- (b) any equipment which is used for the grading by reference to their weight, for the purposes of trading transactions by reference to that grading, of hens' eggs in shell which are intended for human consumption,

shall be treated for the purposes of this Part as weighing or measuring equipment in use for trade, whether or not it would apart from this paragraph be so treated.

(4) Where any weighing or measuring equipment is found in the possession of any person carrying on trade or on any premises which are used for trade, that person or, as the case may be, the occupier of those premises shall be deemed for the purposes of this Order, unless the contrary is proved, to have that equipment in his possession for use for trade.

6.—(1) No person shall—

- (a) use for trade any unit of measurement which is not included in Schedule 2,

 - (b) Articles 7 and 53.

(7A) Nothing in this Article precludes the use for trade[^{F11} until 31st December 2009] of any supplementary indication; and for this purpose any indication of quantity ("the imperial indication") is a supplementary indication if—

- (b) it accompanies an indication of quantity expressed in a metric unit ("the metric indication") and is not itself authorised for use in the circumstances as a primary indication of quantity, and

(3) Any person requiring any equipment to which this Article applies to be passed^[F13] by an inspector] as fit for use for trade shall submit the equipment to^[F13] the inspector] in such manner as the Department may direct and, subject to the provisions of this Order and of any regulations made under Article 13 and to the payment by that person of the prescribed fee, the inspector shall—

(2) Where such an application as is mentioned in paragraph (1)(c) is made for the renewal of a certificate mentioned in that paragraph, the certificate shall continue in force until the Department gives to the applicant, in such manner as may be prescribed, notice of the Department's decision with respect to the application.

shall have effect on and after 4th April 1979 as if it were a certificate of approval so granted on that date and, in the case of a certificate of approval actually granted subject to a condition relating to a specified period, as if that condition were imposed by virtue of paragraph (1)(b) and provided for the certificate to cease to be in force on the expiration of a period equal to that period and beginning with the day when the certificate was actually granted.

(6) The power conferred by Article 10(4) to revoke a certificate of approval of a pattern shall, in the case of a certificate in respect of which an authorisation of modifications has effect by virtue of paragraph (5) of this Article as if it were a further certificate of approval, include power to revoke the first-mentioned certificate as it has effect apart from the modifications without revoking it as it has effect with the modifications.

(2) If the Department is satisfied that any pattern submitted to it under paragraph (1) of Article 10 conforms to any general specification for the time being prescribed under this Article, it may, instead of issuing a certificate of approval under that paragraph, publish in the Belfast Gazette a declaration to that effect.

(3) Where any specification prescribed by regulations under this Article is varied or revoked by further regulations under this Article, then if any person uses for trade, or has in his possession for such use, or causes or permits any other person so to use, any equipment which conformed to that specification but which to his knowledge no longer conforms to any specification so prescribed, or disposes of any such equipment to any other person in a state in which it could be so used without informing that other person that it no longer so conforms, he shall be guilty of an offence and the equipment shall be liable to be forfeited.

(4) Where, in the case of any particular equipment, it appears to the Department that there are special circumstances which make it impracticable or unnecessary for that equipment to comply with any particular requirement of any specification prescribed under this Article, the Department may exempt that equipment from that requirement subject to compliance with such conditions, if any, as it thinks fit; and if any person knowingly contravenes any condition imposed with respect to any equipment by virtue of this paragraph, he shall be guilty of an offence and the equipment shall be liable to be forfeited.

- (b) in the case of any goods which, in connection with a sale or agreement for the sale of the goods, have associated with them a document containing such a statement as is mentioned in sub-paragraph (a),

the quantity of the goods is at any time found to be less than that stated, then, if it is shown that the deficiency cannot be accounted for by anything occurring after the goods had been delivered to, or to a person nominated in that behalf by, the buyer, and subject to the provisions of this Part and in particular to Article 24(2) and (3) and paragraph 10 of Schedule 4, the person by whom, and any other person on whose behalf, the goods were sold or agreed to be sold shall be guilty of an offence.

(5) Paragraphs (3) and (4) shall have effect notwithstanding that the quantity stated is expressed to be the quantity of the goods at a specified time falling before the time in question, or is expressed with some other qualification of whatever description, except where—

- (a) that quantity is so expressed in pursuance of an express requirement of this Order or any instrument made under it; or
- (b) the goods, although falling within paragraph (3) or paragraph (4)(a)—
 - (i) are not required by or under this Order to be pre-packed as mentioned in paragraph (3) or, as the case may be, to be made up for sale or for delivery after sale in or on a container only if the container is marked as mentioned in paragraph (4)(a); and
 - (ii) are not goods on a sale of which (whether any sale or a sale of any particular description) the quantity sold is required by or under any provision of this Order other than Article 21 to be made known to the buyer at or before a particular time; or
- (c) the goods, although falling within sub-paragraph (b) of paragraph (4) are not required by or under this Order to have associated with them such a document as is mentioned in that sub-paragraph.

(6) In any case to which, by virtue of paragraph (5)(a), (b) or (c), the provisions of paragraph (3) or (4) do not apply, if it is found at any time that the quantity of the goods in question is less than that stated and it is shown that the deficiency is greater than can be reasonably justified on the ground justifying the qualification in question, then, subject to the provisions of this Part—

- (a) in the case of goods such as are mentioned in paragraph (3), if it is further shown as mentioned in that paragraph, then—
 - (i) where the container in question was marked in Northern Ireland, the person by whom, and any other person on whose behalf, the container was marked, or
 - (ii) where the container in question was marked outside Northern Ireland, the person by whom, and any other person on whose behalf, the goods were first sold in Northern Ireland,

shall be guilty of an offence;

- (b) in the case of goods such as are mentioned in paragraph (4), the person by whom, and any other person on whose behalf, the goods were sold or agreed to be sold shall be guilty of an offence if, but only if, he would, but for paragraph (5)(a), (b) or (c), have been guilty of an offence under paragraph (4).

(7) Without prejudice to paragraphs (4) to (6), if in the case of any goods required by or under this Order to have associated with them a document containing particular statements, that document is found to contain any such statement which is materially incorrect, any person who, knowing or having reasonable cause to suspect that statement to be materially incorrect, inserted it or caused it to be inserted in the document, or used the document for the purposes of this Order or any instrument made under it while that statement was contained therein shall be guilty of an offence.

(8) For the purposes of this Article, any statement, whether oral or in writing, as to the weight of any goods shall be deemed, unless otherwise expressed, to be a statement as to the net weight of the goods.

(9) Nothing in this Article shall apply in relation to—

- (a) any such goods or sales as are mentioned in Article 19(7)(a) or (b);
- (b) any pre-package of wine or grape must within the meaning of the Pre-packaging and Labelling of Wine and Grape Must (EEC Requirements) Regulations 1978.

