

Council Regulation (EU) No 1263/2012 of 21 December 2012 amending
Regulation (EU) No 267/2012 concerning restrictive measures against Iran

COUNCIL REGULATION (EU) No 1263/2012
of 21 December 2012

amending Regulation (EU) No 267/2012 concerning restrictive measures against Iran

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 215 thereof,

Having regard to Council Decision 2010/413/CFSP of 26 July 2010 concerning restrictive measures against Iran⁽¹⁾,

Having regard to the joint proposals from the High Representative of the Union for Foreign Affairs and Security Policy and the European Commission,

Whereas:

- (1) Regulation (EU) No 267/2012⁽²⁾ gives effect to the measures provided for in Decision 2010/413/CFSP. On 15 October 2012, the Council adopted Decision 2012/635/CFSP⁽³⁾ which amends Decision 2010/413/CFSP and provides for additional restrictive measures against Iran.
- (2) Those additional restrictive measures comprise, in particular, an export prohibition on key naval equipment and technology for ship-building, maintenance or refit. Moreover, trade in graphite, raw or semi-finished metals, such as aluminium and steel, and software for certain industrial processes should be prohibited.
- (3) The additional restrictive measures also include a ban on the import, purchase or transport of Iranian natural gas. Effective implementation of this prohibition requires that measures be taken to prohibit swaps of natural gas that are known to increase the export of natural gas from Iran in circumvention of the prohibition, or there is reasonable cause to suspect this. The contracts satisfied by use of a pipeline directly connected to the natural gas transmission grid of the Union without any inlet point intended to facilitate the purchase or increase export of natural gas originating in Iran should not be affected by the prohibition on natural gas imports.
- (4) Decision 2012/635/CFSP called for the review of restrictive measures concerning dual-use goods and technology set out in Annex I to Council Regulation (EC) No 428/2009 of 5 May 2009 setting up a Community regime for the control of exports, transfer, brokering and transit of dual-use items⁽⁴⁾, with a view to including certain items in Part 2 of category 5 thereof which might be relevant to industries controlled directly or indirectly by the Islamic Revolutionary Guard Corps or which might be relevant to Iran's nuclear, military or ballistic missile programme while taking into account the need to avoid unintended effects on the civilian population in Iran.

Status: Point in time view as at 21/12/2012.

Changes to legislation: There are currently no known outstanding effects for the Council Regulation (EU) No 1263/2012. (See end of Document for details)

- (5) In order to ensure the effective implementation of the prohibition on the sale, supply, transfer or export to Iran of additional key equipment or technology which could be used in the key sectors of the oil, natural gas and petrochemical industries, an additional list of such key equipment and technology should be provided.
- (6) For the same reason, lists of items subject to trade restrictions on natural gas, graphite, raw or semi-finished metals, such as aluminium and steel, and software for certain industrial processes should also be provided.
- (7) Decision 2012/635/CFSP also prohibits transactions between Union and Iranian banks and financial institutions, unless authorised in advance by the relevant Member State.
- (8) Furthermore, Decision 2012/635/CFSP provides for prohibitions on the provision of flagging and classification services to Iranian oil tankers and cargo vessels as well as regarding the supply of vessels designed for the transport or storage of oil and petrochemical products to Iranian persons and entities or to other persons and entities for the purpose of transporting or storing Iranian oil and petrochemical products.
- (9) In order to protect the environment and the health and safety of workers, it is necessary to provide that the competent authorities of Member States may take all action they deem necessary to ensure that legal obligations concerning the health and safety of workers and environment protection are respected. In cases of urgency, a Member State should be allowed to take such action without prior notification provided that it notifies the other Member States and the Commission as soon as possible afterwards.
- (10) Where a Member State had granted a license to engage in the activities of exploitation of hydrocarbons to a designated person, entity or body before that person, entity or body was designated, the competent authority of that Member State may authorise derogation from certain prohibitions provided for in Regulation (EU) No 267/2012 where such derogation is needed to avoid or remediate environmental damage or permanent destruction of the license's value.
- (11) These measures fall within the scope of the Treaty and regulatory action at the level of the Union is therefore necessary in order to implement them, in particular with a view to ensuring their uniform application by economic operators in all Member States.
- (12) Regulation (EU) No 267/2012 should therefore be amended accordingly,

1 Where an authorisation has been granted in accordance with Articles 24, 25, 26, 27, 28 or 28a, Articles 30 and 30a shall not apply.

The requirement for prior authorisation of transfers of funds as provided for in Articles 30(3)(b) and (c), shall be without prejudice to the execution of transfers of funds notified to or authorised by the competent authority in advance before 22 December 2012. Such transfers of funds shall be executed before 15 April 2013.

Status: Point in time view as at 21/12/2012.

Changes to legislation: There are currently no known outstanding effects for the Council Regulation (EU) No 1263/2012. (See end of Document for details)

Articles 30 and 30a shall not apply with regard to transfers of funds provided for in Article 29.

2 Articles 30(3) and 30a(1) shall apply regardless of whether the transfer of funds is executed in a single operation or in several operations which appear to be linked. For the purpose of this Regulation, "operations which appear to be linked" includes:

- a a series of consecutive transfers from or to the same financial or credit institutions within the scope of Article 30(1)(a) to (d) or from or to the same Iranian person, entity or body which are made in connection with a single obligation to a transfer of funds, where each individual transfer falls below the relevant threshold set out in Articles 30 and 30a but which, in the aggregate, meet the criteria for notification or authorisation; or
- b a chain of transfers involving different payment service providers or natural or legal persons which effects a single obligation to make a transfer of funds.

3 For the purposes of Article 30(3)(b) and 30(3)(c) and Article 30a(1)(c), the competent authorities shall grant the authorisation, under such terms and conditions as they deem appropriate, unless they have reasonable grounds to determine that the transfer of funds for which the authorisation is requested could be in breach of any of the prohibitions or obligations in this Regulation.

A competent authority may charge a fee for the assessment of requests for authorisation.

4 For the purposes of Article 30a(1)(c), an authorisation shall be deemed granted if a competent authority has received a request in writing for authorisation and, within four weeks, the competent authority has not objected in writing to the transfer of funds. If the objection is raised because an investigation is pending, the competent authority shall state this and communicate its decision without delay. The competent authorities shall have access, directly or indirectly, on a timely basis to the financial, administrative and law enforcement related information necessary for carrying out the investigation.

5 The following persons, entities or bodies do not fall within the scope of Articles 30 and 30a:

- a persons, entities or bodies who merely convert paper documents into electronic data and are acting under a contract with a credit institution or a financial institution;
- b persons, entities or bodies who provide credit or financial institutions solely with a message or other support system for transmitting funds; or
- c persons, entities or bodies who provide credit or financial institutions solely with clearing and settlement systems.

(16) Article 31 is replaced by the following:
