Exclusive licences under Article 8(1)(a) or (c)

9.—(1) A licence granted under Article 8(1)(a) or (c) may, if the grantor having regard to the duties imposed by Article 5 considers it appropriate, confer on the holder of the licence, for a period specified in the licence, exclusive authority to carry on designated activities.

(2) In this Article, in relation to a licence—

“designated activities” means such of the activities authorised by the licence as are designated in the licence for the purposes of this Article, and activities may be so designated by reference to a class or description of activities or by reference to any area in which they are authorised to be carried on by the licence;

“specified period” means the period specified in the licence under paragraph (1) or substituted for that period under paragraph (5)(a) or (7)(a).

(3) Where a licence granted under Article 8(1)(a) or (c) confers on the holder exclusive authority to carry on designated activities, no other licence shall be granted under Article 8(1)(a) or (c) so as to authorise any other person to carry on any such designated activities in the specified period.

(4) Conditions included under Article 10(1)(a) in a licence conferring on the holder exclusive authority to carry on any designated activities may make special provision in relation to the carrying on of such activities within the specified period.

(5) Where the grantor is satisfied on reasonable grounds that the holder of a licence conferring exclusive authority to carry on designated activities has contravened any relevant condition of his licence, the grantor may modify the licence—

- (a) so as to substitute for the specified period such shorter period as the grantor may determine;
- (b) so as to exclude from those activities which are designated activities for the purposes of this Article such activities as the grantor may determine; or
- (c) so as to remove from the licence those provisions which confer exclusive authority to carry on designated activities.

(6) In paragraph (5) “relevant condition” means a condition of the licence (whether one included by virtue of paragraph (4) or not) which is identified in the licence as a relevant condition for the purposes of this Article.

(7) The grantor may, with the consent of the holder of a licence conferring exclusive authority to carry on designated activities, modify the licence—

- (a) so as to substitute for the specified period such longer period as the grantor may determine;
- (b) so as to add to those activities which are designated activities for the purposes of this Article such activities as the grantor may determine.

(8) Before making any modifications under paragraph (5) or (7) the grantor shall give notice—

- (a) stating that the grantor proposes to make the modifications and setting out their effect;
- (b) stating the reasons why the grantor proposes to make the modifications; and
- (c) specifying the time (not being less than 28 days from the date of publication of the notice) within which representations or objections with respect to the proposed modifications may be made,

and shall consider any representations or objections which are so made and not withdrawn.

(9) A notice under paragraph (8) shall be given—

- (a) by publishing the notice in such manner as the grantor considers appropriate for the purpose of bringing the notice to the attention of persons likely to be affected by the making of the modifications; and
- (b) by sending a copy of the notice to the holder of the licence.

Conditions of licences

10.—(1) A licence may include—

- (a) such conditions (whether or not relating to the activities authorised by the licence) as appear to the grantor to be requisite or expedient having regard to the duties imposed by Article 5; and
- (b) conditions requiring the rendering to the grantor of a payment on the grant of the licence, or payments during the currency of the licence, or both, of such amount or amounts as may be determined by or under the licence.

(2) Without prejudice to the generality of paragraph (1)(a), conditions included in a licence by virtue of that sub-paragraph—

- (a) may require the licence holder to enter into agreements with other persons for the use of any gas plant of his (wherever situated and whether or not used for the purpose of carrying

- on the activities authorised by the licence) for such purposes as may be specified in the conditions; and
- (b) may include provision for determining the terms on which such agreements are to be entered into.
- (3) Conditions included in a licence under paragraph (1)(a) may require the licence holder—
- (a) to comply with any direction given by the Department or the Director as to such matters as are specified in the licence or are of a description so specified;
 - (b) except in so far as the Department or the Director consents to his doing or not doing them, not to do or to do such things as are specified in the licence or are of a description so specified;
 - (c) to refer for determination by the Department or the Director such questions arising under the licence as are specified in the licence or are of a description so specified;
 - (d) to refer for approval by the Department or the Director such things falling to be done under the licence, and such arrangements, contracts or agreements made before the grant of the licence, as are specified in the licence or are of a description so specified; and
 - (e) to provide the Department or the Director with, or publish, such information relating to the activities authorised by the licence as appear to the Department or the Director to be requisite or expedient having regard to the duties imposed by Article 5.
- (4) Conditions included in a licence under paragraph (1)(a) may—
- (a) instead of specifying or describing any arrangements, contracts or agreements to which they apply, refer to arrangements, contracts or agreements designated (whether before or after the imposition of the conditions) by the Department or the Director; and
 - (b) instead of containing any provisions which fall to be made, refer to provisions set out in documents so designated and direct that those provisions shall have such effect as may be specified in the conditions.
- (5) Conditions included in a licence may contain provision for the conditions to cease to have effect or be modified at such times, in such manner and in such circumstances as may be specified in or determined by or under the conditions.
- (6) Any provision included under paragraph (5) in a licence shall have effect in addition to the provision made by this Part with respect to the modification of the conditions of a licence.
- (7) Any sums received by the Director in consequence of any condition of a licence shall be paid into the Consolidated Fund.