Pleading of warranty as defence

23.—(1) Subject to the provisions of this Article, in any proceedings for an offence under this Part or any instrument made under it, being an offence relating to the quantity or pre-packing of any goods, it shall be a defence for the person charged to prove—

- (a) that he bought the goods from some other person—
 - (i) as being of the quantity which the person charged purported to sell or represented, or which was marked on any container or stated in any document to which the proceedings relate; or
 - (ii) as conforming to the statement marked on any container to which the proceedings relate, or to the requirements of this Order, and any instrument made under it, with respect to the pre-packing of goods,
 as the case may require; and
- (b) that he so bought the goods with a written warranty from that other person that they were of that quantity or, as the case may be, did so conform; and
- (c) that at the time of the commission of the offence he had no reason to believe the statement contained in the warranty to be inaccurate, that he did in fact believe in its accuracy and, if the warranty was given by a person who at the time he gave it was resident outside Northern Ireland and any designated country, that the person charged had taken such steps, if any, as were reasonably practicable to check the accuracy of that statement; and
- (d) in the case of proceedings relating to the quantity of any goods, that he took all reasonable steps to ensure that, while in his possession, the quantity of the goods remained unchanged and, in the case of such or any other proceedings, that apart from any change in their quantity the goods were at the time of the commission of the offence in the same state as when he bought them.

(2) Where the proceedings are in respect of an offence committed by the person charged in the course of his employment, it shall be a defence for him to prove—

- (a) that if his employer had been charged the employer would have had a defence under paragraph (1) in respect of a warranty; and
- (b) that at the time of the commission of the offence the person charged had no reason to believe the statement contained in the warranty to be inaccurate.

(3) Where the person charged intends to set up a defence under this paragraph he shall, not more than fourteen days after the date of the service of the summons on him nor less than seven clear days before the date of the hearing—

- (a) send to the complainant a copy of the warranty with a notice stating that he intends to rely on it and specifying the name and address of the person by whom it is alleged to have been given; and
- (b) send to the last-mentioned person a notice giving the date and place of the hearing and stating that he intends to rely on the warranty.

(4) The person by whom the warranty is alleged to have been given shall be entitled to appear at the hearing and to give evidence.

(5) If the person charged in any such proceedings as aforesaid wilfully attributes to any goods a warranty given in relation to any other goods, he shall be guilty of an offence.

(6) A person who, in respect of any goods sold by him in respect of which a warranty might be pleaded under this Article, gives to the buyer a false warranty in writing shall be guilty of an offence unless he proves that when he gave the warranty he took all reasonable steps to ensure that the statements contained in it were, and would continue at all relevant times to be, accurate.

(7) Where in any such proceedings as aforesaid the person charged relies successfully on a warranty given to him or to his employer, any proceedings under paragraph (6) in respect of the warranty may, at the option of the complainant, be taken either before a court having jurisdiction in the place where the first-mentioned proceedings were taken or before a court having jurisdiction in the place where the warranty was given.

(8) For the purposes of this Article, any statement with respect to any goods which is contained in any document required by or under this Order to be associated with the goods or in any invoice, and, in the case of goods made up in or on a container for sale or for delivery after sale, any statement with respect to those goods with which that container is marked, shall be deemed to be a written warranty of the accuracy of that statement.

Additional defences and safeguards for traders

24.—(1) In any proceedings for an offence under this Part or any instrument made under it, it shall be a defence for the person charged to prove that he took all reasonable precautions and exercised all due diligence to avoid the commission of the offence.

(2) In any proceedings for an offence under this Part or any instrument made under it by reason of the quantity—

- (a) of any goods made up for sale or for delivery after sale (whether by way of pre-packing or otherwise) in or on a container marked with an indication of quantity; or
- (b) of any goods which, in connection with a sale or agreement for the sale thereof, have associated therewith a document purporting to state the quantity of the goods; or
- (c) of any goods required by or under this Order to be pre-packed, or to be otherwise made up in or on a container for sale or for delivery after sale, or to be made for sale, only in particular quantities,

being less than that marked on the container or stated in the document in question or than the relevant particular quantity, as the case may be, it shall be a defence for the person charged to prove that the deficiency arose—

- (i) in a case falling within sub-paragraph (a), after the making up of the goods and the marking of the container;
- (ii) in a case falling within sub-paragraph (b), after the preparation of the goods for delivery in pursuance of the sale or agreement and after the completion of the document;
- (iii) in a case falling within sub-paragraph (c) after the making up or making, as the case may be, of the goods for sale,

and was attributable wholly to factors for which reasonable allowance was made in stating the quantity of the goods in the marking or document or in making up or making the goods for sale, as the case may be.

(3) In the case of a sale by retail of food, not being food pre-packed in a container which is, or is required by or under this Order to be, marked with an indication of quantity, in any proceedings for an offence under this Part or any instrument made under it by reason of the quantity delivered to the buyer being less than that purported to be sold, it shall be a defence for the person charged to prove that the deficiency was due wholly to unavoidable evaporation or drainage since the sale and that due care and precaution were taken to minimise any such evaporation or drainage.

(4) If in any proceedings for an offence under this Part or any instrument made under it, being an offence in respect of any deficiency in the quantity of any goods sold, it is shown that between

the sale and the discovery of the deficiency the goods were with the consent of the buyer subjected to treatment which could result in a reduction in the quantity of those goods for delivery to, or to any person nominated in that behalf by, the buyer, the person charged shall not be found guilty of that offence unless it is shown that the deficiency cannot be accounted for by the subjecting of the goods to that treatment.

(5) In any proceedings for an offence under this Part or any instrument made under it, being an offence in respect of any excess in the quantity of any goods, it shall be a defence for the person charged to prove that the excess was attributable to the taking of measures reasonably necessary in order to avoid the commission of an offence in respect of a deficiency in those or other goods.

(6) If proceedings for an offence under this Part or any instrument made under it in respect of any deficiency or excess in the quantity—

- (a) of any goods made up for sale (whether by way of pre-packing or otherwise) in or on a container marked with an indication of quantity;
- (b) of any goods which have been pre-packed or otherwise made up in or on a container for sale or for delivery after sale, or which have been made for sale, and which are required by or under this Order to be pre-packed, or to be otherwise so made up, or to be so made, as the case may be, only in particular quantities,

are brought with respect to any article, and it is proved that, at the time and place at which that article was tested, other articles of the same kind, being articles which, or articles containing goods which, had been sold by the person charged or were in that person's possession for sale or for delivery after sale, were available for testing, the person charged shall not be convicted of such an offence with respect to that article unless a reasonable number of those other articles was also tested.

(7) In any proceedings for an offence under this Part or any instrument made under it, the court—

- (a) if the proceedings are with respect to one or more of a number of articles tested on the same occasion, shall have regard to the average quantity in all the articles tested;
- (b) if the proceedings are with respect to a single article, shall disregard any inconsiderable deficiency or excess; and
- (c) shall have regard generally to all the circumstances of the case.

(8) Paragraphs (6) and (7) shall apply with the necessary modifications to proceedings for an offence in respect of the size, capacity or contents of a container as it applies to proceedings for an offence in respect of the excess or deficiency in the quantity of certain goods.

