(2) The board shall pay such fees as are described in paragraph (a) (excepting sub-paragraph (iii)) or (b) of Schedule 6 in termly instalments promptly (and in any event by the date specified in paragraph (4)) when both a request for payment in respect thereof has been received and the appropriate term has commenced provided that no payment shall be due when the student has ceased to attend his course (whether or not the board has been so notified) but has not completed it. Payment of such instalments, of the fees described in paragraphs (a)(iii) and (c) of Schedule 6 or such charges as are referred to in regulation 12(2) may be made to the academic authority but subject to this provision all payments in pursuance of the award shall be made to the student.

(2) Paragraph (3) shall apply in the case of a student who has previously attended a course of higher education being—

- (a) in the case of a specified course, a course of up to two academic years' duration: or

- (b) the first two years of a course means, in the case of a student who is excused from attending part of that course by reason of his attendance at a previous course, the two years of that course following upon the period in respect of which the student is excused from attending that course.

Withholding and reduction of payments

19.—(1) Without prejudice to paragraph 4(2) of Schedule 4 in the case of any student who is for the time being in default of any requirement to provide such information as is described in regulation 14, the board may withhold, in part, any payment due to him in respect of maintenance and calculated in accordance with regulation 13 or 15.

- (c) a period during which the student is detained in pursuance of an order made by any court,

the board may reduce any payment otherwise due in pursuance of the award by such amount, not exceeding the aggregate amount mentioned in paragraph (4), as having regard to all relevant circumstances it considers appropriate.

Terms and conditions

Transfer of awards

1.—(1) Subject to sub-paragraphs (3) and (4), if a student who holds an award for a specified course commences, on the recommendation of the academic authority, to attend at the institution a specified course other than the one in respect of which the award is held, such award shall be transferred by the board at the request of the student so as to be held in respect of his attendance at the new course.

(2) Subject to sub-paragraphs (3) and (4), if a student who holds an award for a specified course commences, with the written consent given on educational grounds of the academic authorities of both institutions concerned, to attend a specified course at another institution, such award shall be transferred by the board at the request of the student so as to be held in respect of his attendance at the new course.

(3) An award shall not be transferred unless—

- (a) the recommendation or consent is given not later than four months after the end of the first year of the course in respect of which the award was originally made; or
- (b) the board is satisfied, after consulting the academic authority or authorities concerned, that the fact that the requisite recommendation or consent is given after the expiry of the period specified in paragraph (a) is due only to the need to apply through a clearing admissions system; or
- (c) the board, after consulting the academic authority or authorities concerned, is satisfied that the period which the student will ordinarily require to complete the new course will expire not later than the period which he would now so require for the completion of the course in respect of which the award is held, ignoring—
 - (i) in each case, periods of experience which are part of a sandwich course; and

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (ii) in the case of the course in respect of which the award is held, any period during which the student would now be required by the academic authority concerned to repeat part of the course, if the board would not make any payment for maintenance in respect of that period under regulation 18(1).

(4) A board may refuse to transfer an award if, after consulting the academic authority concerned, it is satisfied that when the student applied for such transfer he did not intend to complete the course to which such application related.

Conditions relating to applications

- 2.—(1) Subject to sub-paragraphs (2) and (3), an award shall be subject to the conditions that—
- (a) an application in respect thereof shall be made in writing and shall reach the board not later than the end of the term in which the applicant commences his course;
 - (b) the applicant furnishes the board with a written undertaking that, where provisional or other payments made in pursuance of the award in respect of a year exceed (for whatever reason) the grant payable in respect of that year, he will, if called upon so to do, repay the excess amount;
 - (c) the applicant if so required by the board will provide it from time to time with such information as it may consider necessary for the exercise of its functions under Part II of these Regulations.
- (2) An application shall be treated as having reached the board as required by sub-paragraph (1) (a) where—
- (a) to the knowledge of the board the application has so reached another board; or
 - (b) before the end of the term in which the applicant commences his course, that course had not become a specified course and the application reaches the board before the end of the first term after that course becomes a specified course; or
 - (c) in the case of a refugee, or the spouse or child of a refugee, the application reaches the board before the end of the term (of his course) first beginning after the date on which the refugee was recognised as a refugee or was accorded asylum; or

- (3) If the applicant has not attained the age of eighteen years, sub-paragraph (1)(b) shall be read as if the references to the applicant were references to the applicant or his parent.

