**2002 No. 404**

The Forest Reproductive Material  
Regulations (Northern Ireland) 2002

PART VIII

MISCELLANEOUS

**Exemptions**

**33.**—(1) Forest reproductive material intended for purposes other than forestry which is in the form of planting stock or parts of plants shall be exempted from the requirements of these Regulations.

(2) Where a supplier markets forest reproductive material both for forestry and other purposes, material exempted by virtue of paragraph (1) shall be accompanied by a label or document bearing the statement: “Not for forestry purposes”, unless it is plain from a label accompanying it, in compliance (where applicable) with any United Kingdom or European Community legal requirement, that the material is not intended for forestry purposes.