Offences due to default of third person

25.—(1) If in any case the defence provided by Article 24(1) involves an allegation that the commission of the offence in question was due to the act or default of another person or due to reliance on information supplied by another person, the person charged shall not, without the leave of the court, be entitled to rely on the defence unless, before the beginning of the period of seven days ending with the date when the hearing of the charge began, he served on the prosecution a notice giving such information identifying or assisting in the identification of the other person as was then in his possession.

(2) Where the commission by any person of an offence under this Part or an instrument made under it is due to the act or default of some other person, the other person shall be guilty of the offence and may be charged with and convicted of the offence whether or not proceedings are taken against the first-mentioned person.

(3) Where by virtue of paragraph (2) a person is charged with an offence with which some other person might have been charged, the reference in Article 24(6) to articles or goods sold by or in the possession of the person charged shall be construed as a reference to articles or goods sold by or in the possession of that other person.

Special powers of inspector with respect to certain goods

26.—(1) Subject to paragraph (3), where any person—

- (a) makes in any manner any representation as to the quantity of any goods offered or exposed for sale by him; or
- (b) has in his possession or charge awaiting or in the course of delivery to the buyer any goods which have been sold or agreed to be sold, and the sale is, or purports to be, or is required by or under this Order to be, by quantity expressed in a particular manner, or is such that the quantity of the goods sold is required by or under any provision of this Order other than Article 21 to be made known to the buyer at or before a particular time; or
- (c) has in his possession or charge for sale, or awaiting or in the course of delivery to a buyer after they have been sold or agreed to be sold, any goods pre-packed or otherwise made up in or on a container for sale or for delivery after sale which are required by or under this Order to be pre-packed, or to be otherwise so made up, as the case may be, only in particular quantities or only if the container is marked with particular information, or any goods pre-packed in or on a container marked with an indication of quantity, or any goods required by or under this Order to be made for sale only in particular quantities; or
- (d) has in his possession or charge for sale or awaiting or in the course of delivery to a buyer after they have been sold or agreed to be sold, any goods subject to a requirement imposed by virtue of Article 19(2)(c);

the powers of an inspector under Article 41 shall include power to require that person either to do in the presence of the inspector, or to permit the inspector to do, all or any of the following things, that is to say—

- (i) weigh or otherwise measure or count the goods;
- (ii) weigh or otherwise measure any container in or on which the goods are made up;
- (iii) in the case of goods within sub-paragraph (d), do anything else as respects the goods or container which is reasonably necessary to ascertain whether the requirement there mentioned is complied with, and which does not damage or depreciate the goods or container;
- (iv) if necessary for any of the purposes of heads (i) to (iii), break open any container of goods or open any vending machine in which goods are offered or exposed for sale,

and, in the case of any of the goods which are not already sold, power to require that person to sell any of them to the inspector.

(2) Where any container of goods is broken open under paragraph (1) and all requirements of, and of any instrument made under, this Order which are applicable to those goods are found to have been complied with, then, if the container can be resealed without injury to the contents, the inspector may reseat it with a label certifying that all such requirements have been complied with or, if he does not so reseat it or it cannot be so resealed without injury to the contents, shall at the request of the person mentioned in paragraph (1) buy the goods on behalf of the Department.

(3) The powers conferred by paragraph (1) shall not be exercisable in relation to milk within the meaning of the Weights and Measures (Milk) Order (Northern Ireland) 1980 except while the milk is on the premises which are used by a licence holder under the^{F24} Milk (Northern Ireland) Order 1983] for making up milk in bottles or other containers, and paragraph (2) shall not apply in relation to such milk.

Powers of inspector with respect to certain documents

27.—(1) An inspector, subject to the production, if so requested, of his credentials, may require the person in charge of any document required by or under this Order to be associated with any goods to produce that document for inspection.

(2) If the inspector has reasonable cause to believe that any document produced to him under paragraph (1) contains any inaccurate statement, he may either—

- (a) seize and detain the document, giving in exchange therefor a statement signed by him certifying that the document has been seized and giving particulars of the document and particulars of any inaccuracy alleged; or
- (b) without prejudice to any proceedings which may be taken by reason of any inaccuracy alleged, make on the document an endorsement signed by him giving particulars of any such inaccuracy;

and any reference in this Order to any such document shall be deemed to include a reference to a statement given in pursuance of sub-paragraph (a).

(3) Where, in the case of any goods being carried on a road vehicle, the whole of the vehicle's load is being carried for, or for delivery after, sale to the same person, and any document produced in pursuance of paragraph (1) by the person in charge of the vehicle purports, or is required by or under this Order, to state the quantity of the goods, then, for the purpose of the exercise of his powers under Article 26(1), the inspector may do all or any of the following things, that is to say—

- (a) require the goods to which the document relates to be unloaded from the vehicle;
- (b) require the vehicle to be taken to the nearest suitable and available weighing or measuring equipment;
- (c) require the person in charge of the vehicle to have it check-weighed.

(4) The powers conferred by paragraph (3) shall be exercised only to such extent as may appear to the inspector reasonably necessary in order to secure that the provisions of this Order and any instrument made under it are duly observed.

Check-weighing of certain road vehicles

28.—(1) Without prejudice to Part II of Schedule 5, where any road vehicle is loaded with goods for sale by weight to a single buyer of the whole of the vehicle's load, or for delivery to the buyer after they have been so sold, the buyer or seller of the goods, or any inspector who shows that he is authorised so to do by the buyer or seller of the goods, may require the person in charge of the vehicle to have it check-weighed, and if that person fails without reasonable cause to comply with any such requirement he shall be guilty of an offence.

(2) Where after the check-weighing in pursuance of a request by the buyer under paragraph (1) the weight of the goods is found to be not less than that stated by the seller in any document delivered to the buyer at or before the delivery of the goods to him, the buyer shall be liable to defray all costs reasonably incurred in connection with the check-weighing, but where the weight of the goods is so found to be less than that so stated, all such costs shall be defrayable by the seller.

Selling by quantity, making quantity known, and weighing in presence

29.—(1) Where any goods are required by or under this Order to be sold only by quantity expressed in a particular manner—

- (a) it shall be a sufficient compliance with that requirement in the case of any sale of, or agreement to sell, any such goods if the quantity of the goods expressed in the manner in question is made known to the buyer before the purchase price is agreed;

(b) no person shall be guilty of an offence under Article 20(1) by reason of the exposing or offering for sale of such goods at any time if both the quantity of the goods expressed in the manner in question and the price at which they are exposed or offered for sale are made known at that time to any prospective buyer.

(2) For the purposes of this Order and any instrument made under it, without prejudice to any other method of making known to a person the quantity of any goods expressed in a particular manner, that quantity shall be deemed to be made known to that person—

- (a) if the goods are weighed or otherwise measured or counted, as the case may require, in the presence of that person; or
- (b) if the goods are made up in or on a container marked with a statement in writing of the quantity of the goods expressed in the manner in question and the container is readily available for inspection by that person; or
- (c) upon such a statement in writing being delivered to that person.

