### **3. Background**

- 3.1 The Secretary of State for Work and Pensions is required under sections 150 and 150A of the Social Security Administration Act 1992 to review annually the level of benefits in relation to the general level of prices obtaining in Great Britain and where the general level is greater at the end of the period under review, an order is laid before Parliament altering the rates of benefits to which those sections apply. The Social Security Benefits Up-rating Order 2011 was made on 8 March 2012.
- 3.2 The Social Security Benefits Up-rating Order (Northern Ireland) 2012 makes corresponding provision for Northern Ireland.

### **4. Consultation**

- 4.1 Consultation with the Social Security Advisory Committee regarding this Order is not required as it forms part of the annual up-rating package.

### **5. Equality Impact**

- 5.1 In accordance with its duty under section 75 of the Northern Ireland Act 1998, the Department has conducted a screening exercise and concluded that as this Order only alters the rates of benefits and does not change the conditions for the receipt of benefits it does not have significant implications for equality of opportunity. In light of this, the Department considers that an equality impact assessment is not necessary.

## **6. Regulatory Impact**

- 6.1 The Order does not require a Regulatory Impact Assessment as it does not impose any costs on business, charities or voluntary bodies.

## **7. Financial Implications**

- 7.1 The impact on the public sector is to add to programme expenditure but no additional administration costs will be incurred. The total cost of the 2011 up-rating is expected to increase the Department's annually managed expenditure by approximately £265 million.

## **8. Section 24 of the Northern Ireland act 1998**

- 8.1 The Department has considered section 24 of the Northern Ireland Act 1998 and is satisfied the Rule—
- (a) is not incompatible with any of the Convention rights,
  - (b) is not incompatible with Community law,
  - (c) does not discriminate against a person or class of person on the ground of religious belief or political opinion, and
  - (d) does not modify an enactment in breach of section 7 of the Northern Ireland Act 1998.

## **9. EU Implications**

- 9.1 Not applicable.

## **10. Parity or Replicatory Measure**

- 10.1 The corresponding Great Britain instrument is the Social Security Benefits Up-rating Order 2012. Parity of timing and substance is an integral part of the maintenance of single systems of social security, pensions and child support provided for in section 87 of the Northern Ireland Act 1998.
