(5) If the member's employment is terminated on or before 31st March 2016, the minimum amount by which his superannuable service will be increased under paragraph (4) will be the lesser of—

- (a) 4 years superannuable service; and
- (b) the superannuable service the member could have completed if he had stayed in superannuable employment until normal benefit age.

(6) To the extent that any increase under paragraph (4) or (5) would cause a member's superannuable service to exceed the limit provided for in regulation 4(3), (Meaning of superannuable service), the amount of any excess will be reduced accordingly.

(7) Subject to paragraph (8), where a member becomes entitled to a pension by virtue of meeting the tier 2 condition, the Department may discharge its liability for that pension by the payment of a lump sum of an amount consistent—

- (a) with the contracting-out and preservation requirements of the 1993 Act; and
- (b) the lump sum rule.

(8) A lump sum payment under paragraph (7) may be made only if the Department is satisfied that it is appropriate in all the circumstances having regard to the life expectancy of the member.

(9) For the purpose of paragraph (8), the Department may require whatever medical evidence that it considers necessary.

(10) The amount of the lump sum payable under paragraph (7)—

- (a) will be equal to 5 times the yearly rate of the member's pension (calculated in accordance with this regulation); and
- (b) shall be payable in addition to the lump sum on retirement payable under regulation 17 (which shall not be subject to any reduction under regulation 17(3)) and the lump sum in place of part of pension payable under regulation 17A.

(11) The employment of a member to whom a pension is payable under this regulation may be superannuable under the scheme if he is under age 50—

- (a) on the date the member returns to HSC employment if he became entitled to receive a pension under a tier 1 condition on the day he retired from superannuable employment; or
- (b) on the day after the protection period in regulation 13C(6)(b) ends if—
 - (i) the member became entitled to receive a pension under a tier 2 condition on the day the member retired from superannuable employment.
 - (ii) the Department did not discharge its liability for that pension by payment of a lump sum in accordance with paragraph (7); or
- (c) on the day after the protection period in regulation 13C(6)(b) ends—
 - (i) the member became entitled to receive a pension under a tier 2 condition in place of a pension under a tier 1 condition on the date of the Department's determination under regulation 13B, and
 - (ii) the Department did not discharge its liability for that pension by the payment of a lump sum in accordance with paragraph (7).

(12) For the purposes of calculating the amount of lump sum payable under paragraph (10), the member will be treated as if he had made an election under regulation 17A to receive the maximum amount of a further lump sum payable under that regulation.

(13) For the purposes of determining whether a member is permanently incapable of efficiently discharging the duties of the member's employment under paragraph (2)(b)(i), the Department shall have regards to factors in paragraph (15) (no one of which shall be decisive) and disregard the member's personal preferences for or against engaging in that employment.

(14) For the purposes of determining whether a member is permanently incapable of regular employment under paragraph (2)(b)(ii), the Department shall have regard to the factors in paragraph (16) (no one of which shall be decisive) and disregard the factors in paragraph (17).

(15) The factors to be taken into account for paragraph (13) are—

- (a) whether the member has received appropriate medical treatment in respect of the incapacity;
- (b) the member's—
 - (i) mental capacity; and
 - (ii) physical capacity;
- (c) such type and period of rehabilitation which it would be reasonable for the member to undergo in respect of the member's incapacity, irrespective of whether such rehabilitation is undergone; and
- (d) any other matter the Department considers appropriate.

(16) The factors to be taken into account for paragraph (14) are—

- (a) whether the member has received appropriate medical treatment in respect of the incapacity; and
- (b) such reasonable employment as the member would be capable of engaging in if due regard is given to the member's—
 - (i) mental capacity;
 - (ii) physical capacity;
 - (iii) previous training; and
 - (iv) previous practical, professional and vocational experience,irrespective of whether or not such employment is actually available to the member;
- (c) such type and period of rehabilitation which it would be reasonable for the member to undergo in respect of a member's incapacity (irrespective of whether such rehabilitation is undergone) having regard to the member's—
 - (i) mental capacity, and
 - (ii) physical capacity;
- (d) such type and period of training which it would be reasonable for the member to undergo in respect of a member's incapacity (irrespective of whether such training is undergone) having regard to the member's—
 - (i) mental capacity,
 - (ii) physical capacity,
 - (iii) previous training, and
 - (iv) previous practical, professional and vocational experience, and
- (e) any other matter which the Department considers appropriate.