(3) Where the Department by order provides that this paragraph is to apply, in the case of such goods in such circumstances as are specified in the order, to any requirement so specified of, or of any instrument made under, this Order with respect to the making known to the buyer of the quantity by weight of such goods sold by retail, then, in any case to which the order applies, that requirement shall be deemed to be satisfied if the goods are bought at premises at which weighing equipment of such description as may be prescribed—

- (a) is kept available by the occupier of those premises for use without charge by any prospective buyer of such goods for the purpose of weighing for himself any such goods offered or exposed for sale by retail on those premises; and
- (b) is so kept available in a position on those premises which is suitable and convenient for such use of the equipment; and
- (c) is reserved for use for that purpose at all times while those premises are open for retail transactions,

and a notice of the availability of the equipment for such use is displayed in a position on the premises where it may be readily seen by any such prospective buyer.

(4) For the purposes of this Order and any instrument made under it, a person shall not be deemed to weigh or otherwise measure or count any goods in the presence of any other person unless he causes any equipment used for the purpose to be so placed, and so conducts the operation of weighing or otherwise measuring or counting the goods, as to permit that other person a clear and unobstructed view of the equipment, if any, and of the operation, and of any indication of quantity given by any such equipment as the result of that operation.

PART VI

“notice” means notice in writing;

“package” means, subject to Article 34(1), a container containing prescribed goods together with the goods in the container in a case where—

- (a) the goods are placed for sale in the container otherwise than in the presence of a person purchasing the goods; and
- (b) none of the goods can be removed from the container without opening it;

“packer” means, in relation to a package, the person who placed in the container included in the package the goods included in it;

“relevant package” mean a package which is made up in the United Kingdom or imported on or after 1st January 1980 or, if the goods in the package became prescribed goods after that date, on or after the date on which they became prescribed goods.

(2) For the purposes of this Part a package is non-standard if the quantity of the goods it contains is less by more than a prescribed amount than the nominal quantity on the package and is inadequate if the quantity of the goods it contains is less by more than twice that amount than the nominal quantity on the package.

(3) Regulations may make provision, in relation to a package which comprises more than one container or goods of more than one kind, as to which of the containers or goods shall be disregarded for the purposes of prescribed provisions of this Part.

(4) If two or more different nominal quantities are marked on a package, each of those quantities except the one which indicates the larger or largest quantity shall be disregarded for the purposes of this Part.

(5) In this Part, except this paragraph, references to this Part include Schedules 8 and 9.

Quantity control

Duties of packers and importers of packages

31.—(1) A person who is the packer or importer of relevant packages shall ensure that when a group of the packages marked with the same nominal quantity is selected in the prescribed manner and the packages in the group or such a portion of the group as is so selected are tested in the prescribed manner by an inspector—

- (a) the total quantity of the goods shown by the test to be included in the packages tested divided by the number of those packages is not less than the nominal quantity on those packages; and
- (b) the number of non-standard packages among those tested is not greater than the number prescribed as acceptable in relation to the number tested.

(2) A person discharges the duty imposed on him by paragraph (1) in respect of a group of packages if the quantity of goods in each package is or exceeds the nominal quantity on the package.

(3) Regulations in pursuance of paragraph (1) with respect to the manner of selecting or testing packages may, without prejudice to the generality of the powers to make regulations conferred by that paragraph or to the generality of Article 38, make provision by reference to a document other than the regulations (which may be or include a code of practical guidance issued by the Department or, as the case may be, the Secretary of State).

(4) Where, as a result of a test in respect of a group of packages which is carried out when the packages are in the possession of the packer or importer of the packages or another person, it is

shown that the packer or importer of the packages has failed to comply with paragraph (1) in respect of the packages, then, without prejudice to the liability of the packer or importer under Article 32(1) in respect of the failure, the person in possession of the packages shall keep them in his possession—

- (a) except so far as he is authorised by or under regulations to dispose of them; or
- (b) if he is the packer or importer of them, until he has complied with paragraph (1) in respect of the group.

(5) A person who is the packer or importer of a relevant package shall ensure that the container included in the package is marked before the prescribed time and in the prescribed manner with—

- (a) a statement of quantity in prescribed units either of weight or of volume, as regulations require; and
- (b) his name and address or a mark which enables his name and address to be readily ascertained by an inspector or—
 - (i) if he is the packer of the package, the name and address of a person who arranged for him to make up the package or a mark which enables that name and address to be readily ascertained by an inspector,
 - (ii) if he is the importer of the package, the name and address of the packer of the package or of a person who arranged for the packer to make up the package or a mark which enables the name and address of the packer or the said person to be readily ascertained by an inspector; and
- (c) if regulations so provide, a mark allocated to him by a scheme in pursuance of Article 35(4) for the purpose of enabling the place where the package was made up to be ascertained.

(6) If at the time when a relevant package is made up or imported the container included in the package is not marked with such a statement as is mentioned in sub-paragraph (a) of paragraph (5), the packer or, as the case may be, the importer of the package shall—

- (a) decide what statement he proposes to mark on the container in pursuance of that sub-paragraph, and
- (b) make at that time, and maintain for the prescribed period, a record of the statement.

(7) Until the time mentioned in paragraph (5) or any earlier time at which the container is actually marked in the prescribed manner in pursuance of sub-paragraph (a) of that paragraph, the container shall be treated for the purposes of this Part as marked with the statement in the record.

(8) A statement applied to a package in pursuance of paragraph (5)(a) shall be deemed not to be a trade description within the meaning of the Trade Descriptions Act 1968 .

(9) A person who makes up packages shall either—

- (a) use suitable equipment of the prescribed kind in an appropriate manner in making up the packages; or
- (b) carry out at the prescribed time a check which is adequate to show whether he has complied with paragraph (1) in respect of the packages and—
 - (i) use suitable equipment of the prescribed kind in an appropriate manner in carrying out the check, and
 - (ii) make, and keep for the prescribed period, an adequate record of the check.

(10) A person who is the importer of relevant packages shall—

- (a) carry out at the prescribed time such a check as is mentioned in sub-paragraph (b) of paragraph (9) and comply with heads (i) and (ii) of that sub-paragraph in connection with the check; or

- (b) obtain before the prescribed time, and keep for the prescribed period, documents containing such information about the packages as is adequate to show that the person is likely to have complied with paragraph (1) in relation to the packages.
- (11) Without prejudice to the generality of the powers to make regulations conferred by paragraph (9) or (10) or to the generality of Article 38, regulations may provide—
 - (a) for equipment not to be equipment for the purposes of the paragraph in question unless it is made from materials and on principles specified in the regulations and is inspected, tested and certified as provided by the regulations;
 - (b) for questions as to the suitability of equipment, the appropriate manner of using equipment and the adequacy of checks, records and information to be determined for those purposes by reference to documents other than the regulations (which may be or include codes or parts of codes of practical guidance issued or approved by the Department or, as the case may be, the Secretary of State);
 - (c) that the use and the possession for use, for the purposes of paragraph (9) or (10), of a thing which is equipment for the purposes of the paragraph in question shall not constitute a contravention of Article 6(1)(b).
- (12) Where regulations made by virtue of paragraph (11)(a) provide for inspection, testing and certification, of equipment, the Department may charge such reasonable fees as it may determine for the inspection, testing and certification of equipment.

