STATUTORY RULES OF NORTHERN IRELAND

---

**2004 No. 492**

**Disease Control (Standstill) Order (Northern Ireland) 2004**

**PART II**

**MOVEMENT RESTRICTIONS**

**Requirement for a licence to move animals**

4. A person shall not move or cause or permit to be moved an animal from any holding except under and in accordance with the conditions of a licence issued by the Department.

**Restriction on the movement of livestock**

5. A person shall not move or cause or permit to be moved any livestock from a holding in relation to which any other livestock or any deer, llama or alpaca has made a relevant movement during the previous 6 days.

**Meaning of relevant movements**

6. For the purposes of Article 5, a relevant movement in relation to any holding means any movement onto the holding other than –

- (a) a movement directly to a licensed isolation facility situated on the holding, in the course of which the animal does not come into contact with any other animal on the holding outside the isolation facility; or
- (b) a movement under and in accordance with the conditions of a licence issued by the Department under Article 4.

**Isolation facilities**

7. A person shall not move or cause or permit to be moved an animal into or out of a licensed isolation facility except under and in accordance with the conditions of a licence issued by the Department.