(17) The factors to be disregarded for paragraph (14) are—

- (a) the member's personal preference for or against engaging in any particular employment; and
- (b) the geographical location of the member.

(18) For the purpose of this regulation—

“appropriate medical treatment” means such medical treatment as it would be normal to receive in respect of the incapacity, but does not include any treatment that the Department considers—

- (a) that it would be reasonable for the member to refuse,
- (b) would provide no benefit to restoring the member's capacity for—
 - (i) efficiently discharging the duties of the member's employment under paragraph (2)(b)(i), or
 - (ii) regular employment of like duration under paragraph (2)(b)(ii), before the member reaches normal benefit age; and
- (c) that, through no fault on the part of the member, it is not possible for the member to receive before the member reaches normal benefit age;

“permanently” means the period until normal benefit age; and

“regular employment of like duration” means—

- (a) in the case of a non-GP provider, such employment as the Department considers would involve a similar level of engagement to the member's current superannuable service as a non-GP provider; and
- (b) in all other cases, where prior to retiring from employment that is superannuable the member was employed—
 - (i) on a whole-time basis, regular employment on a whole-time basis;
 - (ii) on a part-time basis, regular employment on a part-time basis, regard being had to the number of hours, half days and sessions the member worked in that superannuable employment.

Re-assessment of ill-health condition determined under regulation 13A

13B.—(1) This regulation applies to a member in receipt of a tier 1 pension under regulation 13A.

(2) A member to whom this regulation applies may ask the Department to consider whether he subsequently meets the tier 2 condition if—

- (a) by notice in writing at the time of award of the pension, the Department informed the member that the member's case may be considered once within a period of three years commencing with the date of that award to determine whether the member satisfies the tier 2 condition at the date of such a consideration;
- (b) within that three year period the member provides further medical evidence to the Department relating to the satisfaction of the tier 2 condition at the date of the Department's consideration; and
- (c) that further medical evidence relates to the same physical or mental infirmity that qualified the member for the member's tier 1 pension.

(3) If, after considering the further medical evidence provided by a member, the Department determines that the member satisfies the tier 2 condition—

- (a) it shall pay from the date of that determination a tier 2 pension under regulation 13A(2) in place of the tier 1 pension being paid to that member; and

- (b) that pension shall be calculated in accordance with paragraph (4) of regulation 13A and as if that paragraph included the words “from the date of the Department’s determination under regulation 13B” after “employment”.
- (4) Only one consideration of a member’s case may be undertaken under this regulation.

Further employment after a benefit is paid under regulation 13A

13C.—(1) This regulation applies to a member who—

- (a) is in receipt of a tier 2 pension under regulation 13A (“the original pension”); and
- (b) enters into further employment.

(2) Such a member shall be paid a tier 1 pension (“a substitute pension”) in place of the original pension—

- (a) from the next substitute pension payment date following the day on which his annual earnings from further employment (whether in HSC employment or otherwise) in any tax year exceed the lower earnings limit for national insurance contributions applicable to that year; or
- (b) in the case of a member who enters into further HSC employment, from the next substitute pension payment date following the first day on which the member is so employed which falls after the anniversary of the member’s entry into the further HSC employment (whether or not that day is part of a continuous period of further HSC employment beginning with his entry into that employment),

if sooner.

(3) A member who is in receipt of a substitute pension may ask the Department to consider reinstating the original pension if—

- (a) the member is under normal benefit age;
- (b) the member makes such a request in writing and provides supporting medical evidence to the Department before the end of the protection period; and
- (c) the member’s further employment is terminated before the end of the protection period.