Enforcement

32.—(1) A person who fails to comply with Article 31 shall be guilty of an offence.

(2) If an inspector has reasonable cause to believe that a person has failed to comply with Article 31(1) in relation to a group of packages, the inspector may give to the person in possession of the packages instructions in writing specifying the packages and requiring him to keep the packages at a place specified in the instructions and at the disposal of the inspector for the period of twenty-four hours beginning with the time when the inspector gives him the instructions or for such shorter period as the inspector may specify; and if the person to whom the instructions are given fails without reasonable cause to comply with the instructions he shall be guilty of an offence.

(3) If an inspector has reasonable cause to believe that a person has failed to comply with Article 31(9) or (10), then—

- (a) the inspector may give to the person such instructions in writing as the inspector considers appropriate with a view to ensuring that the person does not subsequently fail to so comply; and
- (b) Schedule 8 shall have effect with respect to the instructions;

and if the instructions or the instructions with modifications come into force in pursuance of that Schedule and the person fails without reasonable cause to comply with them he shall be guilty of an offence.

(4) If a person—

- (a) purports to comply with head (ii) of Article 31(9)(b) or that head as applied by paragraph (10)(a) of that Article by making a record which he knows is false in a material particular; or
- (b) purports to comply with paragraph (10)(b) of that Article by reference to a document containing information which he knows is false in a material particular; or
- (c) with intent to deceive, alters any record kept for the purposes of Article 31(6) or head (ii) of paragraph (9)(b) of that Article or that head as applied by paragraph (10)(a) of that Article or any document kept for the purposes of paragraph (10)(b) of that Article,

he shall be guilty of an offence.

(5) If a person has in his possession for sale, agrees to sell or sells a relevant package which is inadequate and either—

- (a) he is the packer or importer of the package; or
- (b) he knows that the package is inadequate,

he shall be guilty of an offence; and if the packer of a relevant package which is inadequate, and which was made up by him in the course of carrying out arrangements with another person for the packer to make up packages, delivers the package to or to the order of a person to whom it falls to be delivered in pursuance of the arrangements, the packer shall be guilty of an offence.

(6) For the purposes of Articles 20 and 22 the quantity of the goods in a relevant package shall be deemed to be the nominal quantity on the package.

(7) No action shall lie in respect of a failure to comply with Article 31.

(8) Schedule 9 shall have effect with respect to the powers and duties of inspectors and the other matters there mentioned.

Defences to offences under Article 32

33.—(1) Where a person is charged with an offence under Article 32(1) of failing to comply with Article 31(1) in respect of any packages, it shall be a defence to prove that the test in question took place when the packages were not in his possession and by reference to a nominal quantity which was not on the packages when they were in his possession.

(2) Where the importer of packages is charged with an offence under Article 32(1) of failing to comply with Article 31(1) in respect of the packages, it shall be a defence to prove—

- (a) that in respect of the packages the accused complied with Article 31(10)(b); and
- (b) that within the prescribed period after obtaining the documents mentioned in that subparagraph relating to the packages he took all reasonable steps to verify the information contained in the documents and that when the relevant test in pursuance of Article 31(1) began he believed and had no reason to disbelieve that the information was true; and
- (c) that before the beginning of the period of seven days ending with the date when the hearing of the charge began he served on the prosecution a copy of the said documents and a notice which stated that the accused intended to rely on them in proving a defence under this paragraph; and
- (d) that he took all reasonable steps to ensure that the quantity of goods in each of the packages did not alter while the packages were in his possession.

(3) Where a person is charged with an offence under Article 32(1) of failing to comply with Article 31(5)(b) in respect of a package, it shall be a defence to prove—

- (a) that the container included in the package was marked at the time and in the manner mentioned in that paragraph with a mark as to which he had, before that time, given notice to an inspector stating that the mark indicated a name and address specified in the notice; and
- (b) that at the time aforesaid the name and address were such as are mentioned in relation to him in that sub-paragraph.

(4) Where a person is charged with an offence under Article 32(1) or an offence alleged to have been committed by him, as the packer or importer of a package, under Article 32(5), it shall be a defence to prove that he took all reasonable precautions and exercised all due diligence to avoid the commission of the offence.

Special provision for certain packages

34.—(1) Paragraphs (2) to (6) apply only to packages containing goods of a prescribed quantity, and references to packages in those paragraphs shall be construed accordingly.

(2) If in the course of carrying on a business—

- (a) a person marks a package with the EEC mark and is neither the packer nor the importer of the package nor a person acting on behalf of the packer or importer of the package; or
- (b) a person marks a package with a mark so closely resembling the EEC mark as to be likely to deceive,

the person shall be guilty of an offence.

(3) For the purposes of this Part a person who brings a package marked with the EEC mark into the United Kingdom does not import the package if he shows that the package is from a member State of the Economic Community in which it was liable to be tested under a law corresponding to Article 31(1) and, except in such cases as are determined by or under regulations, has not since leaving that State been in a country which is not such a member State.

(4) Subject to paragraph (5)—

- (a) the packer of packages which are marked with the EEC mark and which he intends to export from the United Kingdom; and
- (b) a person who intends to import packages which are so marked and to export from the United Kingdom to a place in another member State of the Economic Community; and
- (c) a person who intends to import packages, to mark them with the EEC mark and to export them as mentioned in sub-paragraph (b),

shall give before the prescribed time and in the prescribed manner, to the Department a notice containing such information about the packages as is prescribed and, in the case of a person who has given such a notice in pursuance of sub-paragraph (b) or (c), such further information about the packages in question as an inspector may specify in a notice served on the person by the inspector; and a person who fails without reasonable cause to comply with this paragraph shall be guilty of an offence.

(5) Regulations may enable an inspector to give notice to any person providing that, until an inspector informs the person in writing that the notice is cancelled, any sub-paragraph of paragraph (4) which is specified in the notice shall not apply to the person or shall not apply to him as respects packages of a kind specified in the notice or a place so specified.

(6) In this Article “the EEC mark” means such mark as may be prescribed; and, without prejudice to the generality of Article 38, regulations prescribing a mark in pursuance of this paragraph may contain such provisions as the Department or, as the case may be, the Secretary of State considers appropriate with respect to the dimensions of the mark and the manner and position in which it is to be applied to the container included in a package and may provide for a mark which is not in accordance with those provisions to be disregarded for the purposes of the prescribed provisions of this Article.

- but a notice given by the Department in pursuance of this paragraph shall not require a person to furnish information which he does not possess.
- (3) A person who fails without reasonable cause to comply with a notice served on him in pursuance of paragraph (2) shall be guilty of an offence.
- (4) The Department shall—
- (a) prepare a scheme which—

APPROVALS UNDER ARTICLE 9A

Annotations:

F44 2000 c. 5(NI)

PART I

APPROVALS: GENERAL

Fees

1. Where—

- (a) any person makes an application for an approval, or
- (b) an approval is to be, or has been, granted to any person,

the Department may require that person to pay, in respect of any work carried out by or on behalf of the Department in relation to the application or the approval, such reasonable fee as the Department may determine with the approval of the Department of Finance and Personnel.