Standard conditions of licences

11.—(1) Such conditions as may be determined by the Department, and published by it in such manner as it considers appropriate, in relation to licences under sub-paragraph (a), (b) or (c) of Article 8(1) shall be standard conditions for the purposes of licences under that sub-paragraph.

(2) Subject to paragraph (3) and Articles 14(2), 17(2) and 18(2), each condition which by virtue of paragraph (1) is a standard condition for the purposes of licences under sub-paragraph (a), (b) or (c) of Article 8(1) shall be incorporated (that is to say, incorporated by reference) in each licence under that sub-paragraph.

(3) The Department, or the Director with the consent of the Department or in accordance with a general authority given by the Department under Article 8, may, in granting a licence, modify any of the standard conditions to such extent as the Department or the Director considers requisite to meet the circumstances of the particular case.

(4) The modification under paragraph (3) of a condition of a licence shall not prevent so much of the condition as is not modified being regarded as a standard condition for the purposes of this Part.

Assignment of licences

12.—(1) A licence shall be capable of being assigned either generally or—

- (a) in the case of a licence under Article 8(1)(a), so far as relating to the whole or any part of an authorised area;
- (b) in the case of a licence under Article 8(1)(b), so far as relating to any specified gas storage facility;
- (c) in the case of a licence under Article 8(1)(c), so far as relating to any specified persons or premises,

but only if it includes a condition authorising such assignment.

In this paragraph “specified” means specified in the licence, or of a class or description, or in an area, so specified.

(2) A licence shall not be capable of being assigned except with the consent of the Director.

(3) In deciding whether to give his consent under paragraph (2), the Director shall apply the same criteria as he would apply if—

- (a) in the case of a general assignment, he were deciding whether to grant a corresponding licence to the assignee;
- (b) in the case of any other assignment, he were deciding whether—
 - (i) to grant to the assignee a licence corresponding to so much of the licence as is proposed to be assigned; and
 - (ii) to grant to the assignor a licence corresponding to so much of the licence as is proposed to be retained.

(4) Subject to paragraph (5), a consent under paragraph (2) may be given subject to compliance with—

- (a) such modification or other conditions as the Director considers necessary or expedient for the purpose of protecting the interests of consumers; and
- (b) such incidental or consequential modification conditions as he considers necessary or expedient.

(5) The Director shall give the Department not less than 28 days' notice of any proposal of his to impose a modification condition; and if, before the expiry of the time specified in the notice, the Department directs the Director not to impose the condition, the Director shall comply with the direction.

(6) A licence may include conditions which must be complied with before the licence can be assigned.

(7) An assignment, or purported assignment, of a licence shall be v o i d —

- (a) if the licence is not capable of assignment;
- (b) if the assignment, or purported assignment, is in breach of a condition of the licence; or
- (c) if there has, before the assignment or purported assignment, been a contravention of a condition subject to compliance with which the consent required by paragraph (2) is given.

(8) A licence shall not be capable of being assigned under any other provision of this Part.

(9) In this Article—

“assignment” includes any form of transfer;

“modification condition” means a condition requiring or otherwise providing for the making of modifications to the conditions of a licence;

and the reference in this paragraph to a licence includes (where applicable) a reference to so much of a licence as is retained by an assignor.

Powers of licence holders

13.—(1) Subject to paragraph (2)—

(a) Schedule 2 (which makes provision with respect to the compulsory acquisition of land); and

(b) Schedule 3 (which confers other powers in relation to land and makes other provision), shall, to the extent that his licence so provides, have effect in relation to the holder of a licence under Article 8(1)(a) or (b); and references in those Schedules to a licence holder shall be construed accordingly.

(2) Where any provision of either of the Schedules mentioned in paragraph (1) is applied to a licence holder by his licence, it shall have effect subject to such restrictions, exceptions and conditions as may be included in the licence for the purpose of qualifying that provision as so applied or any power or right conferred by or under it.

Modification of licences

Modification by agreement

14.—(1) Subject to the following provisions of this Article, the Director may—

(a) modify the conditions of a particular licence; or

(b) modify the standard conditions of licences under sub-paragraph (a), (b) or (c) of Article 8(1).

(2) Where at any time the Director modifies under paragraph (1)(b) the standard conditions of licences under sub-paragraph (a), (b) or (c) of Article 8(1), he—

(a) shall also make (as nearly as may be) the same modifications of those conditions for the purposes of their incorporation in licences under that sub-paragraph granted after that time; and

(b) may make such incidental or consequential modifications as he considers necessary or expedient of any conditions of licences under that sub-paragraph granted before that time.

(3) Before making modifications under this Article, the Director shall give notice—

(a) stating that he proposes to make the modifications and setting out their effect;

(b) stating the reasons why he proposes to make the modifications; and

(c) specifying the time (not being less than 28 days from the date of publication of the notice) within which representations or objections with respect to the proposed modifications may be made,

and shall consider any representations or objections which are duly made and not withdrawn.

