EXPLANATORY NOTE

(This note is not part of the Order.)

This Order revokes the Homes Insulation Scheme Order (Northern Ireland) 1980 and the Homes Insulation Scheme (Northern Ireland) 1980 contained therein and substitutes a revised scheme — the Homes Insulation Scheme (Northern Ireland) 1981.

The Scheme made under this Order specifies the works of roof space insulation and the description of dwellings on which grant will be paid by the Northern Ireland Housing Executive under Article 86 of the Housing (Northern Ireland) Order 1981. The Scheme also specifies the categories of person from whom applications for grant will be entertained.

Grant will be available for the provision of insulation to a required standard in the roof space, to the cold water tank and water supply pipes in the roof space and to the hot water cylinder in those dwellings possessing a roof space immediately above living accommodation which is not already wholly or partly insulated. Applications will be entertained from occupiers, owners and landlords or other persons authorised by them but not from Public Authorities.

Under this Scheme the basic rate of grant of 66% of the cost of the insulation works up to £65 is increased to 90% up to £90 in relation to applications from a person of pensionable age or a person who, or one of whose dependants, is in receipt of a disability allowance and who is in receipt of a specified pension or benefit.

In addition the Scheme adds 3 new products and 2 new brand names to the list of materials specified for the insulation of roof spaces on which grant may be paid.

The Scheme also provides that where grant has been applied for under previous Homes Insulation Schemes but not yet paid the application shall be treated as made under the Scheme.
