**COUNCIL REGULATION (EU) No 43/2014**  
**of 20 January 2014**

**fixing for 2014 the fishing opportunities for certain fish stocks and groups of fish stocks, applicable in Union waters and, to Union vessels, in certain non-Union waters**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 43(3) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) Article 43(3) of the Treaty provides that the Council, on a proposal from the Commission, is to adopt measures on the fixing and allocation of fishing opportunities.
- (2) Regulation (EU) No 1380/2013 of the European Parliament and of the Council <sup>(1)</sup> requires that conservation measures be adopted taking into account available scientific, technical and economic advice, including, where relevant, reports drawn up by the Scientific, Technical and Economic Committee for Fisheries (STECF).
- (3) It is incumbent upon the Council to adopt measures on the fixing and allocation of fishing opportunities, including certain conditions functionally linked thereto, as appropriate. Fishing opportunities should be allocated to Member States in such a way as to ensure relative stability of fishing activities of each Member State for each fish stock or fishery and having due regard to the objectives of the Common Fisheries Policy established in Regulation (EU) No 1380/2013.
- (4) The total allowable catch (TACs) should be established on the basis of available scientific advice, taking into account biological and socio-economic aspects whilst ensuring fair treatment between fishing sectors, as well as in the light of the opinions expressed during the consultation of stakeholders, in particular at the meetings of the Regional Advisory Councils concerned.

---

<sup>(1)</sup> Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy, amending Council Regulations (EC) No 1954/2003 and (EC) No 1224/2009 and repealing Council Regulations (EC) No 2371/2002 and (EC) No 639/2004 and Council Decision 2004/585/EC (OJ L 354, 28.12.2013, p. 22).

**▼B**

- (5) For stocks subject to specific multiannual plans, the TACs should be established in accordance with the rules laid down in those plans. Consequently, the TACs for stocks of Southern hake and Norway lobster, of sole in the Western Channel, of plaice and sole in the North Sea, of herring to the west of Scotland, of cod in the Kattegat, to the west of Scotland, the Irish Sea, the North Sea, Skagerrak and the Eastern Channel and of bluefin tuna in the Eastern Atlantic and the Mediterranean should be established in accordance with the rules laid down in Council Regulations (EC) No 2166/2005 <sup>(1)</sup>, (EC) No 509/2007 <sup>(2)</sup>, (EC) No 676/2007 <sup>(3)</sup>, (EC) No 1300/2008 <sup>(4)</sup>, (EC) No 1342/2008 <sup>(5)</sup> (the "Cod Plan") and (EC) No 302/2009 <sup>(6)</sup>.

With regard, however, to the stocks of northern hake (Council Regulation (EC) No 811/2004 <sup>(7)</sup>) and sole in the Bay of Biscay (Council Regulation (EC) No 388/2006 <sup>(8)</sup>), the minimum targets of the relevant recovery and management plans have been reached and, therefore, it is appropriate to follow scientific advice provided in order to achieve or maintain the TACs at maximum sustainable yield levels, as the case may be.

- (6) For stocks for which there is no sufficient or reliable data in order to provide size estimates, management measures and TAC levels should follow the precautionary approach to fisheries management as defined in Article 4(1)(8) of Regulation (EU) No 1380/2013, while taking into account stock-specific factors, including, in particular, available information on stock trends and mixed fisheries considerations.

<sup>(1)</sup> Council Regulation (EC) No 2166/2005 of 20 December 2005 establishing measures for the recovery of the Southern hake and Norway lobster stocks in the Cantabrian Sea and Western Iberian peninsula and amending Regulation (EC) No 850/98 for the conservation of fishery resources through technical measures for the protection of juveniles of marine organisms (OJ L 345, 28.12.2005, p. 5).

<sup>(2)</sup> Council Regulation (EC) No 509/2007 of 7 May 2007 establishing a multi-annual plan for the sustainable exploitation of the stock of sole in the Western Channel (OJ L 122, 11.5.2007, p. 7).

<sup>(3)</sup> Council Regulation (EC) No 676/2007 of 11 June 2007 establishing a multi-annual plan for fisheries exploiting stocks of plaice and sole in the North Sea (OJ L 157, 19.6.2007, p. 1).

<sup>(4)</sup> Council Regulation (EC) No 1300/2008 of 18 December 2008 establishing a multi-annual plan for the stock of herring distributed to the west of Scotland and the fisheries exploiting that stock (OJ L 344, 20.12.2008, p. 6).

<sup>(5)</sup> Council Regulation (EC) No 1342/2008 of 18 December 2008 establishing a long-term plan for cod stocks and the fisheries exploiting those stocks and repealing Regulation (EC) No 423/2004 (OJ L 348, 24.12.2008, p. 20).

<sup>(6)</sup> Council Regulation (EC) No 302/2009 of 6 April 2009 concerning a multi-annual recovery plan for bluefin tuna in the eastern Atlantic and Mediterranean, amending Regulation (EC) No 43/2009 and repealing Regulation (EC) No 1559/2007 (OJ L 96, 15.4.2009, p. 1).

<sup>(7)</sup> Council Regulation (EC) No 811/2004 of 21 April 2004 establishing measures for the recovery of the northern hake stock (OJ L 150, 30.4.2004, p. 1).

<sup>(8)</sup> Council Regulation (EC) No 388/2006 of 23 February 2006 establishing a multiannual plan for the sustainable exploitation of the stock of sole in the Bay of Biscay (OJ L 65, 7.3.2006, p. 1).

**▼B**

- (7) In accordance with Article 2 of Council Regulation (EC) No 847/96 <sup>(1)</sup>, the stocks that are subject to the various measures referred to therein should be identified.
- (8) Where a TAC relating to a stock is allocated to one Member State only, it is appropriate to empower that Member State in accordance with Article 2(1) of the Treaty to determine the level of such TAC. Provisions should be made to ensure that, when fixing that TAC level, the Member State concerned acts in a manner fully consistent with the principles and rules of the Common Fisheries Policy.
- (9) It is necessary to establish the fishing effort ceilings for 2014 in accordance with Article 8 of Regulation (EC) No 2166/2005, Article 5 of Regulation (EC) No 509/2007, Article 9 of Regulation (EC) No 676/2007, Articles 11 and 12 of Regulation (EC) No 1342/2008 and Articles 5 and 9 of Regulation (EC) No 302/2009, while taking into account Council Regulation (EC) No 754/2009 <sup>(2)</sup>.
- (10) In the light of the most recent scientific advice from International Council for the Exploration of the Sea (ICES) and in accordance with the international commitments in the context of the North East Atlantic Fisheries Convention (NEAFC), it is necessary to limit the fishing effort on certain deep-sea species.
- (11) For certain species, such as certain species of sharks, even a limited fishing activity could result in a serious risk to their conservation. Fishing opportunities for such species should therefore be fully restricted through a general prohibition on fishing those species.
- (12) The use of fishing opportunities available to Union vessels set out in this Regulation is subject to Council Regulation (EC) No 1224/2009 <sup>(3)</sup>, and in particular to Articles 33 and 34 of that Regulation, concerning the recording of catches and fishing effort and the notification of data on the exhaustion of fishing opportunities. It is therefore necessary to specify the codes to be used by Member States when sending data to the Commission relating to landings of stocks subject to this Regulation.

<sup>(1)</sup> Council Regulation (EC) No 847/96 of 6 May 1996 introducing additional conditions for year-to-year management of TACs and quotas (OJ L 115, 9.5.1996, p. 3).

<sup>(2)</sup> Council Regulation (EC) No 754/2009 of 27 July 2009 excluding certain groups of vessels from the fishing effort regime laid down in Chapter III of Regulation (EC) No 1342/2008 (OJ L 214, 19.8.2009, p. 16).

<sup>(3)</sup> Council Regulation (EC) No 1224/2009 of 20 November 2009 establishing a Community control system for ensuring compliance with the rules of the common fisheries policy, amending Regulations (EC) No 847/96, (EC) No 2371/2002, (EC) No 811/2004, (EC) No 768/2005, (EC) No 2115/2005, (EC) No 2166/2005, (EC) No 388/2006, (EC) No 509/2007, (EC) No 676/2007, (EC) No 1098/2007, (EC) No 1300/2008, (EC) No 1342/2008 and repealing Regulations (EEC) No 2847/93, (EC) No 1627/94 and (EC) No 1966/2006 (OJ L 343, 22.12.2009, p. 1).

**▼B**

- (13) For certain TACs Member States should be allowed to grant additional allocations for vessels participating in trials on fully documented fisheries. The aim of those trials is to test a catch-quota system, i.e. a system where all catches should be landed and counted against quotas in order to avoid discards and the waste of otherwise usable fish resources they entail. Uncontrolled discards of fish are a threat to the long term sustainability of fish as a public good and thus to the Common Fisheries Policy objectives. By contrast, catch-quota systems inherently present the fishers with an incentive to optimise the catch selectivity of their operations. In order to achieve a rational management of discards, a fully documented fishery should cover every operation at sea, rather than what is landed at port. The conditions for Member States to grant such additional allocations should therefore include an obligation to ensure the use of close circuit television cameras (CCTV) associated to a system of sensors (jointly referred to as "CCTV system"). This should enable the recording, in detail, of all retained and discarded parts of catches. A system based on human observers operating in real time on board would be less efficient, more costly, and less reliable. Consequently, the use of CCTV systems is, at this time, a prerequisite for the achievement of discard reduction schemes such as fully documented fisheries. In the use of such system, the requirements of Directive 95/46/EC of the European Parliament and of the Council <sup>(1)</sup> should be complied with.
- (14) In order to ensure that trials of fully documented fisheries can effectively evaluate the potential of catch-quota systems to control the absolute fishing mortality of the stocks concerned, it is necessary for all fish caught in those trials, including those under minimum landing size, to be counted against the total allocation assigned to the participating vessel, and for fishing operations to cease when that total allocation has been fully utilised by that vessel. It is also appropriate to allow transfers of allocations between vessels participating in the fully documented fisheries trials and non-participating vessels provided that it can be demonstrated that discards by non-participating vessels do not increase.
- (15) In November 2013, STECF assessed positively the rebuilding management plan proposed by the Pelagic Regional Advisory Council (PELRAC) for the stock of herring in ICES VIaS, VIIb and VIIc. The distribution of this herring stock overlaps with that of its northern neighbouring stock in a mixing zone located between 56° N and 57° 30' N within ICES VIa. In order to ensure the correct assessment of these two stocks as

<sup>(1)</sup> Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data (OJ L 281, 23.11.1995, p. 31).

**▼B**

regards their conservation state and to control the fishing mortality inflicted on each of them, it is necessary to exclude all catches taken in the mixing zone.

- (16) It is appropriate, following advice from the ICES, to maintain and revise a system to manage sandeel in Union waters of ICES divisions IIa and IIIa and ICES subarea IV. Given that the ICES scientific advice is expected to become available only in February 2014, it is appropriate to set the TAC and quotas provisionally at zero until such advice is released.
- (17) Since there is no scientific evidence that the TAC areas for pollack correspond to distinct biological stocks and the distribution of this species is continuous from the North of the British Isles to the South of the Iberian Peninsula, it is appropriate, in order to guarantee full use of fishing opportunities, to allow for the implementation of a flexible arrangement between some of these TAC areas. In the same vein, it is appropriate to allow a higher degree of flexibility arrangements between some management areas in respect of certain stocks whose distribution extends over several management areas and where the same biological stocks are concerned.
- (18) In accordance with the procedure provided for in the agreements or protocols on fisheries relations with Norway <sup>(1)</sup>, the Faroe Islands <sup>(2)</sup> and Iceland <sup>(3)</sup>, the Union has held consultations on fishing rights with those partners. The consultations with Norway and the Faroe Islands on arrangements for 2014 have not been finalised. In order to avoid the interruption of Union fishing activities, whilst allowing for the necessary flexibility for the conclusion of those arrangements early in 2014, it is appropriate to establish the fishing opportunities for stocks subject to those arrangements on a provisional basis. It has not been possible to conclude consultations with Iceland on fisheries arrangements for 2014. In accordance with the procedure provided for in the agreement and protocol on fisheries relations with Greenland <sup>(4)</sup>, the Joint Committee has established the concrete level of fishing opportunities available for the Union in Greenland waters in 2014.

<sup>(1)</sup> Agreement on fisheries between the European Economic Community and the Kingdom of Norway (OJ L 226, 29.8.1980, p. 48)

<sup>(2)</sup> Agreement on fisheries between the European Economic Community, of the one part, and the Government of Denmark and the Home Government of the Faeroe Islands, of the other part (OJ L 226, 29.8.1980, p. 12).

<sup>(3)</sup> Agreement on fisheries and the marine environment between the European Economic Community and the Republic of Iceland (OJ L 161, 2.7.1993, p. 2).

<sup>(4)</sup> Fisheries Partnership Agreement between the European Community on the one hand, and the Government of Denmark and the Home Rule Government of Greenland, on the other hand (OJ L 172, 30.6.2007, p. 4) and Protocol setting out the fishing opportunities and financial contribution provided for in that Agreement (OJ L 293, 23.10.2012, p. 5).

**▼B**

- (19) At its Annual Meeting in 2013, the International Commission for the Conservation of Atlantic Tunas (ICCAT) adopted a one year extension of the existing TAC and quotas for bluefin tuna, and confirmed TACs and quotas for North-Atlantic swordfish, Southern-Atlantic swordfish and North-Atlantic Albacore at the current level for the 2014-2016 period. As a result, the Union quota for these stocks remains the same as in 2013. Although the TAC of Southern-Atlantic albacore was also maintained at the current level for the 2014-2016 period, individual quotas of Contracting Parties, including the Union, were slightly reduced in order to grant a quota to another Contracting Party. All these measures should be implemented in the law of the Union.
- (20) Pursuant to the accession of the Republic of Croatia to the European Union in July 2013, provisions on fishing opportunities for Croatia are included in this Regulation.
- (21) At its Annual Meeting in 2013, the Parties to the Commission for the Conservation of Antarctic Marine Living Resources (CCAMLR) adopted catch limits for both target and by-catch species. Those measures should be implemented in the law of the Union.
- (22) At its Annual Meeting in 2013, the Indian Ocean Tuna Commission (IOTC) adopted a resolution aiming at the protection of oceanic whitetip sharks and applicable to fishing vessels on the IOTC Record of Authorised Vessels by prohibiting, as an interim pilot measure, to retain on board, tranship, land or store any part or whole carcass of oceanic whitetip shark. The resolution provides for an exception for artisanal fisheries, namely fishing vessels engaged in fishing operations within the Exclusive Economic Zones of the Member State whose flag they fly.
- (23) The second Annual Meeting of the South Pacific Regional Fisheries Management Organisation (SPRFMO) will be held from 27 to 31 January 2014. Until such Annual Meeting is held, it is appropriate that the current measures remain in place provisionally and that the TAC for jack mackerel in the SPRFMO Convention Area is provisionally established at the same level as in 2013.
- (24) At its 84th Annual Meeting in 2013, the Inter-American Tropical Tuna Commission (IATTC) maintained its conservation measures for yellowfin tuna, bigeye tuna and skipjack tuna. IATTC also maintained its resolution on the conservation of oceanic whitetip sharks. Those measures should continue to be implemented in the law of the Union.
- (25) At its Annual Meeting in 2013, the South East Atlantic Fisheries Organisation (SEAFO) adopted a recommendation for new bi-annual TACs for Patagonian toothfish and deep-sea red crab for 2014 and 2015, the existing TACs for orange roughy and alfonsinos agreed for 2013 and 2014 at its annual meeting in 2012 remained in force. The currently applicable measures on allocation of fishing opportunities adopted by SEAFO should be implemented in the law of the Union.

