

SCHEDULE 1

CONDITIONS OF ELIGIBILITY FOR GBROCS

8. The electricity to which the GBROC relates was not generated by a generating station that in the month to which the GBROC relates was fuelled wholly or partly by waste unless –
 - (a) the only waste or wastes by which it is fuelled in that month is or are biomass or liquids comprised wholly or mainly of hydrocarbon compounds; or
 - (b) all the waste by which it is fuelled in that month which is not biomass has first been manufactured into fuel which is in either a gaseous or liquid form (or both) by means of plant and equipment using advanced conversion technologies only.