(4) A notice under paragraph (3) shall be given—

(a) by publishing the notice in such manner as the Director considers appropriate for the purpose of bringing the notice to the attention of persons likely to be affected by the making of the modifications; and

(b) by sending a copy of the notice to the holder of the licence or, as the case may be, the relevant licence holders and to the Department.

(5) If, within the time specified in the notice under paragraph (3), the Department directs the Director not to make any modification, the Director shall comply with the direction.

- (6) The Director shall not make any modifications under paragraph (1)(a) unless—
- (a) the holder of the licence has consented to the modifications; and
 - (b) in the case of standard conditions of a licence, the Director is of the opinion that the modifications—
 - (i) are requisite to meet the circumstances of the particular case; and
 - (ii) are such that no other licence holder would be unduly disadvantaged in competing with other licence holders (including the holder of the licence).

- (7) The Director shall not make any modifications under paragraph (1)(b) unless—
- (a) the percentage given by each of paragraphs (8) and (9) is not less than 90 per cent;
 - (b) the percentage given by paragraph (8) is not less than 90 per cent and no relevant activities have been carried on by relevant licence holders; or
 - (c) paragraph (10) applies.

(8) The percentage given by this paragraph is the fraction given by the following formula expressed as a percentage, namely—

$$\frac{C}{C + N}$$

where—

- C = the number of consenting holders;
- N = the number of non-consenting holders.

(9) The percentage given by this paragraph is the fraction given by the following formula expressed as a percentage, namely—

$$\frac{C}{C + N}$$

where—

- C = the volume of gas to which relevant activities carried on by consenting holders relate;
- N = the volume of gas to which relevant activities carried on by non-consenting holders relate, as estimated (in each case) by the Director on the basis of the information available to him.

- (10) This paragraph applies where the Director is of the opinion—
- (a) that the effect of the standard conditions is such as to impose a burden affecting relevant licence holders in the carrying on of activities to which the modifications relate;
 - (b) that the modifications would remove or reduce the burden without removing any necessary protection; and
 - (c) that the modifications are such that no relevant licence holder would be unduly disadvantaged in competing with other relevant licence holders.

(11) Where at any time the Director modifies standard conditions under paragraph (2)(a) for the purposes of their incorporation in licences under sub-paragraph (a), (b) or (c) of Article 8(1) granted after that time, he shall publish the modifications in such manner as he considers appropriate.

- (12) In this Article, in relation to modifications of standard conditions under paragraph (1)(b)—
- “consenting holder” means a relevant licence holder who has consented to the modifications;
 - “non-consenting holder” means a relevant licence holder who has not so consented;

“relevant activity” means an activity to which the modifications relate and which is carried on in the period of 12 months immediately preceding the making of the modifications;

“relevant licence holder” means a licence holder whose licence incorporates the standard conditions.

(13) The Department may by order substitute for the percentage for the time being specified in paragraph (7)(a) and (b) such other percentage as the Department thinks fit.

Modification references to Monopolies Commission

15.—(1) The Director may make to the Monopolies Commission a reference which is so framed as to require the Commission to investigate and report on the questions—

- (a) whether any matters which—
 - (i) relate to the carrying on of activities authorised or required by a particular licence; and
 - (ii) are specified in the reference, operate, or may be expected to operate, against the public interest; and
- (b) if so, whether the effects adverse to the public interest which those matters have or may be expected to have could be remedied or prevented by modifications of the relevant conditions, that is to say, the conditions of the licence.

(2) The Director may make to the Monopolies Commission a reference which is so framed as to require the Commission to investigate and report on the questions—

- (a) whether any matters which—
 - (i) relate to the carrying on of activities authorised or required by licences under sub-paragraph (a), (b) or (c) of Article 8(1); and
 - (ii) are specified in the reference, operate, or may be expected to operate, against the public interest; and
- (b) if so, whether the effects adverse to the public interest which those matters have or may be expected to have could be remedied or prevented by modifications of the relevant conditions, that is to say, the standard conditions of licences under that sub-paragraph.

(3) The Director may, at any time, by notice given to the Monopolies Commission vary a reference under this Article by adding to the matters specified in the reference or by excluding from the reference some or all of the matters so specified; and on receipt of any such notice the Commission shall give effect to the variation.

(4) The Director may specify in a reference under this Article, or a variation of such a reference, for the purpose of assisting the Monopolies Commission in carrying out the investigation on the reference—

- (a) any effects adverse to the public interest which, in his opinion, the matters specified in the reference or variation have or may be expected to have; and
- (b) any modifications of the relevant conditions by which, in his opinion, those effects could be remedied or prevented.

(5) As soon as practicable after making a reference under this Article or a variation of such a reference, the Director—

- (a) shall serve a copy of the reference or variation on the licence holder or, as the case may be, the relevant licence holders; and

(b) shall publish particulars of the reference or variation in such manner as he considers appropriate for the purpose of bringing the reference or variation to the attention of persons likely to be affected by it.