**▼B**

- (26) The 10th Annual Meeting of the Western and Central Pacific Fisheries Commission (WCPFC) in 2013 modified its measures regarding fishing opportunities by setting a total amount of days that can be fished in the high seas and by adapting the closure concerning aggregation devices (FAD) fishing. The revision of the measure of FAD fishing requires that the Union as a Contracting Party to WCPFC decides on one of two available options, either to confirm the current period of FAD fishing closure or to opt for a reduction of FAD sets. Until such a decision is taken, the currently applicable closure adopted by the WCPFC should continue to be implemented in the law of the Union.
- (27) At its Annual Meeting in 2013, the Parties to the Convention on the Conservation and Management of Pollock resources in the central Bering Sea did not modify its measures regarding fishing opportunities. Those measures should be implemented in the law of the Union.
- (28) At its 35th Annual Meeting in 2013, the Northwest Atlantic Fisheries Organisation (NAFO) adopted a number of fishing opportunities for 2014 of certain stocks in Subareas 1-4 of the NAFO Convention Area. In that context, NAFO adopted a procedure for increasing the TAC for white hake in NAFO Subdivision 3NO fixed for 2014, if certain conditions related to the situation of this stock are met. A Contracting Party to NAFO may notify to the Executive Secretary of NAFO that higher than normal catches per unit of effort have been observed for the stock of white hake in NAFO Subdivision 3NO. If the in-year 2014 TAC increase is confirmed by a positive vote within NAFO, it should be implemented into the law of the Union and the quotas of the Member States concerned should be increased.
- (29) Certain international measures which create or restrict fishing opportunities for the Union are adopted by the relevant Regional Fisheries Management Organisations (RFMOs) at the end of the year and become applicable before the entry into force of this Regulation. It is therefore necessary for the provisions that implement such measures in the law of the Union to apply retroactively. In particular, since the fishing season in CCAMLR Convention Area runs from 1 December to 30 November, and thus certain fishing opportunities or prohibitions in the CCAMLR Convention Area are laid down for a period of time starting from 1 December 2013, it is appropriate that the relevant provisions of this Regulation apply from that date. Such retroactive application will be without prejudice to the principle of legitimate expectations as CCAMLR members are forbidden to fish in the CCAMLR Convention Area without authorisation.

**▼B**

- (30) In accordance with the declaration by the Union addressed to the Bolivarian Republic of Venezuela on the granting of fishing opportunities in EU waters to fishing vessels flying the flag of Bolivarian Republic of Venezuela in the exclusive economic zone off the coast of French Guyana <sup>(1)</sup>, it is necessary to fix the fishing opportunities for snappers available to Venezuela in Union waters.
- (31) In order to ensure uniform conditions for granting an individual Member State an authorisation to benefit from the system of managing its fishing effort allocations in accordance with a kilowatt days system, implementing powers should be conferred on the Commission.
- (32) In order to ensure uniform conditions for the implementation of this Regulation, implementing powers should be conferred on the Commission relating to the granting of additional days at sea for permanent cessation of fishing activities and for enhanced scientific observer coverage as well as to establish the formats of spreadsheet for the collection and transmission of information concerning transfer of days at sea between fishing vessels flying the flag of a Member State. Those powers should be exercised in accordance with Regulation (EU) No 182/2011 <sup>(2)</sup>.
- (33) In order to avoid the interruption of fishing activities and to ensure the livelihood of the fishermen of the Union, this Regulation should apply from 1 January 2014, except for the provisions concerning fishing effort limits, which should apply from 1 February 2014, and certain provisions in particular regions, which should have a specific date of application. For reasons of urgency, this Regulation should enter into force immediately after its publication.
- (34) Fishing opportunities should be used in full compliance with the applicable law of the Union,

HAS ADOPTED THIS REGULATION:

TITLE I

**GENERAL PROVISIONS**

*Article 1*

**Subject matter**

1. This Regulation fixes the fishing opportunities available in Union waters and, to Union vessels, in certain non-Union waters for certain fish stocks and groups of fish stocks.

<sup>(1)</sup> OJ L 6, 10.1.2012, p. 9.

<sup>(2)</sup> Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers (OJ L 55, 28.2.2011, p. 13).

**▼B**

2. The fishing opportunities referred to in paragraph 1 include:
- (a) catch limits for the year 2014 and, where specified in this Regulation, for the year 2015;
  - (b) fishing effort limits for the period from 1 February 2014 to 31 January 2015;
  - (c) fishing opportunities for the period from 1 December 2013 to 30 November 2014 for certain stocks in the CCAMLR Convention Area;
  - (d) fishing opportunities for the periods set out in Article 32 for certain stocks in the IATTC Convention Area for the year 2014 and, where specified in this Regulation, for the year 2015.

**▼M2**  
\_\_\_\_\_**▼B***Article 2***Scope**

This Regulation shall apply to the following vessels:

- (a) Union vessels;
- (b) third-country vessels in Union waters.

*Article 3***Definitions**

For the purposes of this Regulation the following definitions shall apply:

- (a) 'Union vessel' means a fishing vessel flying the flag of a Member State and registered in the Union;
- (b) 'third-country vessel' means a fishing vessel flying the flag of, and registered in, a third country;
- (c) 'Union waters' means waters under the sovereignty or jurisdiction of the Member States with the exception of waters adjacent to the overseas countries and territories listed in Annex II to the Treaty;
- (d) 'international waters' means waters falling outside the sovereignty or jurisdiction of any State;
- (e) 'total allowable catch' (TAC) means the quantity that can be taken and landed from each fish stock each year;
- (f) 'quota' means a proportion of the TAC allocated to the Union or a Member State;
- (g) 'analytical assessments' means a quantitative evaluation of trends in a given stock, based on data about the stock's biology and exploitation, which scientific review has indicated to be of sufficient quality to provide scientific advice on options for future catches.

**▼B**

- (h) 'mesh size' means the mesh size of fishing nets as determined in accordance with Commission Regulation (EC) No 517/2008 <sup>(1)</sup>;
- (i) 'Union fishing fleet register' means the register set up by the Commission in accordance with Article 24(3) of Regulation (EU) No 1380/2013;
- (j) 'fishing logbook' means the logbook referred to in Article 14 of Regulation (EC) No 1224/2009;

*Article 4***Fishing zones**

For the purposes of this Regulation the following zone definitions shall apply:

- (a) ICES (International Council for the Exploration of the Sea) zones are the geographical areas specified in Annex III to Regulation (EC) No 218/2009 <sup>(2)</sup>;
- (b) 'Skagerrak' means the geographical area bounded on the west by a line drawn from the Hanstholm lighthouse to the Lindesnes lighthouse and on the south by a line drawn from the Skagen lighthouse to the Tistlarna lighthouse and from this point to the nearest point on the Swedish coast;
- (c) 'Kattegat' means the geographical area bounded on the north by a line drawn from the Skagen lighthouse to the Tistlarna lighthouse and from this point to the nearest point on the Swedish coast and on the south by a line drawn from Hasenøre to Gnibens Spids, from Korshage to Spodsbjerg and from Gilbjerg Hoved to Kullen;
- (d) 'Functional Unit 16 of ICES subarea VII' means the geographical area bounded by rhumb lines sequentially joining the following positions:
  - 53° 30' N 15° 00' W,
  - 53° 30' N 11° 00' W,
  - 51° 30' N 11° 00' W,
  - 51° 30' N 13° 00' W,
  - 51° 00' N 13° 00' W,
  - 51° 00' N 15° 00' W,
  - 53° 30' N 15° 00' W;
- (e) 'Gulf of Cádiz' means the geographical area of ICES division IXa east of longitude 7° 23' 48" W;

<sup>(1)</sup> Commission Regulation (EC) No 517/2008 of 10 June 2008 laying down detailed rules for the implementation of Council Regulation (EC) No 850/98 as regards the determination of the mesh size and assessing the thickness of twine of fishing nets (OJ L 151, 11.6.2008, p. 5).

<sup>(2)</sup> Regulation (EC) No 218/2009 of the European Parliament and of the Council of 11 March 2009 on the submission of nominal catch statistics by Member States fishing in the north-east Atlantic (OJ L 87, 31.3.2009, p. 70).

**▼B**

- (f) CEEAF (Committee for Eastern Central Atlantic Fisheries) areas are the geographical areas specified in Annex II to Regulation (EC) No 216/2009 of the European Parliament and of the Council <sup>(1)</sup>;
- (g) NAFO (Northwest Atlantic Fisheries Organisation) areas are the geographical areas specified in Annex III to Regulation (EC) No 217/2009 of the European Parliament and of the Council <sup>(2)</sup>;
- (h) 'SEAFO (South East Atlantic Fisheries Organisation) Convention Area' is the geographical area defined in the Convention on the Conservation and Management of Fishery Resources in the South-East Atlantic Ocean <sup>(3)</sup>;
- (i) 'ICCAT (International Commission for the Conservation of Atlantic Tunas) Convention Area' is the geographical area defined in the International Convention for the Conservation of Atlantic Tunas <sup>(4)</sup>;
- (j) 'CCAMLR (Commission for the Conservation of Antarctic Marine Living Resources) Convention Area' is the geographical area defined in point (a) of Article 2 of Regulation (EC) No 601/2004 <sup>(5)</sup>;
- (k) 'IATTC (Inter-American Tropical Tuna Commission) Convention Area' is the geographical area defined in the Convention for the Strengthening of the Inter-American Tropical Tuna Commission established by the 1949 Convention between the United States of America and the Republic of Costa Rica ("the Antigua Convention") <sup>(6)</sup>;
- (l) 'IOTC (Indian Ocean Tuna Commission) Convention Area' is the geographical area defined in the Agreement for the establishment of the Indian Ocean Tuna Commission <sup>(7)</sup>;
- (m) 'SPRFMO (South Pacific Regional Fisheries Management Organisation) Convention Area' is the high seas geographical area south of 10° N, north of the CCAMLR Convention Area, east of the SIOFA Convention Area as defined in the Southern Indian Ocean Fisheries Agreement <sup>(8)</sup>, and west of the areas of fisheries jurisdictions of South American States;

<sup>(1)</sup> Regulation (EC) No 216/2009 of the European Parliament and of the Council of 11 March 2009 on the submission of nominal catch statistics by Member States fishing in certain areas other than those of the North Atlantic (OJ L 87, 31.3.2009, p. 1).

<sup>(2)</sup> Regulation (EC) No 217/2009 of the European Parliament and of the Council of 11 March 2009 on the submission of catch and activity statistics by Member States fishing in the north-west Atlantic (OJ L 87, 31.3.2009, p. 42).

<sup>(3)</sup> Concluded by Council Decision 2002/738/EC (OJ L 234, 31.8.2002, p. 39).

  - latitude 50° S.

## TITLE II

## FISHING OPPORTUNITIES FOR UNION VESSELS

## CHAPTER I

*General provisions**Article 5***TACs and allocations**

1. The TACs for Union vessels in Union waters or certain non-Union waters and the allocation of such TACs among Member States, and the conditions functionally linked thereto, where appropriate, are set out in Annex I.
2. Union vessels are authorised to make catches, within the TACs set out in Annex I, in waters falling within the fisheries jurisdiction of the Faroe Islands, Greenland, Iceland and Norway, and the fishing zone around Jan Mayen, subject to the condition set out in Article 14 of and Annex III to this Regulation and in Regulation (EC) No 1006/2008 <sup>(2)</sup> and its implementing provisions.
3. For the purposes of the special condition laid down in Annex IA for the stock of sandeel in Union waters of ICES zones IIa, IIIa and IV, the management areas defined in Annex IID shall apply.

<sup>(1)</sup> The Union acceded by Council Decision 2005/75/EC (OJ L 32, 4.2.2005, p. 1).

<sup>(2)</sup> Council Regulation (EC) No 1006/2008 of 29 September 2009 concerning authorisations for fishing activities of Community fishing vessels outside Community waters and the access of third-country vessels to Community waters, amending Regulations (EEC) No 2847/93 and (EC) No 1627/94 and repealing Regulation (EC) No 3317/94 (OJ L 286, 29.10.2008, p. 33).

**▼B***Article 6***TACs to be determined by Member States**

1. The TACs for certain fish stocks shall be determined by the Member State concerned. Those stocks are identified in Annex I.
2. The TACs to be determined by a Member State shall:
  - (a) be consistent with the principles and rules of the Common Fisheries Policy, in particular the principle of sustainable exploitation of the stock; and
  - (b) result:
    - (i) if analytical assessments are available, in the exploitation of the stock consistent with maximum sustainable yield from 2015 onwards, with as high a probability as possible;
    - (ii) if analytical assessments are unavailable or incomplete, in the exploitation of the stock consistent with the precautionary approach to fisheries management.
3. By 15 March 2014, each Member State concerned shall submit to the Commission the following information:
  - (a) the TACs adopted;
  - (b) the data collected and assessed by the Member State concerned on which the TACs adopted are based;
  - (c) details on how the TACs adopted comply with paragraph 2.

*Article 7***Conditions for landing catches and by-catches**

Fish from stocks for which TACs are established shall be retained on board or landed only if:

- (a) the catches have been taken by vessels flying the flag of a Member State having a quota and that quota is not exhausted; or
- (b) the catches consist of a share in a Union quota which has not been allocated by quota among Member States, and that Union quota has not been exhausted.

*Article 8***Fishing effort limits**

From 1 February 2014 to 31 January 2015, the following fishing effort measures shall apply:

- (a) Annex IIA for the management of certain cod, sole, and plaice stocks in the Kattegat, the Skagerrak, that part of ICES division IIIa not covered by the Skagerrak and the Kattegat, ICES subarea IV and ICES divisions VIa, VIIa and VIId and Union waters of ICES divisions IIa and Vb;
- (b) Annex IIB for the recovery of hake and Norway lobster in ICES divisions VIIIc and IXa, with the exception of the Gulf of Cádiz;
- (c) Annex IIC for the management of the sole stock in ICES division VIIe.

*Article 9***Catch and effort limits for deep-sea fisheries**

1. Article 3(1) of Regulation (EC) No 2347/2002 <sup>(1)</sup> establishing the requirement of holding a deep-sea fishing permit shall apply to Greenland halibut. The catching, retaining on board, transshipping and landing of Greenland halibut shall be subject to the conditions referred to in that Article.

2. Member States shall ensure that for 2014 the fishing effort levels, measured in kilowatt days absent from port, by vessels holding deep-sea fishing permits referred to in Article 3(1) of Regulation (EC) No 2347/2002, do not exceed 65 % of the average annual fishing effort deployed by the vessels of the Member State concerned in 2003 on trips when deep-sea fishing permits were held or deep-sea species, as listed in Annexes I and II to that Regulation, were caught. This paragraph shall apply only to fishing trips on which more than 100 kg of deep-sea species, other than greater silver smelt, were caught.

*Article 10***Special provisions on allocations of fishing opportunities**

1. The allocation of fishing opportunities among Member States as set out in this Regulation shall be without prejudice to:

- (a) exchanges made pursuant to Article 16(8) of Regulation (EU) No 1380/2013;
- (b) deductions and reallocations made pursuant to Article 37 of Regulation (EC) No 1224/2009;
- (c) reallocations made pursuant to Article 10(4) of Regulation (EC) No 1006/2008;
- (d) additional landings allowed under Article 3 of Regulation (EC) No 847/96;
- (e) quantities withheld in accordance with Article 4 of Regulation (EC) No 847/96;
- (f) deductions made pursuant to Articles 105, 106 and 107 of Regulation (EC) No 1224/2009;
- (g) quota transfers and exchanges pursuant to Article 20 of this Regulation.

2. Except where otherwise specified in Annex I to this Regulation, Article 3 of Regulation (EC) No 847/96 shall apply to stocks subject to precautionary TAC and Article 3(2) and (3) and Article 4 of that Regulation shall apply to stocks subject to analytical TAC.

