(2) Other expressions used in these Regulations and in the Directive have the same meaning in these Regulations as they have in the Directive.

(3) Where any Schedule contains any note, the provisions of that Schedule shall be interpreted and applied in accordance with such note.

Exemption

3. These Regulations shall not apply to any baby food which is a milk intended for young children.

Restrictions on the sale of processed cereal-based foods and baby foods

4. No person shall sell any processed cereal-based food or baby food unless –
- (a) it complies with the requirements of regulations 5 to 7 as to manufacture and composition; and
 - (b) it is labelled in accordance with regulation 8.

General requirements as to manufacture and composition

5.—(1) No processed cereal-based food or baby food shall be manufactured from any ingredient other than those whose suitability for particular nutritional use by infants and young children has been established by generally accepted scientific data.

(2) No processed cereal-based food or baby food shall contain any substance in such quantity as to endanger the health of infants or young children.

(3) The composition of a processed cereal-based food shall comply with the criteria specified in Part II of Schedule 1 as read with Schedule 2.

(4) The composition of a baby food shall comply with the criteria specified in Schedule 3.

Added nutritional substances and nutrients

6.—(1) In the manufacture of any processed cereal-based food or baby food, no nutritional substance shall be added other than a nutritional substance specified in Schedule 4.

(2) No processed cereal-based food or baby food shall contain any added nutrient specified in column 1 of Part I of Schedule 5 in an amount exceeding the maximum limit specified opposite that nutrient in column 2 of that Part.

(3) No processed cereal-based food or baby food specified in column 1 of Part II of Schedule 5 shall contain any added nutrient specified opposite that food in column 2 of that Part in an amount exceeding the maximum limit specified opposite that food in column 3 of that Part.

Pesticide residues

7.—(1) No processed cereal-based food or baby food shall contain –

- (a) any pesticide residue of a pesticide specified in Schedule 6; or
- (b) any omethoate, where it is a metabolite of a pesticide not specified in Schedule 6, or any product resulting from degradation or reaction of that metabolite,

at a level exceeding 0.003 mg/kg.

(2) No processed cereal-based food or baby food shall contain any pesticide residue of a pesticide specified in column 1 of Schedule 7 at a level exceeding that specified in column 2 of that Schedule in relation to that pesticide.

(3) No processed cereal-based food or baby food shall contain any pesticide residue of any individual pesticide which is not specified in Schedule 6 or column 1 of Schedule 7 at a level exceeding 0.01 mg/kg.

(4) The levels referred to in paragraphs (1) to (3) apply to the processed cereal-based food or baby food –

- (a) manufactured as ready for consumption, or
- (b) if it is not so manufactured, as reconstituted according to its manufacturer's instructions.

(5) Analytical methods for determining levels of pesticide residues for the purposes of this regulation shall be generally acceptable standardised methods.

Labelling

8.—(1) Without prejudice to the generality of Part II of the Food Labelling Regulations (Northern Ireland) 1996⁽⁸⁾, processed cereal-based foods and baby foods shall be labelled with the following particulars –

- (a) a statement as to the appropriate age (which shall be not less than four months) from which the food may be used, regard being had to its composition, texture or other particular properties;
- (b) information as to the presence or absence of gluten if the age stated pursuant to sub-paragraph (a) is less than six months;
- (c) the available energy value expressed in kJ and kcal, and the protein, carbohydrate and fat content, expressed in numerical form, per 100g or 100ml of the food as sold and, where appropriate, per specified quantity of the food as proposed for consumption;
- (d) the average quantity, expressed in numerical form, per 100g or 100ml of the food as sold and, where appropriate, per specified quantity of the food as proposed for consumption, of each mineral substance and of each vitamin in respect of which a maximum or a minimum compositional requirement is specified in –
 - (i) Part II of Schedule 1 in the case of processed cereal-based foods; and
 - (ii) Schedule 3 in the case of baby foods; and
- (e) if preparation of the food is necessary, appropriate instructions for preparation and a statement as to the importance of following those instructions.

(2) Subject to paragraph (1)(d), no processed cereal-based food or baby food shall be labelled with the average quantity of any nutrient specified in Schedule 4 unless –

- (a) that average quantity is expressed in numerical form, per 100g or 100ml of the food as sold and, where appropriate, per specified quantity of the food as proposed for consumption; and
- (b) in the case of a mineral substance or vitamin, it is a mineral substance or vitamin other than one referred to in paragraph (1)(d).

(3) Where, pursuant to paragraph (1)(d) or paragraph (2), any processed cereal-based food or baby food is labelled with the average quantity, per 100g or 100ml of the food as sold and, where appropriate, per specified quantity of the food as proposed for consumption, of any vitamin or mineral which is specified in column 1 of Schedule 8, the labelling of the food shall not express that average quantity as a percentage of the reference value specified in column 2 of Schedule 8 in relation to that vitamin or mineral unless the quantity present is equal to 15 per cent or more of the reference value.
