Material by Rail Regulations (Northern Ireland) 1998**

Part VIII

Information

Carriage Information to be provided by operators

36.—(1) Any operator of a freight container, tank container, tank wagon or wagon who engages another operator of a freight container, tank container, tank wagon or wagon to carry any of the radioactive material consigned to him for carriage shall ensure that that operator is provided with the Carriage Information, prior to carriage.

(2) The operator of any freight container, tank container, tank wagon or wagon which is to be used for the carriage of radioactive material shall ensure that each train operator whose train is to be used for the carriage of the material is provided with the Carriage Information prior to carriage.

(3) The operator of any train which is to be used for the carriage of radioactive material shall ensure that each infrastructure controller on whose railway the material is to be carried is provided with the Carriage Information, prior to carriage.
