NOTES FOR THE COMPLETION OF CERTIFICATE

(1) Statements made in certificates are to be confined to matters which are necessary to verify compliance with the Agriculture Act 1970.

(2) Insert the name of the inspector who submitted the sample for analysis; and also the mode of transit, for example "by hand", "by registered post", "by rail", as the case may be.

(3) Insert the name or description applied to the material.

(4) Insert the distinguishing mark on the sample and the date of sampling shown thereon.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (5) Insert either "statutory statement", "copy of statutory statement", "copy of particulars marked on the material" or "copy of particulars indicated by a mark applied to the material", or as the case may be.
- (6) Insert the particulars contained in the statutory statement, or particulars marked on or indicated by a mark applied to the material, or as the case may be.
- (7) Insert relevant results, including if appropriate—
 - (a) the name and estimated percentage of any deleterious ingredient or undesirable substance found in the sample;
 - (b) the name or names of any additives found in the sample and whether or not they are permitted; and
 - (c) in the cases of those additives for which maxima are prescribed, whether the amounts found are in excess of the prescribed maxima.
- (8) In the case of a sample of any feeding stuff containing oil, insert the date of completion of the oil analysis.
- (9) In the case of analysis of substances for which no analytical method is prescribed in Schedule 2, indicate the method used. If analysis cannot be carried out because no suitable method exists, the certificate should be noted accordingly.
- (10) Enter information as follows—
 - (a) whether the material was correctly named in accordance with the requirements of the Feeding Stuffs Regulations (Northern Ireland) 1995 and whether it accords with the meaning corresponding to that name; and if not, in what respect;
 - (b) if the composition of the material agrees with, or does not differ by more than the limits of variation from, the statement of particulars contained in the statutory statement, or the particulars marked on or indicated by a mark associated with the material, state that the particulars are correct within the limits of variation;
 - (c) if the composition of the material differs by more than the limits of variation from the statement of particulars contained in the statutory statement, or the particulars marked on or indicated by a mark associated with the material, or as the case may be, state the difference between the amount found and the amount stated, and that the difference is outside the limits of variation; and that the difference is to the prejudice of the purchaser, if such is believed to be the case;
 - (d) if the material is not suitable for the use as a feeding stuff having regard to section 72 of the Agriculture Act 1970, state in what respect.
- (11) Delete as applicable.
