## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

1. These Regulations amend the Feeding Stuffs Regulations (Northern Ireland) 2005 (SR 2005 No. 545) (“the 2005 Regulations”) by inserting into them a provision requiring the percentage of each feed material contained in a compound feed to be declared, within a tolerance of  $\pm 15\%$ , on the label of the compound feed or on an accompanying document, (*regulation 2(2)*). This provision was formerly contained in the Feeding Stuffs Regulations (Northern Ireland) 2001 (SR 2001 No. 47) as amended by SR 2003 No. 306 (“the 2001 Regulations”).

2. These Regulations also revoke a provision in the 2001 Regulations requiring the exact percentage of each feed material in a compound feed to be disclosed to customers on request (*regulation 3(a)*).

3. The provisions of the 2001 Regulations referred to in paragraphs 1 and 2 implemented, in relation to Northern Ireland, Article 1.4 and Article 1.1(b) respectively of Directive 2002/2/EC of the European Parliament and of the Council amending Council Directive 79/373/EEC on the circulation of compound feedingstuffs (OJ No. L63, 6.3.2002, p.23).

4. Following implementation, the provisions were suspended by order of the High Court pending the outcome of a referral to the European Court of Justice (ECJ). During the period of suspension, all of the 2001 Regulations other than the suspended provisions were revoked and replaced by the 2005 Regulations.

5. In response to the referral the ECJ has now ruled that Article 1.4 of Directive 2002/2/EC is legally valid, whereas Article 1.1(b) is not.