Form, effect and conditions of approvals

2.—(1) An approval shall be in writing and, unless previously withdrawn in accordance with any term in that behalf contained in the approval and subject to the following provisions of this Part, shall continue in force for such period (not exceeding five years) as may be specified in the approval.

(2) An approval—

- (a) shall specify the classes or descriptions of weighing or measuring equipment for the testing, passing as fit for use for trade and stamping of which the verifier is approved;
- (b) may include such conditions as appear to the Department to be requisite or expedient having regard to the need to ensure that only such equipment as is fit for use for trade is passed as fit for such use; and
- (c) shall contain conditions requiring the verifier to satisfy the requirements set out in Part II.

(3) Without prejudice to the generality of sub-paragraph (2), conditions included in an approval by virtue of that sub-paragraph may.

- (a) require the verifier to comply with any direction given by the Department as to such matters as are specified in the approval or are of a description so specified;

- (b) require the verifier to ensure that his procedures for the testing of weighing or measuring equipment conform with such quality standards as are specified in the approval or are of a description so specified.

Suspension of approvals

3.—(1) If it appears to an inspector that, otherwise than in accordance with Article 13A, the prescribed stamp has been, or is being, applied by an approved verifier to equipment which had not, or has not, been duly tested and passed as fit for use for trade, he may give to the verifier a notice (a “suspension notice”) suspending the verifier's approval (either generally or in relation to particular areas or places) for a period not exceeding 28 days.

(2) Where an inspector gives a suspension notice, he shall forthwith send a copy of the notice to the chief inspector and inform the approved verifier in writing of.

- (a) the circumstances which have led to the giving of the notice;
- (b) the date on which the notice takes effect; and
- (c) the effect of the following provisions of this paragraph.

(3) An approved verifier who has taken steps to prevent a recurrence of the circumstances which led to the giving of a suspension notice may apply to the inspector for the suspension to be withdrawn before the expiry of the specified period; and an application under this sub-paragraph—

- (a) shall be made by notice to the inspector given not later than 21 days after the date of the suspension notice; and
- (b) shall state the steps taken to prevent such a recurrence.

(4) An inspector shall consider any application made to him under sub-paragraph (3) and, having done so, shall notify the approved verifier of his decision.

(5) An approved verifier who is aggrieved by a suspension notice may apply to the chief inspector to review the suspension; and an application under this sub-paragraph.

- (a) shall be made by notice to the chief inspector given not later than 21 days after the date of the suspension notice; and
- (b) shall state the grounds on which the application is made.

(6) The chief inspector shall consider any application under sub-paragraph (5) and, having done so, shall notify the approved verifier and the inspector of his decision.

(7) Where the chief inspector decides under sub-paragraph (6) to uphold the suspension, he shall also notify the approved verifier and the inspector of the grounds for his decision.

(8) Where the chief inspector decides under sub-paragraph (6) not to uphold the suspension, he shall instruct the inspector to withdraw the suspension.

Withdrawal of approvals

4.—(1) Subject to sub-paragraph (2), the Department may by written notice withdraw an approval if at any time during the continuance of the approval.

- (a) the Department is of the opinion that if the approval had expired at that time it would have been minded not to grant a further approval;
- (b) it appears to the Department on reasonable grounds that the verifier is, or has been, in breach of any condition contained in the approval; or
- (c) any fee due to the Department by virtue of a requirement made by it under paragraph 1 has not been paid.

(2) Except where the Department considers in the circumstances of any particular case that it is necessary for it to withdraw an approval without delay, it shall not withdraw an approval unless

it has given the verifier at least 28 days written notice of its intention to do so and of the grounds for withdrawal.

(3) Where the Department withdraws an approval without giving the notice required by sub-paragraph (2), it shall, at or before the time when the withdrawal takes effect, give the verifier written notice of the grounds for withdrawal and of its reasons for considering it necessary to withdraw the approval without delay.

(4) Where a verifier receives notice under sub-paragraph (2) or (3), he may within 21 days of receipt of the notice make representations in writing to the Department.

(5) The Department shall consider any representations so made and, having done so, shall notify the verifier of its decision.

Grant of new approval following withdrawal

5.—(1) Where the Department decides, whether in the light of representations or otherwise, that an approval which has been withdrawn should not have been withdrawn, it shall as soon as reasonably practicable grant a new approval to the former verifier.

(2) The new approval shall expire on the date on which the withdrawn approval would have expired and (except as may otherwise be agreed with the former verifier) shall be subject to the same terms and conditions as the withdrawn approval.

(3) Where the Department grants a new approval under sub-paragraph (1), the verifier shall be deemed to have remained approved for the period beginning on the date on which the original approval was withdrawn and ending on the date on which the new approval took effect.

Application for further approval

6.—(1) This paragraph applies where, not less than three months before the end of the period specified in an approval as the period for which the approval is to continue in force, the verifier applies to the Department for the grant of a further approval in the same, or substantially the same, terms as those of the existing approval.

(2) The existing approval shall remain in force until the Department gives the verifier notice of its decision with respect to the application.

PART II

SAND AND OTHER BALLAST

PART I

GENERAL PROVISIONS

1. In this Schedule, “ballast” means any of the following materials, that is to say—
 - (a) sand, gravel, shingle, ashes and clinker of any description;
 - (b) broken slag, slag chippings, granite chippings, limestone chippings, slate chippings and other stone chippings (including such materials which have been coated with tar, bitumen or cement);
 - (c) any other material commonly used in the building and civil engineering industries as a hardcore or an aggregate;
 - (d) any other material commonly known in the said industries as ballast.
2. Subject to paragraph 3, ballast shall be sold only by volume in a multiple of 0.2 cubic metre or by net weight.
3. There shall be exempted from the requirements of paragraph 2—
 - (a) ballast in a quantity both less than^{F46} 1 tonne] and less than one cubic metre;
 - (b) any sale with a view to its industrial use of ballast of any description mentioned in paragraph 1(b), (c) or (d);
 - (c) any sale in the case of which the buyer is to take delivery in or from a ship;
 - (d) any sale as a whole of ballast produced in the demolition or partial demolition of a building where the buyer is responsible for the removal of the ballast from the site of the building;

F46 SR 1995/227

4. Without prejudice to Article 13, no article shall be used for trade as a cubic measure of ballast other than a receptacle (which may, if so desired, form part of a vehicle) which conforms to such requirements as to form, capacity, calibration and other matters as may be prescribed; and any person who uses for trade, or has in his possession for use for trade, as a cubic measure of ballast any article other than such a receptacle as aforesaid shall be guilty of an offence.

5. In measuring any ballast against a calibration mark on such a receptacle as aforesaid, the ballast shall be filled into all parts of the receptacle as far as, and be levelled off against, that calibration mark as nearly as the nature of the ballast will permit; and where any ballast is measured for purposes of trade in such a receptacle, any person who—

- (a) being the person carrying out the measuring, fails so to level off the ballast when it is loaded into the receptacle; or
- (b) causes or permits a heaped load to be sent out in the receptacle,

shall be guilty of an offence.

