

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

## SCHEDULE 10

### Methods of killing fox and mink

#### **Specific requirements for killing mink by a lethal injection of a drug with anaesthetic properties**

4. No person shall kill, or cause or permit to be killed, any mink which is farmed for its fur except by administering to the mink a lethal injection of a drug which has anaesthetic properties and which causes a rapid loss of consciousness followed by death.
