Regulations 11, 12(1) and (2), 20(1) and (3)(b)

Terms and conditions

Transfer of awards

1.—(1) An award shall be transferred by the Board at the request of the student so as to be held in respect of attendance at a course other than that in respect of which it is held where—

- (a) subject to sub-paragraphs (2) and (3), on the recommendation of the academic authority, the student commences to attend at the institution at a specified course other than the one in respect of which the award is held;
- (b) subject to sub-paragraphs (2) and (3), with the written consent given on educational grounds of the academic authorities of both institutions concerned, the student commences to attend at a specified course at another institution;

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (c) subject to sub-paragraph (4), after commencing a course for the Certificate in Education, the student is, on or before the completion of that course, admitted to a course for the degree of Bachelor of Education;
 - (d) subject to sub-paragraph (4), after commencing a course for the degree (other than an honours degree) of Bachelor of Education, the student is, on or before the completion of that course, admitted to a course for the honours degree of Bachelor of Education; or
 - (e) after commencing a course for a first degree (other than an honours degree) the student is, before the completion of that course, admitted to a course for an honours degree in the same subject or subjects at the institution.
- (2) An award shall not be transferred in pursuance of sub-paragraph (1)(a) or (b) unless either—
- (a) the requisite recommendation or consent is given not later than four months after the end of the first year of the course in respect of which the award was originally made; or
 - (b) the board is satisfied, after consulting the academic authority concerned, that the fact that the requisite recommendation or consent is given after the expiry of the period specified in head (a) is due only to the need to apply through a clearing admissions system; or
 - (c) the board is satisfied, after consulting the academic authority concerned, that the period which the student will ordinarily require to complete the course to which the request for transfer of award relates will expire not later than the period which he would now so require for the completion of the course in respect of which the award is held, ignoring—
 - (i) in each case, periods of experience which are part of a sandwich course; and
 - (ii) in the case of the course in respect of which the award is held, any period during which the student would now be required by the academic authority concerned to repeat part of the course, if the board would not make any payment for maintenance in respect of that period under regulation 19(1).
- (3) A board may refuse to transfer an award if, after consulting the academic authority concerned, it is satisfied that when the student requested such transfer he did not intend to complete the course in respect of which the award was originally made.
- (4) An award shall not be transferred in pursuance of sub-paragraph (1)(c) or (d) so as to be held in respect of his attendance at a course for the degree of Bachelor of Education if the period which the student in question would ordinarily require for the completion of that course, when aggregated with the period for which the student has already pursued a course in respect of which the award was held, exceeds—
- (a) five years where the award would be held in respect of a course for the honours degree of Bachelor of Education; or
 - (b) four years where the award would be held in respect of a course for that degree not being an honours degree;
- so, however, that where the student has pursued a part-time course, for the purposes hereof account shall only be taken of that proportion of the period for which he pursued that course which the period ordinarily required to complete the full-time course equivalent to the part-time course bears to the period so required to complete the part-time course.
- (5) For the purposes of the duty of a board to transfer an award in pursuance of sub-paragraph (1) (c) or (d) it shall be immaterial whether or not the two courses are provided by the same institution.

Conditions relating to applications

- 2.—(1) Subject to sub-paragraphs (2) and (3) an award shall be subject to the conditions that—

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (b) the applicant furnishes the board with a written undertaking that, where provisional or other payments made in pursuance of the award in respect of a year exceed (for whatever reason) the amount of the award payable in respect of that year, he will, if called upon so to do, repay the excess amount; and
 - (c) the applicant if so required by the board will provide it from time to time with such information as it may consider necessary for the exercise of its functions under Part II of these Regulations.
- (2) An application shall be treated as having reached the board as required by sub-paragraph (1) (a) where—
- (a) to the knowledge of the board the application has so reached another board;
 - (b) not later than four months after the date of the beginning of the course that course has not become a specified course and the application reaches the board not later than four months after the date on which that course becomes a specified course;
 - (c) in the case of a person who becomes a European student as the result of the accession of the State of which he is a national to the European Community the application reaches the board not later than four months after the date of the accession;

 - (e) having regard to the circumstances of the particular case, the board considers it should be so treated.
- (3) Where the applicant is a minor, any reference in sub-paragraph (1)(b) to the applicant shall be construed as including his parent.

Termination and extension of awards

3.—(1) Subject to sub-paragraphs (2) to (4), an award shall terminate on the expiry of the period ordinarily required to complete the course in respect of which it is made or to which it is transferred in pursuance of paragraph 1(1).

(2) If the academic authority refuses to allow the student to complete his course, the board shall terminate the award forthwith.

(3) If the student does not complete his course within the period ordinarily required, the board—

- (a) may extend the award until he has completed the course; and
- (b) shall extend the award for a period equivalent to any period in respect of which it has made any payment under regulation 19(1).

(4) The board may extend an award to enable a student to follow an associated course of study during or at the end of the course in respect of which he holds an award.

