EXPLANATORY NOTE

*(This note is not part of the Regulations.)*

These regulations contain provisions relating to the medical information which an employee may be required to produce for the purposes of statutory sick pay. They correspond to provision contained in regulations made by the Secretary of State for Social Services in relation to Great Britain and accordingly, by virtue of section 10(2) of, and paragraph 21 of Schedule 3 to, the Social Security Act 1980 (c. 30) are not subject to the requirement of section 10(1) of that Act for prior reference to the Social Security Advisory Committee.

Article 19(2A) of the Social Security (Northern Ireland) Order 1982 is one of the enabling provisions under which these regulations are made. It is inserted by Article 20 of the Social Security (Northern Ireland) Order 1985 and brought into force on 6th April 1986 by Article 1(7) of the said Order of 1985.

The regulations and rules in the Schedule prescribe the form of the statement to be issued by a registered medical practitioner advising an employee that he need not refrain from work or, as the case may be, that he should refrain from work for a period up to 26 weeks, or longer in certain circumstances.

Regulation 2(2) provides that medical information cannot be required in respect of an employee's first 7 days in any spell of incapacity for work.
