## EXPLANATORY NOTE

*(This note is not part of the regulations but is intended to indicate their general purport.)*

These regulations further amend the Social Security (Contributions) Regulations (Northern Ireland) 1975 ("the principal regulations").

The regulations provide that Class 1 contributions may be calculated according to a scale prepared by the Department of Health and Social Services.

They amend the principal regulations by providing that an earner's liability for contributions shall not exceed an amount equal to 53 primary Class 1 contributions at the maximum standard rate. They also provide that for the purposes of determining that liability any primary Class 1 contribution paid at less than the standard rate shall be treated as paid at that rate and they substitute new provisions which determine the priority in which contributions paid in excess of that amount should be returned.

The regulations prescribe the circumstances in which an earner is not entitled to pay Class 3 contributions and make provision concerning the return of any such contributions.

They add contributions equivalent premiums and limited revaluation premiums payable under Part IV of the Social Security Pensions (Northern Ireland) Order 1975 to the deductions to be made from any contributions falling to be returned.

The regulations provide that section 47 of the Finance (No. 2) Act 1975 (repayment supplement in respect of certain delayed repayments of taxes) shall not apply to Class 4 contributions collected under the Income Tax Acts as it would otherwise have applied by virtue of section 9(3) of the Social Security Act 1975 (application of the Income Tax Acts to Class 4 contributions as if they were income tax).

They make provision for excepting an earner from primary Class 1 liability on earnings paid on or after the date on which he has attained pensionable age in respect of a period before that date. They also amend the principal regulations to except an earner from Class 4 liability on earnings chargeable under Schedule D and in respect of which he is excepted from Class 1 liability.

The regulations also provide for contributions paid in one year to be treated at the direction of the Department as paid in another year for the purposes of entitlement to benefit.

The other amendments are of a minor or consequential nature.