Termination and extension of awards

- 3.—(1) Subject to sub-paragraphs (2) to (4), an award shall terminate on the expiry of the period ordinarily required to complete the course in respect of which it is made or to which it is transferred in pursuance of paragraph 1(1) or 1(2).
- (2) If the academic authority refuses to allow the student to complete his course, the board shall terminate the award forthwith.
- (3) If the student does not complete his course within the period ordinarily required, the board—

 - (b) shall extend the award for a period equivalent to any period in respect of which it has made any payment under regulation 18(1).
- (4) The board may extend an award to enable a student to follow an associated course of study during or at the end of the course in respect of which he holds an award.

(5) The board may, after consultation with the academic authority, terminate an award if it is satisfied that the student has either—

- (a) abandoned the course in respect of which he holds the award and the award does not fall to be transferred in pursuance of paragraph 1(1) or 1(2); or
- (b) shown himself by his conduct to be unfitted to hold an award.

Supplementary provisions

4.—(1) If, after consultation with the academic authority concerned, a board is of the opinion that the attendance, conduct or progress of a student in relation to a course is not satisfactory, it may suspend or terminate an award held by him in respect of that course, or withhold or reduce any payment normally due in respect of that award.

(2) If, in the case of a student who is required to provide information in accordance with paragraph 2(1)(c), the board is satisfied that he has wilfully failed to comply with any such requirement or has provided information which he knows to be false in a material particular, or has recklessly provided information which is false in a material particular, the board may terminate the award or withhold any payments due under the award as it sees fit.

- (a) was incurred outside the United Kingdom, or
- (b) was incurred within the United Kingdom but is in respect of a journey between, a port or airport within and a place outside the United Kingdom, or is in respect of a benefit to be enjoyed outside the United Kingdom,

(2) In the case of a student who makes any payment in pursuance of an obligation incurred before the first year of his course, in calculating his income for the purposes of regulation 13(1)(b) there shall be deducted therefrom—

- (a) if, in the opinion of the board, the obligation had been reasonably so incurred, an amount equal to the payment in question;
- (b) if, in its opinion, only a lesser obligation could have been reasonably so incurred, such correspondingly lesser amount (if any) as appears to it appropriate;

except that no deduction shall be made from the income of a married student where the student's spouse is a dependant for the purposes of Part III of Schedule 7 and, in pursuance of paragraph 14(1) thereof, the payment is taken into account in determining the spouse's income.

(3) In a case where the student is the parent or step-parent of an award holder in respect of whom a contribution is ascertained under Part II so much of the amount (if any) by which the contribution is reduced under paragraph 4(4) thereof as the board considers just shall be treated as part of the student's income for the purposes of regulation 13(1)(b).

PART II

Parental contribution

Definitions and construction of Part II

2.—(1) In this Part—

“child” includes a person whether under or over compulsory school age and a person adopted in pursuance of adoption proceedings and a step-child but, except in paragraph 4, does not include a child who holds a statutory award and, except as otherwise provided by paragraph 5, “parent” shall be construed accordingly;

“gross income” has the meaning assigned to it by paragraph 5;

“income of the student's parent” means the total income of the parent from all sources computed as for income tax purposes, except as otherwise provided by paragraph 5 or 6;

“residual income” means, subject to sub-paragraph (2), the balance of gross income remaining in any year after the deductions specified in paragraph 6 have been made;

“total income” has the same meaning as in section 835(1) of the Income and Corporation Taxes Act 1988⁽⁴²⁾.

