

SCHEDULE 2

Part III

Documents and other particulars to accompany an application for a Gas Supply Licence or Extension (see Note)

Standard conditions

15. Any modification requested to any of the standard conditions for a gas supply licence and the grounds on which the applicant believes that any such modification:—

- (a) is requisite to meet the circumstances of a particular case; and
- (b) is such that no other holder of such a licence would be unduly disadvantaged in competing if such a modification were made.