(5) The board may, after consultation with the academic authority, terminate an award if it is satisfied that the student has either—

- (b) shown himself by his conduct to be unfitted to hold an award.

Supplementary provisions

4.—(1) If, after consultation with the academic authority concerned, a board is of the opinion that the attendance, conduct or progress of a student in relation to a course is not satisfactory, it

may suspend or terminate an award held by him in respect of that course, or withhold or reduce any payment normally due in respect of that award.

(2) If, in the case of a student who is required to provide information in accordance with paragraph 2(1)(c), the board is satisfied that he has wilfully failed to comply with any such requirement or has provided information which he knows to be false in a material particular, or has recklessly provided information which is false in a material particular, the board may terminate the award or withhold any payments due under the award as it sees fit.

Part II

Parental contribution

Interpretation of Part II

2.—(1) In this Part—

“child” includes a person adopted in pursuance of adoption proceedings and a step-child but, except in paragraph 4, does not include a child who holds a statutory award and, except as otherwise provided by paragraph 5, “parent” shall be construed accordingly;

“gross income” has the meaning assigned to it by paragraph 5;

“income of the student's parent” means the total income of the parent from all sources computed as for income tax purposes, except as otherwise provided by paragraph 5 or 6;

“residual income” means, subject to sub-paragraph (2), the balance of gross income remaining in any year after the deductions specified in paragraph 6 have been made;

“total income” has the same meaning as in section 835(1) of the Income and Corporation Taxes Act 1988⁽¹⁹⁾.

(2) Where, in a case not falling within paragraph 5(3) or 5(4), the board is satisfied that the income of the parent in any financial year is as a result of some event beyond his control likely to be, and to continue after that year to be, not more than 85% of his income in the financial year preceding that year, it may, for the purpose of enabling the student to attend the course without hardship, ascertain the parental contribution for the year of his course in which that event occurred by taking as the residual income the average of the residual income for each of the financial years in which that year falls.

(3) Where the student's parent satisfies the board that his income is wholly or mainly derived from the profits of a business or profession carried on by him, then if the board and the parent so agree any reference in this Part to financial year shall be construed as a reference to a year ending with such date as appears to the board expedient having regard to the accounts kept in respect of that business or profession and the periods covered thereby.

(4) Where a parent is in receipt of any income which does not form part of his total income by reason only that—

- (a) he is not resident, ordinarily resident or domiciled in the United Kingdom;
- (b) the income does not arise in the United Kingdom; or

⁽¹⁹⁾ 1988 c. 1

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (c) the income arises from an office, service or employment, income from which is exempt from tax in pursuance of any statutory provision, his income for the purposes of this Part shall be computed as though the income first mentioned in this sub-paragraph were part of his total income.

Application of Part II

3. A parental contribution ascertained in accordance with this Part shall be applicable in the case of every student except—

- (a) an independent student;
- (b) a student in respect of whom the board is satisfied either—
- (i) that his parents cannot be found; or
 - (ii) that it is not reasonably practicable to get in touch with them;
- (c) a student who has been in the care of the Department of Health and Social Services, a Health and Social Services Board, a Health and Social Services Trust or in a voluntary home as defined in section 126 of the Children and Young Persons Act (Northern Ireland) 1968(20) and throughout the three months immediately preceding—
- (i) the first year of his course; or
 - (ii) without prejudice to head (i), his attaining the age of 18 years where he had attained that age before the first year of his course,
- and has not, at any time, during the said period of three months been allowed by that Department, Board or Trust be under the charge and control of his parents or, in the case of a student who has been in a voluntary home, has not, at any time during such period, been under such charge and control;
- (d) a student whose parents are residing overseas where the board is satisfied either—
- (i) that the assessment of a parental contribution would place those parents in jeopardy; or
 - (ii) that it would not be reasonably practicable for those parents to send any such contribution to the United Kingdom;
- (e) where sub-paragraph (7) of paragraph 5 applies and the parent whom the board considered the more appropriate for the purposes of that sub-paragraph has died.

Parental contribution

- 4.—(1) The parental contribution shall, subject to sub-paragraphs (2), (3) and (4) be—
- (a) in any case in which the residual income is £16,050 or more but less than £20,515, £45 with the addition of £1 for every complete £13·00 by which it exceeds £16,050;
 - (b) in any case in which the residual income is £20,515 or more but less than £30,160, £388 with the addition of £1 for every complete £9·20 by which it exceeds £20,515; and
 - (c) in any case in which the residual income is £30,160 or more £1,436 with the addition of £1 for every complete £7·50 by which it exceeds £30,160.

reduced in each case, in respect of each child of the parent (other than the student) who is wholly or mainly dependent on him on the first day of the year for which the contribution falls to be ascertained, by £75; and in any case in which the residual income is less than £16,050 the parental contribution shall be nil.