(2) Where, in a case not falling within paragraph 5(3) or 5(4), the board is satisfied that the income of the parent in any financial year is as a result of some event beyond his control likely to be, and to continue after that year to be, not more than 85% of his income in the financial year preceding that year, it may, for the purpose of enabling the student to attend the course without hardship, ascertain the parental contribution for the year of his course in which that event occurred by taking as the residual income the average of the residual income for each of the financial years in which that year falls.

(3) Where the student's parent satisfies the board that his income is wholly or mainly derived from the profits of a business or profession carried on by him, then if the board and the parent so agree any reference in this Part to financial year shall be construed as a reference to a year ending with such date as appears to the board expedient having regard to the accounts kept in respect of that business or profession and the periods covered thereby.

(42) 1988 c. 1

(4) Where a parent is in receipt of any income which does not form part of his total income by reason only that—

- (a) he is not resident, ordinarily resident or domiciled in the United Kingdom,
- (b) the income does not arise in the United Kingdom, or
- (c) the income arises from an office, service or employment, income from which is exempt from tax in pursuance of any enactment,

his income for the purposes of this Part shall be computed as though the income first mentioned in this sub-paragraph were part of his total income.

Application of Part II

3. A parental contribution ascertained in accordance with this Part shall be applicable in the case of every student except—

- (a) an independent student;
- (b) a student in respect of whom the board is satisfied either—
 - (i) that his parents cannot be found; or
 - (ii) that it is not reasonably practicable to get in touch with them;
- (c) a student who has been in the care of the Department of Health and Social Services or a Health and Social Services Board or in a voluntary home as defined in section 126 of the Children and Young Persons Act (Northern Ireland) 1968⁽⁴³⁾ throughout the three months immediately preceding—
 - (i) the first year of his course; or
 - (ii) without prejudice to head (i), his attaining the age of 18 years where he had attained that age before the first year of his course,and has not, at any time, during the said period of three months been allowed by that Department or that Board to be under the charge and control of his parents or, in the case of a student who has been in a voluntary home, has not, at any time during such period, been under such charge and control;
- (d) a student whose parents are residing overseas where the board is satisfied either—
 - (i) that the assessment of a parental contribution would place those parents in jeopardy; or
 - (ii) that it would not be reasonably practicable for those parents to send any such contribution to the United Kingdom;
- (e) where sub-paragraph (7) of paragraph 5 applies and in the year preceding the first year of his course the student has had his home with the parent whom the board considered the more appropriate for the purposes of that sub-paragraph and that parent has died.

(3) The amount or (where a contribution is ascertained in respect of more than one child of the parent) the aggregate amount of the parental contribution shall in no case exceed £5,800.

(4) For any year in which a statutory award is held by—

- (a) more than one child of the parent;
- (b) the parent; or
- (c) the student's step-parent,

provided that where a contribution is ascertained in respect of more than one child of the parent—

- (a) where the contributions are either all ascertained under sub-paragraph (1) or all ascertained under sub-paragraph (2), the aggregate amount of the contributions in respect of each shall not exceed the amount of the contribution that would be ascertained if only one child held an award; or

provided that where references to a financial year fall to be construed in accordance with paragraph 2(3) as references to a year ending with a date less than five months before the assessment year, “preceding financial year” shall mean the year ending with a date five or more months before the beginning of that assessment year and “current financial year” shall mean the year ending with a date within those five months.

(2) Subject to the provisions of this paragraph, “gross income” means the income of the student’s parent in the preceding financial year or, for the purpose of calculating residual income under paragraph 2(2), in a financial year there mentioned.

(3) Where the board is satisfied that the income of the parent in the current financial year is likely to be not more than 85 per cent. of his income for the preceding financial year, it may for the purpose of calculating the parental contribution ascertain the gross income by reference to the current financial year: and, in such case, sub-paragraph (2) shall have effect, in relation to the assessment year and, if the board so determines, any subsequent year, as if the references therein to the preceding financial year were a reference to the current financial year.