---

<sup>(1)</sup> Council Regulation (EC) No 2347/2002 of 16 December 2002 establishing specific access requirements and associated conditions applicable to fishing for deep-sea stocks (OJ L 351, 28.12.2002, p. 6).

*Article 11*

**Closed fishing seasons**

1. It shall be prohibited to fish or retain on board any of the following species in the Porcupine Bank during the period from 1 May to 31 May 2014: cod, megrims, anglerfish, haddock, whiting, hake, Norway lobster, plaice, pollack, saithe, skates and rays, common sole, tusk, blue ling, ling and spurdog.

For the purposes of this paragraph, the Porcupine Bank shall comprise the geographical area bounded by rhumb lines sequentially joining the following positions:

Point	Latitude	Longitude
1	52° 27' N	12° 19' W
2	52° 40' N	12° 30' W
3	52° 47' N	12° 39,600' W
4	52° 47' N	12° 56' W
5	52° 13,5' N	13° 53,830' W
6	51° 22' N	14° 24' W
7	51° 22' N	14° 03' W
8	52° 10' N	13° 25' W
9	52° 32' N	13° 07,500' W
10	52° 43' N	12° 55' W
11	52° 43' N	12° 43' W
12	52° 38,800' N	12° 37' W
13	52° 27' N	12° 23' W
14	52° 27' N	12° 19' W

By way of derogation from the first subparagraph, transit through the Porcupine Bank while carrying on board the species referred to in that paragraph, shall be permitted in accordance with Article 50(3), (4) and (5) of Regulation (EC) No 1224/2009.

2. Commercial fishing for sandeel with demersal trawl, seine or similar towed gears with a mesh size of less than 16 mm shall be prohibited in ICES divisions IIa, IIIa and ICES subarea IV from 1 January to 31 March 2014 and from 1 August to 31 December 2014.

The prohibition set out in the first subparagraph shall also apply to third-country vessels authorised to fish for sandeel in Union waters of ICES subarea IV unless otherwise specified.

**▼B***Article 12***Prohibitions**

1. It shall be prohibited for Union vessels to fish for, to retain on board, to tranship or to land the following species:

- (a) basking shark (*Cetorhinus maximus*) and white shark (*Carcharodon carcharias*) in all waters;
- (b) porbeagle (*Lamna nasus*) in all waters, except where it is otherwise provided in Annex IA;
- (c) angel shark (*Squatina squatina*) in Union waters;
- (d) common skate (*Dipturus batis*) complex (*Dipturus* cf. *flossada* and *Dipturus* cf. *intermedia*) in Union waters of ICES division IIa and ICES subareas III, IV, VI, VII, VIII, IX and X;
- (e) undulate ray (*Raja undulata*) in Union waters of ICES subareas VI, IX and X and white skate (*Raja alba*) in Union waters of ICES subareas VI, VII, VIII, IX and X;
- (f) guitarfishes (*Rhinobatidae*) in Union waters of ICES subareas I, II, III, IV, V, VI, VII, VIII, IX, X and XII;
- (g) giant manta ray (*Manta birostris*) in all waters.

2. When accidentally caught, species referred to in paragraph 1 shall not be harmed. Specimens shall be promptly released.

*Article 13***Data transmission**

When, pursuant to Articles 33 and 34 of Regulation (EC) No 1224/2009, Member States submit to the Commission data relating to landings of quantities of stocks caught, they shall use the stock codes set out in Annex I to this Regulation.

*CHAPTER II****Additional allocations for vessels participating in trials on fully documented fisheries****Article 14***Additional allocations**

1. For certain stocks, a Member State may grant an additional allocation to vessels flying its flag and participating in trials on fully documented fisheries. Those stocks are identified in Annex I.

2. The additional allocation referred to in paragraph 1 shall not exceed the overall limit set out in Annex I as a percentage of the quota allocated to that Member State.

**▼B***Article 15***Conditions for additional allocations**

1. The additional allocation referred to in Article 14 shall comply with the following conditions:

- (a) the vessel makes use of close circuit television cameras (CCTV) associated to a system of sensors (jointly referred to as "the CCTV system") to record all on board fishing and processing activities;
- (b) the additional allocation granted to an individual vessel that participates in trials on fully documented fisheries shall not exceed any of the following limits:
  - (i) 75 % of the discards of the stock, as estimated by the relevant Member State, produced by the type of vessel to which the individual vessel that has been granted the additional allocation belongs.
  - (ii) 30 % of the vessel's individual allocation prior to participating in the trials.
- (c) all catches by the vessel from the stock subject to the additional allocation, including fish that are under minimum landing size as defined in Annex XII of Council Regulation (EC) No 850/98 <sup>(1)</sup>, shall be counted against the individual allocation of the vessel, as resulting from any additional allocation granted under Article 14.
- (d) once the individual allocation for any stock subject to the additional allocation has been fully utilised by a vessel, the vessel in question must cease all fishing activity in the relevant TAC area.
- (e) in respect of the stocks for which this Article may be used, the Member States may allow transfers of the individual allocation or any part thereof from vessels not participating in trials on fully documented fisheries to vessels participating in those trials provided that it can be demonstrated that discards by the non-participating vessels do not increase.

2. Notwithstanding paragraph 1(b)(i), a Member State may exceptionally grant to a vessel flying its flag an additional allocation exceeding 75 % of the estimated discards of the stock produced by the type of vessel to which the individual vessel that has been granted the additional allocation belongs, provided that:

- (a) the rate of stock discards, as estimated for the relevant type of vessel, is less than 10 %;

---

<sup>(1)</sup> Council Regulation (EC) No 850/98 of 30 March 1998 for the conservation of fishery resources through technical measures for the protection of juveniles of marine organisms (OJ L 125, 27.4.1998, p. 1).

**▼B**

- (b) the inclusion of that type of vessel is important to evaluate the potential of the CCTV system for control purposes;
- (c) an overall limit of 75 % of the estimated stock discards produced by all vessels participating in the trials is not exceeded.

3. Prior to granting the additional allocation referred to in Article 14, a Member State shall submit the following information to the Commission:

- (a) the list of vessels flying its flag and participating in trials on fully documented fisheries;
- (b) the specifications of the remote electronic monitoring equipment installed on board those vessels;
- (c) the capacity, type and specification of gears used by those vessels;
- (d) the estimated discards for each type of vessel participating in the trials;
- (e) the amount of catches of the stock subject to the relevant TAC made in 2013 by the vessels participating in the trials.

*Article 16***Processing of personal data**

To the extent that the recordings obtained in accordance with Article 15(1)(a) involve the processing of personal data within the meaning of Directive 95/46/EC, that Directive shall apply to the processing of such data.

*Article 17***Withdrawal of additional allocations**

Where a Member State detects that a vessel participating in trials on fully documented fisheries fails to comply with the conditions set out in Article 15, it shall immediately withdraw the additional allocation granted to that vessel and exclude it from participation in those trials for the remainder of the year 2014.

*Article 18***Scientific review of discard assessments**

The Commission may request any Member State that avails itself of this Chapter to submit its assessment of the discards produced per type of vessel to a scientific advisory body for review, in order to monitor the implementation of the requirement set out in Article 15(1)(b)(i). In the absence of an assessment confirming such discards, the Member State concerned shall take any appropriate measure to ensure compliance with that requirement and shall inform the Commission thereof.

**▼ M2***Article 18a***Flexibility in the fixing of fishing opportunities of certain stocks**

1. This Article shall apply to the following stocks:
  - (a) haddock in zone IV, Union waters of IIa;
  - (b) blue whiting in Union and international waters of I, II, III, IV, V, VI, VII, VIIIa, VIIIb, VIIIc, VIIIe, XII and XIV;
  - (c) mackerel in zones IIIa and IV; Union waters of IIa, IIIb, IIIc and IIIe;
  - (d) mackerel in areas VI, VII, VIIIa, VIIIb, VIIIc and VIIIe; Union and international waters of Vb; international waters of IIa, XII and XIV;
  - (e) mackerel in zones VIIIc, IX and X; Union waters of CECAF 34.1.1;
  - (f) mackerel in Norwegian waters of IIa and IVa;
  - (g) herring in Union, Norwegian and international waters of I and II.
  - (h) saithe in the North Sea;
  - (i) plaice in the North Sea;
  - (j) herring in the North Sea north of 53° N;
  - (k) herring in areas IVc and VIIc;
  - (l) haddock in area IIIa;

**▼ M4**

- (m) herring in zones VIIa, VIIg, VIIh, VIIj and VIIk;
- (n) horse mackerel in Union waters of IIa, IVa, VI, VIIa-c, VIIe-k, VIIIa, VIIIb, VIIIc and VIIIe; in Union and international waters of Vb; in international waters of XII and XIV;

**▼ M5**

- (o) northern prawn in area IIIa.

**▼ M2**

2. For any of the stocks identified in paragraph 1, a Member State may opt to increase its initial set in Annex I quota by up to 10 %. The Member State concerned shall notify its decision to the Commission in writing. Upon such notification, the increased quota shall be considered as the quota allocated to that Member State for 2014.
3. Any quantities used in 2014 under such increased quota, that exceed the initial quota, shall be deducted on a tonne-for-tonne basis for the purpose of calculating the quota of the Member State concerned for the relevant stock for 2015.
4. Any quantities not used under the initial quota up to 10 % of that quota shall be added for the purpose of calculating the quota of the Member State concerned for the relevant stock for 2015.
5. Any quantities transferred to other Member States pursuant to Article 16(8) of Regulation (EU) No 1380/2013 as well as any quantities deducted pursuant to Articles 37, 105 and 107 of Regulation (EC) No 1224/2009 shall be taken into account for the purpose of establishing quantities used and quantities not used under paragraphs 3 and 4 of this Article.

**▼M2**

6. Where a Member State has used the option in paragraph 2 of this Article in respect of a particular stock, Articles 3 and 4 of Regulation (EC) No 847/96 shall not apply to such stock in respect of that Member State.

**▼M4**

7. By way of derogation from paragraph 4, the percentage of 10 % shall be increased by an additional 15 % in respect of stocks referred to in paragraph 1(c), (d), (f), (g), (j), (k), (m) and (n).

**▼B***CHAPTER III**Fishing authorisations in third-country waters**Article 19***Fishing authorisations**

1. The maximum number of fishing authorisations for Union vessels fishing in waters of a third country is set out in Annex III.
2. Where one Member State transfers quota to another Member State ("swap") in the fishing areas set out in Annex III on the basis of Article 16(8) of Regulation (EU) No 1380/2013, the transfer shall include an appropriate transfer of fishing authorisations and shall be notified to the Commission. However, the total number of fishing authorisations for each fishing area, as set out in Annex III, shall not be exceeded.

*CHAPTER IV**Fishing opportunities in waters of regional fisheries management organisations**Article 20***Quota transfers and exchanges**

1. Where, under the rules of a regional fisheries management organisation ("RFMO"), quota transfers or exchanges between the Contracting Parties to the RFMO are permitted, a Member State ("the Member State concerned") may discuss with a Contracting Party to the RFMO and, as appropriate, establish a possible outline of an intended quota transfer or exchange.
2. Upon notification to the Commission by the Member State concerned, the Commission may endorse the outline of the intended quota transfer or exchange that the Member State has discussed with the relevant Contracting Party to the RFMO. Thereupon, the Commission shall exchange, without undue delay, the consent to be bound by such quota transfer or exchange with the relevant Contracting Party to the RFMO. The Commission shall then give notification of the agreed quota transfer or exchange to the secretariat of the RFMO in accordance with the rules of that organisation.
3. The Commission shall inform the Member States of the agreed quota transfer or exchange.
4. The fishing opportunities received from or transferred to the relevant Contracting Party to the RFMO under the quota transfer or exchange shall be deemed to be quotas allocated to, or deducted from, the allocation of the Member State concerned, as of the moment that the quota transfer or exchange takes effect in accordance with the terms of the agreement reached with the relevant Contracting

**▼B**

Party to the RFMO or in accordance with the rules of the relevant RFMO, as appropriate. Such allocation shall not change the existing distribution key for the purpose of allocating fishing opportunities among Member States in accordance with the principle of relative stability of fishing activities.

**Section 1****ICCAT Convention Area***Article 21***Fishing, farming and fattening capacity limitations for bluefin tuna**

1. The number of Union bait boats and trolling boats authorised to fish actively for bluefin tuna between 8 kg/75 cm and 30 kg/115 cm in the Eastern Atlantic shall be limited as set out in point 1 of Annex IV.
2. The number of Union coastal artisanal fishing vessels authorised to fish actively for bluefin tuna between 8 kg/75 cm and 30 kg/115 cm in the Mediterranean shall be limited as set out in point 2 of Annex IV.
3. The number of Union vessels fishing for bluefin tuna in the Adriatic Sea for farming purposes authorised to fish actively for bluefin tuna between 8 kg/75 cm and 30 kg/115 cm shall be limited as set out in point 3 of Annex IV.
4. The number and total capacity in gross tonnage of fishing vessels authorised to fish for, retain on board, tranship, transport, or land bluefin tuna in the eastern Atlantic and Mediterranean shall be limited as set out in point 4 of Annex IV.
5. The number of traps engaged in the eastern Atlantic and Mediterranean bluefin tuna fishery shall be limited as set out in point 5 of Annex IV.
6. The bluefin tuna farming capacity, the fattening capacity and the maximum input of wild caught bluefin tuna allocated to the farms in the eastern Atlantic and Mediterranean shall be limited as set out in point 6 of Annex IV.

*Article 22***Recreational and sport fisheries**

Member States shall allocate a specific quota of bluefin tuna for recreational and sport fisheries from their quotas allocated in Annex ID.

*Article 23***Sharks**

1. Retaining on board, transshipping or landing any part or whole carcass of bigeye thresher sharks (*Alopias superciliosus*) in any fishery shall be prohibited.
2. It shall be prohibited to undertake a directed fishery for species of thresher sharks of the *Alopias* genus.

**▼B**

3. Retaining on board, transshipping or landing any part or whole carcass of hammerhead sharks of the *Sphyrnidae* family (except for the *Sphyrna tiburo*) in association with fisheries in the ICCAT Convention Area shall be prohibited.
4. Retaining on board, transshipping or landing any part or whole carcass of oceanic whitetip sharks (*Carcharhinus longimanus*) taken in any fishery shall be prohibited.
5. Retaining on board silky sharks (*Carcharhinus falciformis*) taken in any fishery shall be prohibited.

## Section 2

**CCAMLR Convention Area***Article 24***Prohibitions and catch limitations**

1. Direct fishing of the species set out in Part A of Annex V, shall be prohibited in the zones and during the periods set out therein.
2. For exploratory fisheries, the TACs and by-catch limits set out in Part B of Annex V, shall apply in the subareas set out therein.

*Article 25***Exploratory fisheries**

1. Only those Member States which are members of the CCAMLR Commission may participate in longline exploratory fisheries for *Dissostichus* spp. in FAO subareas 88.1 and 88.2 as well as in divisions 58.4.1, 58.4.2 and 58.4.3a outside areas of national jurisdiction in 2014. If such a Member State intends to participate in such fisheries, it shall notify the CCAMLR Secretariat in accordance with Articles 7 and 7a of Regulation (EC) No 601/2004 and in any case no later than 1 June 2014.
2. With regard to FAO subareas 88.1 and 88.2 as well as divisions 58.4.1, 58.4.2 and 58.4.3a TACs and by-catch limits per subarea and division, and their distribution among Small Scale Research Units (SSRUs) within each of them, shall be as set out in Part B of Annex V. Fishing in any SSRU shall cease when the reported catch reaches the specified TAC, and the SSRU shall be closed to fishing for the remainder of the season.
3. Fishing shall take place over as large a geographical and bathymetric range as possible to obtain the information necessary to determine fishery potential and to avoid over-concentration of catch and fishing effort. However, fishing in FAO subareas 88.1 and 88.2 as well as in divisions 58.4.1, 58.4.2 and 58.4.3a shall be prohibited in depths less than 550 m.