PART II

CARRIAGE OF BALLAST BY ROAD

6. The provisions of this Part shall have effect with respect to the carriage of ballast by a road vehicle on a journey any part of which is along a highway.

7.—(1) If any of the ballast is being carried for delivery to a buyer in pursuance of, or of an agreement for, a sale thereof and paragraph 2 applies to the sale, the following provisions of this paragraph shall have effect with respect to that ballast.

(2) There shall, before the journey begins, be delivered to the person in charge of the vehicle a document signed by or on behalf of the seller stating—

- (a) the name and address of the seller;
- (b) the name of the buyer, and the address of the premises to which the ballast is being delivered;
- (c) the type of the ballast;
- (d) subject to sub-paragraph (4), the quantity of the ballast either by net weight or by volume;
- (e) sufficient particulars to identify the vehicle; and
- (f) the place, date and time of the loading of the ballast in the vehicle.

(3) Where the quantity of the ballast is stated in the document aforesaid by volume, the ballast shall be carried on the vehicle only in such a receptacle as is mentioned in paragraph 4.

(4) The statement referred to in sub-paragraph (2)(d) shall not be required at any time while the vehicle is travelling between the place where it was loaded and the nearest suitable and available weighing equipment if the whole of the vehicle's load is being delivered to the same person at the same premises and the document mentioned in sub-paragraph (2) states that the quantity of the ballast is to be expressed by net weight determined by means of that equipment and specifies the place at which the equipment is situated.

(5) In any case to which sub-paragraph (4) applies, the person in charge of the vehicle at the time when the net weight of the ballast is determined shall forthwith add to the document aforesaid a statement of that net weight, and if he fails so to do he shall be guilty of an offence.

(6) If any of the provisions of sub-paragraph (2) or (3) is contravened, the seller shall be guilty of an offence.

(7) If the vehicle is carrying ballast as mentioned in sub-paragraph (1) for delivery to each of two or more persons, sub-paragraphs (1) to (3) shall apply separately in relation to each of those persons, so however that this sub-paragraph shall not be construed as prohibiting the use of the same receptacle such as is mentioned in sub-paragraph (3) for the carriage of ballast for delivery to two or more different persons.

8. If all or any of the ballast on the vehicles is being carried in such circumstances that paragraph 7 does not apply thereto, there shall before the journey begins be delivered to the person in charge of the vehicle a document containing a statement to that effect signed by or on behalf of the person causing that ballast to be carried and giving the name and address of the last-mentioned person, and if this paragraph is contravened the last-mentioned person shall be guilty of an offence; but this paragraph shall not apply where all the ballast in the vehicle is being carried in such circumstances as aforesaid and is being so carried in a container which does not form part of the vehicle.

9. Any document required by paragraph 7 or 8 shall at all times during the journey be carried by the person for the time being in charge of the vehicle and shall be handed over by him to any other person to whom he hands over the charge of the vehicle in the course of the journey; and in the case of any document such as is mentioned in paragraph 7, on the unloading of the ballast to which the document relates at the premises to which that ballast is to be delivered—

- (a) before any of that ballast is so unloaded, the document shall be handed over to the buyer; or
- (b) if the document cannot be so handed over by reason of the absence of the buyer, it shall be left at some suitable place at those premises;

and if at any time any of the provisions of this paragraph is contravened without reasonable cause, the person in charge of the vehicle at that time shall be guilty of an offence.

10. In the case of any document such as is mentioned in paragraph 7, if at any time during the journey or on unloading at the place of delivery the quantity of the ballast to which the document relates is found to be less than that stated in the document, the statement shall nevertheless be deemed for the purposes of this Order to be correct if, but only if, it is proved that the deficiency is solely attributable to the draining away of normal moisture from, or the consolidation of, the ballast during the journey.

SCHEDULE 5

Articles 19(1), 26(1)(a)(i), 28(1), 47(1)
and (2) and 48(2).

SOLID FUEL

PART I

GENERAL

1. This Schedule applies to goods of any of the following descriptions (in this Schedule referred to as “solid fuel”), that is to say, coal, coke and any solid fuel derived from coal or of which coal or coke is a constituent.

2.—(1) Subject to sub-paragraph (2), solid fuel shall be sold only by net weight.

(2) There shall be exempted from the requirements of sub-paragraph (1) any solid fuel pre-packed in a securely closed container marked with an indication of quantity by net weight.

3.—(1) Subject to sub-paragraph (3), solid fuel shall be made up in a container for sale or for delivery after sale only if—

- (a) it is made up in one of the following quantities by net weight, that is to say,^{F47}... 10, 15, 25, 50 or 62.5 kilogrammes; and
- (b) except in a case where the provisions of paragraph 5 or of an order under paragraph 7(2)(a) or the provisions of Part III of this Schedule apply, the quantity by net weight of solid fuel so made up is made known to the buyer before or at the time when he takes possession of the solid fuel.

(2) Subject to sub-paragraph (3), where solid fuel of any description made up in containers in any of the following quantities, that is to say,... 25, 50 or 62.5 kilogrammes, is carried on a road vehicle on a highway for sale or for delivery after sale, solid fuel of that description so made up in any other of those quantities shall not at the same time be carried on that vehicle; and if this sub-paragraph is contravened the seller shall be guilty of an offence.

(3) There shall be exempted from all the requirements of sub-paragraphs (1) and (2) solid fuel made up in a container only for ease of handling as part of the load of a vehicle or ship where the whole of that load so far as it consists of solid fuel is being delivered to—

- (a) a single buyer; or
- (b) not more than three separate buyers in pursuance of, or of any agreement for, the sale thereof otherwise than by retail.

Annotations:

F47 SR 1995/227

4. Solid fuel shall be sold by means of, or offered or exposed for sale in, a vending machine only if there is displayed on or in the machine—

- (a) an indication of the quantity by net weight of the fuel comprised in each item for sale by means of that machine; and
- (b) except where the machine is on premises at which the seller carries on business, a statement of the name and address of the seller.

5.—(1) This paragraph applies to any vehicle on or from which any solid fuel available for purchase in a quantity of^{F48}... 200 kilogrammes or less is sold or kept or exposed for sale.

(2) On every vehicle to which this paragraph applies there shall, in respect of solid fuel of every description which is available as described in sub-paragraph (1), be displayed a notice specifying the quantity in which solid fuel of that description is kept or exposed for sale in containers or is made available for delivery in containers after sale and the name and address of the seller.

(3) Every such notice—

- (a) shall be constructed of wood or other durable material;
- (b) shall be clearly and permanently inscribed in characters—
 - (i) of a height of not less than^{F48} 62.5 millimetres]; and
 - (ii) composed of strokes of a breadth of not less than^{F48} 12.5 millimetres];
- (c) shall be securely and conspicuously affixed to the vehicle in such a position as to be easily read from either side of the vehicle.

(4) If in the case of any vehicle there is a contravention of any of the requirements of this paragraph, the person by or on behalf of whom the solid fuel is made available for purchase as described in sub-paragraph (1), and any other person who is in charge of the vehicle at the time of the contravention, shall each be guilty of an offence.

