THE WASTE MANAGEMENT STRATEGY

Annotations:

- F1** Sch. 3 substituted (8.4.2011) by [Waste Regulations \(Northern Ireland\) 2011 \(S.R. 2011/127\)](#), regs. 1(1), 8 (with [reg. 9\(2\)](#))

Part 2

Matters which must be included in the waste management strategy

5. The waste management strategy must include—
- a statement of the Department's policies for attaining the objectives specified in Part 1 of this Schedule; and
 - an analysis of the current waste management strategy, an analysis of the measures to be taken to improve environmentally sound preparation for re-use, recycling, recovery and disposal of waste and an evaluation of how the waste management strategy will support the implementation of the objectives and provisions of the Waste Framework Directive.
6. The waste management strategy must include such matters as the Department considers appropriate, taking into account the geographical level and geographical area to which the waste management strategy relates and including at least the following—
- the type, quantity and source of waste generated within Northern Ireland;
 - the waste likely to be shipped from or to Northern Ireland;
 - an evaluation of the development of waste streams in the future;
 - existing waste collection schemes and major disposal and recovery installations, including any special arrangements for waste oils, hazardous waste or waste streams addressed by specific European Union legislation;
 - an assessment of the need for new collection schemes, the closure of existing waste installations, additional waste installation infrastructure, and, if necessary the related investments;
 - sufficient information on the location criteria for site identification and on the capacity of future disposal or major recovery installations, if necessary; and
 - general waste management policies, including planned waste management technologies and methods, or policies for waste posing specific management problems.
7. The waste management strategy must include policies in relation to packaging waste, separate collection of waste, bio-waste and re-use and including—
- a chapter on the management of packaging and packaging waste, including measures taken pursuant to Articles 4 and 5 of the Packaging Waste Directive;
