

Commission Regulation (EU) 2020/1720 of 17 November
2020 amending Regulation (EU) No 142/2011 as regards
imports of petfood from Georgia (Text with EEA relevance)

COMMISSION REGULATION (EU) 2020/1720

of 17 November 2020

amending Regulation (EU) No 142/2011 as regards imports of petfood from Georgia

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1069/2009 of the European Parliament and of the Council of 21 October 2009 laying down health rules as regards animal by-products and derived products not intended for human consumption and repealing Regulation (EC) No 1774/2002⁽¹⁾, and in particular the first and the third subparagraphs of Article 41(3) and Article 42(2) thereof,

Whereas:

- (1) Commission Regulation (EU) No 142/2011⁽²⁾ lays down rules implementing Regulation (EC) No 1069/2009 including public and animal health conditions for imports of petfood. The requirements for the importation into and transit through the Union of petfood including dogchews are set out in Annex XIV to that Regulation, including the list of third countries.
- (2) On 19 March 2019, Georgia asked to be listed in Annex XIV to Regulation (EU) No 142/2011 for the importation into the Union of processed petfood, other than canned petfood.
- (3) The Commission carried out on-the spot controls, including an in-depth assessment of the applicant third country's veterinary legislation and the capacity of the applicant third country's competent authorities to implement that legislation and perform official controls, with a view to listing the applicant third country in Annex XIV to Regulation (EU) No 142/2011 for the importation into the Union of processed petfood, other than canned petfood. The competent authorities of Georgia provided the Commission with assurances that Georgia can comply with the relevant health conditions and sufficient guarantees for the controls they carry out on the production of processed petfood, other than canned petfood. It is therefore justified to add Georgia to the list of third countries from where processed petfood, other than canned petfood, may be imported into and transit through the Union.
- (4) Regulation (EU) No 142/2011 should therefore be amended accordingly.
- (5) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,