(4) If, after considering that evidence, the Department determines that the member again satisfies a tier 2 condition in respect of the member’s earlier employment, it shall recommence paying, from the day after the date that the further employment is terminated, the original pension in place of the substitute pension.

(5) A member to whom this regulation applies who is in receipt of a tier 2 pension must—

- (a) notify the Department immediately and in writing if either of the following applies—
 - (i) the member’s annual earnings in any tax year exceed the lower earnings limit for national insurance contributions applicable to that year;
 - (ii) the member is engaged in further HSC employment after the end of the protection period in paragraph (6)(b);

- (b) provide any other information in connection with the member’s earnings or further employment requested by the Department or any other person that the Department may specify.

(6) In this regulation “the protection period” means—

- (a) a period of one year beginning with the day on which the member’s annual earnings from further employment that is not HSC employment first exceed the lower earnings limit for national insurance contributions applicable to that year; or

- (b) a period of one year beginning with the first day the member enters into further HSC employment.”.

(3) If a member so opts, for every £1 by which the member’s annual pension is reduced, the member is to be paid a lump sum of £12.

(4) An option under paragraph (2) must relate to an annual amount of pension that is a number of whole pounds (and accordingly the lump sum will be exactly divisible by 12).

(5) In paragraph (4) “annual amount” in relation to a pension means the amount of the annual pension to which the member would be entitled under these regulations apart from the option, together with any increases payable under the Pensions (Increase) Act (Northern Ireland) 1971, calculated as at the time the payment would be first due.

(6) A member may not exchange pension for lump sum under this regulation to the extent that it would result in a scheme chargeable payment for the purposes of Part 4 of the 2004 Act(9).

(7) If the member has a guaranteed minimum under section 10 of the 1993 Act in relation to the whole or part of a pension, paragraph (2) only applies to so much of the pension as exceeds that guaranteed minimum, multiplied by such factor as is indicated for a person of the member’s description in tables provided by the Scheme Actuary.

(8) The option under this regulation may only be exercised by giving notice in writing to the Department in the form required by the Department—

(4) If regulation 13(10), regulation 13A(10) or regulation 49(8) applies to a member to whom this regulation refers, any reference in those regulations to a lump sum payable on retirement must be taken to mean a lump sum that is not reduced as described in paragraph (2).

(5) Subject to paragraph (6) if, by virtue of an election under regulation 31G(1), the amount of the retirement lump sum would fall to be reduced by 1.4 times the yearly rate of a member's pension plus the relevant daily proportion of that rate for each additional day,

Applications for transfer value payments: General

56.—(1) A member who has applied for and received a statement of entitlement under regulation 54 may apply in writing to the Department for a transfer value payment to be made.

(2) On making such an application a member becomes entitled to a payment of an amount equal, or amounts equal in aggregate, to the amount specified in the statement of entitlement (or such other amount as may be payable by virtue of regulation 57(2)).

(3) In these Regulations such a payment is referred to as "the guaranteed cash equivalent transfer value payment".

(4) The application must specify the pension scheme or other arrangement to which the payment or payments should be applied.

(5) The application must meet such other conditions as the Department may require.

(6) An application under this regulation may be withdrawn by notice in writing to the Department, unless an agreement for the application of the whole or part of the guaranteed cash equivalent transfer value payment has been entered into with a third party before the notice is given.