(6) The Director shall also send a copy of a reference under paragraph (2), or a variation of such a reference, to the Department; and if, before the end of the period of 28 days from the day on which the Department receives the copy of the reference or variation, the Department directs the Monopolies Commission not to proceed with the reference or, as the case may require, not to give effect to the variation, the Commission shall comply with the direction.

(7) It shall be the duty of the Director, for the purpose of assisting the Monopolies Commission in carrying out an investigation on a reference under this Article, to give to the Commission—

(a) any information in his possession which relates to matters falling within the scope of the investigation and—

(i) is requested by the Commission for that purpose; or

(ii) is information which, in his opinion, it would be appropriate for that purpose to give to the Commission without any such request; and

- (b) that it is requisite that a provisional order be made,

he shall (instead of taking steps towards the making of a final order) by a provisional order make such provision as appears to him requisite for the purpose of securing compliance with that condition.

(3) In determining for the purposes of paragraph (2)(b) whether it is requisite that a provisional order be made, the Director shall have regard, in particular—

and shall consider any representations or objections which are duly made and not withdrawn.

- (c) consider any representations or objections which are duly made and not withdrawn.

(5) As soon as practicable after making a final order or making or confirming a provisional order, the Director shall—

- (a) serve a copy of the order on the licence holder to whom the order relates; and

(b) that any of the requirements of Article 20 have not been complied with in relation to it, he may, within 42 days from the date of service on him of a copy of the order, make an application to the High Court under this Article.

(a) may quash the order or any provision of the order; or

(b) if and to the extent that the application related to so much of an order as imposes a monetary penalty, may substitute a monetary penalty of such lesser amount as the High Court considers appropriate in all the circumstances of the case.

(3) Except as provided by this Article, the validity of a final or provisional order shall not be questioned by any legal proceedings whatever.

(4) The obligation to comply with a final or provisional order shall be a duty owed to any person who may be affected by a contravention of the order. P

(6) In any proceedings brought against a licence holder under paragraph (5), it shall be a defence for him to prove that he took all reasonable steps and exercised all due diligence to avoid contravening the order.

(7) Without prejudice to any right which any person may have under paragraph (5) to bring civil proceedings in respect of any contravention or apprehended contravention of a final or provisional order, compliance with any such order shall be enforceable by civil proceedings by the Director for an injunction or for any other appropriate relief.

(2) A notice under paragraph (1) has effect only in relation to works falling to be executed after the service of the notice.

(3) If, before the expiration of 12 weeks from the date on which a notice is served on any person under paragraph (1), he serves a counter-notice on the Department objecting to the notice, the Department shall afford him an opportunity of appearing before and being heard by a person appointed by the Department for the purpose.

Enforcement of requirements imposed under Article 50

51.—(1) In the event of a failure, in relation to the execution of works in land for the construction of a pipe-line, to comply with any prohibition imposed by a notice served under Article 50(1)(a), the Department may serve on the person who executed the works a notice requiring him to remove so much of the works as has been executed without compliance with the prohibition or, if he so elects, to effect such alterations thereto as may be necessary to make them comply with the prohibition.

(2) In the event of a failure, in relation to the execution of works in land for the construction of a pipe-line, to comply with any prohibition imposed by a notice served under Article 50(1)(b), (c) or (d), the Department may serve on the owner of the line a notice requiring him to remove so much of the line as has been constructed without compliance with the prohibition or, if he so elects, to effect such alterations thereto as may be necessary to comply with the prohibition.

(3) If a person on whom a notice is served under paragraph (1) or (2) fails, before the expiration of 6 weeks from the date on which the notice was served, or such longer period as the Department may on his application allow, to comply with the requirement imposed by the notice, the Department may—

- (a) enter and remove any works or length of line with respect to which there has been a failure to comply with the requirement, or
- (b) effect such alterations to the works or line as the Department deems necessary.

(4) Where, in consequence of compliance with a requirement imposed by a notice served on a person under paragraph (1) or (2), another person suffers loss by reason of damage to, or disturbance in the enjoyment of, any land or chattels, that other person shall be entitled to compensation in respect of that loss from the person on whom the notice was served.

(5) Where, in consequence of the exercise by the Department of the powers conferred by paragraph (3), a person (other than the person on whom the notice was served under paragraph (1)

or (2)) suffers loss by reason of damage to, or disturbance in the enjoyment of, any land or chattels, he shall be entitled to compensation in respect of that loss from the Department.

(6) The Department may recover from the person on whom a notice under paragraph (1) or (2) was served—

- (a) the expenses reasonably incurred by it in taking any action under paragraph (3); and
- (b) the amount of any compensation paid by it under paragraph (5).

(7) The removal of any works or length of pipe-line required to be removed by a notice under paragraph (1) or (2) and any change in the use of land which is involved in that removal shall not constitute development for the purposes of the Planning (Northern Ireland) Order 1991.

