# Safeguarding Board Act (Northern Ireland) 2011

---

## **EXPLANATORY NOTES**

### **INTRODUCTION**

1. These Explanatory Notes relate to the Safeguarding Board Act (Northern Ireland) 2011 which received Royal Assent on 10 February 2011. They have been prepared by the Department of Health, Social Services and Public Safety in order to assist the reader in understanding the Act. They do not form part of the Act and have not been endorsed by the Assembly.
2. The notes need to be read in conjunction with the Act. They are not, and are not meant to be, a comprehensive description of the Act. So where a section or part of a section or Schedule does not seem to require an explanation or comment, none is given.

### **BACKGROUND AND POLICY OBJECTIVES**

3. In the early 1990s Area Child Protection Committees (ACPCs) were established in each of the former Health and Social Services Boards. The ACPCs were responsible for promoting inter-agency work to protect children and to monitor and evaluate how well child protection services were working. In 2006, a range of measures were introduced which were designed to strengthen child protection in Northern Ireland. Among these was a proposal to improve interagency co-operation on child protection through the establishment of a regional Safeguarding Board for Northern Ireland (SBNI). This measure is designed to ensure co-operation at the highest level within Government Departments, the Health and Social Care system, local government and in the voluntary and community sectors.
4. The Safeguarding Board will replace the current Regional Child Protection Committee which has been operating since November 2009. The Act will provide the required legislative framework for the creation of a new regional Safeguarding Board (SBNI). It will also provide the legislative framework for the creation of a structure of 5 Safeguarding Panels, one located in each Health and Social Care Trust's geographical area, to support the SBNI.

## **CONSULTATION**

5. In October 2002, a Private Member's Bill, sponsored by Patricia Lewsley, then an SDLP MLA, had been due to have its first reading in the Assembly. However, following the suspension of the Assembly, the Bill did not proceed. As the DHSSPS proposals to establish a Safeguarding Board were largely building on Ms Lewsley's proposals, which had already been subject to two separate consultations, it was agreed that it would only be necessary to undertake a short consultation period of 4 weeks which lasted from 15 January 2007 until 9 February 2007.
6. The 2007 consultation elicited a total of 47 responses from a range of stakeholders across the voluntary and statutory sector. In general, there were many positive comments that welcomed the proposals. A range of issues and suggestions were also highlighted and have been extremely helpful in informing consideration of the detail of the proposals.

## **OVERVIEW**

7. The Act has 18 sections. A commentary on the provisions follows below. Comments are not given where the wording is self-explanatory.
