

## SCHEDULE 6

### **Non-confidential information**

9. A summary of the results of the tests, referred to in the dossiers submitted in support of an application under these Regulations, to establish—

- (a) the efficacy;
- (b) the effects on humans, animals and the environment; and
- (c) where applicable, any ability to promote resistance,

of the biocidal product and the active substance contained in that biocidal product.
