

Regulation (EC) No 391/2009 of the European Parliament and of the Council of 23 April 2009 on common rules and standards for ship inspection and survey organisations (Recast) (Text with EEA relevance)

Article 8

- 1 All the recognised organisations shall be assessed by the Commission, together with the Member State which submitted the relevant request for recognition, on a regular basis and at least every two years to verify that they meet the obligations under this Regulation and fulfil the minimum criteria set out in Annex I. The assessment shall be confined to those activities of the recognised organisations, which fall within the scope of this Regulation.
- 2 In selecting the recognised organisations for assessment, the Commission shall pay particular attention to the safety and pollution prevention performance of the recognised organisation, to the casualty records and to the reports produced by Member States in accordance with Article 10 of Directive 2009/15/EC.
- 3 The assessment may include a visit to regional branches of the recognised organisation as well as random inspection of ships, both in service and under construction, for the purpose of auditing the recognised organisation's performance. In this case the Commission shall, where appropriate, inform the Member State in which the regional branch is located. The Commission shall provide the Member States with a report on the results of the assessment.
- 4 Each recognised organisation shall make available the results of its quality system management review to the Committee referred to in Article 12(1), on an annual basis.
