

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

SCHEDULE 3

HAZARD WARNING PANELS AND LABELS

Specifications for labels

11. The specifications for labels are set out below with the dimensions in millimetres; larger measurements may be used but in that case they shall be kept in the same proportions to each other except that the lettering and figures may remain as shown in the diagram or be of intermediate size.
