Orders for securing compliance

Orders for securing compliance

42.—(1) Subject to paragraphs (2) [^{F176}and (5) to] (6) and Article 43, where the Authority is satisfied that a [^{F177}regulated person] is contravening, or is likely to contravene, any relevant condition or requirement, it shall by a final order make such provision as is requisite for the purpose of securing compliance with that condition or requirement.

(2) Subject to paragraphs [^{F178}(5) to] (6), where it appears to the Authority—

- (a) that a [^{F177}regulated person] is contravening, or is likely to contravene, any relevant condition or requirement; and
- (b) that it is requisite that a provisional order be made,

the Authority shall (instead of taking steps towards the making of a final order) by a provisional order make such provision as appears to it requisite for the purpose of securing compliance with that condition or requirement.

(3) In determining for the purposes of paragraph (2)(b) whether it is requisite that a provisional order be made, the Authority shall have regard, in particular—

- (a) to the extent to which any person is likely to sustain loss or damage in consequence of anything which, in contravention of the relevant condition or requirement, is likely to be done, or omitted to be done, before a final order may be made; and
- (b) to the fact that the effect of the provisions of this Article and Article 44 is to exclude the availability of any remedy (apart from under those provisions or for negligence) in respect of any contravention of a relevant condition or requirement.

(4) Subject to paragraphs [F179(5) to] (6) and Article 43, the Authority shall confirm a provisional order, with or without modifications, if—

- (a) it is satisfied that the [F177regulated person] to whom the order relates is contravening, or is likely to contravene, any relevant condition or requirement; and
- (b) the provision made by the order (with any modifications) is requisite for the purpose of securing compliance with that condition or requirement.

(5) The Authority shall not make a final order or make or confirm a provisional order in relation to a [F177regulated person] if it is satisfied—

- (a) that the duties imposed on it by Article 12 or 14 [F180or Article 9 of the Electricity (Single Wholesale Market) (Northern Ireland) Order 2007.] preclude the making or, as the case may be, the confirmation of the order; F181 . . .
- (b) F181

[F182(5A) Before making a final order or making or confirming a provisional order in relation to a licence holder, the Authority shall consider whether it would be more appropriate to proceed under the Competition Act 1998.

(5B) The Authority shall not make a final order or make or confirm a provisional order in relation to a licence holder if it considers that it would be more appropriate to proceed under the Competition Act 1998.]

(6) The Authority is not required to make a final order or make or confirm a provisional order if it is satisfied—

- (a) that the [F177regulated person] has agreed to take and is taking all such steps as it appears to the Authority for the time being to be appropriate for the [F177regulated person] to take for the purpose of securing or facilitating compliance with the condition or requirement in question; or
- (b) that the contraventions were, or the apprehended contraventions are, of a trivial nature.

(7) Where the Authority is satisfied as mentioned in paragraphs (5) and (6) [F183or decides that it would be more appropriate to proceed under the Competition Act 1998], it shall—

- (a) serve notice that it is so satisfied [F184or has so decided] on the [F177regulated person]; and
- (b) publish the notice in such manner as it considers appropriate for the purpose of bringing the matters to which the notice relates to the attention of persons likely to be affected by them.

(8) A final or provisional order—

- (a) shall require the [F177regulated person] to whom it relates (according to the circumstances of the case) to do, or not to do, such things as are specified in the order or are of a description so specified;
- (b) shall take effect at such time, being the earliest practicable time, as is determined by or under the order; and

the [F199regulated person] may make an application to the High Court under this Article.

(2) An application under paragraph (1) must be made—

- (a) within 42 days from the date of service on the [F199regulated person] of a notice under Article 45(6), or

(5) If an application is made under this Article in relation to a penalty, the penalty is not required to be paid until the application has been determined.

(6) Where the court substitutes a penalty of a lesser amount it may require the payment of interest on the substituted penalty at such rate, and from such date, as it considers just and equitable.

(7) Where the court specifies as a date by which the penalty, or a portion of the penalty, is to be paid a date before the determination of the application under this Article it may require the payment of interest on the penalty, or portion, from that date at such rate as it considers just and equitable.

(8) Except as provided by this Article, the validity of a penalty shall not be questioned by any legal proceedings whatever.