*Article 26*

**Krill fishery during the 2014/2015 fishing season**

1. Only those Member States which are members of the CCAMLR Commission may fish for krill (*Euphausia superba*) in the CCAMLR Convention Area during the 2014/2015 fishing season. If such a Member State intends to fish for krill in the CCAMLR Convention Area, it shall notify, no later than 1 June 2014, the CCAMLR Secretariat, in accordance with Article 5a of Regulation (EC) No 601/2004, and the Commission, using the format laid down in Part C of Annex V of this Regulation of its intention to fish for krill.
2. The notification referred to in paragraph 1 of this Article shall include the information provided for in Article 3 of Regulation (EC) No 601/2004 for each vessel to be authorised by the Member State to participate in the krill fishery.
3. A Member State intending to fish for krill in the CCAMLR Convention Area shall only notify its intention to do so in respect of authorised vessels either flying its flag at the time of the notification or flying the flag of another CCAMLR member that are expected, at the time the fishery takes place, to be flying the flag of that Member State.
4. Member States shall be entitled to authorise participation in a krill fishery by vessels other than those notified to CCAMLR Secretariat in accordance with paragraphs 1, 2 and 3 of this Article, if an authorised vessel is prevented from participation due to legitimate operational reasons or *force majeure*. In such circumstances the Member States concerned shall immediately inform the CCAMLR Secretariat and the Commission, providing:
  - (a) full details of the intended replacement vessel(s), including information provided for in Article 3 of Regulation (EC) No 601/2004;
  - (b) a comprehensive account of the reasons justifying the replacement and any relevant supporting evidence or references.
5. Member States shall not authorise a vessel on any CCAMLR illegal, unreported and unregulated (IUU) Vessel List to participate in krill fisheries.

Section 3

**IOTC Convention Area**

*Article 27*

**Limitation of fishing capacity of vessels fishing in the IOTC Convention Area**

1. The maximum number of Union vessels fishing for tropical tunas in the IOTC Convention Area and the corresponding capacity in gross tonnage shall be as set out in point 1 of Annex VI.
2. The maximum number of Union vessels fishing for swordfish (*Xiphias gladius*) and albacore (*Thunnus alalunga*) in the IOTC Convention Area and the corresponding capacity in gross tonnage shall be as set out in point 2 of Annex VI.

**▼B**

3. Member States may re-allocate vessels assigned to one of the two fisheries referred to in paragraphs 1 and 2 to the other fishery, provided that they can demonstrate to the Commission that this change does not lead to an increase of fishing effort on the fish stocks involved.

4. Member States shall ensure that, where there is a proposed transfer of capacity to their fleet, vessels to be transferred are on the IOTC Record of Vessels or on the record of vessels of other tuna regional fisheries organisations. Furthermore, no vessels featuring on the list of vessels engaged in IUU fishing activities (IUU vessels) of any RFMO may be transferred.

5. In order to take into account the implementation of the development plans submitted to the IOTC, Member States may only increase their fishing capacity beyond the ceilings referred to in paragraphs 1 and 2 within the limits set out in those plans.

*Article 28***Sharks**

1. Retaining on board, transshipping or landing any part or whole carcass of thresher sharks of all the species of the *Alopiidae* family in any fishery shall be prohibited.

2. Retaining on board, transshipping or landing any part or whole carcass of oceanic whitetip sharks (*Carcharhinus longimanus*) in any fishery shall be prohibited, except for vessels under 24 metres overall length engaged solely in fishing operations within the Exclusive Economic Zone (EEZ) of the Member State whose flag they fly, and provided that their catch is destined solely for local consumption.

3. When accidentally caught, species referred to in paragraph 1 and 2 shall not be harmed. Specimens shall be promptly released.

**Section 4****SPRFMO Convention Area***Article 29***Pelagic fisheries - capacity limitation**

Member States having actively exercised pelagic fisheries activities in the SPRFMO Convention Area in 2007, 2008 or 2009 shall limit the total level of gross tonnage of vessels flying their flag and fishing for pelagic stocks in 2014 to the total Union level of 78 600 gross tonnage in that area.

**▼B***Article 30***Pelagic fisheries – TACs**

1. Only Member States having actively exercised pelagic fisheries activities in the SPRFMO Convention Area in 2007, 2008 or 2009, as specified in Article 29, may fish for pelagic stocks in that area in accordance with the TACs set out in Annex IJ.

2. The fishing opportunities set out in Annex IJ may only be fished under the condition that Member States send to the Commission, in order to communicate them to the SPRFMO Secretariat, the list of vessels actively fishing or engaged in transshipment in the SPRFMO Convention Area, records from vessel monitoring systems (VMS), monthly catch reports and, where available, port calls at the latest by the fifth day of the following month.

**▼M2***Article 31***Bottom fisheries**

Member States with a track record in bottom fishing catch or effort in the SPRFMO Convention Area over the period from 1 January 2002 to 31 December 2006 shall limit their bottom fishing catch or effort in the Convention Area to those parts of the Convention Area where bottom fishing has occurred in that period and to a level that does not exceed the annual average levels of catches or effort parameters over the period from 1 January 2002 to 31 December 2006.

**▼B**

## Section 5

**IATTC Convention Area***Article 32***Purse-seine fisheries**

1. The fishing by purse-seine vessels for yellowfin tuna (*Thunnus albacares*), bigeye tuna (*Thunnus obesus*) and skipjack tuna (*Katsuwonus pelamis*) shall be prohibited:

(a) from 29 July to 28 September 2014 or from 18 November 2014 to 18 January 2015 in the area defined by the following limits:

— the Pacific coastlines of the Americas,

— longitude 150° W,

— latitude 40° N,

— latitude 40° S;

**▼B**

(b) from 29 September to 29 October 2014 in the area defined by the following limits:

- longitude 96° W,
- longitude 110° W,
- latitude 4° N,
- latitude 3° S.

2. The Member States concerned shall notify the Commission of the selected period of closure referred to in paragraph 1 before 1 April 2014. All the purse-seine vessels of the Member States concerned shall stop purse-seine fishing in the areas defined in paragraph 1 during the selected period.

3. Purse-seine vessels fishing for tuna in the IATTC Convention Area shall retain on board and then land or tranship all yellowfin, bigeye and skipjack tuna caught.

4. Paragraph 3 shall not apply in the following cases:

- (a) where the fish is considered unfit for human consumption for reasons other than size; or
- (b) during the final set of a trip when there may be insufficient well space remaining to accommodate all the tuna caught in that set.

5. It shall be prohibited to fish for oceanic whitetip sharks (*Carcharhinus longimanus*) in the IATTC Convention Area, and to retain on board, to tranship, to store, to offer to sell, to sell or to land any part or whole carcass of oceanic whitetip sharks in that area.

6. When accidentally caught, the species referred to in paragraph 5 shall not be harmed. Specimens shall be promptly released by vessel operators, who shall also:

- (a) record the number of releases with indication of status (dead or alive);

**▼M2**

(b) report the information specified in paragraph (a) to the Member State of which they are nationals. Member States shall transmit the information collected during the previous year to the Commission by 31 January 2014.

**▼B**

## Section 6

**SEAFO Convention Area***Article 33***Prohibition of fishing for deep water sharks**

Directed fishing for the following deep water sharks in the SEAFO Convention Area shall be prohibited:

- skates (*Rajidae*),
- spiny dogfish (*Squalus acanthias*),
- blurred smooth lanternshark (*Etmopterus bigelowi*),
- shorttail lanternshark (*Etmopterus brachyurus*),

**▼B**

- great lanternshark (*Etmopterus princeps*),
- smooth lanternshark (*Etmopterus pusillus*),
- ghost catshark (*Apristurus manis*),
- velvet dogfish (*Scymnodon squamulosus*),
- deep-sea sharks of the *Selachimorpha* super-order.

## Section 7

**WCPFC Convention Area***Article 34***Conditions for bigeye tuna, yellowfin tuna, skipjack tuna and south Pacific albacore fisheries**

1. Member States shall ensure that the number of fishing days allocated to purse-seine vessels fishing for bigeye tuna (*Thunnus obesus*), yellowfin tuna (*Thunnus albacares*) and skipjack tuna (*Katsuwonus pelamis*) in the part of the WCPFC Convention Area in the high seas and located between 20° N and 20° S does not exceed 403 days.
2. Union vessels shall not target south Pacific albacore (*Thunnus alalunga*) in the WCPFC Convention Area south of 20° S.

*Article 35***Closed area for FAD fishing**

1. In the part of the WCPFC Convention Area located between 20° N and 20° S, fishing activities of purse-seine vessels making use of fish aggregating devices (FADs) shall be prohibited between 00:00 hours of 1 July 2014 and 24:00 hours of 31 October 2014. During that period, a purse-seine vessel may only engage in fishing operations within that part of the WCPFC Convention Area if it carries onboard an observer to monitor that at no time does the vessel:
  - (a) deploy or service a FAD or associated electronic device;
  - (b) fish on schools in association with FADs.
2. All purse-seine vessels fishing in the part of the WCPFC Convention Area referred to in paragraph 1 shall retain onboard and land or tranship all bigeye, yellowfin and skipjack tuna caught.
3. Paragraph 2 shall not apply in the following cases:
  - (a) in the final set of a trip, if the vessel has insufficient well space left to accommodate all fish;
  - (b) where the fish is unfit for human consumption for reasons other than size; or
  - (c) when a serious malfunction of freezer equipment occurs.

**▼B***Article 36***Overlap area between IATTC and WCPFC**

1. Vessels listed exclusively in the WCPFC register shall apply the measures set out in Articles 34 to 37 when fishing in the overlap area between IATTC and WCPFC as defined in Article 4(p).
2. Vessels listed in both the WCPFC register and the IATTC register and vessels listed exclusively in the IATTC register shall apply the measures set out in Article 32(1)(a) and (2) to (6) when fishing in the overlap area between IATTC and WCPFC as defined in Article 4(p).

*Article 37***Limitations to the number of Union vessels authorised to fish swordfish**

The maximum number of Union vessels authorised to fish for swordfish (*Xiphias gladius*) in areas south of 20° S of the WCPFC Convention Area shall be as indicated in Annex VII.

**▼M3***Article 37a***Oceanic whitetip sharks**

1. Retaining on board, transshipping, storing or landing any part or whole carcass of oceanic whitetip sharks (*Carcharhinus longimanus*) in the WCPFC Convention Area shall be prohibited.
2. When accidentally caught, species referred to in paragraph 1 shall not be harmed. Specimens shall be promptly released.

*Article 37b***Silky sharks**

1. Retaining on board, transshipping, storing or landing any part or whole carcass of silky sharks (*Carcharhinus falciformis*) in the WCPFC Convention Area shall be prohibited.
2. When accidentally caught, species referred to in paragraph 1 shall not be harmed. Specimens shall be promptly released.

**▼B****Section 8****Bering Sea***Article 38***Prohibition on fishing in the high seas of the Bering Sea**

Fishing for pollock (*Theragra chalcogramma*) in the high seas of the Bering Sea shall be prohibited.

TITLE III

**FISHING OPPORTUNITIES FOR THIRD-COUNTRY VESSELS IN UNION WATERS**

*Article 39*

**TACs**

Fishing vessels flying the flag of Norway and fishing vessels registered in the Faroe Islands shall be authorised to make catches in Union waters within the TACs set out in Annex I to this Regulation and subject to the conditions provided for in this Regulation and Chapter III of Regulation (EC) No 1006/2008.

*Article 40*

**Fishing authorisations**

1. The maximum number of fishing authorisations for third-country vessels fishing in Union waters is laid down in Annex VIII.
2. Fish from stocks for which TACs are fixed shall not be retained on board or landed unless the catches have been taken by third-country vessels having a quota and that quota is not exhausted.

*Article 41*

**Prohibitions**

1. It shall be prohibited for third-country vessels to fish for, to retain on board, to tranship or to land the following species:
  - (a) basking shark (*Cetorhinus maximus*) and white shark (*Carcharodon carcharias*) in Union waters;
  - (b) angel shark (*Squatina squatina*) in Union waters;
  - (c) common skate (*Dipturus batis*) complex (*Dipturus* cf. *flossada* and *Dipturus* cf. *intermedia*) in Union waters of ICES division IIa and ICES subareas III, IV, VI, VII, VIII, IX and X;
  - (d) undulate ray (*Raja undulata*) in Union waters of ICES subareas VI, IX and X and white skate (*Raja alba*) in Union waters of ICES subareas VI, VII, VIII, IX and X;
  - (e) porbeagle (*Lamna nasus*) in Union waters;
  - (f) guitarfishes (*Rhinobatidae*) in Union waters of ICES subareas I, II, III, IV, V, VI, VII, VIII, IX, X and XII;
  - (g) giant manta ray (*Manta birostris*) in Union waters.
2. When accidentally caught, the species referred to in paragraph 1 shall not be harmed. Specimens shall be promptly released.

TITLE IV  
FINAL PROVISIONS

*Article 42*

**Committee procedure**

1. The Commission shall be assisted by the Committee for Fisheries and Aquaculture established by Regulation (EU) No 1380/2013. That committee shall be a committee within the meaning of Regulation (EU) No 182/2011.
2. Where reference is made to this paragraph, Article 5 of Regulation (EU) No 182/2011 shall apply.

*Article 43*

**Entry into force**

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 1 January 2014.

However, Article 8 shall apply from 1 February 2014.

The provisions on fishing opportunities set out in Articles 24, 25 and 26 and Annexes IE and V for the CCAMLR Convention Area shall apply from the dates specified therein.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

**▼B***LIST OF ANNEXES*

- ANNEX I: TACs applicable to Union vessels in areas where TACs exist by species and by area
- ANNEX IA: Skagerrak, Kattegat, ICES subareas I, II, III, IV, V, VI, VII, VIII, IX, X, XII and XIV, Union waters of CECAF, French Guiana waters
- ANNEX IB: North East Atlantic and Greenland, ICES subareas I, II, V, XII and XIV and Greenland waters of NAFO 1
- ANNEX IC: North West Atlantic — NAFO Convention Area
- ANNEX ID: Highly migratory fish — all areas
- ANNEX IE: Antarctic — CCAMLR Convention Area
- ANNEX IF: South-East Atlantic Ocean — SEAFO Convention Area
- ANNEX IG: Southern bluefin tuna — all areas
- ANNEX IH: WCPFC Convention Area
- ANNEX IJ: SPRFMO Convention Area
- ANNEX IIA: Fishing effort for vessels in the context of the management of certain cod, plaice and sole stocks in ICES divisions IIIa, VIa, VIIa, VIId, ICES subarea IV and Union waters of ICES divisions IIa and Vb
- ANNEX IIB: Fishing effort for vessels in the context of the recovery of certain Southern hake and Norway lobster stocks in ICES divisions VIIIc and IXa excluding the Gulf of Cádiz
- ANNEX IIC: Fishing effort for vessels in the context of the management of Western Channel sole stocks in ICES division VIIe
- ANNEX IID: Management areas for sandeel in ICES divisions IIa, IIIa and ICES subarea IV
- ANNEX III: Maximum number of fishing authorisations for Union vessels in third-country waters
- ANNEX IV: ICCAT Convention Area
- ANNEX V: CCAMLR Convention Area
- ANNEX VI: IOTC Convention Area
- ANNEX VII: WCPFC Convention Area
- ANNEX VIII: Quantitative limitations of fishing authorisations for third-country vessels fishing in Union waters

## ANNEX I

**TACs APPLICABLE TO UNION VESSELS IN AREAS WHERE TACs  
EXIST BY SPECIES AND BY AREA**

The tables in Annexes IA, IB, IC, ID, IE, IF, IG, IJ set out the TACs and quotas (in tonnes live weight, except where otherwise specified) by stock, and conditions functionally linked thereto, where appropriate.

