Whereas, to ensure efficient application, provision should be made for random on-the-spot checks of the accuracy of applications submitted; whereas these checks should be made on a sufficiently representative number of aid applications;

Whereas provision should be made for the recovery of aid in the case of undue payment and for appropriate penalties for false declarations;

Whereas, for the satisfactory operation of the aid scheme, provision should be made for the data given in aid applications to be computerized;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

1 The Portuguese authorities shall set up a system of on-the-spot administrative checks ensuring that the conditions for the grant of the aid are met.

They shall carry out on-the-spot random checks on the accuracy of the applications submitted and on the crop declarations referred to in Article 4.

2 The on-the-spot checks on the crop declarations shall be carried out on at least:

Each on-the-spot check shall be recorded in a report.

2 At the end of the marketing year the Portuguese authorities shall cross-check all the aid applications and the crop declarations relating to them. #### *Article 9*

1 If the check carried out on the applications for payment of the aid reveals a discrepancy, the producer shall be disqualified from the aid scheme for the marketing year in question.

The amounts recovered shall be paid to the disbursing agency and shall be deducted from the expenditure financed by the EAGGF, Guarantee Section.

3 In the case of crop declarations, Portugal shall take the appropriate steps to impose penalties in respect of false declarations. It shall notify the Commission of any such measures taken.