Applications for transfer value payments: time limits

57.—(1) Subject to paragraph (5), an application under regulation 56 must be made before the end of the period of 3 months beginning with the guarantee date, and the payment must be made no later than—

- (a) 6 months after that date; or

- (b) if it is earlier, the date on which the member reaches 60.
- (2) If the payment is made later than 6 months after the guarantee date, the amount of the payment to which the member is entitled must be increased by—
 - (a) the amount by which the amount specified in the statement of entitlement falls short of the amount it would have been if the guarantee date had been the date on which the payment is made; or
 - (b) if it is greater and there was no reasonable excuse for the delay in payment, interest on the amount specified in the statement of entitlement, calculated on a daily basis over the period from the guarantee date to the date when the payment is made at an annual rate of 1 per cent above the Bank of England base rate.
- (3) In this regulation “Bank of England base rate” means—
 - (a) except where sub-paragraph (b) applies, the rate announced from time to time by the Monetary Policy Committee of the Bank of England as the official dealing rate, being the rate at which the Bank is willing to enter into transactions for providing short term liquidity in the money markets, and
 - (b) if an order under section 19 of the Bank of England Act 1998 is in force, any equivalent rate determined by the Treasury under that section.
- (4) Paragraph (5) applies if—
 - (a) disciplinary or court proceedings against the member are begun within 12 months after the member leaves the employment which qualified the member to belong to the Scheme; and
 - (b) it appears to the Department that the proceedings may lead to all or part of the member’s benefits being forfeited under regulation 93.
- (5) The Department may defer doing what is needed to carry out what the member requires until the end of the period of 3 months beginning with the date on which those proceedings (including any proceedings on appeal) are concluded.
- (6) In any case where a direction is given under regulation 93 for the forfeiture of a member’s benefits, this regulation applies as if the amount specified in the statement of entitlement were reduced by an amount equal to the value of the benefits forfeited, as determined by the Scheme Actuary.
- (7) Subject to paragraph (8), if a transfer value payment is made in respect of a member’s rights under the Scheme, those rights are extinguished.
- (8) If the member’s rights described in regulation 53(4) have been excluded from the transfer payment, the Department will continue to be liable to provide the benefits described in regulation 43(7).

Special terms for transfer out (bulk transfers etc)

58.—(1) If one or more members (the transferring members)—

- (a) leave superannuable employment;
- (b) join another occupational scheme; and
- (c) exercise a right to transfer to that scheme under regulation 54,

the Department may, after taking advice from the Scheme Actuary, make a single transfer payment to that scheme in respect of transferring members.

(2) The Department must calculate the amount of any transfer payment paid under this regulation after taking advice from the Scheme Actuary.”

73A.—(1) A member who is in superannuable employment may opt to make additional periodical contributions during the contribution option period to increase by a specified amount—

- (a) the benefits payable to the member under Parts III, V and X (including if a member dies after a pension becomes payable, the benefits paid to a surviving partner and dependent children at the same rate as the member’s pension for three to six months under Parts X and III); or
 - (b) those benefits and the benefits otherwise payable in respect of surviving partners and dependent children under Parts X and III.
- (2) A member may exercise the option under paragraph (1) more than once.

- (4) The annual amount of the periodical contributions payable at the beginning of the contribution option period must not be—
- (a) an amount less than the minimum amount; or
 - (b) an amount other than a multiple of the minimum amount.
- (5) In paragraph (4) “the minimum amount” means the amount that would, in accordance with tables prepared for the Department by the Scheme Actuary for the scheme year in which the contributions are paid, be the amount of the contributions required to secure an increase in the member’s pension of—
- (a) £250; or
 - (b) such other amount as the Department may for the time being determine assuming that the contributions are made in accordance with the option for the remainder of the option period.
- (6) The tables referred to in paragraph (5)—

- (a) may specify different amounts for different descriptions of members; and
- (b) may be amended during a scheme year,

but no such amendment affects the contributions payable under any option during that year, except an option under which contributions begin to be paid after the date on which the amendment takes effect.

(7) The total increase in the member's pension as a result of contributions made under this regulation, taken together with any increase as a result of—

- (a) contributions made under regulation 73C; or
- (b) contributions made under regulation 73D,

may not exceed £5000 or such other amount as the Department may for the time being determine.