(8) The service of a notice under paragraph (1) or (2) in consequence of any such failure as is therein mentioned shall be without prejudice to the taking of proceedings under Article 50(6).

Prohibition of use of length of pipe-line not complying with requirements imposed under Article 50

52.—(1) Where, by virtue of Article 51(1), works are required to be removed or altered, it shall not be lawful for use to be made of so much of a pipe-line as has been constructed in the course of the execution of the works unless and until such alterations have been effected to the works (whether by the person required to remove or alter them or by the Department) as are necessary to make them comply with the prohibition in contravention of which they were executed.

(2) Where, by virtue of Article 51(2), a length of a pipe-line is required to be removed or altered, it shall not be lawful for use to be made of that length unless and until such alterations have been effected thereto (whether by the person required to remove or alter it or by the Department) as are necessary to make it comply with the prohibition in contravention of which it was constructed.

(3) In the event of a contravention of paragraph (1) in relation to any works, the person who executed them shall be guilty of an offence, and, in the event of a contravention of paragraph (2) in relation to a length of a pipe-line, the owner of the line comprising the length shall be guilty of an offence.

Power of Department to impose requirements with respect to examination, repair, etc., of pipe-lines

53.—(1) In the case of any pipe-line, the Department may at any time by notice served on the owner thereof impose such requirements with respect to all or any of the following matters as the Department thinks it expedient to impose in the interests of safety, namely,—

- (a) the examination, repair, maintenance, adjustment and testing of the line;
- (b) the inspection of the route taken by the line.

(2) If, in the case of any pipe-line or length thereof, the Department thinks it expedient in the interests of safety to do so, the Department may by notice served on the owner of the line—

- (a) require that the line shall be so operated that the pressure of its contents, or, as the case may be, the pressure of the contents of that length of it, will at no point exceed such pressure as may be specified in the notice; or
- (b) prohibit the use (either absolutely or for the conveyance of gas other than gas of a particular kind specified in the notice) of the line or, as the case may be, that length of it, until there have been effected thereto such alterations as may be so specified.

(5) Where, in consequence of the effecting of alterations to a pipe-line or a length of a pipe-line in consequence of the service of a notice under paragraph (2) a person, other than the person on whom the notice was served, suffers loss by reason of damage to, or disturbance in the enjoyment of, any land or chattels, he shall be entitled to compensation in respect of that loss from the person on whom the notice was served.

Power of Department to cause action to be taken to render pipe-line safe on abandonment or cesser of use

54.—(1) Where—

- (a) a pipe-line or a length thereof has been abandoned, or 3 years have expired from the date on which a pipe-line or a length thereof was last used; and
- (b) the Department is of the opinion that the line or length is, or is likely to become, a source of danger,

the Department may serve on the owner of the line a notice requiring him to take such action in relation to the line or length as may be specified in the notice, being action which appears to the Department requisite to stop the line or length being, or prevent it becoming, a source of danger.

(2) If a person on whom a notice is served under paragraph (1) fails, before the expiration of 6 weeks from the date on which the notice was served, or such longer period as the Department may on his application allow, to take the action specified in the notice, the Department may enter and take that action.

(3) Where, in consequence of compliance with a requirement imposed by a notice under paragraph (1), a person other than the owner of the pipe-line suffers loss by reason of damage to, or disturbance in the enjoyment of, any land or chattels, he shall be entitled to compensation in respect of that loss from the owner of the line.

(4) Where, in consequence of the exercise by the Department of its powers under paragraph (2) in relation to a pipe-line or length thereof, a person other than the owner of the pipe-line suffers loss by reason of damage to, or disturbance in the enjoyment of, any land or chattels, he shall be entitled to compensation in respect of that loss from the Department.

(5) The Department may recover from the owner of a pipe-line on whom a notice has been served under paragraph (1)—

- (a) the expenses reasonably incurred by the Department in taking action under paragraph (2); and
- (b) the amount of any compensation paid by the Department under paragraph (4).

Prohibition by Department of use or testing of pipe-line

55.—(1) The Department may at any time by notice served on the owner of a pipe-line prohibit the use or testing of the pipe-line, or of any length of pipe-line, unless there are satisfied such requirements as may be specified in the notice for the purpose mentioned in paragraph (2).

(2) The purpose referred to in paragraph (1) is that of ensuring that funds are available to discharge any liability that may arise in respect of damage attributable to the release or escape of gas from the pipe-line or length.

(3) Paragraphs (3) to (5) of Article 50 shall apply in relation to a notice served under paragraph (1) of this Article as they apply in relation to a notice served under paragraph (1) of that Article.

Power of Department, where pipe-line imperilled by building or structure, to order demolition thereof or execution of remedial works

56.—(1) If, without the consent of the Department, a person so erects or constructs a building or structure that a part of it is situated less than 3 metres from a point on the surface of land whose position is vertically above a part of a pipe-line below the surface, the provisions of paragraphs (2) to (5) shall have effect, except in a case where paragraph (6) applies.

