A. Licence application and issuing formalities

The procedure for applications for, and issue of, the annual licences enabling vessels flying the flags of Member States of the Community to fish in Guinea Bissau's fishing zone shall be as follows:

The relevant Community authorities shall present to the Office of the Secretary of State for Fisheries of the Republic of Guinea Bissau, via the Delegation of the Commission of the European Communities in Guinea Bissau, an application for each vessel that wishes to fish under this Agreement, at least 30 days before the date of commencement of the period of validity requested.

The applications shall be made on the forms provided for that purpose by the Government or the Republic of Guinea Bissau. A specimen is given under A1 below.

 - (b) By derogation from Article 4 (3) of the Agreement, licences may be issued as follows:
 - (I) for the 3 500 GRT that may be used on annual average basis: for periods comprising whole months and not less than three calendar months, the period in question to be stated when the licence application is submitted;
 - (II) for the remaining 4 000 GRT: for periods of one calendar year or half a calendar year; a single application may cover several vessels of the same category wishing to fish during consecutive periods of at least three months.
 - (c)
 - (I) The fees for the tonnage referred to in (b) (I) shall be set at 120 ECU/GRT per year.

By derogation from Article 5 (2) of the Agreement, the fees may, at the shipowner's request, be paid quarterly or half-yearly, in which case they shall be increased respectively by 5 and 3 %.

- (d) As from a date to be determined and on the basis of conditions to be determined within the Joint Committee the payment of fees may be replaced wholly or in part by the supply of fish.

2. *Provisions applicable to tuna boats*

- (a) The fees shall be set at 20 ECU per tonne fished within Guinea Bissau's fishing zone.

- (b) Applications for licences for each of the categories of tuna boats shall be forwarded following payment of an overall lump sum equivalent to the fees for:

- 100 tonnes of tuna fished per year in the case of pole-and-line tuna vessels,

and the production of a banker's guarantee covering the payment of any additional amount due should annual catches exceed this quantity. The quantities fished shall be determined in accordance with the statistics drawn up by the International Commission for the Conservation of Atlantic Tuna (ICCAT).

In the case of landings agreed under Article 8 of the Agreement, lower fees will be fixed within the Joint Committee.

3. The relevant authorities of Guinea Bissau shall examine each application to see that it complies with the Agreement, and with the legislation of Guinea Bissau, and shall apply the scale of fees to be paid.

The relevant authorities of Guinea Bissau shall inform the Community authorities of their decisions.

4. Such statement of catch must be drawn up for each month and presented at least once every quarter.

Should this provision not be adhered to, the Government of Guinea Bissau reserves the right to suspend the licence of the offending vessel until the formality has been complied with.

2. Any Community vessel fishing in Guinea Bissau's fishing zone shall allow on board, and assist in the accomplishment of his duties, any official of Guinea Bissau responsible for inspecting and monitoring compliance with the provisions of the Agreement.

To this end, the Community shall make it easier for nationals of Guinea Bissau to find places in establishments in its Member States and shall provide for that purpose, in the various scientific, technical and economic subjects connected with fisheries, 10 study and training grants for three-year periods or the equivalent for one-year periods.