(8) In these Regulations “the contribution option period”, in relation to an option under this regulation, means a period of whole years, that—

- (a) is specified in the option;
- (b) begins with the pay period in respect of which the first contribution is made under the option;
- (c) is not less than 1 year nor more than 20 years; and
- (d) does not end later than the member's chosen birthday as specified in the option.

(9) For the purposes of this Part, a member's “chosen birthday” must be either his 60th or 65th birthday.

Effect of member being absent or leaving and rejoining the Scheme during the contribution option period

73B.—(1) This paragraph applies if during the contribution option period a member who has exercised the option under regulation 73A—

- (a) is absent from work for any of the reasons described in regulation 65(2); or
- (b) is on a leave of absence in accordance with regulation 66.

(2) If paragraph (1) applies—

- (a) the contributions under the option continue to be payable unless the member ceases paying contributions under regulation 10; and
- (b) where the member does so cease, the member may continue to make contributions in accordance with the option if the member resumes making contributions under regulation 10 before the end of the period of 12 months beginning with the day on which the member first ceased to pay those contributions.

(3) This paragraph applies if a member—

- (a) exercises the option under regulation 73A;
- (b) leaves superannuable employment during the contribution option period; and
- (c) returns to superannuable employment within 12 months of leaving.

(4) If paragraph (3) applies, the member may continue to make contributions in accordance with the option after returning to superannuable employment unless a refund of contributions has been made to the member under regulation 50.

(5) For the purposes of paragraph (4) it does not matter whether the member has paid any of the repaid contributions to the Department in accordance with regulation 52(5) (Early leavers returning to superannuable employment).

Members option to pay lump sum contributions to purchase additional pension

73C.—(1) A member who is in superannuable employment may opt to make a single lump sum contribution to increase by a specified amount—

- (a) the benefits payable to the member under Parts III, V and X; (including if a member dies after a pension becomes payable, the benefits paid to a surviving partner and dependent children at the same rate as the member’s pension for three to six months under Parts X and III); or
- (b) those benefits and the benefits otherwise payable in respect of surviving partners and dependent children under Parts X and III.

(2) A member may only make a contribution under this regulation of an amount—

- (a) that is not less than the minimum amount; or
- (b) a multiple of that amount.

(3) In paragraph (2) “the minimum amount” means the amount that is, in accordance with tables prepared for the Department by the Scheme Actuary, the amount of the single contribution required at the time that the option is exercised to secure an increase in the member’s pension of—

- (a) £250; or
- (b) such other amount as the Department may for the time being determine.

(4) A member may exercise the option under paragraph (1) more than once.

(5) If a member exercises an option under paragraph (1) the additional contribution is payable by the member to the employing authority—

- (a) by deduction from the member’s earnings or otherwise; and
- (b) before the end of the period of 1 month beginning with the day on which the member is notified by the Department that the option is accepted; and
- (c) the employing authority must pay the additional contribution to the Department not later than the 19th day of the month following the month in which the earnings were paid or, as the case may be, the authority received payment of the contribution.

(6) The total increase in the member’s pension as a result of contributions made under this regulation, taken together with any increase as a result of—

- (a) contributions made under regulation 73A; or
- (b) contributions made under regulation 73D,

may not exceed £5000 or such other amount as the Department may for the time being determine.

Payment of additional lump sum contributions by employing authority

73D.—(1) The employing authority of a member who is in superannuable employment may opt to make a single lump sum contribution to increase by a specified amount—

- (a) the benefits payable to the member under Parts III, V and X (including if a member dies after a pension becomes payable, the benefits paid to a surviving partner and dependent children at the same rate as the member’s pension for three to six months under Parts X and III); or
- (b) those benefits and the benefits otherwise payable in respect of surviving partners and dependent children under Parts X and III.

(2) An employing authority may only make a contribution under this regulation of an amount—

- (a) that is not less than the minimum amount (as defined in regulation 73C(3)); or
- (b) a multiple of that amount.

(3) An employing authority may only exercise the option under paragraph (1) with the member's consent, but may exercise it more than once in respect of the same member.