All fishing opportunities set out in this Annex shall be subject to the rules set out in Regulation (EC) No 1224/2009, and in particular Articles 33 and 34 of that Regulation.

The references to fishing zones are references to ICES zones, unless otherwise specified. Within each area, fish stocks are referred to following the alphabetical order of the Latin names of the species. Only Latin names identify species for regulatory purposes; vernacular names are provided for ease of reference.

For the purposes of this Regulation, the following comparative table of Latin names and common names is provided:

Scientific name	Alpha-3 code	Common name
<i>Amblyraja radiata</i>	RJR	Starry ray
<i>Ammodytes</i> spp.	SAN	Sandeels
<i>Argentina silus</i>	ARU	Greater silver smelt
<i>Beryx</i> spp.	ALF	Alfonsinos
<i>Brosme brosme</i>	USK	Tusk
<i>Caproidae</i>	BOR	Boarfish
<i>Centrophorus squamosus</i>	GUQ	Leafscale gulper shark
<i>Centroscymnus coelolepis</i>	CYO	Portuguese dogfish
<i>Chaceon</i> spp.	GER	Deep sea red crab
<i>Chaenocephalus aceratus</i>	SSI	Blackfin icefish
<i>Champscephalus gunnari</i>	ANI	Mackerel icefish
<i>Channichthys rhinoceratus</i>	LIC	Unicorn icefish
<i>Chionoecetes</i> spp.	PCR	Snow crab
<i>Clupea harengus</i>	HER	Herring
<i>Coryphaenoides rupestris</i>	RNG	Roundnose grenadier
<i>Dalatias licha</i>	SCK	Kitefin shark
<i>Deania calcea</i>	DCA	Birdbeak dogfish
<i>Dipturus batis</i> ( <i>Dipturus</i> cf. <i>flossada</i> and <i>Dipturus</i> cf. <i>intermedia</i> )	RJB	Common skate complex
<i>Dissostichus eleginoides</i>	TOP	Patagonian toothfish
<i>Dissostichus mawsoni</i>	TOA	Antarctic toothfish
<i>Dissostichus</i> spp.	TOT	Toothfish
<i>Engraulis encrasicolus</i>	ANE	Anchovy
<i>Etmopterus princeps</i>	ETR	Great lanternshark
<i>Etmopterus pusillus</i>	ETP	Smooth lanternshark
<i>Euphausia superba</i>	KRI	Krill

▼B

Scientific name	Alpha-3 code	Common name
<i>Gadus morhua</i>	COD	Cod
<i>Galeorhinus galeus</i>	GAG	Tope shark
<i>Glyptocephalus cynoglossus</i>	WIT	Witch flounder
<i>Gobionotothen gibberifrons</i>	NOG	Humped rockcod
<i>Hippoglossoides platessoides</i>	PLA	American plaice
<i>Hippoglossus hippoglossus</i>	HAL	Atlantic halibut
<i>Hoplostethus atlanticus</i>	ORY	Orange roughy
<i>Illex illecebrosus</i>	SQI	Shortfin squid
<i>Lamna nasus</i>	POR	Porbeagle
<i>Lepidonotothen squamifrons</i>	NOS	Grey rockcod
<i>Lepidorhombus</i> spp.	LEZ	Megrim
<i>Leucoraja naevus</i>	RJN	Cuckoo ray
<i>Limanda ferruginea</i>	YEL	Yellowtail flounder
<i>Limanda limanda</i>	DAB	Common dab
<i>Lophiidae</i>	ANF	Anglerfish
<i>Macrourus</i> spp.	GRV	Grenadiers
<i>Makaira nigricans</i>	BUM	Blue marlin
<i>Mallotus villosus</i>	CAP	Capelin
<i>Manta birostris</i>	RMB	Giant manta ray
<i>Martialia hyadesi</i>	SQS	Squid
<i>Melanogrammus aeglefinus</i>	HAD	Haddock
<i>Merlangius merlangus</i>	WHG	Whiting
<i>Merluccius merluccius</i>	HKE	Hake
<i>Micromesistius poutassou</i>	WHB	Blue whiting
<i>Microstomus kitt</i>	LEM	Lemon sole
<i>Molva dypterygia</i>	BLI	Blue ling
<i>Molva molva</i>	LIN	Ling
<i>Nephrops norvegicus</i>	NEP	Norway lobster
<i>Notothenia rossii</i>	NOR	Marbled rockcod
<i>Pandalus borealis</i>	PRA	Northern prawn
<i>Paralomis</i> spp.	PAI	Crabs
<i>Penaeus</i> spp.	PEN	"Penaeus" shrimps
<i>Platichthys flesus</i>	FLE	European flounder
<i>Pleuronectes platessa</i>	PLE	Plaice
<i>Pleuronectiformes</i>	FLX	Flatfish
<i>Pollachius pollachius</i>	POL	Pollack
<i>Pollachius virens</i>	POK	Saithe
<i>Psetta maxima</i>	TUR	Turbot
<i>Pseudochaenichthys georgianus</i>	SGI	South Georgia icefish

TAC	3 860		Analytical TAC Article 11 of this Regulation applies

<sup>(1)</sup> Exclusively for by-catches. No directed fisheries are permitted under this quota.

<sup>(2)</sup> To be fished in Union waters of IIa, IV, Vb, VI and VII (USK/\*24X7C).

<sup>(3)</sup> Special condition: of which an incidental catch of other species of 25 % per ship, at any moment, is authorised in Vb, VI and VII. However, this percentage may be exceeded in the first 24 hours following the beginning of the fishing on a specific ground. The total incidental catch of other species in Vb, VI and VII shall not exceed the following amount in tonnes (OTH/\*5B67-):  
3 000

<sup>(4)</sup> Including ling. The following quotas for Norway shall only be fished with long-lines in Vb, VI and VII:

Ling (LIN/\*5B67-) 5 500

Tusk (USK/\*5B67-) 2 923

<sup>(5)</sup> The tusk and ling quotas for Norway are interchangeable up to the following amount, in tonnes:  
2 000

## ANNEX ID

## HIGHLY MIGRATORY FISH – ALL AREAS

TACs in these areas are adopted in the framework of international fisheries organisations on tuna fisheries, such as ICCAT.

Species:	Bluefin tuna <i>Thunnus thynnus</i>	Zone:	Atlantic Ocean, east of 45° W, and Mediterranean (BFT/AE45WM)
Cyprus	69,44 <sup>(4)</sup> <sup>(7)</sup>		
Greece	129,07 <sup>(7)</sup>		
Spain	2 504,45 <sup>(2)</sup> <sup>(4)</sup> <sup>(7)</sup>		
France	2 471,23 <sup>(2)</sup> <sup>(3)</sup> <sup>(4)</sup> <sup>(7)</sup>		
Croatia	390,59 <sup>(6)</sup> <sup>(7)</sup>		
Italy	1 950,42 <sup>(4)</sup> <sup>(5)</sup> <sup>(7)</sup>		
Malta	160,02 <sup>(4)</sup> <sup>(7)</sup>		
Portugal	235,5 <sup>(7)</sup>		
Other Member States	27,93 <sup>(1)</sup> <sup>(7)</sup>		
Union	7 938,65 <sup>(2)</sup> <sup>(3)</sup> <sup>(4)</sup> <sup>(5)</sup> <sup>(7)</sup>		
TAC	13 400		

Analytical TAC  
 Article 3 of Regulation (EC) No 847/96 shall not apply  
 Article 4 of Regulation (EC) No 847/96 shall not apply

<sup>(1)</sup> Except Cyprus, Greece, Spain, France, Croatia, Italy, Malta and Portugal, and exclusively as by-catch.

<sup>(2)</sup> Special condition: within this TAC, the following catch limits and allocation between Member States shall apply to catches of bluefin tuna between 8 kg/75 cm and 30 kg/115 cm by the vessels referred to in point 1 of Annex IV (BFT/\*8301):

Spain	382,93
France	172,77
Union	555,71

<sup>(3)</sup> Special condition: within this TAC, the following catch limits and allocation between Member States shall apply to catches of bluefin tuna weighing no less than 6,4 kg or measuring no less than 70 cm by the vessels referred to in point 1 of Annex IV (BFT/\*641):

France	100,00
Union	100,00

<sup>(4)</sup> Special condition: within this TAC, the following catch limits and allocations between Member States shall apply to catches of bluefin tuna between and 8 kg/75 cm and 30 kg/115 cm by the vessels referred to in point 2 of Annex IV (BFT/\*8302):

Spain	50,09
France	49,42
Italy	39,01
Cyprus	3,20
Malta	4,71
Union	146,43

<sup>(5)</sup> Special condition: within this TAC, the following catch limits and allocations between Member States shall apply to catches of bluefin tuna between and 8 kg/75 cm and 30 kg/115 cm by the vessels referred to in point 3 of Annex IV (BFT/\*643):

Italy	39,01
Union	39,01

<sup>(6)</sup> Special Condition: within this TAC, the following catch limits and allocations between Member States shall apply to catches of bluefin tuna between 8 kg/75 cm and 30 kg/115 cm by the vessels referred to in point 3 of Annex IV for farming purposes (BFT/\*8303F):

Croatia	351,53
Union	351,53

<sup>(7)</sup> By derogation from Article 7(2) of Regulation (EC) 302/2009, purse seine fishing for bluefin tuna shall be authorised in the Eastern Atlantic and Mediterranean from 26 May to 24 June 2014 included.

## ANNEX IE

## ANTARCTIC

## CCAMLR CONVENTION AREA

These TACs, adopted by CCAMLR, are not allocated to the members of CCAMLR and hence the Union's share is undetermined. Catches are monitored by the Secretariat of CCAMLR, which will communicate when fishing shall cease due to TAC exhaustion.

Unless specified otherwise, these TACs are applicable for the period from 1 December 2013 to 30 November 2014.

<b>Species:</b> Mackerel icefish <i>Champscephalus gunnari</i>	<b>Zone:</b> FAO 48.3 Antarctic (ANI/F483.)
TAC	4 635
Analytical TAC Article 3 of Regulation (EC) No 847/96 shall not apply. Article 4 of Regulation (EC) No 847/96 shall not apply.	

<b>Species:</b> Mackerel icefish <i>Champscephalus gunnari</i>	<b>Zone:</b> FAO 58.5.2 Antarctic <sup>(1)</sup> (ANI/F5852.)
TAC	1 267
Analytical TAC Article 3 of Regulation (EC) No 847/96 shall not apply. Article 4 of Regulation (EC) No 847/96 shall not apply.	

<sup>(1)</sup> For the purpose of this TAC, the area open to the fishery is specified as that portion of FAO statistical division 58.5.2 that lies within the area enclosed by a line:

- starting at the point where the meridian of longitude 72° 15' E intersects the Australia-France Maritime Delimitation Agreement Boundary then south along the meridian to its intersection with the parallel of latitude 53° 25' S,
- then east along that parallel to its intersection with the meridian of longitude 74° E,
- then northeasterly along the geodesic to the intersection of the parallel of latitude 52° 40' S and the meridian of longitude 76° E,
- then north along the meridian to its intersection with the parallel of latitude 52° S,
- then northwesterly along the geodesic to the intersection of the parallel of latitude 51° S with the meridian of longitude 74° 30' E, and
- then southwesterly along the geodesic to the point of commencement.

<b>Species:</b> Blackfin icefish <i>Chaenocephalus aceratus</i>	<b>Zone:</b> FAO 48.3 Antarctic (SSI/F483.)
TAC	2 200 <sup>(1)</sup>
Analytical TAC Article 3 of Regulation (EC) No 847/96 shall not apply. Article 4 of Regulation (EC) No 847/96 shall not apply.	

<sup>(1)</sup> Exclusively for by-catches. No directed fisheries are permitted under this TAC.

**▼ B**

<b>Species:</b> Antarctic toothfish <i>Dissostichus mawsoni</i>	<b>Zone:</b> FAO 48.4 Antarctic South (TOA/F484S.)
TAC	24 <sup>(1)</sup>
Analytical TAC Article 3 of Regulation (EC) No 847/96 shall not apply. Article 4 of Regulation (EC) No 847/96 shall not apply.	

<sup>(1)</sup> This TAC is applicable within the area bounded by latitudes 57° 20' S and 60° 00' S and by longitudes 24° 30' W and 29° 00' W.

<b>Species:</b> Patagonian toothfish <i>Dissostichus eleginoides</i>	<b>Zone:</b> FAO 58.5.2 Antarctic (TOP/F5852.)
TAC	2 730 <sup>(1)</sup>
Analytical TAC Article 3 of Regulation (EC) No 847/96 shall not apply. Article 4 of Regulation (EC) No 847/96 shall not apply.	

<sup>(1)</sup> This TAC is applicable for west of 79° 20' E only. Fishing east of this meridian within this zone is prohibited.

<b>Species:</b> Krill <i>Euphausia superba</i>	<b>Zone:</b> FAO 48 (KRI/F48.)
TAC	5 610 000
Analytical TAC Article 3 of Regulation (EC) No 847/96 shall not apply. Article 4 of Regulation (EC) No 847/96 shall not apply.	

**Special conditions:**

Within the limit of a total combined catch of 620 000 tonnes, no more than the quantities given below may be taken in the subareas specified:

Division 48.1 (KRI/*F481.)	155 000
Division 48.2 (KRI/*F482.)	279 000
Division 48.3 (KRI/*F483.)	279 000
Division 48.4 (KRI/*F484.)	93 000

**▼ B**

<b>Species:</b> Krill <i>Euphausia superba</i>	<b>Zone:</b> FAO 58.4.1 Antarctic (KRI/F5841.)
TAC	440 000
Analytical TAC Article 3 of Regulation (EC) No 847/96 shall not apply. Article 4 of Regulation (EC) No 847/96 shall not apply.	

**Special conditions:**

Within the limits of the abovementioned quota, no more than the quantities given below may be taken in the subareas specified:

Division 58.4.1 west of 115° E      277 000  
(KRI/\*F-41W)

Division 58.4.1 east of 115° E      163 000  
(KRI/\*F-41E)

<b>Species:</b> Krill <i>Euphausia superba</i>	<b>Zone:</b> FAO 58.4.2 Antarctic (KRI/F5842.)
TAC	2 645 000
Analytical TAC Article 3 of Regulation (EC) No 847/96 shall not apply. Article 4 of Regulation (EC) No 847/96 shall not apply.	

**Special conditions:**

Within the limits of the abovementioned quota, no more than the quantities given below may be taken in the subareas specified:

Division 58.4.2 west of 55° E      260 000  
(KRI/\*F-42W)

Division 58.4.2 east of 55° E      192 000

*ANNEX IIA***FISHING EFFORT FOR VESSELS IN THE CONTEXT OF THE MANAGEMENT OF CERTAIN COD, PLAICE AND SOLE STOCKS IN ICES DIVISIONS IIIA, VIA, VIIA, VIID, ICES SUBAREA IV AND UNION WATERS OF ICES DIVISIONS IIA AND VB****1. Scope**

- 1.1. This Annex shall apply to Union vessels carrying on board or deploying any of the gears referred to in point 1 of Annex I to Regulation (EC) No 1342/2008 and present in any of the geographical areas specified in point 2 of this Annex.
- 1.2. This Annex shall not apply to vessels of less than 10 metres' length overall. Those vessels shall not be required to carry fishing authorisations issued in accordance with Article 7 of Regulation (EC) No 1224/2009. Member States concerned shall assess the fishing effort of those vessels by effort groups to which they belong, using appropriate sampling methods. During 2014, the Commission shall seek scientific advice for evaluating the effort deployment of those vessels, with a view to their future inclusion into the effort regime.

