Declarations

- (a) The United Kingdom interprets the Convention as applicable only following a live birth.
- (b) The United Kingdom interprets the references in the Convention to “parents” to mean only those persons who, as a matter of national law, are treated as parents. This includes cases where the law regards a child as having only one parent, for example where a child has been adopted by one person only and in certain cases where a child is conceived other than as a result of sexual intercourse by the woman who gives birth to it and she is treated as the only parent.