Annotations:

F48 SR 1995/227

6. Any person who, with intent to defraud or deceive, damps any solid fuel shall be guilty of an offence.

7.—(1) This paragraph applies to any vehicle which is used on highways for carrying solid fuel for sale, or for delivery after sale, or on or from which any solid fuel is sold or kept or exposed for sale, and in this paragraph “container” means any container in which solid fuel is carried on such a vehicle, or is delivered from such a vehicle.

(2) The Department may by order make provision—

- (a) for securing the display on any such vehicle of an indication of the quantities in which solid fuel is made up in containers;
- (b) for requiring all containers carried on or delivered from any one vehicle to be made up in the same quantity, or for regulating in any other way the quantities in which they are made up;
- (c) for imposing any requirement as to the loading of the vehicle, or the delivery of solid fuel from the vehicle, which appears to the Department appropriate for securing that purchasers are not misled as to the quantity of fuel they purchase.

(3) An order under sub-paragraph (2) may—

- (a) make provision for any of the purposes mentioned in that sub-paragraph by means of amending, or of applying with or without modifications, or of excluding the application in whole or in part of, any of the provisions of this Part;
- (b) contain such consequential, incidental or supplementary provisions, whether of such kinds as aforesaid or otherwise, as appear to the Department to be expedient;
- (c) make provision, in respect of contraventions of the order for which no penalty is provided by this Order, for the imposition of penalties not exceeding those provided by Article 47 for an offence under this Order.

8. An order under Article 19 may amend or repeal this Part.

PART II

WEIGHING OF SOLID FUEL AT BUYER'S REQUEST

9. If in the case of any solid fuel sold otherwise than by means of a vending machine, the buyer so requests—

- (a) with respect to any of that fuel the delivery of which has not at the time of the request been completed; or
- (b) if the request is made before the departure from the premises at which the fuel is delivered of the person delivering it, with respect to any of that fuel the delivery of which has been completed but which is still capable of identification,

the seller shall cause the fuel to be weighed by means of suitable weighing equipment in the presence of the buyer and, in the case of any fuel such as is mentioned in sub-paragraph (a), before the delivery of that fuel is completed; and if this paragraph is contravened, the seller shall be guilty of an offence.

10. Where a request under paragraph 9 is made in respect of the whole load of a vehicle, the requirements of that paragraph shall be deemed to be satisfied, notwithstanding that the weighing is not done in the presence of the buyer, if the seller causes the vehicle to be check-weighed and

the statements of the weights found by the person or persons attending to the check-weighing to be delivered to the buyer.

11. Where after weighing in pursuance of a request under paragraph 9 the weight of the solid fuel is found to be not less than, as the case may be,—

- (a) that purporting to be contained in the relevant number of any securely closed containers in which the fuel is made up, having regard to the weight marked on each of those containers;
- (b) that which is made known to the buyer in accordance with paragraph 3(1)(b);
- (c) that purporting to be contained in the relevant number of containers having regard to the weight stated on a notice displayed on a vehicle in accordance with paragraph 5(2) or an indication of quantities so displayed in accordance with an order under paragraph 7(2)(a); or
- (d) that stated by the seller in any document delivered to the buyer at or before the delivery of the fuel to him;

the buyer shall be liable to repay to the seller all costs reasonably incurred by the seller in connection with the weighing.

PART III

CARRIAGE OF SOLID FUEL BY ROAD

12. This Part shall have effect with respect to the carriage by a road vehicle on a journey any part of which is along a highway of any solid fuel required by paragraph 2 to be sold only by net weight (in this Part referred to as “relevant goods”).

13.—(1) If the vehicle is carrying any relevant goods for delivery to a buyer in pursuance of, or of an agreement for, a sale of such goods, then before the journey begins, there shall be delivered to the person in charge of the vehicle a document such as is described in sub-paragraph (2); and if this sub-paragraph is contravened the seller shall be guilty of an offence.

(2) The document referred to in sub-paragraph (1) is a document signed by or on behalf of the seller stating—

- (a) the name and address of the seller;
- (b) the name of the buyer and the address of the premises to which the goods to which the document relates are being delivered;
- (c) the type of the said goods;
- (d) subject to sub-paragraph (3), the aggregate net weight of the said goods; and
- (e) where any of the said goods are made up in containers—
 - (i) the number of those containers; and
 - (ii) except in circumstances such as are described in paragraph 3(3), the net weight of the goods in each of those containers.

(3) Where the whole of the vehicle's load consists of relevant goods not made up in containers and is being delivered to the same person at the same premises, the statement referred to in sub-paragraph (2)(d) shall not be required at any time while the vehicle is travelling between the place where it was loaded and the nearest suitable and available weighing equipment if the document aforesaid states that the quantity of the relevant goods is to be expressed by net weight determined by means of that equipment and specifies the place at which the equipment is situated.

(4) In any case to which sub-paragraph (3) applies, the person in charge of the vehicle at the time when the net weight of the relevant goods is determined shall forthwith add to the document aforesaid a statement of that net weight, and if he fails so to do he shall be guilty of an offence.

(5) If the vehicle is carrying relevant goods to which sub-paragraph (1) applies for delivery to each of two or more buyers—

- (a) that sub-paragraph shall apply separately in relation to each of those buyers; and
- (b) subject to sub-paragraph (6), the relevant goods for delivery to each respectively of those buyers shall be carried on the vehicle made up separately in containers or in separate compartments;

and if head (b) is contravened the seller shall be guilty of an offence.

(6) Sub-paragraph (5)(b) shall not apply where the vehicle is constructed or adapted for the mechanical making up in containers of the fuel carried thereon and incorporates weighing equipment approved by the Department for that purpose nor shall it apply in circumstances such as are described in paragraph 3(3)(b).

14.—(1) Subject to sub-paragraph (2), if all or any of the relevant goods on the vehicle are being carried in such circumstances that paragraph 13(1) does not apply there shall, before the journey begins, be delivered to the person in charge of the vehicle a document signed by or on behalf of the person causing the goods to be carried giving the name and address of the last-mentioned person and containing a statement to the effect that all or part of the relevant goods on the vehicle are goods to which paragraph 13(1) does not apply, and if this paragraph is contravened the last-mentioned person shall be guilty of an offence.

(2) Sub-paragraph (1) shall not apply where the total quantity of the relevant goods carried on the vehicle does not exceed^[F49] 125 kilograms].

Annotations:

F49 SR 1995/227

15. Any document required by paragraph 13 or 14 shall at all times during the journey be carried by the person for the time being in charge of the vehicle and shall be handed over by him to any other person to whom he hands over the charge of the vehicle in the course of the journey; and in the case of any document such as is mentioned in paragraph 13, on the unloading of the goods to which the document relates at the premises to which those goods are to be delivered—

- (a) before any of those goods are so unloaded, the document shall be handed over to the buyer; or
- (b) if the document cannot be so handed over by reason of the absence of the buyer, it shall be left at some suitable place at those premises;