(4) The total increase in the member's pension as a result of contributions made under this regulation, taken together with any increase as a result of—

- (a) contributions made under regulation 73A; or
- (b) contributions made under regulation 73C,

may not exceed £5000 or such other amount as the Department may for the time being determine.

(5) A contribution under this regulation must be paid by the employing authority to the Department within one month of the date on which the authority gave the Department notice under regulation 73E(2).

Exercise of options under regulations 73A, 73C and 73D

73E.—(1) A member exercising an option under regulation 73A or 73C must do so by giving notice in writing to the employing authority, giving such information as may be required.

(2) An employing authority exercising an option under regulation 73D must do so by giving notice in writing to the Department, giving such information as may be required.

(3) An option under regulation 73A, 73C or 73D may not be exercised during a period whilst the member is absent from work for any reason.

(4) For the purposes of these Regulations—

- (a) a member is treated as exercising an option under regulation 73A or 73C on the date on which the employing authority receives the member's notice under paragraph (1); and
- (b) an employing authority is treated as exercising an option under regulation 73D on the date on which the Department receives the authority's notice under paragraph (2).

(5) The Department—

- (a) must refuse to accept an option exercised under—
 - (i) regulation 73A if not satisfied that that the member is in good health and there is no reason why the member's health should prevent the member from paying the contributions for the whole contribution period;
 - (ii) regulation 73C or 73D if not satisfied that the member is in good health,
- (b) may refuse to accept an option under regulation 73A, 73C or 73D in any other circumstances.

(6) If the Department refuses to accept such an option, the Department must give notice in writing of that fact—

- (a) in the case of an option exercised under regulation 73A or 73C, to the member; and
- (b) in the case of an option exercised under regulation 73D, to the employing authority and the member.

- (7) These Regulations apply as if an option—
- (a) under regulation 73A, 73C or 73D had not been exercised if the Department refuses to accept the option;
 - (b) under regulation 73C had not been exercised if the payment is not received by the employing authority—
 - (i) before the end of the period of 1 month beginning with the day on which the Department notifies the member of the acceptance of the option; or
 - (ii) if it is earlier, on or before the member’s chosen birthday, and
 - (c) under regulation 73D had not been exercised if the payment is not received by the Department on or before the member’s chosen birthday.

Cancellation and cessation of options under regulation 73A

73F.—(1) A member may cancel an option under regulation 73A(1) by giving the employing authority notice in writing.

(2) If a member cancels such an option, the additional periodical contributions cease to be payable for the first pay period beginning after the date on which the employing authority receives the notice and all subsequent pay periods.

(3) If it appears to the Department that the requirement in regulation 73A(7) will not be met if the member continues to make periodical contributions under an option exercised under regulation 73A, the Department may cancel the option by giving the member notice in writing.

(4) If the Department cancels such an option, the additional periodical contributions cease to be payable for the first pay period beginning after the date specified in the notice and all subsequent pay periods.

Effect of payment of additional contributions under this Part

73G.—(1) This regulation applies if—

- (a) an option is exercised by a member under regulation 73A and all the contributions to be made under the option are made;
- (b) an option is exercised by a member under regulation 73C or by a member’s employing authority under regulation 73D and the lump sum payment is made.

(2) Subject to paragraph (7), the member’s pension is increased by the full amount of the increase to be made in accordance with the terms of the option after the final adjustment in that amount in accordance with regulation 73J.

(3) Paragraph (2) is without prejudice to any reduction falling to be made in accordance with regulation 73H(5) as a result of the member becoming entitled to payment of a pension before his chosen birthday.

(4) In the case of an option under regulation 73A(1)(b), 73C(1)(b) or 73D(1)(b), any benefit payable to a surviving partner or a dependent child in respect of the member under these Regulations is increased by the appropriate amount.