(2) The Department may serve on the owner or owners of the building or structure in question and on the owner of the pipe-line notice of the time (being some time not less than 21 days from the date of the service of the notice) and place at which the question of ordering the building or structure to be demolished or (in lieu thereof) works to be executed for the safeguarding of the pipe-line will be considered by the Department, and the owners of the building or structure and the owner of the pipe-line shall be entitled to be heard when that question is so considered.

(3) If, after taking that question into consideration, the Department is satisfied that it is impracticable to safeguard the pipe-line in question otherwise than by means of the demolition of the building or structure in question or of a part thereof, it may make a demolition order requiring that the building or structure or that part thereof shall be demolished, and that (in the case of a building) the building, or such part thereof as is required to be vacated for the purposes of the demolition, shall be vacated within 2 months from the date which the order becomes operative.

(4) If, after taking that question into consideration, the Department is satisfied that the pipe-line in question can be safeguarded by the execution to the building or structure in question of any works in lieu of the demolition thereof (in whole or in part), it may make an order requiring the execution thereto of such works as may be specified in the order.

(5) If, after taking that question into consideration, the Department is satisfied that the pipe-line in question can be safeguarded by the execution, in lieu of the demolition (in whole or in part) of the building or structure in question, of works to the pipe-line, it may make an order requiring the execution thereto of such works as may be specified in the order.

(6) Paragraphs (2) to (5) shall not have effect in the case of—

- (a) a building or structure forming part of a pipe-line or erected or constructed for the lodging therein of part of a pipe-line, being a building or structure no part of which is situated less than 3 metres from a point on the surface of land whose position is vertically above a part of another pipe-line below the surface; or
- (b) a building or structure in which a pipe-line or any part of a pipe-line is terminated.

(7) Where the Department makes an order under this Article, it shall—

- (a) in the case of an order under paragraph (3) or (4), serve a copy of it on the owner of the building or structure in question; and

(8) Schedule 4 shall have effect in relation to demolition orders under paragraph (3) and orders under paragraphs (4) and (5).

Power of the Department to remove deposits imperilling pipe-line

57.—(1) Subject to paragraph (2), if, without the consent of the Department, a person so deposits any earth, refuse, spoil or other materials that any of the materials deposited are situated less than 3 metres from a point on the surface of land whose position is vertically above a part of a pipe-line below the surface, the Department may—

- (a) enter and remove the materials deposited; and
- (b) recover the expenses reasonably incurred by it in so doing from the owner of the land on which the materials were deposited or, if there is more than one owner, from the owners thereof in such shares as the court may determine to be just and equitable.

(2) Paragraph (1) does not apply to materials deposited—

- (a) for the purposes or in the course of agricultural operations, not being operations for the storage of crops, grass or silage; or
- (b) in the course of executing street works within the meaning of the Street Works (Northern Ireland) Order 1995.

(3) An owner of land who pays to the Department the full amount of a claim by it under paragraph (1) may recover from any other owner of the land such contribution, if any, as the court may determine to be just and equitable.

(4) The county court within whose jurisdiction the land is situated shall have jurisdiction to hear and determine any proceedings under paragraph (1) or (3); and in determining for the purposes of either of those paragraphs the shares in which any expenses shall be paid or contributed by two or more owners of any land, a county court shall have regard to their respective interests in the land and all the other circumstances of the case.

Compensation in respect of restrictions under Articles 56 and 57

58.—(1) Where works for the construction of a pipe-line have been executed (whether before or after the coming into operation of this Article) and the value of an interest in land is depreciated in consequence of restrictions taking effect by virtue of Article 56(1) or 57(1) being an interest subsisting at the time when those restrictions take effect as respects that land, then, subject to paragraph (2), there shall be payable in respect of that interest by the owner of the pipe-line compensation of an amount equal to the amount of the depreciation.

(2) Paragraph (1) shall not apply—

- (a) where land is acquired, whether compulsorily or by agreement, for the purpose of placing therein a length of pipe-line, to land which, immediately before the acquisition, comprised or was held with the land so acquired;
- (b) to land comprising or held with land over which a right to place therein a length of pipe-line has been acquired, whether compulsorily or by agreement (otherwise than by virtue of the acquisition of the land).

- (d) the resumption of the use of a pipe-line or a length thereof after the abandonment of the line or length (as the case may be) or after the expiration of 3 years from the date on which it was last used,

the owner of the line shall, within 2 weeks after the happening of the event, give to the Department notice thereof specifying the date on which it happened and the line or length in question.

(2) Where a pipe-line or a length thereof is abandoned after the date on which the line or length (as the case may be) was last used but before the expiration of 3 years from that date, it shall not be necessary to give, under paragraph (1), notice of the expiration of that period.