**2. Regulated gears and geographical areas**

For the purposes of this Annex, the gear groupings referred to in point 1 of Annex I to Regulation (EC) No 1342/2008 ("regulated gear") and the groupings of geographical areas referred to in point 2 of that Annex shall apply.

**3. Authorisations**

If a Member State deems so appropriate in order to reinforce the sustainable implementation of this effort regime, it may introduce a prohibition to fish with a regulated gear in any of the geographical areas to which this Annex applies by any of vessels flying its flag which has no record of such fishing activity, unless it ensures that equivalent capacity, measured in kilowatts, is prevented from fishing in that area.

**4. Maximum allowable fishing effort**

- 4.1. The maximum allowable effort referred to in Article 12(1) of Regulation (EC) No 1342/2008 and in Article 9(2) of Regulation (EC) No 676/2007 for the 2014 management period, i.e. from 1 February 2014 to 31 January 2015, for each of the effort groups of each Member State is set out in Appendix 1 to this Annex.
- 4.2. The maximum levels of annual fishing effort set in accordance with Regulation (EC) No 1954/2003 <sup>(1)</sup> shall not affect the maximum allowable fishing effort set in this Annex.

**5. Management**

- 5.1. Member States shall manage the maximum allowable effort in accordance with the conditions laid down in Article 9 of Regulation (EC) No 676/2007, Article 4 and Articles 13 to 17 of Regulation (EC) No 1342/2008 and Articles 26 to 35 of Regulation (EC) No 1224/2009.

<sup>(1)</sup> Council Regulation (EC) No 1954/2003 of 4 November 2003 on the management of the fishing effort relating to certain Community fishing areas and resources (OJ L 289, 7.11.2003, p. 1).

**▼B**

- 5.2. A Member State may establish management periods for allocating all or parts of the maximum allowable effort to individual vessels or groups of vessels. In such case, the number of days or hours for which a vessel may be present within the area during a management period shall be fixed at the discretion of the Member State concerned. During any such management periods, the Member State concerned may reallocate effort between individual vessels or groups of vessels.
- 5.3. If a Member State authorises vessels flying its flag to be present within an area by hours, it shall continue measuring the consumption of days in accordance with the conditions referred to in point 5.1. Upon request by the Commission, the Member State concerned shall demonstrate its precautionary measures taken to avoid an excessive consumption of effort within the area due to a vessel terminating presences in the area before the end of a 24-hour period.

**6. Fishing effort report**

Article 28 of Regulation (EC) No 1224/2009 shall apply to vessels falling under the scope of this Annex. The geographical area referred to in that Article shall be understood, for the purpose of cod management, as each of the geographical areas referred to in point 2 of this Annex.

**7. Communication of relevant data**

Member States shall transmit to the Commission the data on fishing effort deployed by their fishing vessels in accordance with Articles 33 and 34 of Regulation (EC) No 1224/2009. These data shall be transmitted via the Fisheries Data Exchange System or any future data collection system implemented by the Commission.

*ANNEX IIB***FISHING EFFORT FOR VESSELS IN THE CONTEXT OF THE RECOVERY OF CERTAIN SOUTHERN HAKE AND NORWAY LOBSTER STOCKS IN ICES DIVISIONS VIIIc AND IXa EXCLUDING THE GULF OF CÁDIZ**

## CHAPTER I

**General provisions****1. Scope**

This Annex shall apply to Union vessels of 10 metres' length overall or more carrying on board or deploying trawls, Danish seines or similar gears of mesh size equal to or larger than 32 mm and gill-nets of mesh size equal to or larger than 60 mm or bottom longlines in accordance with Regulation (EC) No 2166/2005, and present in ICES divisions VIIIc and IXa excluding the Gulf of Cádiz.

**2. Definitions**

For the purposes of this Annex:

- (a) 'gear grouping' means the grouping consisting of the following two gear categories:
  - (i) trawls, Danish seines or similar gears of mesh size equal to or larger than 32 mm and
  - (ii) gill-nets of mesh size equal to or larger than 60 mm and bottom longlines;
- (b) 'regulated gear' means any of the two gear categories belonging to the gear grouping;
- (c) 'area' means ICES divisions VIIIc and IXa excluding the Gulf of Cádiz;
- (d) '2014 management period' means the period from 1 February 2014 to 31 January 2015;
- (e) 'special conditions' means the special conditions set out in point 6.1.

**3. Limitation in activity**

Without prejudice to Article 29 of Regulation (EC) No 1224/2009, each Member State shall ensure that, when carrying on board any regulated gear, Union vessels flying its flag shall be present within the area for no more than the number of days specified in Chapter III of this Annex.

## CHAPTER II

**Authorisations****4. Authorised vessels**

- 4.1. A Member State shall not authorise fishing with a regulated gear in the area by any of vessels flying its flag which have no record of such fishing activity in the years 2002 to 2013 in the area, excluding the record of fishing activities as a result of transfer of days between fishing vessels, unless it ensures that equivalent capacity, measured in kilowatts, is prevented from fishing in the area.
- 4.2. A vessel flying the flag of a Member State having no quotas in the area shall not be authorised to fish in the area with a regulated gear, unless the vessel is allocated a quota after a transfer as permitted in accordance with Article 20(5) of Regulation (EC) No 2371/2002 and is allocated days at sea in accordance with point 11 or 12 of this Annex.

## CHAPTER III

**Number of days present within the area allocated to union vessels****5. Maximum number of days**

- 5.1. During the 2014 management period, the maximum number of days at sea for which a Member State may authorise a vessel flying its flag to be present within the area having carried on board any regulated gear is shown in Table I.
- 5.2. If a vessel is able to demonstrate that its hake catches represent less than 4 % of the total live weight of fish caught in a given fishing trip, the flag Member State of the vessel shall be allowed not to count the days at sea associated with that fishing trip against the applicable maximum number of days at sea as set out in Table I.

**6. Special conditions for the allocation of days**

- 6.1. For the purposes of fixing the maximum number of days at sea an Union vessel may be authorised by its flag Member State to be present within the area, the following special conditions shall apply in accordance with Table I:
- (a) the total landings of hake in the year 2011 or 2012 made by the vessel concerned shall represent less than 5 tonnes according to the landings in live weight; and
- (b) the total landings of Norway lobster in the year 2011 or 2012 made by the vessel concerned shall represent less than 2,5 tonnes according to the landings in live weight.
- 6.2. If a vessel benefits from an unlimited number of days as a result of its compliance with the special conditions, the vessel's landings in the 2014 management period shall not exceed 5 tonnes of the total landings in live weight of hake and 2,5 tonnes of the total landings in live weight of Norway lobster.
- 6.3. When either of the special conditions is not met by a vessel, that vessel shall, with immediate effect, no longer be entitled to the allocation of days corresponding to the given special condition.
- 6.4. The application of the special conditions referred to in point 6.1. may be transferred from one vessel to one or more other vessels which replace that vessel in the fleet, provided that the replacing vessel uses similar gear and does not have in any year of its operation a record of landings of hake and Norway lobster higher than the quantities specified in point 6.1.

Table I

**Maximum number of days a vessel may be present within the area by fishing gear per year**

Special condition	Regulated gear	Maximum number of days	
	Bottom trawls, Danish seines and similar trawls of mesh size $\geq 32$ mm, gill-nets of mesh size $\geq 60$ mm and bottom long-lines	ES	127
		FR	121
		PT	126
6.1.(a) and 6.1.(b)	Bottom trawls, Danish seines and similar trawls of mesh size $\geq 32$ mm, gill-nets of mesh size $\geq 60$ mm and bottom long-lines	Unlimited	

**▼B****7. Kilowatt day system**

7.1. A Member State may manage its fishing effort allocations in accordance with a kilowatt days system. Through that system it may authorise any vessel concerned by any regulated gear and special conditions as set out in Table I to be present within the area for a maximum number of days which is different from that set out in that Table, provided that the overall amount of kilowatt days corresponding to the regulated gear and to the special conditions is respected.

7.2. This overall amount of kilowatt days shall be the sum of all individual fishing efforts allocated to the vessels flying the flag of that Member State and qualified for the regulated gear and, where applicable, the special conditions. Such individual fishing efforts shall be calculated in kilowatt days by multiplying the engine power of each vessel by the number of days at sea it would benefit from, according to Table I, if point 7.1. were not applied. For as long as the number of days is unlimited according to Table I, the relevant number of days the vessel would benefit from is 360.

7.3. A Member State wishing to benefit from the system referred to in point 7.1. shall submit a request to the Commission, with reports in electronic format containing, for the regulated gear and special conditions as laid down in Table I, the details of the calculation based on:

(a) list of vessels authorised to fish by indicating their Union fishing fleet register number (CFR) and their engine power;

(b) track record of 2011 and 2012 for such vessels reflecting the catch composition defined in the special condition referred to in point 6.1.(a) or (b), if these vessels are qualified for such special conditions;

(c) the number of days at sea for which each vessel would have initially been authorised to fish according to Table I and the number of days at sea which each vessel would benefit from in application of point 7.1.

7.4. On the basis of that request, the Commission shall assess whether the conditions referred to in point 7 are complied with and, where applicable, may authorise that Member State to benefit from the system referred to in point 7.1.

**8. Allocation of additional days for permanent cessation of fishing activities**

8.1. An additional number of days at sea on which a vessel may be authorised by its flag Member State to be present within the area when carrying on board any regulated gear may be allocated to a Member State by the Commission on the basis of permanent cessations of fishing activities that have taken place between 1 February 2013 and 31 January 2014 either in accordance with Article 23 of Regulation (EC) No 1198/2006 <sup>(1)</sup> or Regulation (EC) No 744/2008 <sup>(2)</sup>. Permanent cessations resulting from any other circumstances may be considered by the Commission on a case-by-case basis, following a written and duly motivated request from the Member State concerned. Such written request shall identify the vessels concerned and confirm, for each of them, that they shall never return to fishing activities.

<sup>(1)</sup> Council Regulation (EC) No 1198/2006 of 27 July 2006 on the European Fisheries Fund (OJ L 223, 15.8.2006, p. 1).

<sup>(2)</sup> Council Regulation (EC) No 744/2008 of 24 July 2008 instituting a temporary specific action aiming to promote the restructuring of the European Community fishing fleets affected by the economic crisis (OJ L 202, 31.7.2008, p. 1).

**▼B**

- 8.2. The effort expended in 2003 measured in kilowatt days of the withdrawn vessels using the regulated gear shall be divided by the effort expended by all vessels using that gear during 2003. The additional number of days at sea shall be then calculated by multiplying the ratio so obtained by the number of days that would have been allocated according to Table I. Any part of a day resulting from that calculation shall be rounded to the nearest whole day.
- 8.3. Points 8.1. and 8.2. shall not apply where a vessel has been replaced in accordance with point 3 or 6.4., or when the withdrawal has already been used in previous years to obtain additional days at sea.
- 8.4. A Member State wishing to benefit from the allocations referred to in point 8.1. shall submit a request to the Commission, by 15 June 2014, with reports in electronic format containing, for the gear grouping and special conditions as laid down in Table I, the details of the calculation based on:
- (a) lists of withdrawn vessels with their Union fishing fleet register number (CFR) and their engine power;
  - (b) the fishing activity deployed by such vessels in 2003 calculated in days at sea according to the grouping of fishing gears and, if necessary, special conditions.
- 8.5. On the basis of such a request by a Member State the Commission may, by means of implementing acts, allocate that Member State a number of days additional to that referred to in point 5.1. for that Member State. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 42(2).
- 8.6. During the 2014 management period, a Member State may re-allocate those additional days at sea to all or part of the vessels remaining in fleet and qualified for the regulated gears. Additional days stemming from a withdrawn vessel that benefited from a special condition referred to in point 6.1.(a) or (b) may not be allocated to a vessel remaining active that does not benefit from a special condition.
- 8.7. When the Commission allocates additional days at sea due to a permanent cessation of fishing activities during the 2014 management period, the maximum number of days per Member State and gear shown in Table I shall be adjusted accordingly for the 2014 management period.
- 9. Allocation of additional days for enhanced scientific observer coverage**
- 9.1. Three additional days on which a vessel may be present within the area when carrying on board any regulated gear may be allocated to a Member State by the Commission on the basis of an enhanced programme of scientific observer coverage in partnership between scientists and the fishing industry. Such a programme shall focus in particular on levels of discarding and on catch composition and shall go beyond the requirements on data collection, as laid down in Regulation (EC) No 199/2008 <sup>(1)</sup> and its implementing rules for national programmes.

<sup>(1)</sup> Council Regulation (EC) No 199/2008 of 25 February 2008 concerning the establishment of a Community framework for the collection, management and use of data in the fisheries sector and support for scientific advice regarding the Common Fisheries Policy (OJ L 60, 5.3.2008, p. 1).

**▼B**

- 9.2. Scientific observers shall be independent from the owner, the master of the vessel and any crew member.
- 9.3. A Member State wishing to benefit from the allocations referred to in point 9.1. shall submit a description of its enhanced scientific observer coverage programme to the Commission for approval.
- 9.4. On the basis of that description, and after consultation with STECF, the Commission may, by means of implementing acts, allocate the Member State concerned a number of days additional to that referred to in point 5.1. for that Member State and for the vessels, the area and gear concerned by the enhanced programme of scientific observers. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 42(2).
- 9.5. If an enhanced scientific observer coverage programme submitted by a Member State has been approved by the Commission in the past and the Member State concerned wishes to continue its application without changes, it shall inform the Commission of the continuation of that programme four weeks before the beginning of the period for which the programme applies.

## CHAPTER IV

**Management****10. General obligation**

Member States shall manage the maximum allowable effort in accordance with the conditions laid down in Article 8 of Regulation (EC) No 2166/2005 and Articles 26 to 35 of Regulation (EC) No 1224/2009.

**11. Management periods**

- 11.1. A Member State may divide the days present within the area set out in Table I into management periods of durations of one or more calendar months.
- 11.2. The number of days or hours for which a vessel may be present within the area during a management period shall be fixed by the Member State concerned.
- 11.3. Where a Member State authorises vessels flying its flag to be present within the area by hours, the Member State shall continue measuring the consumption of days as specified in point 10. Upon request by the Commission, the Member State shall demonstrate its precautionary measures taken to avoid an excessive consumption of days within the area due to a vessel terminating presences in the area before the end of a 24-hour period.

## CHAPTER V

**Exchanges of fishing effort allocations****12. Transfer of days between fishing vessels flying the flag of a member state**

- 12.1. A Member State may permit any fishing vessel flying its flag to transfer days present within the area for which it has been authorised to another vessel flying its flag within the area, provided that the product of the days received by a vessel multiplied by its engine power in kilowatts (kilowatt days) is equal to or less than the product of the days transferred by the donor vessel and the engine power in kilowatts of that vessel. The engine power in kilowatts of the vessels shall be that recorded for each vessel in the Union fishing fleet register.

**▼B**

- 12.2. The total number of days present within the area transferred in accordance with point 12.1., multiplied by the engine power in kilowatts of the donor vessel, shall not be higher than the donor vessel's average annual days track record in the area as verified by the fishing logbook in the years 2011 and 2012 multiplied by the engine power in kilowatts of that vessel.
- 12.3. The transfer of days as described in point 12.1. shall be permitted between vessels operating with any regulated gear and during the same management period.
- 12.4. The transfer of days is only permitted for vessels benefiting from an allocation of fishing days without special conditions.
- 12.5. On request from the Commission, Member States shall provide information on the transfers that have taken place. The format of spreadsheets for the collection and transmission of information referred to in this point may be established by the Commission, by means of implementing acts. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 42(2).

