Article 14

## “SCHEDULE 7

Article 2(1)

## Part A

## Form of Phytosanitary Certificate

1. Name and address of exporter;	2. <b>PHYTOSANITARY CERTIFICATE No. EEC/</b>	
3. Declared name and address of consignee;	4. Plant Protection Organisation(s) or Plant Protection Organisation(s) of	
	5. Place of Origin;	
6. Declared means of conveyance;	7. Declared point of entry;	
8. Distinguishing marks; number and description of packages; name of produce; botanical name of plants;	9. Quantity declared;	
10. This is to certify that the plants or plant products described above have been inspected according to appropriate procedures; and — are considered to be free from quarantine pests and practically free from other injurious pests; and that they — are considered to conform with the current phytosanitary regulations of the importing country;		
11. Additional declaration:		
<b>DISINFESTATION AND/OR DISINFECTION TREATMENT</b>		
12. Treatment;		Place of Issue:
13. Chemical (active ingredient);	14. Duration and temperature;	Date:
15. Concentration;	16. Date:	Name and signature of authorised officer;
17. Additional information:		

Note: The certificate shall be completed in typescript or in block capitals.

## Part B

## Form of Reforwarding Phytosanitary Certificate

<b>1. Name and address of exporter</b>		<b>2. REFORWARDING PHYTOSANITARY CERTIFICATE No. EEC/ /</b>	
<b>3. Declared name and address of consignee:</b>		4. Plant Protection Organisation of to Plant Protection Organisation(s) of	
		5. Place of Origin:	
<b>6. Declared means of conveyance:</b>			
<b>7. Declared point of entry:</b>			
<b>8. Distinguishing marks; numbers and description of packages; name of produce; botanical name of plants:</b>		<b>9. Quantity declared:</b>	
<b>10. This is to certify</b> <ul style="list-style-type: none"> <li>— that the plants or plant products described above were imported into (country of re-export) from (country of origin) covered by Phytosanitary Certificate No. _____.</li> <li>* <input type="checkbox"/> original <input type="checkbox"/> certified true copy of which is attached to this Certificate;</li> <li>— that they are           <ul style="list-style-type: none"> <li>* <input type="checkbox"/> packed <input type="checkbox"/> re-packed in <input type="checkbox"/> original <input type="checkbox"/> new containers;</li> <li>that based on the           <ul style="list-style-type: none"> <li>* <input type="checkbox"/> original Phytosanitary Certificate and <input type="checkbox"/> additional inspection, they are considered to conform with the current Phytosanitary regulations of the importing country; and</li> </ul> </li> <li>— that during storage in (country of re-export) the consignment has not been subject to the risk of infestation or infection.</li> </ul> </li> <li>* Insert tick in the appropriate boxes</li> </ul>			
<b>11. Additional declaration:</b>			
<b>DISINFESTATION AND/OR DISINFECTION TREATMENT</b>		Place of Issue:	
<b>12. Treatment:</b>		Date:	
		Name and signature of authorised officer:	Stamp of Organisation:
<b>13. Chemical active ingredient(s)</b>	<b>14. Duration and temperature:</b>		
<b>15. Concentration:</b>	<b>16. Date:</b>		
<b>17. Additional information:</b>			

Note: The certificate shall be completed in typescript or in block capitals.

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

## SCHEDULE 4

Article 16

## “SCHEDULE 9

Article 6A

### Part A

#### Conditions to be met by wood, isolated bark and used forestry machinery moving through a protected zone

1. The packaging containing or, where appropriate, the vehicles transporting, the wood, isolated bark or used forestry machinery shall—
  - (a) be clean and free from the pests relevant to the protected zone through which they are moving;
  - (b) be of such a nature so as to ensure that there is no risk of the spread of the pests relevant to the protected zone through which they are moving; and
  - (c) immediately after packing be secured according to stringent plant health standards and to the satisfaction of an inspector to ensure that there is no risk of the pests relevant to the protected zone through which they are moving spreading in that protected zone and that packaging shall remain secured during transportation through the said protected zone. The identifying features of the packaging or vehicles shall remain unchanged.
2. The wood, isolated bark or used forestry machinery shall be accompanied by a document, normally used for trade purposes, indicating that they originate outside the relevant protected zone and have a destination outside that protected zone.

### Part B

#### Measures that may be taken where wood, isolated bark or used forestry machinery moving through a protected zone do not meet the conditions specified in Part A

1. The packaging shall be sealed.
2. The wood, isolated bark or used forestry machinery shall be moved, under the supervision of an inspector, to a destination outside the relevant protected zone.”