(4) Where—

- (a) one of the student’s parents dies either before or during the assessment year;
- (b) that parent’s income has been or would be taken into account for the purpose of determining the parental contribution,

the parental contribution shall—

- (b) where the parent dies during the assessment year, be the aggregate of—
 - (i) the appropriate proportion of the contribution determined by reference to the income of both parents that is to say such proportion thereof as the part of the assessment year during which both parents were alive bears to the full year subject to a maximum of the same proportion of the student’s maintenance requirements as determined in accordance with Schedule 7; and
 - (ii) the appropriate proportion of the contribution determined by reference to the income of the surviving parent, that is to say such proportion thereof as the part of the assessment year remaining after the parent dies bears to the full year subject to a maximum of the same proportion of the student’s maintenance requirements as determined in accordance with Schedule 7.

(5) Without prejudice to sub-paragraph (6), where, in pursuance of any trust deed or other instrument or by virtue of sub-sections (1) and (2) of section 32 of the Trustee Act (Northern Ireland) 1958⁽⁴⁴⁾ or any other enactment, any income is applied by any person for or towards the maintenance, education or other benefit of the student or of any person dependent on the student’s parent, or payments made to his parent are required to be so applied, that income, or those payments, shall be treated as part of the gross income of the parent.

(6) Where any award such as is mentioned in paragraph 1(1)(b)(i) is made by reason of the parent’s employment to any member of his family or his household (whether the student or some other such member) who holds a statutory award then, notwithstanding the provisions of section 154 of the Income and Corporation Taxes Act 1988⁽⁴⁵⁾, that award shall not be treated as part of the gross income of the parent.

EXPLANATORY NOTE

(This note is not part of the Regulations.)

These Regulations, which have effect retrospectively on and from 1st September 1991 replace, with amendments, the Students Awards (No. 2) Regulations (Northern Ireland) 1990 and the Students Awards (No. 2) (Amendment) Regulations (Northern Ireland) 1991 (“the previous Regulations”). Retrospection is authorised by Article 50(2) of the Education and Libraries (Northern Ireland) Order 1986. [S.I. 19861594 \(N.I. 3\)](#) (“the Order of 1986”).

The Regulations govern the making of awards (“mandatory awards”), which it is the duty of education and library boards to make to specified persons. They do not relate to awards

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(“discretionary awards”) which, in pursuance of Article 50(3) of the Order of 1986, boards may make under arrangements approved by the Department of Education.

While their text and format do not repeat exactly the provision made in England and Wales, the Regulations maintain parity of awards for Northern Ireland students with their English and Welsh counterparts. They parallel in substance most of the provisions of the Education (Mandatory Awards) Regulations 1991 [S.I. 1991/1838](#) made by the Secretary of State for Education and Science relating to awards for students from England and Wales.

The principal changes, as compared with the previous Regulations, are described below.

- The Regulations govern the making of awards by boards to specified persons for teacher training courses, formerly provided by the Department of Education.
- Countries included in the definition of a higher-cost country now include the Republic of Korea (regulation 3).
- Education and Library Boards are enabled to make payment of a mandatory award to eligible students domiciled in Northern Ireland but undertaking an approved course of study at an institution in the Republic of Ireland (regulation 3).
- Students undertaking unpaid service in the prison service and students attending an international course and undertaking unpaid research outside the United Kingdom can, while doing so, now receive payments pursuant to their awards (regulation 3).
- Provision has been inserted to deal with the position of students from other member states of the European Community who attend a specified course at an institution in Northern Ireland (regulation 11(2)(b)).
- Provision has been made for the apportionment of payments between the 1990 and 1991 rates in respect of courses not commencing in the autumn at the University of Buckingham, which has four terms (regulation 12(4)). The definition of a year has been amended accordingly (regulation 3).
- The time limits for payment of fees have been specified (regulation 17(4)).
- A course for the postgraduate certificate in education has been added to the list of specified courses (Schedule 3).
- Differentiated fees have been introduced, so that higher fees are payable in respect of certain courses (Schedule 6 paragraph (a)(1) to (3)).
- Scales for determining parental contribution and spouse’s contribution rates have been revised in line with average earnings. In most cases supplementary allowances have been increased broadly in line with increases in overall student support.
