

SCHEDULE 1

DEFINITIONS OF “MINE” AND “OWNER”

PART I

DEFINITION OF “MINE”

1. In these Regulations, the expression “mine” means an excavation or system of excavations, including all such excavations to which a common system of ventilation is provided, made for the purpose of, or in connection with, the getting, wholly or substantially by means involving the employment of persons below ground, of minerals (whether in their natural state or in solution or suspension) or products of minerals.