PART VII

ELECTRICITY FROM RENEWABLE SOURCES

[^{F204} **Obligation in connection with electricity from renewable sources**

52.—(1) The Department may make a renewables obligation order.

(2) A renewables obligation order is an order which imposes the renewables obligation on each electricity supplier falling within a specified description (a “designated electricity supplier”).

(3) The descriptions of electricity supplier upon which a renewables obligation order may impose the renewables obligation are those supplying electricity in Northern Ireland excluding such categories of supplier (if any) as are specified.

(4) The renewables obligation is that the designated electricity supplier must, by each specified day, have produced to the Authority the required number of renewables obligation certificates in respect of the amount of electricity supplied by him to customers in Northern Ireland during a specified period.

(5) In this Part, “electricity supplier” means the holder of a licence under Article 10(1)(c) or (2) of the Electricity Order, except where he is acting otherwise than for the purposes connected with the carrying on of activities authorised by the licence.

(6) Paragraph (4) is subject to Articles 53 to 55F.]

[^{F205} **Further provision about the renewables obligation**

53.—(1) A renewables obligation order may make provision generally in relation to the renewables obligation.

- (a) how the number of renewables obligation certificates required to be produced by an electricity supplier in respect of the amount of electricity supplied by him to customers in Northern Ireland during a specified period is to be calculated;
- (b) different obligations for successive periods of time;
- (c) that renewables obligation certificates issued in respect of electricity generated—

- (i) using specified descriptions of renewable sources
- (ii) by specified descriptions of generating stations
- (iii) in specified ways, or
- (iv) in other specified cases or circumstances,

are to count towards discharging an electricity supplier's obligation only up to a specified number, or a specified proportion, of the certificates required to be produced to discharge the obligation;

- (d) that a specified number, or a specified proportion, of the renewables obligation certificates produced by an electricity supplier when discharging his renewables obligation must be certificates in respect of electricity generated—
 - (i) using specified descriptions of renewable sources,
 - (ii) by specified descriptions of generating station,
 - (iii) in specified ways, or
 - (iv) in other specified cases or circumstances;
- (e) how the amount of electricity supplied by an electricity supplier to customers in Northern Ireland during a specified period is to be calculated;
- (f) that specified information, or information of a specified nature, is to be given to the Authority;
- (g) the form in which such information is to be given and the time by which it is to be given.

(3) A renewables obligation certificate may count once only towards the discharge of the renewables obligation.

(4) A renewables obligation order may, in relation to any specified period (“the current period”)—

Designation of pipe-lines for purposes of common tariff

59.—(1) The Department, after consultation with the Authority, may by order designate any pipe-line as a pipe-line to which Article 60 applies; and references in that Article to a “designated pipe-line” are to a pipe-line which is designated under this Article.

(2) A pipe-line shall not be designated under this Article unless—

- (a) it is a high-pressure pipe-line; or
- (b) it is connected to a high-pressure pipe-line which is so designated.

(3) For the purposes of this Article a pipe-line is a high-pressure pipe-line if it has a design operating pressure exceeding 7 bar gauge.

(4) Before making an order under this Article, the Department shall give notice—

- (a) stating that it proposes to make the order and setting out its effect; and
- (b) specifying the time (not being less than 28 days from the date of publication of the notice) within which representations or objections with respect to the proposed order may be made,

and shall consider any representations or objections which are duly made and not withdrawn.

(5) An order under this Article may provide that the order (or so much thereof as designates any particular pipe-line) shall cease to have effect on the happening of any event specified in the order.

(6) If an order under this Article contains provision to the effect that the designation by the order of any particular pipe-line is, subject to any provision made by virtue of paragraph (5), to have effect for a period specified in the order, the Department shall not—

- (a) revoke that order; or
- (b) amend that order so that the designation of that pipe-line ceases to have effect,

where it considers it necessary or expedient to do so for the purpose of implementing, or facilitating the operation of, arrangements designed to secure that the prices charged in connection with the conveyance of gas through designated pipe-lines are in accordance with a common tariff which does not distinguish (whether directly or indirectly) between different parts of Northern Ireland or the extent of use of any such pipe-line.

(2) The power to modify licence conditions under sub-paragraph (a) or (b) of paragraph (1) may not be exercised more than once pursuant to the designation of any pipe-line under Article 59.
