 2 up to the amount of the quantities indicated by the Commission.

6. In respect of the categories of product listed in Annex C the competent authorities of the Federal Republic of Germany may allow additional imports in 1976, in excess of the limits laid down in paragraphs 1 and 2, by anticipation on the limits for 1977 and up to the limits set out in the said Annex C. Any additional quantity imported under this provision shall be debited to the Federal Republic of Germany's quota share of the limit for 1977 in respect of the category of product concerned.

The advance deliveries authorized by the foregoing subparagraph may not be cumulated with the ordinary advance deliveries referred to in paragraph 5.

Article 3

The competent authorities of the Member State on whose territory is situated the destination indicated on the export licence shall authorize the import of the products referred to in Article 2 automatically and without delay up to the amount of the limits laid down in Article 2, on presentation by the importer of a copy certified by the Hong Kong authorities of a valid export licence.

To be valid the export licence must be granted by the Hong Kong authorities and must contain the information specified in Annex E.

Article 4

1. Authorization shall be required for the clearance for consumption of products imported under inward processing or under some other temporary admission arrangements. After consultation with the Commission Member States shall debit the quantities in question against the quota shares or regional quantitative limits in accordance with the Agreement.

2. Where Member States ascertain that imports of products referred to in this Regulation have been debited against the quota shares established in Article 1 or the regional limits listed in Annex B but that these products have subsequently been re-exported outside the Community, whether or not after processing, they shall inform the Commission of the quantities involved and authorize imports of the same quantities, which shall not be so debited.

Article 5

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 December 1976.

For the Commission

Finn GUNDELACH

Member of the Commission

Footnotes to Annex A

- (a) The equivalent weight is the weight obtained by dividing the total surface area of a woven fabric in square metres by the average surface area of that fabric in square metres per kilogramme. For the purposes of applying this rule, the following average surface area per kilogramme shall be used :
- woven fabrics of cotton : five square metres per kilogramme ;
woven fabrics of synthetic textile fibres (discontinuous) : six square metres per kilogramme ;
woven fabrics of synthetic fibres (continuous) : eight square metres per kilogramme.
- (b) The share allocated to the United Kingdom from this category is also applied to exports of the products falling within Common Custom Tariff heading No 51.04 referred to below :
- 'Woven fabrics of man-made fibres (continuous), including woven fabrics of monofil or strip of heading No 51.01 or 51.02 :
- ex A. Woven fabrics of synthetic textile fibres :
— Unbleached or bleached'.
- (c) This quantitative limit constitutes a cut-off level within the share allocated to the United Kingdom in respect of products of category 1, category 1a being a subcategory thereof.
- (d) The share allocated to the United Kingdom from this category is also applied to exports of the products falling within Common Customs Tariff heading No 51.04 referred to below :
- 'Woven fabrics of man-made fibres (continuous), including woven fabrics of monofil or strip of heading No 51.01 or 51.02 :
- ex A. Woven fabrics of synthetic textile fibres :
— Other than unbleached or bleached'.
- (e) This quantitative limit constitutes a cut-off level within the share allocated to the United Kingdom in respect of the products of category 2, category 2a being a subcategory thereof.
- (f) Shirts and T-shirts are regarded as one unit, undershirts, singlets and the like as half a unit.
- (g) A knitted or crocheted combination set consists of two or three articles, for example an upper part and a lower part, which are ordered, packaged, transported and sold together.
- (h) The weight is regarded as that of the textile components in question.
- (i) The share allocated to the United Kingdom from this category is also applied to imports of all outer garments and other articles falling within Common Customs Tariff heading No 60.05 other than those listed in categories 4 and 5.
- (j) This description covers three-quarter-length or longer coats or overcoats made of a textile fabric treated either by impregnation, coating, covering or otherwise, so as to become waterproof or shower resistant.
- (k) Suits are, for this purpose, counted as two units each.
- (l) It is to be noted that this category excludes garments such as 'anoraks' or 'parkas' made of impregnated or coated fabrics which are proper to NIMEXE (1976) code 61.01-11 and those articles which are proper to NIMEXE (1976) code, 61.01-31, 35, 39, 41, 45 or 49.
- (m) It is to be noted that this category excludes waterproof coats and jackets made of impregnated or coated fabrics which are proper to NIMEXE (1976) code 61.02-11.
