

SCHEDULE 1

Form and Content of Accounts of Banking Companies and Groups

SECTION B

Valuation Rules

Fixed assets

General rules

24. Subject to any provision for depreciation or diminution in value made in accordance with paragraph 25 or 26 the amount to be included in respect of any fixed asset shall be its cost.

25. In the case of any fixed asset which has a limited useful economic life, the amount of:

- (a) its cost; or
- (b) where it is estimated that any such asset will have a residual value at the end of the period of its useful economic life, its cost less that estimated residual value;

shall be reduced by provisions for depreciation calculated to write off that amount systematically over the period of the asset's useful economic life.

26.—(1) Where a fixed asset investment of a description falling to be included under Assets items 7 (Participating interests) or 8 (Shares in group undertakings) in the balance sheet format, or any other holding of securities held as a financial fixed asset, has diminished in value, provisions for diminution in value may be made in respect of it and the amount to be included in respect of it may be reduced accordingly; and any such provisions which are not shown in the profit and loss account shall be disclosed (either separately or in aggregate) in a note to the accounts.

(2) Provisions for diminution in value shall be made in respect of any fixed asset which has diminished in value if the reduction in its value is expected to be permanent (whether its useful economic life is limited or not), and the amount to be included in respect of it shall be reduced accordingly; and any such provisions which are not shown in the profit and loss account shall be disclosed (either separately or in aggregate) in a note to the accounts.

(3) Where the reasons for which any provision was made in accordance with sub-paragraph (1) or (2) have ceased to apply to any extent, that provision shall be written back to the extent that it is no longer necessary; and any amounts written back in accordance with this sub-paragraph which are not shown in the profit and loss account shall be disclosed (either separately or in aggregate) in a note to the accounts.

Development costs

27.—(1) Notwithstanding that amounts representing "development costs" may be included under Assets item 9 in the balance sheet format, an amount may only be included in a company's balance sheet in respect of development costs in special circumstances.

(2) If any amount is included in a company's balance sheet in respect of development costs the following information shall be given in a note to the accounts:

- (a) the period over which the amount of those costs originally capitalised is being or is to be written off; and
- (b) the reasons for capitalising the development costs in question.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Goodwill

28.—(1) The application of paragraphs 24 to 26 in relation to goodwill (in any case where goodwill is treated as an asset) is subject to the following provisions of this paragraph.

(2) Subject to sub-paragraph (3) the amount of the consideration for any goodwill acquired by a company shall be reduced by provisions for depreciation calculated to write off that amount systematically over a period chosen by the directors of the company.

(3) The period chosen shall not exceed the useful economic life of the goodwill in question.

(4) In any case where any goodwill acquired by a company is included as an asset in the company's balance sheet the period chosen for writing off the consideration for that goodwill and the reasons for choosing that period shall be disclosed in a note to the accounts.

Intangible and tangible fixed assets

29. Assets included in Assets items 9 (Intangible fixed assets) and 10 (Tangible fixed assets) in the balance sheet format shall be valued as fixed assets.

Other fixed assets

30. Other assets falling to be included in the balance sheet shall be valued as fixed assets where they are intended for use on a continuing basis in the company's activities.

Financial fixed assets

31.—(1) Debt securities, including fixed income securities, held as financial fixed assets shall be included in the balance sheet at an amount equal to their maturity value plus any premium, or less any discount, on their purchase, subject to the following provisions of this paragraph.

(2) The amount included in the balance sheet with respect to such securities purchased at a premium shall be reduced each financial year on a systematic basis so as to write the premium off over the period to the maturity date of the security and the amounts so written off shall be charged to the profit and loss account for the relevant financial years.

(3) The amount included in the balance sheet with respect to such securities purchased at a discount shall be increased each financial year on a systematic basis so as to extinguish the discount over the period to the maturity date of the security and the amounts by which the amount is increased shall be credited to the profit and loss account for the relevant years.

(4) The notes to the accounts shall disclose the amount of any unamortised premium or discount not extinguished which is included in the balance sheet by virtue of sub-paragraph (1).

(5) For the purposes of this paragraph "premium" means any excess of the amount paid for a security over its maturity value and "discount" means any deficit of the amount paid for a security over its maturity value.
