## EXPLANATORY NOTE

*(This note is not part of the Order.)*

The Protection of Children and Vulnerable Adults (Northern Ireland) Order 2003, requires the Department to keep lists of persons considered unsuitable to work with children or vulnerable adults. These lists will be known as the Disqualification from Working with Children List and the Disqualification from Working with Vulnerable Adults List. These Regulations require childcare organisations and providers of care to vulnerable adults to refer individuals to the Department for inclusion in one or both Lists. These Regulations prohibit child care organisations from offering employment in a child care position to any individual who is included in the Disqualification from Working with Children List or the Department of Education's Disqualification from Working with Children List.

An organisation is a childcare organisation subject to those provisions only if its activities are regulated by, or by virtue of a statutory provision prescribed by the Department. Regulation 3 prescribes statutory provisions for these purposes.

An individual who provides services to vulnerable adults is a care worker subject to those provisions only if that individual provides for a vulnerable adult personal care or assessment of the need for such care (Regulation 4).

Regulation 5 prescribes persons for the purposes of the definition of the term "vulnerable adult", who provides services in "vulnerable adult's" own homes.
