***Article 34: Notification of cessation of monitoring***

Article 34 provides for a system to notify people who have checked an individual when that individual ceases to be monitored. All those eligible to make checks will be able to register to be notified if the individual ceases to be subject to monitoring (in relation to a regulated activity relating to children and/or vulnerable adults) by making an application in the prescribed form which includes an appropriate declaration.

The Secretary of State will be under a duty to notify all those with a registered interest in an individual when that individual ceases to be subject to monitoring in relation to the regulated activity in respect of which the interest was registered. The person who registered the interest will be able to take action to find out why the individual is no longer monitored and to prevent them engaging in regulated or controlled activity, if that is appropriate.