(3) A person who fails to comply with paragraph (1) shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

Fire authority, police, etc., to be notified of certain pipe-line accidents and to be furnished with information

60.—(1) It shall, in the case of every pipe-line, be the duty of the owner thereof to make, and to ensure the efficient carrying out of, arrangements whereby, in the event of the accidental escape or the ignition of any gas in the line, immediate notice of the event is given—

- (a) to the Fire Authority for Northern Ireland;
- (b) to the Royal Ulster Constabulary; and
- (c) to any other body which the Department, by notice served on the owner of the line, requires him to treat, for the purposes of this Article as relevant in relation to the line, being a body in the case of which it is stated in the notice that the Department is satisfied that it will or may have, in consequence of the happening of the event, to take in the public interest steps for such purpose as may be specified in the notice.

(2) It shall be the duty of the owner of a pipe-line if requested so to do by any body for whose notification, in the event specified in paragraph (1), arrangements are thereby required to be made, to furnish the body with such maps, and to give it such information, as it may reasonably require in order—

- (b) the owner or occupier of the land, having been given a notice under sub-paragraph (3),—
 - (i) has failed to give-the necessary wayleave before the end of the period specified in that notice; or
 - (ii) has given the wayleave subject to terms and conditions to which the licence holder objects;

and in this paragraph as it so applies “the necessary wayleave” means consent for the licence holder to install and keep installed the gas apparatus in the land and to have access to the land for the purpose of inspecting, maintaining, adjusting, repairing or altering the apparatus,

(2) This paragraph also applies where—

- (a) for any purpose connected with the carrying on of the activities which he is authorised by his licence to carry on, it is necessary or expedient for a licence holder to keep any gas apparatus installed in any land; and
- (b) the owner or occupier of the land has given notice to the licence holder under paragraph 12(2) requiring him to remove the apparatus;

and in this paragraph as it so applies “the necessary wayleave” means consent for the licence holder to keep the gas apparatus installed in the land and to have access to the land for the purpose of inspecting, maintaining, adjusting, repairing or altering the apparatus.

(3) The notice referred to in sub-paragraph (1)(b) shall—

- (a) state the licence holder’s intention to install gas apparatus;

- (c) require the owner or occupier of the land to give the necessary wayleave within a period (not being less than 21 days) specified in the notice.

(4) Subject to sub-paragraphs (5) to (7), the Department may, on the application of the licence holder, grant the necessary wayleave subject to such terms and conditions as the Department thinks fit; and a necessary wayleave so granted shall, unless previously terminated in accordance with a term contained in the wayleave, continue in force for such period as may be specified in the wayleave.

(5) The Department shall not grant a wayleave under sub-paragraph (4) in any case where the land in which the apparatus is to be installed is covered by a dwelling, or will be so covered on the assumption that any planning permission which is in force is acted on.

(6) Sub-paragraph (5) shall not apply to any land in respect of which a wayleave has been granted before the coming into operation of that sub-paragraph.

(7) Before granting a necessary wayleave, the Department shall afford—

- (a) the occupier of the land; and
 - (b) where the occupier is not also the owner of the land, the owner,
- an opportunity of being heard by a person appointed by the Department.

(8) A necessary wayleave granted under this paragraph shall bind any person who is at any time the owner or occupier of the land.

(10) In this paragraph “dwelling” means a building or part of a building occupied, or (if not occupied) last occupied or intended to be occupied, as a private dwelling and includes any garden, yard, outhouses and appurtenances belonging to or usually enjoyed with that building or part.

(3) Compensation under this paragraph may be recovered as a lump sum or by periodical payments or partly in one way and partly in the other.

- (b) is terminated by the owner or occupier of the land in accordance with a term contained in the wayleave; or
- (c) by reason of a change in the ownership or occupation of the land after the granting of the wayleave, ceases to be binding on the owner or occupier of the land.

(2) The owner or occupier of the land may—

- (a) in a case falling within sub-paragraph (1)(a), at any time after or within 3 months before the end of the period specified in the wayleave;
- (b) in a case falling within sub-paragraph (1)(b), at any time after the wayleave has been terminated by him; or
- (c) in a case falling within sub-paragraph (1)(c), at any time after becoming the owner or occupier of the land by virtue of such a change in the ownership or occupation of the land as is mentioned in that sub-paragraph,

give to the licence holder a notice requiring him to remove the gas apparatus from the land; but the licence holder shall not be obliged to comply with such a notice except in the circumstances and to the extent provided by the following provisions of this paragraph.

(3) Where within the period of 3 months from the date of the notice under sub-paragraph (2) the licence holder makes neither—

- (a) an application for the grant of the necessary wayleave under paragraph 10; nor
- (b) an application for a vesting order under paragraph 1 of Schedule 2 in respect of the land,

the licence holder shall comply with the notice at the end of that period.

(2) The licence holder may give notice to the occupier of the land requiring him to fell or lop the tree or cut back its roots so as to prevent it from having the effect mentioned in sub-paragraph (1) (a) or (b), subject to the payment to him by the licence holder of the expenses reasonably incurred by him in complying with the notice.

(3) Where the occupier is not also the owner of the land, a copy of any notice under sub-paragraph (2) shall also be served on the owner.

