

SCHEDULE 5

REQUIREMENTS FOR COLLECTIVE SAFEGUARDS FOR ARRESTING FALLS

2. A safeguard shall be used only if –
 - (a) a risk assessment has demonstrated that the work activity can so far as is reasonably practicable be performed safely while using it and without affecting its effectiveness;
 - (b) the use of other, safer work equipment is not reasonably practicable; and
 - (c) a sufficient number of available persons have received adequate training specific to the safeguard, including rescue procedures.