(5) In paragraph (4) subject to regulations 73H and 73I(3) “the appropriate amount” means—

- (a) in the case of a surviving partner pension payable under regulation 24, 26 or 87A(10), 37.5 per cent of the amount of the increase mentioned in paragraph (2) that would have applied in the member’s case if the member had become entitled to the increase on the date of death (disregarding paragraph (3));

- (b) in the case of a surviving partner pension payable under regulation 25, 37.5 per cent of the amount of the increase in the member's pension as a result of the option;
- (c) in the case of a child allowance payable under regulation 34, 36 or 87A(17)(b), the appropriate fraction of 75 per cent of the amount of the increase mentioned in paragraph (2) that would have applied in the member's case if the member had become entitled to the increase on the date of death (disregarding paragraph (3));
- (d) in the case of a child allowance payable under regulation 35, the appropriate fraction of 75 per cent of the amount of the increase in the member's pension as a result of the option.

(6) For the purposes of paragraph (5) the "appropriate fraction" means the same fraction as that applied to the member's pension in order to calculate the amount of child allowance payable in respect of that member.

(7) Paragraph (8) applies only to an option under 73A(1)(a), 73C(1)(a) or 73D(1)(a) where a pension is to be paid for either three or six months at the same rate as the member's pension was being paid at the date of that member's death.

(8) Any increase in a member's pension shall be included only in a benefit payable to a surviving partner or a dependent child in respect of the member under these Regulations whilst it is being paid at the rate and for the duration of one of the periods referred to in paragraph (7).

Effect of death or early payment of pension after option exercised under regulation 73A, 73C or 73D

73H.—(1) If a member in respect of whom an option under regulation 73A, 73C and 73D has been exercised dies before the end of the period of 12 months beginning with the date on which the option was exercised—

- (a) regulation 73G(4) does not apply; and
- (b) an amount equal to the contributions paid under the option must be paid—
 - (i) in the case of an option under regulation 73A or 73C, to the member's personal representatives; and
 - (ii) in the case of an option under regulation 73D, to the employing authority which made the contribution.

(2) If a member in respect of whom an option under regulation 73A has been exercised dies after the end of the period of 12 months beginning with the date on which the option was exercised and before the end of the contribution option period, regulation 73G(4) applies as if all contributions due after the date of death had been made.

(3) If a member in respect of whom an option under regulation 73A, 73C or 73D has been exercised becomes entitled to a pension under regulation 13A as a result of a claim made before the end of the period of 12 months beginning with the date on which the option was exercised—

- (a) regulation 73G(2) and (4) does not apply; and
- (b) an amount equal to the contributions paid under the option must be paid—
 - (i) in the case of an option under regulation 73A or 73C, to the member, and
 - (ii) in the case of an option under regulation 73D, to the employing authority which made the contribution.

(4) If a member in respect of whom an option under regulation 73A has been exercised becomes entitled to a pension under regulation 13A before the end of the contribution period

as a result of a claim made after the end of the period of 12 months beginning with the date on which the option was exercised, regulation 73G(2) and (4) applies as if all contributions under the option had been made.

(5) If a member in respect of whom an option under regulation 73A, 73C or 73D has been exercised—

- (a) becomes entitled to a pension under regulation 14, 14A, or 16; or
- (b) becomes entitled to a pension under regulation 12 or 49 before reaching the age of 60; or
- (c) becomes entitled to a pension under regulation 12 after age 60 but before his chosen birthday

the increase in the member's pension which would otherwise be due under regulation 73G(2) or regulation 73I is reduced.

(6) The amount of the reduction is such amount as the Department determines, after consulting the Scheme Actuary, to be appropriate by reason of the payment of the increase before the member reaches his chosen birthday.

Effect of part payment of periodical contributions

73I.—(1) This regulation applies if—

- (a) the full number and amount of contributions due under an option under regulation 73A for the whole contribution option period are not made; and
- (b) paragraphs (1) to (4) of regulation 73H do not apply.

