2006 No. 5

**The Weighing Equipment (Non-automatic Weighing
Machines) Regulations (Northern Ireland) 2006**

PART III

MANNER OF ERECTION AND USE FOR TRADE

Accessibility

29. Except as specified in the published particulars of the approved pattern, every non-automatic weighing machine shall be erected in such a manner that the operator can, notwithstanding the nature of the machine or its surroundings, readily take up a single position from which he can—

- (a) see, directly or with the aid of mirrors, closed-circuit television or other suitable permanently installed facilities, the whole of the unladen load receptor;
- (b) operate the weighing machine's controls; and
- (c) obtain a weight reading from the weighing machine.
