**2002 No. 225**

**Transmissible Spongiform Encephalopathy  
Regulations (Northern Ireland) 2002**

**PART II**

**TSE MONITORING**

**Movement prohibitions and restrictions of TSE susceptible animals**

5.—(1) This regulation applies where an inspector is satisfied that for any purpose connected with the administration or enforcement of the annual programme of monitoring under Article 6 of the Community TSE Regulation it is necessary to prohibit or restrict the movement of any TSE susceptible animal from or to any premises.

(2) By notice in writing served on the owner or person in charge of the animal an inspector may prohibit or restrict the movement of the animal or carcase from or to any premises described in the notice for such period, and subject to such requirements or conditions, as he considers necessary for that purpose and specified in the notice.

(3) Any notice served by an inspector may be renewed, subject to such requirements or conditions as he considers necessary, for the same or a shorter period.

(4) A notice which is renewed may be renewed from time to time in a similar manner by an inspector.

(5) Where a notice is in force under this regulation the requirements or conditions of which allow movement of any animal or carcase from premises on the authority of a licence issued by an inspector, an inspector may issue a licence for this purpose subject to such conditions or requirements as he considers necessary.

(6) Where an animal or carcase is being moved under the authority of a licence issued under this Part the person in charge of the animal or carcase being so moved shall carry the licence during the authorised movement and shall, on demand made by an inspector or by a member of the Police Service of Northern Ireland, produce the licence, permit a copy or extract to be taken, and shall, on such demand, furnish his name and address.