(2) The increase in the member's pension is—

- (a) the appropriate proportion of the increase that would have been made under regulation 73G(2) if the full number and amount of contributions had been made; or
- (b) the appropriate proportion of the increase calculated in accordance with subparagraph (a) reduced in accordance with regulation 73H(5) if that regulation applies to the member.

(3) In the case of an option under regulation 73A(1)(b), 73C(1)(b) or 73D(1)(b), the increase in any surviving partner or child allowance payable under Parts III and X in respect of the member is—

- (a) the appropriate proportion of the increase that would have been made under regulation 73G(4) if the full number and amount of contributions had been made; or
- (b) the appropriate proportion of the increase calculated in accordance with subparagraph (a) reduced in accordance with regulation 73H(5) if that regulation applies to the member.

(4) For the purposes of paragraphs (2) and (3), the appropriate proportion is calculated in accordance with such method as the Scheme Actuary may determine and specify in guidance given to the Department.

(5) In making a determination under paragraph (4), the Scheme Actuary must have regard to—

- (a) the proportion that the total contributions paid bears to the full amount of contributions due under an option under regulation 73A for the whole contribution option period; and
- (b) the preservation requirement.

Revaluation of increases bought under options: members' pensions

73J.—(1) This regulation applies for the purposes of determining the final amount of the increase in a member's pension as a result of the exercise of an option under regulation 73A, 73C or 73D.

(2) The amount of that increase immediately before the beginning date for that pension is found as set out in paragraph (3).

(3) Step 1

Calculate the amount of the increase in accordance with regulations 73G to 73I immediately before that date (“the basic amount”).

Step 2

Multiply the basic amount by the retail prices index for the second month before that in which the person becomes entitled to it to find the Step 2 amount.

Step 3

Divide the Step 2 amount by the retail prices index for the month in which the option was exercised to find the Step 3 amount.

Step 4

Add to the Step 3 amount any amount by which the Step 3 amount would be increased under the Pensions (Increase) Act (Northern Ireland) 1971 if it were the amount of the member's pension to find the Step 4 amount.

Step 5

Divide the Step 4 amount by the Step 3 amount to find the Step 5 factor.

Step 6

Divide the Step 3 amount by the Step 5 factor to find the adjusted basic amount.

(5) The amount of the increase in a member's pension as a result of the exercise of an option under regulation 73A, 73C or 73D as at the beginning date for that pension is—

- (a) if the adjusted basic amount is greater than the basic amount, the adjusted basic amount; and
- (b) otherwise the basic amount.

(6) In this regulation “the beginning date”, in relation to a pension, means the date on which it is treated as beginning for the purposes of the Pensions (Increase) Act (Northern Ireland) 1971 (see section 8(2) of that Act).”.

- (b) in sub-paragraph (b) for “or surviving civil partner's” substitute “, surviving civil partners or surviving nominated partner's”.

Amendment of regulation 77

53. In paragraph (5) of regulation 77 (Members doing more than one job), for “70” substitute “75”.

Amendment of regulation 78

“(6) If a member with superannuable service in part-time employment becomes entitled to a pension under regulation 13, 13A, 14 or 14A (ill health pensions, pensions on redundancy and early retirement pensions)—

- (a) the member’s superannuable service in part-time employment will count at its full length for the purpose of calculating—
 - (i) whether and (if so) to what extent, the superannuable service upon which the pension under regulation 13 or 13A is based should be increased under that regulation; or
 - (ii) the qualifying service for the purposes of regulation 14(2)(a) or regulation 14A(2)(a),
- (b) the pension will be based on the whole-time equivalent of the period of part-time employment and, in the case of a pension under regulation 13 or 13A, the increase under that regulation will be limited to such amount as bears the same proportion to the amount that would have been paid had the superannuable service not been part-time as the whole-time equivalent bears to comparable whole-time employment.”.

Amendment of regulation 82

55.—(1) Regulation 82 (Members whose earnings are reduced) is amended as provided by paragraphs (2) to (6).

(2) For paragraphs (1) and (2) substitute—