**13. Transfer of days between fishing vessels flying the flag of different member states**

Member States may permit the transfer of days present within the area for the same management period and within the area between any fishing vessels flying their flags provided that points 4.1. and 4.2. and 12 apply *mutatis mutandis*. Where Member States decide to authorise such a transfer, they shall notify the Commission, before the transfer takes place, of the details of the transfer, including the number of days to be transferred, the fishing effort and, where applicable, the fishing quotas relating thereto.

## CHAPTER VI

### Reporting obligations

**14. Fishing effort report**

Article 28 of Regulation (EC) No 1224/2009 shall apply to vessels falling under the scope of this Annex. The geographical area referred to in that Article shall be understood as the area specified in point 2 of this Annex.

**15. Collection of relevant data**

Member States, on the basis of information used for the management of fishing days present within the area as set out in this Annex, shall collect on a quarterly basis the information about total fishing effort deployed within the area for towed gears and static gears, effort deployed by vessels using different types of gear in the area, and the engine power of those vessels in kilowatt days.

**16. Communication of relevant data**

Upon request from the Commission, Member States shall make available to the Commission a spreadsheet with data specified in point 15 in the format specified in Tables II and III by sending it to the appropriate electronic mailbox address, which shall be communicated to the Member States by the Commission. Member States shall, upon the Commission's request, send to the Commission detailed information on effort allocated and consumed covering all or parts of the 2013 and 2014 management periods, using the data format specified in Tables IV and V.

<sup>(2)</sup> Commission Regulation (EEC) No 1381/87 of 20 May 1987 establishing detailed rules concerning the marking and documentation of fishing vessels (OJ L 132, 21.5.1987, p. 9).

*ANNEX II***FISHING EFFORT FOR VESSELS IN THE CONTEXT OF THE  
MANAGEMENT OF WESTERN CHANNEL SOLE STOCKS IN ICES  
DIVISION VIIe**

## CHAPTER I

**General provisions****1. Scope**

1.1. This Annex shall apply to Union vessels of 10 metres length overall or more carrying on board or deploying beam trawls of mesh size equal to or greater than 80 mm and static nets including gill-nets, trammel-nets and tangle-nets with mesh size equal to or less than 220 mm in accordance with Regulation (EC) No 509/2007, and present in ICES division VIIe. For the purposes of this Annex, a reference to the 2014 management period means the period from 1 February 2014 to 31 January 2015.

1.2. Vessels fishing with static nets with mesh size equal to or larger than 120 mm and with track records of less than 300 kg live weight of sole per year during the three previous years, according to their fishing records, shall be exempt from the application of this Annex subject to the following conditions:

- (a) such vessels catch less than 300 kg live weight of sole during the 2014 management period;
- (b) such vessels do not tranship any fish at sea to another vessel;
- (c) by 31 July 2014 and 31 January 2015 each Member State concerned make a report to the Commission on these vessels' catch records for sole in the three previous years as well as on catches of sole in 2014.

Where any of these conditions is not met, the vessels concerned shall, with immediate effect, cease to be exempt from the application of this Annex.

**2. Definitions**

For the purposes of this Annex the following definitions shall apply:

- (a) 'gear grouping' means the grouping consisting of the following two gear categories:
  - (i) beam trawls of mesh size equal to or greater than 80 mm and
  - (ii) static nets, including gill-nets, trammel nets and tangle-nets, with mesh size equal to or less than 220 mm;
- (b) 'regulated gear' means any of the two gear categories belonging to the gear grouping;
- (c) 'area' means ICES division VIIe;
- (d) '2014 management period' means the period from 1 February 2014 to 31 January 2015.

**▼B****3. Limitation in activity**

Without prejudice to Article 29 of Regulation (EC) No 1224/2009, each Member State shall ensure that, when carrying on board any regulated gear, Union vessels flying its flag and registered in the Union shall be present within the area for no more than the number of days set out in Chapter III of this Annex.

## CHAPTER II

**Authorisations****4. Authorised vessels**

4.1 A Member State shall not authorise fishing with a regulated gear in the area by any of vessels flying its flag which have no record of such fishing activity in the years 2002 to 2013 in that area unless it ensures that equivalent capacity, measured in kilowatts, is prevented from fishing in the area.

4.2 However, a vessel with a track record of using a regulated gear may be authorised to use a different fishing gear, provided that the number of days allocated to this latter gear is greater than or equal to the number of days allocated to the regulated gear.

4.3 A vessel flying the flag of a Member State having no quotas in the area shall not be authorised to fish in the area with a regulated gear, unless the vessel is allocated a quota after a transfer as permitted in accordance with Article 20(5) of Regulation (EC) No 2371/2002 and is allocated days at sea in accordance with point 10 or 11 of this Annex.

## CHAPTER III

**Number of days present within the area allocated to union vessels****5. Maximum number of days**

During the 2014 management period, the maximum number of days at sea for which a Member State may authorise a vessel flying its flag to be present within the area having carried on board any regulated gear is shown in Table I.

*Table I***Maximum number of days a vessel may be present within the area by category of regulated gear per year**

Regulated gear	Maximum number of days	
Beam trawls of mesh size $\geq$ 80 mm	BE	164
	FR	175
	UK	207
Static nets with mesh size $\leq$ 220 mm	BE	164
	FR	178
	UK	164

**▼ B****6. Kilowatt day system**

- 6.1. During the 2014 management period, a Member State may manage its fishing effort allocations in accordance with a kilowatt days system. Through that system it may authorise any vessel concerned by any regulated gear as set out in Table I to be present within the area for a maximum number of days which is different from that set out in that Table, provided that the overall amount of kilowatt days corresponding to the regulated gear is respected.
- 6.2. This overall amount of kilowatt days shall be the sum of all individual fishing efforts allocated to the vessels flying the flag of that Member State and qualified for the regulated gear. Such individual fishing efforts shall be calculated in kilowatt days by multiplying the engine power of each vessel by the number of days at sea it would benefit from, according to Table I, if point 6.1. were not applied.
- 6.3. A Member State wishing to benefit from the system referred to in point 6.1. shall submit a request to the Commission, with reports in electronic format containing, for the regulated gear as laid down in Table I, the details of the calculation based on:
- (a) list of vessels authorised to fish by indicating their Union fishing fleet register number (CFR) and their engine power;
  - (b) the number of days at sea for which each vessel would have initially been authorised to fish according to Table I and the number of days at sea which each vessel would benefit from in application of point 6.1.
- 6.4. On the basis of that request, the Commission shall assess whether the conditions referred to in point 6 are complied with and, where applicable, may authorise that Member State to benefit from the system referred to in point 6.1.

**7. Allocation of additional days for permanent cessation of fishing activities****▼ M2**

- 7.1. An additional number of days at sea on which a vessel may be authorised by its flag Member State to be present within the area when carrying on board any regulated gear may be allocated to a Member State by the Commission on the basis of permanent cessations of fishing activities that have taken place between 1 February 2013 and 31 January 2014 either in accordance with Article 23 of Regulation (EC) No 1198/2006 or Regulation (EC) No 744/2008. Permanent cessations resulting from any other circumstances may be considered by the Commission on a case-by-case basis, following a written and duly motivated request from the Member State concerned. Such written request shall identify the vessels concerned and confirm, for each of them, that they shall never return to fishing activities.

**▼ B**

- 7.2. The effort expended in 2003 measured in kilowatt days of the withdrawn vessels using a given gear grouping shall be divided by the effort expended by all vessels using that gear grouping during 2003. The additional number of days at sea shall be then calculated by multiplying the ratio so obtained by the number of days that would have been allocated according to Table I. Any part of a day resulting from that calculation shall be rounded to the nearest whole day.
- 7.3. Points 7.1. and 7.2. shall not apply where a vessel has been replaced in accordance with point 4.2., or when the withdrawal has already been used in previous years to obtain additional days at sea.

**▼B**

- 7.4. A Member State wishing to benefit from the allocations referred to in point 7.1. shall submit a request to the Commission, by 15 June 2014, with reports in electronic format containing for the gear grouping as laid down in Table I, the details of the calculation based on:
- (a) lists of withdrawn vessels with their Union fishing fleet register number (CFR) and their engine power;
  - (b) the fishing activity deployed by such vessels in 2003 calculated in days at sea according to the grouping of fishing gears.
- 7.5. On the basis of such a request by a Member State the Commission may, by means of implementing acts, allocate that Member State a number of days additional to that referred to in point 5 for that Member State. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 42(2).
- 7.6. During the 2014 management period, a Member State may re-allocate those additional days at sea to all or part of the vessels remaining in fleet and qualified for the regulated gears.
- 7.7. Any additional number of days resulting from a permanent cessation of fishing activities allocated by the Commission for the 2013 management period shall be included in the maximum number of days per Member State shown in Table I and shall be allocated to the gear groupings in Table I. These additional days shall be subject to the adjustment in days at sea ceilings resulting from this Regulation for the 2014 management period.
- 7.8. By way of derogation from points 7.1 to 7.5, the Commission may exceptionally grant a Member State an allocation of additional days during the 2014 management period on the basis of permanent cessations of fishing activities that have taken place from 1 February 2004 to 31 January 2013, provided that they have not been already included in any request for additional days during that period.
- 8. Allocation of additional days for enhanced scientific observer coverage**
- 8.1. Three additional days on which a vessel may be present within the area when carrying on board any regulated gear may be allocated between 1 February 2014 and 31 January 2015 to a Member State by the Commission on the basis of an enhanced programme of scientific observer coverage in partnership between scientists and the fishing industry. Such a programme shall focus in particular on levels of discarding and on catch composition and go beyond the requirements on data collection, as laid down in Regulation (EC) No 199/2008 and its implementing rules for national programmes.
- 8.2. Scientific observers shall be independent from the owner, the master of the fishing vessel and any crew member.
- 8.3. A Member State wishing to benefit from the allocations referred to in point 8.1. shall submit a description of its enhanced scientific observer coverage programme to the Commission for approval.
- 8.4. On the basis of that description, and after consultation with STECF, the Commission may, by means of implementing acts, allocate the Member State concerned a number of days additional to that referred to in point 5 for that Member State and for the vessels, the area and gear concerned by the enhanced programme of scientific observers. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 42(2).

**▼B**

- 8.5. If an enhanced scientific observer coverage programme submitted by a Member State has been approved by the Commission in the past and the Member State concerned wishes to continue its application without changes, it shall inform the Commission of the continuation of that programme four weeks before the beginning of the period for which the programme applies.

## CHAPTER IV

**Management****9. General obligation**

Member States shall manage the maximum allowable effort in accordance with Articles 26 to 35 of Regulation (EC) No 1224/2009.

**10. Management periods**

- 10.1. A Member State may divide the days present within the area set out in Table I into management periods of durations of one or more calendar months.
- 10.2. The number of days or hours for which a vessel may be present within the area during a management period shall be fixed by the Member State concerned.
- 10.3. Where a Member State authorises vessels flying its flag to be present within the area by hours, the Member State shall continue measuring the consumption of days as specified in point 9. Upon request by the Commission, the Member State shall demonstrate its precautionary measures taken to avoid an excessive consumption of days within the area due to a vessel terminating presences in the area before the end of a 24-hours period.

## CHAPTER V

**Exchanges of fishing effort allocations****11. Transfer of days between fishing vessels flying the flag of a Member State**

- 11.1. A Member State may permit any fishing vessel flying its flag to transfer days present within the area for which it has been authorised to another vessel flying its flag within the area, provided that the product of the days received by a vessel multiplied by its engine power in kilowatts (kilowatt days) is equal to or less than the product of the days transferred by the donor vessel and the engine power in kilowatts of that vessel. The engine power in kilowatts of the vessels shall be that recorded for each vessel in the Union fishing fleet register.
- 11.2. The total number of days present within the area transferred in accordance with point 11.1., multiplied by the engine power in kilowatts of the donor vessel, shall not be higher than the donor vessel's average annual days track record in the area as verified by the fishing logbook in the years 2001, 2002, 2003, 2004 and 2005 multiplied by the engine power in kilowatts of that vessel.
- 11.3. The transfer of days as described in point 11.1. shall be permitted between vessels operating with any regulated gear and during the same management period.
- 11.4. On request from the Commission, Member States shall provide information on the transfers that have taken place. Formats of spreadsheet for the collection and transmission of information referred to in this point may be established by the Commission, by means of implementing acts. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 42(2).

**▼B****12. Transfer of days between fishing vessels flying the flag of different Member States**

Member States may permit transfer of days present within the area for the same management period and within the area between any fishing vessels flying their flags provided that points 4.2., 4.4., 5, 6 and 10 apply *mutatis mutandis*. Where Member States decide to authorise such a transfer, they shall notify the Commission before the transfer takes place, the details of the transfer, including the number of days to be transferred, the fishing effort and, where applicable, the fishing quotas relating thereto.

## CHAPTER VI

**Reporting obligations****13. Fishing effort report**

Article 28 of Regulation (EC) No 1224/2009 shall apply to vessels falling under the scope of this Annex. The geographical area referred to in that Article shall be understood as the area specified in point 2 of this Annex.

**14. Collection of relevant data**

Member States, on the basis of information used for the management of fishing days present within the area as set out in this Annex, shall collect on a quarterly basis the information about total fishing effort deployed within the area for towed gears and static gears, effort deployed by vessels using different types of gear in the area, and the engine power of those vessels in kilowatt days.

**15. Communication of relevant data**

Upon request from the Commission, Member States shall make available to the Commission a spreadsheet with data specified in point 14 in the format specified in Tables II and III by sending it to the appropriate electronic mailbox address, which shall be communicated to the Member States by the Commission. Member States shall, upon the Commission's request, send to the Commission detailed information on effort allocated and consumed covering all or parts of the 2013 and 2014 management periods, using the data format specified in Tables IV and V.

Table II

SANDEEL MANAGEMENT AREAS

## ▼ M2

## ANNEX III

## Maximum number of fishing authorisations for Union vessels fishing in third-country waters

Area of fishing	Fishery	Number of fishing authorisations	Allocation of fishing authorisations amongst Member States	Maximum number of vessels present at any time
Norwegian waters and fishery zone around Jan Mayen	Herring, north of 62° 00' N	77	DK: 25 DE: 5 FR: 1 IE: 8 NL: 9 PL: 1 SV: 10 UK: 18	57
	Demersal species, north of 62° 00' N	80	DE: 16 IE: 1 ES: 20 FR: 18 PT: 9 UK: 14 Unallocated: 2	50
	Mackerel	Not relevant	Not relevant	70 <sup>(1)</sup>
	Industrial species, south of 62° 00' N	480	DK: 450 UK: 30	150
Faroese waters	All trawl fisheries with vessels of not more than 180 feet in the zone between 12 and 21 miles from the Faroese baselines	26	BE: 0 DE: 4 FR: 4 UK: 18	13
	Directed fisheries for cod and haddock with a minimum mesh of 135 mm, restricted to the area south of 62° 28' N and east of 6° 30' W	8 <sup>(2)</sup>	Not relevant	4
	Trawl fisheries outside 21 miles from the Faroese baseline. In the periods from 1 March to 31 May and from 1 October to 31 December, these vessels may operate in the area between 61° 20' N and 62° 00' N and between 12 and 21 miles from the baselines	70	BE: 0 DE: 10 FR: 40 UK: 20	26
	Trawl fisheries for blue ling with a minimum mesh of 100 mm in the area south of 61° 30' N and west of 9° 00' W and in the area between 7° 00' W and 9° 00' W south of 60° 30' N and in the area south-west of a line between 60° 30' N, 7° 00' W and 60° 00' N, 6° 00' W	70	DE: 8 <sup>(3)</sup> FR: 12 <sup>(3)</sup> UK: 0 <sup>(3)</sup>	20 <sup>(4)</sup>
	Directed trawl fisheries for saithe with a minimum mesh size of 120 mm and with the possibility to use round-straps around the codend	70	Not relevant	22 <sup>(4)</sup>

▼ M2

Area of fishing	Fishery	Number of fishing authorisations	Allocation of fishing authorisations amongst Member States	Maximum number of vessels present at any time
	Fisheries for blue whiting. The total number of fishing authorisations may be increased by four vessels to form pairs, should the Faroese authorities introduce special rules of access to an area called 'main fishing area of blue whiting'	34	DE: 3 DK: 19 FR: 2 NL: 5 UK: 5	20
	Line fisheries	10	UK: 10	6
	Mackerel	12	DK: 12	12
	Herring, north of 61° N	21	DK: 7 DE: 1 IE: 2 FR: 0 NL: 3 SV: 3 UK: 5	21

<sup>(1)</sup> Without prejudice to additional licences granted to Sweden by Norway in accordance with established practice.

