EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Products of Animal Origin (Third Country Imports) Regulations (Northern Ireland) 2007 ([S.R. 2007 No. 199](#)) (“the principal Regulations”). The Regulations give effect to Commission Decision [2007/275/EC](#) (concerning lists of animals and products to be subject to controls at border inspection posts under Council Directive [91/496/EEC](#) and [97/78/EC](#)) (O.J. No. L166, 4.5.2007, p. 9).

Commission Decision [2007/275/EC](#) specifies the products of animal origin from third countries to which the principal Regulations and Council Directive [97/78/EC](#) (laying down the principles governing the organisation of veterinary checks on products entering the Community from third countries) (O.J. No. L24, 30.1.98, p.9) apply. The products are meat, fish (including shellfish), milk, and products made from these, together with egg products, honey and honey products, composite food products and a large number of animal by-products, including casings, skins, bones and blood. Regulation 3(2) and (3) extend the ambit of the principal Regulations to cover composite products.
