Citation and commencement

1. These Regulations may be cited as the Beef Special Premium (Protection of Payments) (Amendment) Regulations (Northern Ireland) 1994 and shall come into operation on 1st January 1995.

Interpretation

2.—(1) The Interpretation Act (Northern Ireland) 1954(c) shall apply to these regulations as it applies to a Measure of the Northern Ireland Assembly.

Amendment

3.—(1) The principal Regulations shall be amended in accordance with the following paragraphs of this regulation—

(a) in paragraph (2) of regulation 2 (interpretation)—

before the semi-colon at the end of the definition of “the Council Regulation” insert “and Council Regulation (EC) No. 3611/93.”

(b) insert the following definition after the definitions of “first age premium”;

(a) S.I. 1972/1811

(b) 1972 c. 68; section 2 is subject to Schedule 2 to that Act and is to be read with S.I. 1984/703 (N.I. 3) and S.R. 1984 No. 253

(c) 1954 c. 33 (N.I.)

“ “overgrazing” means grazing land with livestock in such numbers as adversely to affect the growth, quality or species composition of vegetation (other than vegetation normally grazed to destruction) on that land to a significant degree”;

(c) delete the word “and” immediately following the definition of “premium” and insert the following definitions after it:—

“ “retention period” means the period referred to in regulation 6(1)”;

“ “Scheme year” means any calendar year in respect of which Community premium may be paid and includes any part of a retention period in relation to an application for that premium in respect of a given calendar year which falls within the following calendar year”;

(d) substitute a semi-colon for the full stop at the end of “second age premium” and insert after that definition—

“ “unsuitable supplementary feeding methods” means providing supplementary feed (other than to maintain livestock during abnormal weather conditions) in such a manner as to result in damage to vegetation through excessive trampling or poaching of the land by animals or excessive rutting by vehicles.”

(2) Insert the following regulations after regulation 6—

“*Overgrazing*

6A.—(1) Subject to paragraph (2) where in the calendar year preceding any Scheme year the Department forms the opinion that any parcel of land is being overgrazed the Department may notify the occupier of the maximum number of animals which may be grazed and maintained on that parcel in that Scheme year, which number shall be determined by taking account of the number of other beasts likely to be grazed and maintained on the parcel concerned in the Scheme year in question and having regard to such conditions as may be specified in the notification.

(2) The Department may in the calendar year preceding any Scheme year issue a notification under paragraph (1) even where there is no evidence that the parcel of land to which it relates is being overgrazed if it has previously made such a notification in respect of that parcel having formed the opinion that it was being overgrazed.

(3) Where the Department has made a notification under paragraph (1) no Community premium shall be paid in respect of the Scheme year for which it was issued on any number of animals grazed and maintained in that Scheme year on the parcel of land to which it relates in excess of the maximum number of animals specified in it.

(4) Where the Department has made a notification under paragraph (1) and is satisfied that—

(a) any condition specified in that notification has been breached; or

(b) more animals than the maximum number specified in the notification have been grazed and maintained on the parcel of land to which it relates in the Scheme year for which it was issued,

the Department may withhold or recover on demand the whole or any part of the Community premium otherwise payable or, as the case may be, already paid to the recipient of the notification for the Scheme year to which it relates.

Unsuitable supplementary feeding methods

6B.—(1) Where in any Scheme year the applicant uses unsuitable supplementary feeding methods the Department may, subject to paragraph (3) reduce or withhold the amount of Community premium otherwise payable to him in respect of that Scheme year in accordance with paragraph (2).

(2) Where the applicant was not penalised under this regulation for using unsuitable supplementary feeding methods in the preceding Scheme year the amount of Community premium otherwise payable to him may be reduced by 10%; where the applicant was penalised under this regulation for using unsuitable supplementary feeding methods in the preceding Scheme year but not in the Scheme year preceding that one the amount of Community premium otherwise payable to him may be reduced by 20%; and where the applicant has been penalised under this regulation for using unsuitable supplementary feeding methods in each of the two preceding Scheme years the amount of premium otherwise payable to him may be withheld.

(3) Nothing in this regulation shall permit the Department to penalise an applicant for using unsuitable supplementary feeding methods in a given Scheme year where the Department has already penalised that applicant in accordance with this regulation for that use by virtue of the fact that it occurred during any part of the previous Scheme year which fell within that given Scheme year.”.

(3) In paragraph (1) of regulation 7 (powers of entry and inspection)—

(a) substitute a semi-colon followed by the word “and” for the full stop at the end of sub-paragraph (d); and

(b) insert the following sub-paragraph after sub-paragraph (d)—

“(e) inspect that land for the purpose of determining whether or not it has been overgrazed or unsuitable supplementary feeding methods have been used on it.”.

EXPLANATORY NOTE

(This note is not part of the Regulations.)

Articles 4b and 4c of Council Regulation (EEC) No. 805/68 (O.J. No. L148, 28.6.68, p. 24) (inserted by Council Regulation (EEC) No. 2066/92 (O.J. No. L215, 30.7.92, p. 49)) provide for the payment to beef and veal producers of a special premium. Detailed rules for the administration of the premiums are laid down in Commission Regulation (EEC) No. 3886/92 (O.J. No. L391, 31.12.92, p. 20). The Beef Special Premium (Protection of Payments) Regulations (Northern Ireland) 1992 ("the principal Regulations") supplement the Council and Commission Regulations in relation to the special premium.

Council Regulation (EC) No. 3611/93 (O.J. No. L328, 29.12.93, p. 7) further amended Regulation (EEC) No. 805/68 to allow for the application of environmental measures to be applied to the premium Scheme and for penalties for failure to comply with them. These Regulations amend the principal Regulations by making provision for premium to be reduced or withheld if the Department considers that the applicant has overgrazed or used unsuitable supplementary feeding methods. Authorised persons are empowered to inspect land for the purposes of determining whether or not unsuitable supplementary feeding methods have been used and a definition of "retention period" and "Scheme year" has been inserted.