<sup>(2)</sup> Following the Agreed Record of 1999, the figures for the directed fishing for cod and haddock are included in the figures for 'All trawl fisheries with vessels of not more than 180 feet in the zone between 12 and 21 miles from the Faroese baselines'.

<sup>(3)</sup> These figures refer to the maximum number of vessels present at any time.

<sup>(4)</sup> These figures are included in the figures for 'Trawl fisheries outside 21 miles from the Faroese baselines'.

## ANNEX IV

ICCAT CONVENTION AREA <sup>(1)</sup>

1. Maximum number of Union bait boats and trolling boats authorised to fish actively for bluefin tuna between 8 kg/75 cm and 30 kg/115 cm in the Eastern Atlantic

Spain	60
France	8
Union	68

2. Maximum number of Union coastal artisanal fishing vessels authorised to fish actively for bluefin tuna between 8 kg/75 cm and 30 kg/115 cm in the Mediterranean

Spain	119
France	87
Italy	30
Cyprus	7
Malta	28
Union	316

3. Maximum number of Union vessels authorised to fish actively for bluefin tuna between 8 kg/75 cm and 30 kg/115 cm in the Adriatic Sea for farming purposes

Croatia	9
Italy	12
Union	21

4. Maximum number and total capacity in gross tonnage of fishing vessels of each Member State that may be authorised to fish for, retain on board, tranship, transport, or land bluefin tuna in the eastern Atlantic and Mediterranean

Table A

Number of fishing vessels <sup>(1)</sup>							
	Cyprus	Greece <sup>(2)</sup>	Croatia	Italy	France	Spain	Malta <sup>(3)</sup>
Purse Seiners	1	1	9	12	17	6	1
Longliners	4 <sup>(4)</sup>	0	0	30	8	31	22
Baitboat	0	0	0	0	8	60	0
Handline	0	0	12	0	29	2	0
Trawler	0	0	0	0	57	0	0

<sup>(1)</sup> The numbers shown in sections 1, 2 and 3 may decrease in order to comply with international obligations of the Union.

Number of fishing vessels <sup>(1)</sup>							
	Cyprus	Greece <sup>(2)</sup>	Croatia	Italy	France	Spain	Malta <sup>(3)</sup>
Other artisanal <sup>(5)</sup>	0	16	0	0	87	32	0

<sup>(1)</sup> The numbers in this Table A of section 4 may be further increased, provided that the international obligations of the Union are complied with.

<sup>(2)</sup> One medium size purse seiner may be replaced by no more than 10 longline vessels.

<sup>(3)</sup> One medium size purse seiner may be replaced by no more than 10 longline vessels.

<sup>(4)</sup> Polyvalent vessels, using multi-gear equipment.

<sup>(5)</sup> Polyvalent vessels, using multi-gear equipment (longline, handline, trolling line).

Table B

Total capacity in gross tonnage							
	Cyprus	Croatia	Greece	Italy	France	Spain	Malta

## PART C

ANNEX 21-03/A

**NOTIFICATION OF INTENT TO PARTICIPATE IN A FISHERY FOR  
EUPHAUSIA SUPERBA**

**General information**

Member: \_\_\_\_\_

Fishing season: \_\_\_\_\_

Name of vessel: \_\_\_\_\_

Expected level of catch (tonne): \_\_\_\_\_

## Intended fishing subareas and divisions

*This conservation measure applies to notifications of intentions to fish for krill in Subareas 48.1, 48.2, 48.3 and 48.4 and Divisions 58.4.1 and 58.4.2. Intentions to fish for krill in other subareas and divisions must be notified under Conservation Measure 21-02.*

Subarea/Division	Tick the appropriate boxes
48.1	<input type="checkbox"/>
48.2	<input type="checkbox"/>
48.3	<input type="checkbox"/>
48.4	<input type="checkbox"/>
58.4.1	<input type="checkbox"/>
58.4.2	<input type="checkbox"/>

Fishing technique: Tick the appropriate boxes

Conventional trawl

Continuous fishing system

Pumping to clear codend

Other method: Please specify

Product types and methods for direct estimation of green weight of krill caught

Product type	Method for direct estimation of green weight of krill caught, where relevant (refer to Annex 21-03/B) <sup>(1)</sup>
Whole frozen	
Boiled	
Meal	
Oil	
Other product, please specify	

<sup>(1)</sup> If the method is not listed in Annex 21-03/B, then please describe in detail.

**▼ B**

## Net configuration

Net measurements	Net 1		Net 2		Other net(s)	
Net opening (mouth)						
Maximum vertical opening (m)						
Maximum horizontal opening (m)						
Net circumference at mouth <sup>(1)</sup> (m)						
Mouth area (m <sup>2</sup> )						
Panel average mesh size <sup>(3)</sup> (mm)	Outer <sup>(2)</sup>	Inner <sup>(2)</sup>	Outer <sup>(2)</sup>	Inner <sup>(2)</sup>	Outer <sup>(2)</sup>	Inner <sup>(2)</sup>
1st panel						
2nd panel						
3rd panel						
...						
Final panel (Codend)						

<sup>(1)</sup> Expected in operational conditions.

<sup>(2)</sup> Size of outer mesh, and inner mesh where a liner is used.

<sup>(3)</sup> Inside measurement of stretched mesh based on the procedure in Conservation Measure 22-01.

Net diagram(s): \_\_\_\_\_

*For each net used, or any change in net configuration, refer to the relevant net diagram in the CCAMLR fishing gear library if available ([www.ccamlr.org/node/74407](http://www.ccamlr.org/node/74407)), or submit a detailed diagram and description to the forthcoming meeting of WG-EMM. Net diagrams must include:*

- 1. Length and width of each trawl panel (in sufficient detail to allow calculation of the angle of each panel with respect to water flow.)*
- 2. Mesh size (inside measurement of stretched mesh based on the procedure in Conservation Measure 22-01), shape (e.g. diamond shape) and material (e.g. polypropylene).*
- 3. Mesh construction (e.g. knotted, fused).*
- 4. Details of streamers used inside the trawl (design, location on panels, indicate 'nil' if streamers are not in use); streamers prevent krill fouling the mesh or escaping.*

## Marine mammal exclusion device

Device diagram(s): \_\_\_\_\_

*For each type of device used, or any change in device configuration, refer to the relevant diagram in the CCAMLR fishing gear library if available ([www.ccamlr.org/node/74407](http://www.ccamlr.org/node/74407)), or submit a detailed diagram and description to the forthcoming meeting of WG-EMM.*

**▼B**

Collection of acoustic data

Provide information on the echosounders and sonars used by the vessel.

Type (e.g. echosounder, sonar)			
Manufacturer			
Model			
Transducer frequencies (kHz)			

Collection of acoustic data (detailed description): \_\_\_\_\_

Outline steps which will be taken to collect acoustic data to provide information on the distribution and abundance of *Euphausia superba* and other pelagic species such as myctophiids and salps (SC-CAMLR-XXX, paragraph 2.10).

## ANNEX 21-03/B

**GUIDELINES FOR ESTIMATING THE GREEN WEIGHT OF KRILL CAUGHT**

Method	Equation (kg)	Parameter			
		Description	Type	Estimation method	Unit
Holding tank volume	$W*L*H*\rho*1\ 000$	$W$ = tank width	Constant	Measure at the start of fishing	m
		$L$ = tank length	Constant	Measure at the start of fishing	m
		$\rho$ = density of the sample	Variable	Volume-to-mass conversion	kg/ litre
		$H$ = depth of krill in tank	Haul-specific	Direct observation	m
Flow meter	$V*F_{krill}*\rho$	$V$ = volume of krill and water combined	Haul (1)-specific	Direct observation	litre
		$F_{krill}$ = fraction of krill in the sample	Haul (1)-specific	Flow meter volume correction	—
		$\rho$ = density of krill in the sample	Variable	Volume-to-mass conversion	kg/ litre
Flow scale	$M*(1-F)$	$M$ = mass of krill and water combined	Haul (2)-specific	Direct observation	kg
		$F$ = fraction of water in the sample	Variable	Flow scale mass correction	—
		$M_{tray}$ = mass of empty tray	Constant	Direct observation prior to fishing	kg

▼ **B**

Method	Equation (kg)	Parameter			
		Description	Type	Estimation method	Unit
Plate tray	$(M - M_{\text{tray}}) * N$	$M$ = mean mass of krill and tray combined	Variable	Direct observation, prior to freezing with water drained	kg
		$N$ = number of trays	Haul-specific	Direct observation	—
Meal conversion	$M_{\text{meal}} * MCF$	$M_{\text{meal}}$ = mass of meal produced	Haul-specific	Direct observation	kg
		$MCF$ = meal conversion factor	Variable	Meal to whole krill conversion	—
Codend volume	$\frac{W * H * L * \rho * \pi}{4 * 1\,000}$	$W$ = codend width	Constant	Measure at the start of fishing	m
		$H$ = codend height	Constant	Measure at the start of fishing	m
		$\rho$ = density of the sample	Variable	Volume-to-mass conversion	kg/ litre
		$L$ = codend length	Haul-specific	Direct observation	m
Other	<i>Please specify</i>				

- (<sup>1</sup>) Individual haul when using a conventional trawl, or integrated over a six-hour period when using the continuous fishing system.  
 (<sup>2</sup>) Individual haul when using a conventional trawl, or a two-hour period when using the continuous fishing system.

## Observation steps and frequency

## Holding tank volume

- At the start of fishing Measure the width and length of the holding tank (if the tank is not rectangular in shape, then additional measurements may be required; precision  $\pm 0,05$  m)
- Every month (<sup>1</sup>) Estimate the volume-to-mass conversion derived from the drained mass of krill in a known volume (e.g. 10 litres) taken from the holding tank
- Every haul Measure the depth of krill in the tank (if krill are held in the tank between hauls, then measure the difference in depth; precision  $\pm 0,1$  m)
- Estimate the green weight of krill caught (using equation)

## Flow meter

- Prior to fishing Ensure that the flow meter is measuring whole krill (i.e. prior to processing)
- Every month (<sup>1</sup>) Estimate the volume-to-mass conversion ( $\rho$ ) derived from the drained mass of krill in a known volume (e.g. 10 litres) taken from the flow meter

**▼B**

Every haul <sup>(2)</sup>	Obtain a sample from the flow meter and: measure the volume (e.g. 10 litres) of krill and water combined  estimate the flow meter volume correction derived from the drained volume of krill  Estimate the green weight of krill caught (using equation)
Flow scale	
Prior to fishing	Ensure that the flow scale is measuring whole krill (i.e. prior to processing)
Every haul <sup>(2)</sup>	Obtain a sample from the flow scale and: measure the mass of krill and water combined  estimate the flow scale mass correction derived from the drained mass of krill  Estimate the green weight of krill caught (using equation)
Plate tray	
Prior to fishing	Measure the mass of the tray (if trays vary in design, then measure the mass of each type; precision $\pm 0,1$ kg)
Every haul	Measure the mass of krill and tray combined (precision $\pm 0,1$ kg)  Count the number of trays used (if trays vary in design, then count the number of trays of each type)  Estimate the green weight of krill caught (using equation)
Meal conversion	
Every month <sup>(1)</sup>	Estimate the meal to whole krill conversion by processing 1 000 to 5 000 kg (drained mass) of whole krill
Every haul	Measure the mass of meal produced  Estimate the green weight of krill caught (using equation)
Codend volume	
At the start of fishing	Measure the width and height of the codend (precision $\pm 0,1$ m)
Every month <sup>(1)</sup>	Estimate the volume-to-mass conversion derived from the drained mass of krill in a known volume (e.g. 10 litres) taken from the codend
Every haul	Measure the length of codend containing krill (precision $\pm 0,1$ m)  Estimate the green weight of krill caught (using equation)

<sup>(1)</sup> Measured at least monthly (more frequently if feasible); a new monthly period will commence when the vessel moves to a new subarea or division.

<sup>(2)</sup> Individual haul when using a conventional trawl, or integrated over a six-hour period when using the continuous fishing system.

*ANNEX VI*

**IOTC CONVENTION AREA**

1. Maximum number of Union vessels authorised to fish for tropical tunas in the IOTC Convention Area

Member State	Maximum number of vessels	Capacity (gross tonnage)
Spain	22	61 364
France	22	33 604
Portugal	5	1 627
Union	49	96 595

2. Maximum number of Union vessels authorised to fish for swordfish and albacore in the IOTC Convention Area

Member State	Maximum number of vessels	Capacity (gross tonnage)
Spain	27	11 590
France	41	5 382
Portugal	15	6 925
United Kingdom	4	1 400
Union	87	25 297

3. The vessels referred to in point 1 shall also be authorised to fish for swordfish and albacore in the IOTC Convention Area.
4. The vessels referred to in point 2 shall also be authorised to fish for tropical tunas in the IOTC Convention Area.

**▼B***ANNEX VII***WCPFC CONVENTION AREA**

Maximum number of Union vessels authorised to fish for swordfish in areas south of 20° S of the WCPFC Convention Area

Spain	14
Union	14

▼ **M3***ANNEX VIII***QUANTITATIVE LIMITATIONS OF FISHING AUTHORISATIONS FOR THIRD-COUNTRY VESSELS FISHING IN UNION WATERS**

Flag State	Fishery	Number of fishing authorisations	Maximum number of vessels present at any time
Norway	Herring, north of 62° 00' N	20	20
Faroe Islands	Mackerel, VIa (north of 56° 30' N), IIa, IVa (north of 59° N) Horse mackerel, IV, VIa (north of 56° 30' N), VIIe, VIIf, VIIh	14	14
	Herring, north of 62° 00' N	21	21
	Herring, IIIa	4	4
	Industrial fishing for Norway pout, IV, VIa (north of 56° 30' N) (including unavoidable by-catches of blue whiting)	15	15
	Ling and tusk	20	10
	Blue whiting, II, VIa (north of 56° 30' N), VIb, VII (west of 12° 00' W)	20	20
	Blue ling	16	16
Venezuela <sup>(1)</sup>	Snappers (French Guiana waters)	45	45

<sup>(1)</sup> To issue those fishing authorisations, proof must be produced that a valid contract exists between the ship owner applying for the fishing authorisation and a processing undertaking situated in the Department of French Guiana, and that it includes an obligation to land at least 75 % of all snapper catches from the vessel concerned in that department so that they may be processed in that undertaking's plant. Such a contract must be endorsed by the French authorities, which shall ensure that it is consistent both with the actual capacity of the contracting processing undertaking and with the objectives for the development of the Guianese economy. A copy of the duly endorsed contract shall be appended to the application for fishing authorisation. Where such an endorsement is refused, the French authorities shall give notification of that refusal and state their reasons for it to the party concerned and to the Commission.