(20) Section 126 was amended by Part II of Schedule 5 to the Mental Health (Northern Ireland) Order 1986 (S.I. 1986/595 (N.I. 4))

(2) The amount or (where a contribution is ascertained in respect of more than one child of the parent) the aggregate amount of the parental contribution shall not exceed £5,800 in any case.

- (3) For any year in which a statutory award is held by—
- (a) more than one child of the parent;
 - (b) the parent; or
 - (c) the student's step-parent,

the parental contribution for the student shall be such proportion of any contribution ascertained in accordance with this Part as the board (after consultation with any other board or local education authority in Great Britain concerned) considers just, provided that where a contribution is ascertained in respect of more than one child of the parent the aggregate amount of the contributions in respect of each shall not exceed the amount of the contribution that would be ascertained if only one child held an award.

(4) Where in any year a student attends only part of his course the parental contribution for that year shall be reduced pro rata.

Gross income

5.—(1) For the purposes of this paragraph, “preceding financial year” means the financial year immediately preceding the year in respect of which the resources of the student fall to be assessed (“assessment year”) and “current financial year” means the financial year which includes the first day of that assessment year;

Provided that where references to a financial year fall to be construed in accordance with paragraph 2(3) as references to a year ending with a date less than five months before the assessment year, “preceding financial year” shall mean the year ending with a date five or more months before the beginning of that assessment year and “current financial year” shall mean the year ending with a date within those five months.

(2) Subject to the provisions of this paragraph, “gross income” means the income of the student's parent in the preceding financial year or, for the purpose of calculating residual income under paragraph 2(2), in a financial year there mentioned.

(3) Where the board is satisfied that the income of the parent in the current financial year is likely to be not more than 85 per cent of his income for the preceding financial year, it may for the purpose of calculating the parental contribution ascertain the gross income by reference to the current financial year; and, in such case, sub-paragraph (2) shall have effect, in relation to the assessment year and, if the board so determines, any subsequent year, as if the reference therein to the preceding financial year were a reference to the current financial year.

- (4) Where—
- (a) one of the student's parents dies either before or during the assessment year; and
 - (b) that parent's income has been or would be taken into account for the purpose of determining the parental contribution,

the parental contribution shall—

- (a) where the parent dies before the assessment year, be determined by reference to the income of the surviving parent; or
- (b) where the parent dies during the assessment year, be the aggregate of—
 - (i) the appropriate proportion of the contribution determined by reference to the income of both parents, that is to say such proportion thereof as the part of the assessment year during which both parents were alive bears to the full year subject to a maximum of the same proportion of the student's maintenance requirements as determined in accordance with Schedule 7; and

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (ii) the appropriate proportion of the contribution determined by reference to the income of the surviving parent, that is to say such proportion thereof as the part of the assessment year remaining after the parent dies bears to the full year subject to a maximum of the same proportion of the student's maintenance requirements as determined in accordance with Schedule 7.

(5) Without prejudice to sub-paragraph (6), where, in pursuance of any trust deed or other instrument or by virtue of sub-sections (1) and (2) of section 32 of the Trustee Act (Northern Ireland) 1958⁽²¹⁾ or any other statutory provision any income is applied by any person for or towards the maintenance, education or other benefit of the student or of any person dependent on the student's parent, or payments made to his parent are required to be so applied, that income, or those payments, shall be treated as part of the gross income of the parent.

(6) Where any award such as is mentioned in paragraph 1(1)(b)(i) is made by reason of the parent's employment to any member of his family or his household (whether the student or some other such member) who holds a statutory award then, notwithstanding the provisions of section 154 of the Income and Corporation Taxes Act 1988⁽²²⁾, that award shall not be treated as part of the gross income of the parent.

(7) Where the parents do not ordinarily live together throughout the assessment year, the parental contribution shall be determined by reference to the income of whichever parent the board considers the more appropriate in the circumstances.

(8) Where the parents do not ordinarily live together for part only of the assessment year, the parental contribution shall be the aggregate of—

- (a) the proportion, which the part of the assessment year for which the parents do not so live together bears to the full year, of the contribution determined in accordance with sub-paragraph (7) subject to a maximum of the same proportion of the student's maintenance requirements as determined in accordance with Schedule 7; and
- (b) the proportion, which the part of the assessment year for which the parents so live together bears to the full year, of the contribution determined without regard to sub-paragraph (7) subject to a maximum of the same proportion of the student's maintenance requirements as determined in accordance with Schedule 7.

(9) Where the student has a parent and a step-parent, the parental contribution shall be ascertained by reference to the income of the parent.

Deductions

6.—(1) For the purposes of determining the income of a student's parent (and, accordingly, the parent's gross income), insofar as in computing his total income for income tax purposes any deductions fall to be made—

- (a) by way of personal reliefs provided for the Chapter I of Part VII or section 280 of the Income and Corporation Taxes Act 1988;

- (b) the gross amount of any sums paid as interest (including interest on a mortgage) in respect of which relief is given under the Income Tax Acts in respect of a loan to the parent;