(4) If within 21 days from the giving of a notice under sub-paragraph (2)

(a) the requirements of the notice are not complied with; and

(b) neither the owner nor occupier of the land gives a counter notice under sub-paragraph (5), the licence holder may cause the tree to be felled or lopped or its roots to be cut back so as to prevent it from having the effect mentioned in sub-paragraph (1)(a) or (b).

(5) If, within 21 days from the giving of a notice under sub-paragraph (2), the owner or occupier of the land gives a counter notice to the licence holder objecting to the requirements of the notice, the matter shall, unless the counter notice is withdrawn, be referred to the Department.

(6) On a reference under sub-paragraph (5), the Department after giving the parties an opportunity of being heard by a person appointed by the Department, may make such order as the Department thinks just, and any such order—

(a) may empower the licence holder (after giving such notice to any person by whom a counter notice was given of the commencement of the work as the order may direct) to cause the tree to be felled or lopped or its roots to be cut back so as to prevent it from having the effect mentioned in sub-paragraph (1)(a) or (b); and

(b) may determine any question as to what expenses (if any) are to be paid.

(7) Where the licence holder exercises any powers conferred under sub-paragraph (4) or (6), he shall—

(2) A person authorised to enter upon any land under this paragraph shall not demand to do so as of right unless—

 - (i) with consent given by or on behalf of the occupier of the land; or
 - (ii) where the occupier has refused his consent, with the consent of the Department.
- (4) The power to survey land conferred by this paragraph includes power to search and both for the purpose of ascertaining the nature of the subsoil; but works may not be carried out on the land for this purpose unless—
- (a) notice of the proposed works is included in the notice given under sub-paragraph (2); and
 - (b) where land is held by statutory undertakers who object to the works on the ground that the carrying out of the works would be seriously detrimental to the carrying on of their undertaking, with the consent of the Department.
- (5) Where it is proposed to search or bore in pursuance of this paragraph in a street within the meaning of the Street Works (Northern Ireland) Order 1995—
- (a) Article 15 of that Order (notice of starting date of works), so far as it requires notice to be given to a person having apparatus in the street which is likely to be affected by the works,
 - (b) Article 29 of that Order (requirements to be complied with where works likely to affect another person's apparatus in the street), and
 - (c) Article 42 of that Order (liability for damage or loss caused),
- have effect in relation to the searching or boring as if they were street works within the meaning of that Order.

TRANSITIONAL AND SAVING PROVISIONS

Interpretation

1.—(1) In this Schedule—

“appointed day”, in any provision, means the day appointed under Article 1(2) for the coming into operation of that provision;

“the 1977 Order” means the Gas (Northern Ireland) Order 1977;

“gas undertaker” means an undertaker within the meaning of the 1977 Order and “gas undertaking” means the undertaking of such an undertaker.

(2) Expressions used in this Schedule which are used in Part II of this Order have the same meaning as in that Part.

Rundown and closure of former gas undertakers

2. Except as provided by Articles 42 and 43, this Order does not affect the run-down and closure of any gas undertaking in accordance with an agreement entered into before the appointed day under Article 3 of the Gas (Northern Ireland) Order 1985; and the powers of the Department under Articles 5 and 6 of that Order shall continue to be exercisable in pursuance of such an agreement notwithstanding the repeal of the Order of 1985.

Transitional arrangements for former gas undertakers becoming licence holders under this Order

3.—(1) This paragraph applies to a person who—

- (a) immediately before the appointed day is a gas undertaker; and
- (b) before the end of the period of 3 months beginning with the appointed day, is granted a licence under Article 8.

(2) The 1977 Order shall, notwithstanding anything in this Order, continue to have effect in relation to a person to whom this paragraph applies until the day on which a licence is granted to him under Article 8.

(3) Where a person to whom this paragraph applies has, before the grant to him of a licence under Article 8, applied to the Department under Article 16 of the 1977 Order for an order vesting land in him, all proceedings under that Schedule in relation to that application may be continued and completed as if this Order had not been made.

(4) Any land compulsorily acquired by a person to whom this paragraph applies under Article 16 of the 1977 Order (whether by virtue of sub-paragraph (3) or otherwise) shall be treated for the purposes of this Order as compulsorily acquired under Part I of Schedule 2.

(5) Where, immediately before the grant to a person to whom this paragraph applies of a licence under Article 8, there is in force an agreement, deed, bond or other instrument which—

- (a) confers or imposes on that person any rights or obligations; and
- (b) refers (in whatever terms and whether expressly or by implication) to any provision of the 1977 Order, to that person’s status as a gas undertaker or to the statutory purposes of his undertaking,

the instrument shall have effect, in relation to anything falling to be done after the grant of that licence, as if that reference included or, as the case may require, were a reference to any corresponding provision of this Order, to his status as a licence holder or to purposes connected with the activities authorised by his licence.

(6) Anything which, immediately before the grant to a person to whom this paragraph applies of a licence under Article 8, is in course of being done—
